## Independent Auditor's Report

To the Plan Administrator  
Robert Bosch, LLC and Affiliates  
Defined Contribution Plans

### **Scope and Nature of the ERISA Section 103(a)(3)(C) Audits**

We have performed audits of the financial statements of Bosch Savings Incentive Plan, Bosch Security Systems Retirement Savings Plan, Robert Bosch Fuel Systems LLC Burlingame Hourly Employees' 401(k) Plan, and Bosch Braking Systems Thrift Plan (collectively, the "Plans"), employee benefit plans subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023 and the related statements of changes in net assets available for benefits for the year ended December 31, 2024 and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plans' financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plans (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023 and for the year ended December 31, 2024 stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### **Opinion**

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audits of the Financial Statements* section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audits of the Financial Statements* section of our report. We are required to be independent of the Plans and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

To the Plan Administrator  
Robert Bosch, LLC and Affiliates  
Defined Contribution Plans

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plans' ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plans; and determining that the Plans' transactions that are presented and disclosed in the financial statements are in conformity with the Plans' provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or that may become due to such participants.

### ***Auditor's Responsibilities for the Audits of the Financial Statements***

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audits* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that audits conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing audits in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the Plans' internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plans' ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of the ERISA Section 103(a)(3)(C) audits is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

**Supplemental Schedules Required by ERISA**

The supplemental schedules of assets held at end of year as of December 31, 2024 for Bosch Savings Incentive Plan, Bosch Security Systems Retirement Savings Plan, Robert Bosch Fuel Systems LLC Burlingame Hourly Employees' 401(k) Plan, and Bosch Braking Systems Thrift Plan are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplemental information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### Note 1 - Plan Description

The Plans are defined contribution plans covering eligible full-time and part-time employees of the companies (collectively, the "Company"), as described below.

The following descriptions of Bosch Savings Incentive Plan (the "BSIP"), Bosch Security Systems Retirement Savings Plan (the "BSSI Plan"), Robert Bosch Fuel Systems LLC Burlingame Hourly Employees' 401(k) Plan (the "Burlingame Plan"), and Bosch Braking Systems Thrift Plan (the "BBST Plan") (collectively, the "Plans") provide only general information. Participants should refer to the respective plan agreements or documents for a more complete description of each plan's provisions.

#### **General**

The Plans are defined contribution plans covering eligible full-time and part-time employees, as described below.

The BSIP covers eligible employees of Robert Bosch, LLC and participating subsidiaries and affiliates that have adopted the BSIP. Full-time employees are eligible to participate on their date of hire.

The BSSI Plan covers nonunion employees of Bosch Security Systems, Inc. located in the Lancaster, Pennsylvania and Fairport, New York facilities and employees of Telex Communications, Inc., a subsidiary of Bosch Security Systems, Inc. Full-time employees are eligible to participate on their date of hire.

The Burlingame Plan covers all eligible hourly employees of Robert Bosch Fuel Systems, LLC who are represented by the DTC/UAW Local 167 DDC/EMD Labor Agreement and are age 18 or older. The Burlingame Plan also covers inactive, fully vested participants transferred from the Robert Bosch Fuel Systems Corporation New Business Unit 401(k) Plan in 2006. Full-time employees are eligible to participate upon completion of the probationary period defined in the relevant union contract.

The BBST Plan covers employees of specific participating units of Robert Bosch, LLC who are represented by a collective bargaining unit. Currently, the only active participants are individuals represented by collective bargaining agreements that cover UAW Local 383 in St. Joseph, Michigan. Full-time covered employees are eligible to participate upon completion of a 90-day probationary period (including service as a temporary employee).

Subject to the eligibility requirements described above, part-time employees are eligible to participate after one year of service consisting of 1,000 hours of service, as defined in each of the respective plan documents. The Plans are subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

#### **Contributions**

The Plans provide for employee contributions up to a maximum of 85 percent of annual eligible compensation subject to maximum tax-deferred limitations established by the Internal Revenue Code (IRC). For the BSIP and the BSSI Plan, unless an employee elects otherwise, eligible new employees are automatically enrolled in the respective plan with a 5 percent pretax deferral rate. The deferral rate increases by 1 percent each year until it reaches a maximum of 9 percent. Participants may also make contributions to the Plans in the form of a rollover of funds from another qualified plan.

The BSIP provides for variable employer matching contributions ranging from 0 to 100 percent of the first 9 percent of eligible compensation contributed by the participant. The percentage range is generally determined annually. The matching percentage was 75 percent for all participating employers in 2024.

The BSSI Plan provides for employer matching contributions of 50 percent of the first 6 percent of compensation deferred by the participant.

