Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) Unmodified (2) Qualified (3) Disclaimer (4) Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) DOL Regulation 2520.103-8 (2) DOL Regulation 2520.103-12(d) (3) neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: COLANGELO & TABER PA

(2) EIN: 48-1196822

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) This form is filed for a CCT, PSA, DCG or MTIA. (2) It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Genesis Health Clubs Management, Inc.-Steven Enterprises 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Genesis Health Clubs Management, Inc.-Steven Enterprises 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the year ended December 31, 2024 and 2023 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Genesis Health Clubs Management, Inc.-Steven Enterprises 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Genesis Health Clubs Management, Inc.-Steven Enterprises 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Genesis Health Clubs Management, Inc.-Steven Enterprises 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Genesis Health Clubs Management, Inc.-Steven Enterprises 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) and Schedule H, Line 4a - Schedule of Delinquent Participant Contributions as of or for the year ended December 31, 2023 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

A. Description of Plan

The following description of the Genesis Health Clubs Management, Inc. (Company) Steven Enterprises 401(k) Plan (Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the plan's provisions:

1. *General.* The plan is a defined contribution plan covering all full-time employees of the company and its related employers (see below), except for collective bargaining (union) employees, who have one year of service and are age twenty-one or older. The plan is subject to the provisions of ERISA. As of January 1, 2013 the Brandon Steven Motors 401(k) plan was merged into this plan, as a result all of the accounts of that plan were transferred into this plan.
2. *Contributions.* Each year, participants may contribute up to 75 percent of pretax annual compensation; the plan does not have a minimum deferral requirement. Participants who have attained age 50 before the end of the plan year were eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contributions plans. Participants direct the investment of their contributions into various investment options offered by the plan. The company contributes 100 percent of the first 3 percent of base compensation that a participant contributes to the plan. The matching company contribution is invested the same as the participants directed accounts. Additional profit-sharing amounts may be contributed at the option of the company's board of directors and are invested in a portfolio of investments as directed by the company. Contributions are subject to certain IRS limitations.
3. *Participant Accounts.* Each participant's account is credited with the participant's contribution and Company matching contributions, as well as allocations of the Company's profit-sharing contribution and Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.
4. *Vesting.* Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the company's contribution portion of their accounts is based on years of continuous service. A participant is 100 percent vested after 6 years of credited service.
5. *Notes Receivable from Participants.* Participants may not borrow from their accounts.
6. *Payment of Benefits.* On termination of service due to death, disability, or retirement, a participant with account balance between \$1,000 and \$5,000 will be subject to a mandatory lump-sum distribution of vested benefits, including automatic rollover; balances below \$1,000 are not subject to automatic rollover. Participants not subject to mandatory distributions may elect to receive either a lump-sum amount equal to the value of the participants interest in his or her account, or installments equal to or exceeding the annual require minimum distribution amount.

7. *Forfeited Accounts.* Per the Plan document, the forfeitures can be used as additional nonelective or match, reduce nonelective or match, or pay plan expenses. Forfeited accounts were to be used to pay reasonable plan expenses first, then as additional non elective or matching contributions. For 2024 the forfeitures of \$7,010 were used to pay administration expenses for the current plan year. The remaining amounts of forfeitures for the current year were retained by the Plan, to be used in the future as stated in the Plan.
8. *Related Employers.* The company has other business entities that are related to the company through common ownership that are part of the plan. These related employers are Brandon Steven Motors, LLC; Steven Brothers Sports Management, LLC; Steven Brothers Sports Management of Tulsa, LLC; Organic Natural Restaurants, LLC; Eddy's Insurance Group - Moxie, LLC; Eddy's VOW, LLC d/b/a Eddy's Volvo Cars; Eddy's Chevrolet Cadillac, LLC; Eddy's Lincoln, LLC; VJLR Motors, LLC; Level Up Motors Operating, LLC; SVW Motors, LLC; SI Motors, LLC; and 6S Steakhouse, LLC.

