Ms. Tammy Simmons, Executive Director  
Access Group, Inc. 401(k) Plan  
10618 Breckenridge Drive  
Little Rock, Arkansas 72211

Dear Ms. Simmons:

This letter is to inform those charged with governance of Access Group, Inc. 401(k) Plan (the Plan) about significant matters related to the conduct of our audit as of and for the year ended December 31, 2024, so that it can appropriately discharge its oversight responsibility, and we comply with our professional responsibilities.

Auditing standards generally accepted in the United States of America (GAAS) (AU-C 260, *The Auditor's Communication With Those Charged With Governance*) require the auditor to promote effective two-way communication between the auditor and those charged with governance. Consistent with this requirement, the following summarizes our responsibilities regarding the financial statement audit as well as observations arising from our audit that are significant and relevant to your responsibility to oversee the financial reporting process.

#### **Our Responsibilities With Regard to the Financial Statement Audit**

Our responsibility under GAAS has been described to you in our arrangement letter dated January 25, 2025. The audit of the financial statements does not relieve management or those charged with governance of their responsibilities, which are also described in that letter.

#### **Overview of the Planned Scope and Timing of the Financial Statement Audit**

We have issued a separate communication dated January 25, 2025, regarding the planned scope and timing of our audit and identified significant risks.

#### **Significant Accounting Practices, Including Policies, Estimates, and Disclosures**

##### *Preferability of Accounting Policies and Practices*

Under accounting principles generally accepted in the United States of America, in certain circumstances, management may select among alternative accounting practices. In our view, in such circumstances, management has selected the preferable accounting practice.

##### *Adoption of, or Change in, Accounting Policies*

Management has the ultimate responsibility for the appropriateness of the accounting policies used by the Plan. The Plan did not adopt any significant new accounting policies, nor have there been any changes in existing significant accounting policies during the current period.

#### *Significant Accounting Policies*

We did not identify any significant accounting policies in controversial or emerging areas for which there is a lack of authoritative guidance or consensus.

#### *Significant Unusual Transactions*

We did not identify any significant unusual transactions.

#### **Audit Adjustments and Uncorrected Misstatements**

There were no audit adjustments made to the original trial balance presented to us to begin our audit, and we are not aware of any uncorrected misstatements other than misstatements that are clearly trivial.

#### **Form 5500 Filing**

GAAS requires that we obtain and read a draft of the Plan's Form 5500 that is substantially complete prior to the dating of our auditor's report in order to identify material inconsistencies, if any, with the Plan's audited financial statements. We read the Plan's draft Form 5500 filing for consistency with information in the financial statements. We did not identify material inconsistencies with the audited financial statements, other than appropriate reconciling items with the draft Form 5500 as disclosed in the notes to the financial statements.

#### **ERISA Required Supplemental Information**

We subjected the information included in the ERISA required supplemental information, other than that agreed to or derived from the certified investment information, to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or the financial statements themselves, and other additional procedures in accordance with GAAS. The objective of these audit procedures was to determine whether the ERISA required supplemental information, other than the certified investment information, is fairly stated in all material respects in relation to the financial statements as a whole, whether the form and content of the ERISA required supplemental information are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure Under ERISA, and whether the certified investment information in the supplemental information agrees to, or is derived from, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). We will include an other matter paragraph in our auditor's report for the ERISA required supplemental schedules. We did not identify inconsistencies with the audited financial statements or with the certified investment information.

#### **Reportable Findings**

In planning and performing the audit, we considered plan provisions relevant to designing audit procedures for the purpose of expressing our opinion on the Plan's financial statements, but not for the purpose of expressing an opinion on the Plan's compliance with those provisions. Our audit was not designed to identify all instances that the Plan is not operating in accordance with the Plan's provisions or other specified criteria that might be considered reportable findings.

A reportable finding is one or more of the following:

- A matter that is identified as an instance of noncompliance or suspected noncompliance with laws or regulations
- A finding arising from the audit that is significant and relevant to those charged with governance regarding their responsibility to oversee the financial reporting process
- A deficiency in internal control identified during the audit that has not been communicated to management by other parties that is of sufficient importance to merit management's attention

We are required to communicate reportable findings from the audit procedures performed relating to the plan provisions to those charged with governance, in writing. We have included reportable findings that resulted in internal control deficiencies in the written communication for internal control matters dated October 6, 2025.