**Note 1 - Plan Description (Continued)**

The BSSI Plan also provides for employer profit-sharing contributions on behalf of each eligible Lancaster and Fairport employee hired prior to February 1, 2012 based on the employee's eligible compensation for the plan year as follows:

- (i) 3 percent of eligible compensation earned up to the 5th anniversary of the active participant's profit-sharing start date
- (ii) 4.5 percent of eligible compensation earned between the 5th anniversary and the 10th anniversary of the active participant's profit-sharing start date
- (iii) 6 percent of eligible compensation earned after the 10th anniversary of the active participant's profit-sharing start date

An adjustment may be made to the profit-sharing contribution based on year-end company financial performance, such that the adjusted profit-sharing contribution is equivalent to between 50 and 150 percent of the original base amounts described above. For 2024, the profit-sharing amounts were adjusted to 150 percent of the base amounts.

The Burlingame Plan and the BBST Plan provide for employer matching contributions of 50 percent of the first 7 percent of eligible compensation contributed by participants who have completed one year of service.

In addition, the BSIP and the BBST Plan provide for employer contributions subject to maximum amounts established by the IRC, generally ranging from 2.5 to 6.5 percent of a participant's eligible compensation, except as otherwise defined, based on the participant's age at December 31 of the current plan year.

***Participant Accounts***

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and plan earnings and charged with an allocation of administrative expenses. Allocations are based on contributions and/or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by each of the Plans.

***Benefit Payments***

In the event of retirement, termination of service, death, or disability, a participant may elect to receive either a lump-sum payment or various installment payments equal to the value of the participant's vested interest in his or her account. Prior to termination of service, participants may withdraw their after-tax and rollover contributions at any time or any portion of their accounts after attaining the age of 59½.

Participants may request that a portion of their employee contribution accounts be distributed in the case of financial hardship, as defined in the respective plan document.

***Vesting***

Participants are immediately vested in their employee contributions; rollover contributions; and, for the BSSI Plan, their employer profit-sharing contributions plus actual earnings thereon. Excluding the BBST Plan employer matching contributions, a participant is generally 100 percent vested in the non-profit-sharing employer contribution portion of his or her account after three years of credited service. Accounts of participants who are actively employed at a location that is closed generally become fully vested on the closure date.

December 31, 2024 and 2023

### Note 1 - Plan Description (Continued)

The BBST Plan's employer matching contributions vest according to the following schedule:

<u>Years of Service</u>	<u>Vesting Percentage</u>
2	20 %
3	40
4	60
5 or more	100

#### ***Forfeitures***

If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. Forfeitures are used to reduce future company contributions or to pay administrative expenses of each of the respective Plans.

#### ***Participant Notes Receivable***

Participants may borrow from their accounts subject to certain maximum and minimum amounts prescribed in each respective plan and in the IRC. Notes receivable bear interest at a market rate.

#### ***Party-in-interest Transactions***

Certain plan assets are in investment funds managed by Fidelity Management Trust Company (Fidelity) or its affiliates. Fidelity is the trustee of the Plans; therefore, these transactions qualify as party-in-interest transactions, as defined under ERISA guidelines.

#### ***Termination***

While it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate any of the individual Plans subject to the provisions set forth in the respective plan agreement and ERISA. Upon termination of any individual plan, participants become 100 percent vested in their account balances of the respective terminated plan.

### Note 2 - Summary of Significant Accounting Policies

#### ***Memorandum-only Totals***

The memorandum-only total column in the financial statements represents solely a total of the individual plans and is provided for information only.

#### ***Investments in the Master Trust***

The Robert Bosch Defined Contribution Retirement Plan Trust (the "Master Trust") was established for the investment of assets of certain benefit plans sponsored by the Company and its affiliates. All investments of the BSIP, the BSSI Plan, and the BBST Plan are invested in the Master Trust. The Burlingame Plan participates in the Master Trust for the purpose of sharing only in the custom funds held within the Master Trust.

#### ***Investment Valuation***

The value of the Plans' interests in the Master Trust is based on the beginning of the year value of each of the respective Plans' interests in the Master Trust, plus actual contributions and allocated investment income, less actual distributions and allocated administrative expenses. The Burlingame Plan and the Master Trust's investments are stated at fair value except for fully benefit-responsive synthetic guaranteed investment contracts, which are valued at contract value. Contract value represents deposits made to the contracts, plus earnings at guaranteed crediting rates, less withdrawals and fees.

December 31, 2024 and 2023

### Note 2 - Summary of Significant Accounting Policies (Continued)

The collective trusts are valued at net asset value per share (NAV) (or its equivalent), which is based on the fair value of the funds' underlying net assets. There are no unfunded commitments on these investments, and the investments have redemption notice periods ranging from 0 to 30 days with unlimited redemption frequency. The interest-bearing cash is valued at fair value based on its outstanding balances. All other investments are valued based on quoted market prices reported in active markets. See Note 4 for additional information.

