Report of Independent Auditors

To the Plan Participants and the Plan Administrator of
The 401(k) Savings and Profit Sharing Plan of S&P Global Inc. and Its Subsidiaries

Opinion

We have audited the financial statements of The 401(k) Savings and Profit Sharing Plan of S&P Global Inc. and Its Subsidiaries (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes (collectively referred to as the “financial statements”).

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan at December 31, 2024 and 2023, and the changes in its net assets available for benefits for the year ended December 31, 2024, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

**Shape the future
with confidence**

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

**Shape the future
with confidence**

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion of the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2024 (referred to as the “supplemental schedule”), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the supplemental schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

1. Plan Description

General

The 401(k) Savings and Profit Sharing Plan of S&P Global Inc. and Its Subsidiaries (the “Plan”) is a defined contribution plan sponsored by S&P Global Inc. (the “Company”). The Plan has a 100% interest in the S&P Global Inc. Savings Plans Master Trust Fund (the “Master Trust”). The Master Trust consists of common stock, mutual funds and common collective trust funds (the “Investment Accounts”). In addition to the Investment Accounts in the Master Trust, the Plan allows participants to maintain Self-Directed Accounts. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

The following is a summary of benefit guidelines. A more detailed description is contained in the Plan document.

Administration of the Plan

The Plan is administered by the Company’s U.S. Benefits Committee (the “Plan Administrator”) who is responsible for carrying out the provisions of the Plan. The appointment was approved by the Board of Directors of the Company. The trustee for the Plan is Fidelity Management Trust Company (the “Trustee”) and Fidelity Workplace Services LLC is the recordkeeper for the Plan.

The Investment Accounts for the Plan are managed by the Retirement Plan Investment Committee and by outside investment managers. The Retirement Plan Investment Committee is appointed by the Board of Directors of the Company and the outside investment managers are appointed by the Retirement Plan Investment Committee.

Eligibility

Eligible employees who are represented by a collective bargaining agreement between Standard & Poor’s Financial Services LLC and the NewsGuild of New York, CWA Local No. 31003, are “Guild-Represented Eligible Employees”. Eligible employees who are not Guild-Represented Eligible Employees, are “Non-Guild Eligible Employees”.

Employees of participating units of the Company have immediate eligibility, as long as the employee has completed the enrollment process.

Effective January 1, 2024, all eligible employees who do not make an election to participate will automatically be enrolled in the Plan after 35 days of eligibility to participate with tax deferred participant contributions at 4% of eligible pay (prior to January 1, 2024, 3% of the employees eligible pay if the employee was a Guild-Represented Eligible Employee, or if the employee was initially eligible to participate in the Plan prior to January 1, 2023; and 6% if the employee was initially eligible to participate in the IHS Markit 401(k) Plan prior to January 1, 2023). The contribution automatically increases annually by 1% until the contribution rate equals 6% of eligible pay. Participants may opt out of the automatic increase.

Non-Guild Eligible Employees with a hire date (or most recent date of rehire) on or before November 1, 2021, are eligible to have profit sharing contributions credited to their profit sharing contribution account on the first day of the month coincident with

or following the date the eligible employee attains age 21 and completes one year of continuous service. Non-Guild Eligible Employees who were hired prior to November 1, 2021 and who subsequently transferred their employment to an employer that was acquired on or after November 1, 2021 will remain eligible to receive profit sharing contributions as an employee of the acquired employer. Non-Guild Eligible Employees that were hired through an acquisition that was on or after November 1, 2021 are not eligible for profit-sharing contributions.

Guild-Represented Eligible Employees who satisfy the age and continuous service requirements on or before December 31, 2023, will begin receiving profit sharing contributions regardless of their date of hire, and all of their hours of service will be counted towards those contributions. Guild-Represented Eligible Employees hired on or after January 1, 2024 are not eligible for profit sharing contributions.