#### **Disagreements With Management**

We encountered no disagreements with management over the application of significant accounting principles, the basis for management's judgments on any significant matters, the scope of the audit, or significant disclosures to be included in the financial statements.

#### **Consultation With Other Accountants**

We are not aware of any consultations management had with other accountants about accounting or auditing matters.

#### **Significant Issues Discussed or Subject to Correspondence with Management**

No significant issues arising from the audit were discussed with or the subject of correspondence with management.

#### **Difficulties Encountered in Performing the Audit**

We did not encounter any significant difficulties in dealing with management during the audit.

#### **Shared Responsibilities: AICPA Independence**

The AICPA regularly emphasizes that auditor independence is a joint responsibility and is managed most effectively when management, audit committees (or their equivalents), and audit firms work together in considering compliance with American Institute of Certified Public Accountants (AICPA) independence rules. For HoganTaylor LLP to fulfill its professional responsibility to maintain and monitor independence, management, those charged with governance, and HoganTaylor LLP each play an important role.

#### **Our Responsibilities**

- AICPA rules require independence both of mind and in appearance when providing audit and other attestation services. HoganTaylor LLP is to ensure that the AICPA's General Requirements for performing nonattest services are adhered to and included in all letters of engagement.

- Maintain a system of quality management over compliance with independence rules and firm policies.

#### **Your Responsibilities**

- Timely inform HoganTaylor LLP, before the effective date of transactions or other business changes, of the following:
  - ❖ New affiliates, directors or officers.
  - ❖ New beneficial owners of the Plan Sponsor's stock which have significant influence.
  - ❖ Change in corporate structure impacting affiliates such as add-on acquisitions or exits.
- Provide necessary affiliate information such as new or updated investment structure charts, as well as financial information required to perform materiality calculations needed for making affiliate determinations.
- Understand and conclude on the permissibility, prior to the Plan and its affiliates, including the Plan Sponsor, and the officers, directors or persons in a decision-making capacity, engaging in business relationships with HoganTaylor LLP.
- Not entering into relationships resulting in close family members of HoganTaylor LLP covered persons temporarily or permanently acting as an officer, director or person in an accounting or financial reporting oversight role at the Plan or Plan Sponsor.

#### **Management Representations**

Attached is a copy of the management representation letter.

#### **Closing**

We will be pleased to respond to any questions you have about the foregoing. We appreciate the opportunity to continue to be of service to the Plan.

This report is intended solely for the information and use of those charged with governance and is not intended to be, and should not be, used by anyone other than this specified party.

The Plan's financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023; the related statement of changes in net assets available for benefits for the year ended December 31, 2024; and the related notes to the financial statements.

We elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Mr. Elliott Chester, Plan Administrator

October 6, 2025

To Plan Administrator and Those Charged with Governance  
Access Group, Inc. 401(k) Plan  
Little Rock, Arkansas

In planning and performing our audit of the financial statements of Access Group, Inc. 401(k) Plan (the Plan) as of December 31, 2024, and for the year then ended in accordance with auditing standards generally accepted in the United States of America, we considered relevant plan provisions and the Plan's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the Plan's compliance with those provisions or on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the Plan's compliance with plan provisions or on the effectiveness of the Plan's internal control.

Our consideration of relevant plan provisions and internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all instances that the Plan is not operating in accordance with the Plan's provisions or deficiencies in internal control that might be material weaknesses or significant deficiencies. Therefore, instances that the Plan is not operating in accordance with plan provisions or deficiencies in internal control, including material weaknesses or significant deficiencies, may exist that were not identified.

Instances where the Plan is not operating in accordance with plan provisions may be indicative of a deficiency in internal control. A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A deficiency in design exists when (a) a control necessary to meet the control objective is missing, or (b) an existing control is not properly designed so that, even if the control operates as designed, the control objective would not be met. A deficiency in operation exists when a properly designed control does not operate as designed or when the person performing the control does not possess the necessary authority or competence to perform the control effectively.

A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Plan's financial statements will not be prevented, or detected and corrected, on a timely basis.