The company and the related business entities had previously acquired Ride Auto Group, LLC, which had a 401(k) plan for its employees prior to the acquisition. Effective January 1, 2022, the ownership of Eddy's Motors, LLC and Steven Motors, Inc., which were part of the Eddy's Automotive 401(K) Plan, was changed such as to have the same control group as this Plan. Ride Auto Group, LLC and Eddy's Automotive are still operating their separate 401(k) plan for its employees, even though they part of the same controlled group as the Plan. The plans trustee and record-keeper are required to do the aggregate coverage testing combing all of the plans. These tests have not been performed for the current or previous plan year.

B. Summary of Accounting Policies

Basis of Accounting

The financial statements of the plan are prepared on the accrual basis of accounting.

Investments held by a defined-contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement for the portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Notes to Financial Statements
December 31, 2024 and 2023**

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amount allowed by the IRS are recorded as a liability with a corresponding reduction to contribution. There were excess contributions of \$3,745 for the previous plan year.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Company and are excluded from these financial statements. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events

The plan has evaluated subsequent events through October 1, 2025, the date the financial statements were available to be issued.

C. Certified Investments

Certain information related to investments, held at December 31, 2024 and 2023 disclosed in the accompanying financial statement and supplemental schedule, including investments and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2024, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Sentry Life Insurance Company for the years ended December 31, 2024 and 2023 (the trustee of the Plan).

Sentry Life Insurance Company offers 31 funds to choose from. The values at December 31, 2024 and 2023 utilized the same basis for tax and financial reports. The values of the investments, which were certified by Sentry Life Insurance Company as complete and accurate, are as follows:

	<u>December 31</u>	
	<u>2024</u>	<u>2023</u>
Value of interest in pooled separate account	\$11,320,062	\$ 8,566,441
Value of funds held in insurance company general account	<u>1,213,920</u>	<u>1,122,929</u>
Total investments, at fair value	<u>\$12,533,982</u>	<u>\$ 9,689,370</u>

D. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs are unadjusted quoted prices in active markets for identical assets or liabilities, at the measurement date.

Genesis Health Clubs Management, Inc.
Steven Enterprises 401(k) Plan
Notes to Financial Statements
December 31, 2024 and 2023

Level 2 – Inputs to the valuation methodology include:

1. Quoted prices for similar assets or liabilities in active markets;
2. Quoted prices for identical or similar assets or liabilities in markets that are not active;
3. Observable inputs other than quoted prices for the asset or liability; and
4. Market corroborated inputs

Level 3 – Inputs that are unobservable inputs for the asset or liability, which are typically based on the entity's own assumptions, as there is little, if any, related market activities.

The asset's and liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Group Annuity Contract: The Plan's assets are invested in a Group Annuity Contract with Sentry Life Insurance Company that allows contribution to be allocated to a Deposit Administration Fund (DA Fund) or a Separate Account Fund at the discretion of the plan sponsor.

Pooled Separate Accounts: Investments in pooled separate accounts represents ownership of units of participation (Units), rather than ownership of specific assets. The value of any one pooled separate account is determined by aggregating the value of all of the Units held by the Plan. The value of a single Unit is the total value of the pooled separate accounts underlying investments plus other assets less liabilities divided by the number of Units outstanding. Investments in the pooled separate accounts are valued at fair value which is generally determined by the quoted market price of the underlying investments.

Guaranteed Fund/Deposit Administration Fund (DA Fund): A secondary market providing the opportunity to sell the contract held by the Plan does not exist. Fair value represents contributions made under the contract, plus interest, less funds used to pay benefits and expenses. The contract is an unsecured general obligation of Sentry Life Insurance Company. Sentry Life Insurance Company is rated A+ by the A.M. Best Company.

Insurance Company General Account: The Insurance company general account is a guaranteed fixed income fund held by the Sentry Life Insurance Company. The Guaranteed Fund is recorded at contract value in the Statement of Net Assets and is believed that the contract value is the most reasonable estimate of fair value funds based on the following information (a) The Plan's asset is not the underlying assets in the Guaranteed Fund, but rather, the contract. Therefore, the Plan does not own such underlying assets, but rather owns a series of promises or guarantees that are embedded in the contract. (b) The contract does not segregate or otherwise identify specific securities within the Guaranteed Fund and attribute them to any specific contract-holder. (c) The underlying assets are not segregated in a separate account for each contract-holder. Specific securities with the general account are not carved out and attributed to any specific contract holder. (d) Crediting rates are not based directly on the actual performance of the underlying securities in the Guaranteed Fund, but rather determined in the contract. (e) Crediting interest rates are reset at least as frequently as annually. (f) The Guaranteed Fund contains securities not only to support liabilities, but also supporting disparate insurance businesses, reserve requirements and general expense payments.