Contributions

Effective January 1, 2024, all eligible employees may elect to contribute up to 60% of their pre-tax compensation, up to the annual deferral limit set by the Internal Revenue Code ("IRC"). Prior to January 1, 2024, Guild Eligible Employees could elect to contribute up to 25% of their pre-tax compensation up to the annual deferral limit set by the IRC. The Plan limits after-tax contributions by highly compensated Employees to 3% of earnings for Non-Guild Eligible Employees and 4% of earnings for Guild-Represented Eligible Employees. The annual deferral limit as set by the IRC was \$23 in 2024. The annual compensation limit set by the IRC was \$345 in 2024. The Plan also allows for participants age 50 and older to contribute additional tax-deferred contributions. These catch-up contributions were subject to the Internal Revenue Service ("IRS") limit of \$7.5 in 2024. Plan contribution amounts allowable are limited pursuant to Sections 401(k), 401(m) and 415 of the IRC. If automatically enrolled, participants defer 4% of their eligible compensation, until changed by the participant. The Plan includes a Roth 401(k) contribution option which allows participants to contribute after-tax dollars into a Roth 401(k) account within the Plan and allows for tax-free earnings on those contributions. If subsequent distributions are considered qualified Roth distributions under the IRC, such distributions are not subject to taxes. Participants may also contribute amounts representing distributions from other qualified plans (rollover contributions).

Employees eligible to receive an annual short-term incentive compensation ("STIC") award may contribute their STIC award to the Plan. Annual bonuses other than the STIC award are not eligible compensation under the Plan. STIC eligible employees must elect to a deferred contribution percentage to contribute their STIC award into the Plan. The deferral contribution percentage for the STIC award can be different from the deferral contribution percentage for regular payroll contribution of eligible pay. Unless a separate election is made the deferred contribution percentage will be 0%. Elections made for a STIC award deferral contribution percentage will remain in effect until changed by the employee.

The Company matches 100% of the first 4% of tax deferred compensation contributed to the Plan by all eligible employees. Prior to January 1, 2024 the Company matched 100% of the first 6% of tax deferred compensation contributed to the Plan by Guild-Represented Eligible Employees.

In addition, the Company also makes a non-elective contribution for all eligible employees equal to 2% of eligible compensation. Effective January 1, 2024, all eligible Employees received employer non-elective contributions. Guild-Represented Eligible Employees hired prior to January 1, 2024 did not receive employer non-elective contributions.

The assets of the Plan may be invested in the Investment Accounts, as well as the Self-Directed Accounts. Participants can elect to designate, in 1% increments, their investment preference(s). If a participant is automatically enrolled, their contributions are invested in the age appropriate Target Retirement Fund. The particular Target Retirement Fund used as the default fund is based on the date an individual will turn age 65. There is no limit to the number of investment allocation changes for future allocations.

Profit Sharing

The Company will make profit sharing contributions from consolidated net profits for each plan year as the Company's Board of Directors may determine at its discretion. This amount can be up to a maximum of 2.5% of eligible compensation up to the Social Security wage base and 5% of eligible compensation in excess of the Social Security wage base. The Company contributed \$23,937 for the 2024 plan year in 2025 which is included in Employer contributions receivable in the accompanying Statements of Net Asset Available for Benefits for the year ended December 31, 2024.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company contributions, as well as allocations of the Company's profit sharing contribution and Plan earnings (losses). Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participants' account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Employee contributions to the Plan are non-forfeitable. Matching contributions by the employer are fully vested immediately. Employer profit sharing contributions shall vest as follows:

<u>After:</u>	<u>Vested Percentage</u>
2 years of continuous service	20% vested
3 years of continuous service	40% vested
4 years of continuous service	60% vested
5 years of continuous service	100% vested

Non-vested participant benefits are forfeited after a five-year break in service and forfeitures will be used first to reduce employer contributions and, if any remaining under the Plan, to pay certain expenses for the current plan year. At December 31, 2024 and 2023, forfeited non-vested accounts totaled \$787 and \$1,046, respectively. Subsequent to December 31, 2024, forfeited participant benefits used to reduce employer contributions for 2024 were \$818. Forfeitures used to pay Plan expenses were not significant for the years ended December 31, 2024 and 2023.

Benefit Payments

The IRC limits how participants may withdraw funds from the Plan. Participants may have options for withdrawing all or a portion of the vested balance in their Plan account while they are an employee of the Company or an affiliate. The withdrawal options include: hardship loans, withdrawal from participant's after-tax and rollover sub-accounts, withdrawals after attainment of age 59½, withdrawals upon disability, hardship withdrawals, reservist withdrawals, Heart Act withdrawals, or qualified birth or adoption withdrawals.