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Following are descriptions of other identified deficiencies in internal control that we determined did not constitute significant deficiencies or material weaknesses:

#### **Lack of Meeting Minutes**

Even though Plan administration does have meetings to discuss the plan, there is no record of minutes being taken. We suggest that Plan administration keeps records of these minutes to ensure that administration is performing their fiduciary responsibility to the Plan.

#### **Census Data Reconciliation**

During our procedures over the census information that was derived from the payroll system, compensation from the recordkeeper did not reconcile to the year-to-date payroll register. We suggest that the Plan management reconcile the census information to ensure that compensation provided to the recordkeeper is accurate.

#### **Inconsistent Demographic Information**

Upon conducting our audit procedures, we noted an instance in testing eligibility in which data reflected on the census did not agree to documents in the employee's personnel file. Since information recorded on the census is used as a source for updating participant data to be used by the Plan recordkeeper and to determine eligibility of employees and distribution options, failure to keep accurate participant data may result in eligibility status of employees and distributions of participants being incorrectly determined. We recommend Plan management implement procedures to ensure the accuracy and consistency of the participant data between the Plan sponsor and recordkeeper.

#### **Lack of Evidence of Review Procedures**

Upon conduction our audit procedures, we noted during control testing that management has controls in place to review payroll reconciliations, however, there was no evidence of the control operating. Since the accuracy of payroll has a direct impact on the contribution amounts being remitted to the Plan, failure to properly review could result in incorrect remittance amounts. We recommend Plan management implement formal review procedures to ensure the accuracy and consistency of payroll.

#### **Inactive Participant Accounts**

Upon conducting our audit procedures, we noted 17 participants who were terminated from employment as of December 31, 2024, and had accounts balances equal to or less than \$7,000 at year-end. According to Plan provisions, terminated participants with account balances of \$7,000 or less should be automatically distributed from the Plan. Maintaining these accounts can create additional costs to the Plan sponsor or to the Plan. We recommend that Plan management work with the Plan's service provider to ensure compliance with Plan provisions by timely distributing these account balances. Additionally, we recommend Plan management implement processes and procedures to routinely monitor for inactive accounts below the automatic distribution threshold.

This communication is intended solely for the information and use of the Plan Administrator, those charged with governance, management and others within the Plan, and is not intended to be, and should not be, used by anyone other than these specified parties.

Mr. Elliott Chester, Director of Finance  
Access Group, Inc.

### **The Objective and Scope of the Audit**

You have requested that HoganTaylor LLP (HoganTaylor, we, us, or our) perform an audit in accordance with Employee Retirement Income Security Act of 1974 (ERISA) Section 103(a)(3)(C) and report on the financial statements of Access Group, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to ERISA that is sponsored by Access Group, Inc. (the Plan Sponsor). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024, the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

The financial statements may also include supplemental information required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA-required supplemental information) for the year ended December 31, 2024. As part of our audit, we will report on ERISA-required supplemental information, in accordance with auditing standards generally accepted in the United States of America (GAAS). The supplemental information is presented for purpose of additional analysis and is not a required part of the financial statements but is supplemental information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

The financial statements and any ERISA-required supplemental information are included in the Plan's Form 5500 filing.

Management has determined it is permissible in the circumstances and has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Therefore, as permitted by ERISA Section 103(a)(3)(C), the audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Except as described in the preceding paragraph, the objectives of our audit are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error; and issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

We are pleased to confirm our acceptance and our understanding of this audit engagement by means of this letter (Arrangement Letter).

### **The Responsibilities of the Auditor**

We will conduct our audit in accordance with GAAS. Those standards require that we are independent of the Plan and that we comply with applicable ethical requirements. For an ERISA Section 103(a)(3)(C) audit, the audit will not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America (U.S. GAAP). Accordingly, the objective of the ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

As part of an audit in accordance with GAAS, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

1. Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, based on an understanding of the entity and its environment, the applicable financial reporting framework, and the entity's system of internal control, design and perform audit procedures responsive to those risks and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of controls.
2. Consider the entity's system of internal control in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. However, we will communicate to you in writing concerning any significant deficiencies or material weaknesses in internal control relevant to the audit of the financial statements that we have identified during the audit.
3. Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
4. Conclude, based on the audit evidence obtained, whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.