#### ***Participant Notes Receivable***

Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectible.

#### ***Benefit Payments***

Benefits are recorded when paid.

#### ***Administrative Expenses***

Various administrative costs are paid by the Company.

#### ***Use of Estimates***

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plans' administrator to make estimates and assumptions that affect certain amounts and disclosures at the date of the financial statements and during the reporting period. Accordingly, actual results may differ from those estimates.

#### ***Risks and Uncertainties***

The Burlingame Plan and the Master Trust invest in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

#### ***Subsequent Events***

The financial statements and related disclosures include evaluation of events up through and including October 6, 2025, which is the date the financial statements were available to be issued.

### Note 3 - Certified Information

Fidelity holds the Master Trust's investments, the Burlingame Plan's investments, and participant notes receivable and executes all related transactions. The investment and participant notes receivable balances and related income and losses included in the accompanying financial statements and the supplemental schedules of assets held at end of year, including master trust information included in Note 5, are based solely on information certified by Fidelity.

### Note 4 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the valuation techniques and inputs used to measure fair value.

### Notes to Financial Statements

December 31, 2024 and 2023

#### Note 4 - Fair Value Measurements (Continued)

##### Level 1

Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Master Trust and the Burlingame Plan have the ability to access.

##### Level 2

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

##### Level 3

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset.

In instances where inputs used to measure fair value fall into different levels of the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Master Trust's and the Plans' assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

The following tables present information about the net assets of the Master Trust, including those measured at fair value on a recurring basis at December 31, 2024 and 2023:

#### Note 6 - Investment Contracts

The Master Trust holds synthetic investment contracts (synthetic GICs). The synthetic GICs provide for a fixed return on principal over a specified time through fully benefit-responsive wrapper contracts issued by insurance companies. The assets underlying the synthetic GICs substantially consist of fixed-income collective trust funds.

The contracts used by the Plans are fully benefit responsive because the wrapper contract issuers are contractually obligated to make up any shortfall in the event that the underlying asset portfolio has been liquidated and is inadequate to cover participant withdrawals and transfers at contract value. There are currently no reserves against contract values for credit risk of the contract issuers or any other risk.

**December 31, 2024 and 2023**

**Note 6 - Investment Contracts (Continued)**

The interest crediting rate, which is reset monthly and is based on a formula agreed upon with each wrapper contract issuer, can never fall below zero. The crediting rate formula smooths the impact of interest rate changes on participant returns by amortizing any difference between market value and book value over a period of years equal to the duration of the portfolio benchmark.

Certain events limit the ability of the Master Trust to transact at contract value with the issuers. These events include plant closings, layoffs, plan termination, bankruptcy or reorganization, merger, early retirement incentive programs, tax disqualification of a trust, or other events. The occurrence of one or more employer-initiated events could limit the Master Trust's ability to transact at contract value with the issuers. The Plans' administrator believes that the occurrence of any such event is not probable.

Except for the employer-initiated events above or an event of default (that was not remedied), the wrapper contract issuers may not terminate the contracts at an amount different from contract value.

**Note 7 - Tax Status**

The BSIP, the BSSI Plan, and the BBST Plan have received determination letters from the IRS indicating that those plans, as designed, are qualified for tax-exempt treatment under the applicable section of the IRC. Although these plans have been amended since receiving the respective determination letters, management believes that these plans are designed and are currently being operated in compliance with the applicable requirements of the IRC.

The Burlingame Plan uses a preapproved plan. The preapproved plan has received a favorable opinion letter from the Internal Revenue Service indicating that the Burlingame Plan, as designed, is qualified for federal income tax-exempt status. The Burlingame Plan has not individually sought its own determination letter.

**Note 8 - Plan Transfers**

During 2024, certain participants of the BSSI Plan were merged with the BSIP. Accordingly, the related assets, participants, and their related account balances of approximately \$1,913,000 were transferred into the BSIP from the BSSI Plan during 2024.

**Note 9 - Subsequent Events**

During 2025, Robert Bosch, LLC sold its security and communications technology business. Pursuant to this sale, the plan sponsor of the BSSI Plan is no longer affiliated with Robert Bosch, LLC. After the 2025 sale, the remaining assets, participants, and their related account balances associated with the BSSI Plan and totaling approximately \$198,000,000 were transferred out of the Master Trust.

During 2025, as result of the termination of the Bosch Pension Plan (the "BPP"), BPP participants were permitted to rollover their benefit from the BPP into the BSIP. The rollovers from the BPP to the BSIP totaled approximately \$55,000,000 in 2025.