The Plan also provides that a participant who makes an election regarding the Investment Accounts, upon exercising withdrawal or loan rights, receives a pro rata distribution from the elected Investment Accounts.

On termination of service due to death, disability, retirement, or any other reason, a participant may elect to receive a lump sum distribution of the participant's vested account balance.

Participant Loans

Participants may borrow from their accounts a minimum of \$1 up to a maximum equal to the lesser of \$50 less their highest outstanding loan balance in the last 12 months or 50% of their vested account balance. Loan terms may range from 1 to 5 years or up to 10 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a reasonable interest rate commensurate with local prevailing rates. The interest rate, determined quarterly, is set at 2% above the prime rate, as defined in the Plan. Principal and interest are typically paid ratably through regular payroll deductions.

Plan Termination

While the Company has not expressed any intent to discontinue or to terminate the Plan, it is free to do so at any time subject to the provisions of ERISA. Upon termination of the Plan, the account balances of all participants become non-forfeitable.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"). Certain prior year amounts have been reclassified to conform with current year presentation.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes and supplemental schedule. Actual results could differ from those estimates.

Investment Valuation

Investments held by the Plan (except for fully benefit-responsive investment contracts) are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (exit price). See Note 4 — *Fair Value Measurements* for further discussion and disclosures related to fair value measurements.

All earnings and net appreciation or depreciation of the Master Trust Investment Accounts, other than the Self-Directed Accounts and the Stable Assets Account, are allocated to the Plan daily based upon the Plan's share of the Investment Accounts' fair value at the end of the previous day.

Investments in the Self-Directed Accounts are credited with earnings or charged with losses and expenses based on the performance of the individual investments within these accounts. Income and expenses for the investments in the Stable Assets Account are accrued for on a daily basis to allow for the calculation of a daily net asset value ("NAV"). The Stable Assets Account is credited with earnings or charged with losses on a monthly basis by the Trustee, after account statements are provided by the issuers.

Investment Income

Net investment income from the Plan's interest in the Master Trust consists of realized gains or losses and the unrealized appreciation (depreciation) in the fair value or contract value of those investments, as well as interest and dividends earned. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year in investments held outside of the Master Trust.

Contributions

Contributions from employees are accrued when the Company makes payroll deductions. Contributions from the Company are accrued in the period in which they become obligations of the Company.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 and 2023. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

3. Federal Income Tax Status

The Plan received a determination from the IRS dated February 23, 2017 stating that the Plan, as amended, is qualified under Section 401(a) of the IRC and therefore, the related trust is exempt from taxation. Subsequent to this determination by the IRS, the Plan was amended and restated. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualified status.

The Plan Sponsor has identified certain operational failures related to the Plan's administration and has submitted a Voluntary Correction Program ("VCP") application to the IRS to address these failures. The application outlines corrective actions already taken for certain failures, proposed methods of correction for other failures, and the steps being taken to prevent future occurrences. The IRS has yet to issue a compliance statement regarding this submission, however, the resolution of this matter is not expected to impact the tax qualification. The financial impact of these corrections is not expected to be material to the Plan's financial statements as of and for the year ended December 31, 2024.

U.S. GAAP requires management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

4. Fair Value Measurements

In conformity with Accounting Standard Codification 820, "Fair Value Measurements and Disclosures", ("ASC 820"), assets and liabilities measured at fair value are categorized according to a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). During the years ended December 31, 2024 and 2023, there were no transfers between levels. The three levels of the fair value hierarchy under ASC 820 are defined as follows:

- Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities that the reporting entity can access at the measurement date.
- Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.
- Level 3 - Unobservable inputs for the asset or liability.

A financial instrument's categorization within the fair value hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for the assets within the Master Trust measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

- Common stock - Valued at quoted market prices.
- S&P Global Inc. common stock - Valued at quoted market prices.

- Mutual funds - Valued at quoted market prices. These financial instruments are generally categorized as Level 1 instruments in the fair value hierarchy.
- Common collective trust funds - Valued at the quoted NAV of shares held by the Master Trust at the valuation date. The NAV is used as a practical expedient to estimate fair value based on the unit value of the funds. Unit values are determined by the investment manager sponsoring such funds by dividing the fund's net assets at fair value by its units outstanding at the valuation dates. The common collective trust funds seek to provide long-term capital appreciation and income by investing in the stocks of the S&P 500 Index Fund, S&P MidCap Index Fund, S&P SmallCap 600 Index Fund and other various asset classes. There are currently no redemption restrictions on these investments and the redemption frequency and notice period are daily. Funding commitments are not applicable for these investments.