The Guaranteed Fund provided a guaranteed rate of return at the rate and for the duration that is communicated to the participant. The assets held in the Guaranteed Fund may be subject to surrender charges or a market value adjustment upon withdrawal as described in the contract.

Investment Measured Using the Net Asset Value per Share Practical Expedient: The following table summarized investments for which the fair value is measured using the net asset value per share practical expedient as of December 31, 2024 and 2023. There are no participant redemption restrictions for these investments: the redemption notice period is applicable only to the plan.

December 31, 2023	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Value of funds held in pooled separate accounts	\$ 8,566,441	n/a	Daily	Daily

December 31, 2024	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Value of funds held in pooled separate accounts	\$ 11,320,062	n/a	Daily	Daily

The following table set forth, by level with the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024 and 2023:

Notes to Financial Statements
December 31, 2024 and 2023

The Plan's policy is to recognize transfers of investments into or out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the year ended December 31, 2024 the transfers are as follows:

Contributions deposited during the year	\$ 125,058
Interest credited during the year	31,958
Transferred from separate account	29,512
Lost earnings on late contributions	28
Disbursed to pay benefits	(39,503)
Transfer to sperate account	(49,012)
Administrative and Investment advisory fees	(7,050)
Net transfers	\$ 90,991

E. Fully Benefit-Responsive Investment Contracts

The Plan holds a portfolio of investment contracts that comprises a traditional investment contract and a portfolio of synthetic investment contracts. These contracts meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contact value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. The following represent the disaggregation of contract value between types of investment contracts.

	<u>2024</u>	<u>2023</u>
Synthetic investment contracts	\$ -	\$ -
Traditional investment contracts	<u>1,213,920</u>	<u>1,122,929</u>
Total	<u>\$ 1,213,920</u>	<u>\$ 1,122,929</u>

The key difference between a synthetic investment contract and a traditional investment contract is that the Plan owns the underlying assets of the synthetic investment contract. A synthetic investment contract includes a wrapper contract, which is an agreement for the wrap issuer, such as a bank or insurance company to make payment to the Plan in certain circumstances. The wrapper contract typically includes certain conditions and limitations on the underlying assets owned by the Plan. With traditional investment contract, the Plan owns only the contract itself. Synthetic and traditional investment contract are designed to accrue interest based on crediting rates established by the contract issuers.

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at a specific interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer, which was 2.75% and 2.15% at and for the years ended December 31, 2024 and 2023, respectively. The crediting rates are reset at least as frequently as annually.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet if financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code.
2. Premature termination of the contracts
3. Plan termination or merger
4. Changes to the Plan's prohibition on competing investment options
5. Bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

1. An uncured violation of the Plan's Investment guidelines
2. A breach of material obligation under the contract
3. A material misrepresentation
4. A material amendment to the agreements without the consent of the issuer

F. Related-Party Transactions

Certain plan investments are managed by Sentry Life Insurance Company. Sentry Life Insurance is the trustee and record-keeper for the Plan and, therefore, these transactions qualify as party in interest transaction, amounts paid for recordkeeping was \$7,290 and commission paid of \$6,710. Fees incurred by the plan for the investment services are included in net appreciation (depreciation) in fair value of investments because they are paid through revenue sharing rather than a direct payment. As described in note A, the plan used the forfeited accounts to pay for some of the administrative fees.

The plan obtained an audit of its financial statements for the previous plan year, Colangelo & Taber, PA performed the audit of the plan.

These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

G. Plan Termination

Although it has not expressed any intent to do so, the company has the right under the plan to discontinue its contributions at any time and to terminate the plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100 percent vested in their employer contributions.

H. Tax Status

The IRS has determined and informed the Company by a letter dated June 30, 2020 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan’s tax counsel believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the plan is qualified and the trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the (*Internal Revenue Service or the Department of Labor*). The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2021.

I. Risks and Uncertainties

The plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the statement of net assets available for benefits.

J. Reconciliation of Financial Statements to Form 5500