In addition, the Plan maintains Self-Directed Accounts. The Self-Directed Accounts hold mutual funds and money market funds valued at the quoted net asset value of shares held by the Plan at the valuation date.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level within the fair value hierarchy the Plan investment assets at fair value, as of December 31, 2024 and 2023. As required by ASC 820, assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement:

Total net investment income	\$ 699,690

Guaranteed Investment Contracts

The Plan holds synthetic investment contracts. These contracts meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. The contract value of the synthetic investment contracts for the Plan was \$248,681 and \$300,246 as of December 31, 2024 and 2023, respectively.

The Mass Mutual contract, the Transamerica Premier Life Insurance contract, the RGA Reinsurance Company contract and the Prudential Insurance Co. of America contract are book value liquidity agreements which, in conjunction with the underlying bond

portfolios covered by each contract, comprise the synthetic Guaranteed Investment Contracts (the “GIC”s). In exchange for an annual fee, each book value liquidity agreement issuer guarantees to reimburse the Stable Assets Account for the shortfall, if any, between the portfolio’s market value and principal and accrued interest in the event of participant initiated distributions from the synthetic GIC. The synthetic GICs crediting interest rate resets monthly and is based upon the yield, duration and market value of the underlying bond portfolio. Each of the book value liquidity agreements is subject to an early termination penalty, which could reduce the crediting interest rate guarantee for the month in which a premature termination occurs.

Certain events may limit the ability of the Plan to transact at contract value with the insurance company and the financial institution issuer. Such events include (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan’s prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that the occurrence of any such events that would limit the Plan’s ability to transact at contract value with participants is probable.

The synthetic GICs do not permit the insurance company to terminate the agreement prior to the scheduled maturity date; however, the synthetic GICs generally impose conditions on both the Plan and the issuer.

Self-Directed Accounts

Self-Directed Accounts, also known as Mutual Fund Investment Window Accounts, allow individual participants to gain access to approximately 9,000 mutual funds. These mutual funds are not reviewed or monitored by the Company’s Retirement Plan Investment Committee.

6. Related-Party Transactions

The Master Trust holds units of common collective trust funds managed by the Trustee, and therefore, these transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transactions rules under ERISA.

The Plan is responsible for its administrative expenses. The Company may reimburse the Plan for these expenses at its discretion. The Company paid in 2024 approximately \$504 in professional and administrative fees on behalf of the Plan. These transactions qualify as party-in-interest transactions under ERISA.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the statements of net assets available for benefits.

8. Differences between Financial Statements and Form 5500

The Plan records the synthetic GICs at contract value on the statements of net assets available for benefits. These contracts are recorded at fair value on the Form 5500; therefore, the adjustment from contract value to fair value represents a reconciling item. If applicable, distributions payable to participants are not included as a liability within net assets available for benefits in the accompanying financial statements, however, they are recorded as liabilities in the Plan’s Form 5500.

The following is a reconciliation of net assets available for benefits per the financial statements, as of December 31, to the Form 5500:

(in thousands)	2024	2023
Net assets available for benefits per the financial statements	\$ 5,757,075	\$ 5,254,212

9. Subsequent Events

Management has evaluated its December 31, 2024 financial statements for subsequent events for the Plan through June 25, 2025, the date the financial statements were available for issuance.

On April 29, 2025, the Company announced that our Board of Directors decided to pursue a full separation of the Company's Mobility segment, creating a new publicly traded company. The transaction, which would be implemented through the spin-off of shares of the new company to S&P Global shareholders, is expected to be tax-free for U.S. federal income tax purposes for S&P Global shareholders and is expected to be completed over the 12 to 18 months from its announcement, subject to the satisfaction of customary legal and regulatory requirements and approvals. For risks and uncertainties specifically related to this transaction refer to our filings with the Securities and Exchange Commission, including Item 1A, Risk Factors, in our most recently filed Annual Report on Form 10-K, as supplemented by Item 1A, Risk Factors, in our most recently filed Quarterly Report on Form 10-Q.
