Zag Technical Services 401(k) Profit Sharing Plan

### **Scope and Nature of the ERISA Section 103(a)(3)(C) Audits**

We have performed audits of the accompanying financial statements of Zag Technical Services 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Zag Technical Services 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from qualified institutions as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### **Opinion**

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audits of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of Zag Technical Services 401(k) Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audits does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Zag Technical Services 401(k) Profit Sharing Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditor's Responsibilities for the Audits of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing audits in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Zag Technical Services 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Zag Technical Services 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control related matters that we identified during the audits.

#### **Other Matter - Supplemental Schedule Required by ERISA**

The supplemental schedule of assets (held at end of year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Zag Technical Services 401(k) Profit Sharing Plan  
Notes to Financial Statements  
December 31, 2024 and 2023

1. DESCRIPTION OF THE PLAN

The following description of Zag Technical Services 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the plan documents for a more complete description of the Plan's provisions.

General

The Plan, a defined contribution savings plan sponsored by Zag Technical Services (the "Company", "Employer" or "Plan Sponsor"), was established on January 1, 2000. The Plan restated on December 31, 2021, to conform to new tax laws. The Plan is designed to provide participants with a means to defer a portion of their compensation for retirement and provide benefits in the event of disability, death, termination of employment, or financial hardship. The Plan covers all employees of the Company who meet certain eligibility requirements. The Plan is subject to the provisions of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

An expansion of Setting Every Community Up for Retirement Enhancement Act of 2019 ("SECURE 2.0") was signed into law on December 29, 2022, as part of the Consolidated Appropriations Act of 2023. The effective dates of provisions within SECURE 2.0 vary through 2026. The Plan sponsor has until the end of the first Plan year beginning on or after January 1, 2026, to amend the Plan for the changes related to SECURE 2.0. The Plan has not been formally amended to adopt these provisions as of the date the financial statements were available to be issued.

Plan administration

The Company is the administrator of the Plan and, as such, carries out the duties imposed by ERISA. The Company has delegated certain responsibilities for the operation and administration of the Plan. The Company has contracted with Empower Trust Company and Empower Annuity Insurance Company of America (collectively known as "Empower" or "Trustees") to be responsible for the custody of the Plan's assets, and to perform record-keeping, and administrative services for the Plan.

Eligibility

Employees of the Company are eligible to participate in the Plan once they have reached age 21 and completed two months of service as defined in the plan documents. Non-resident aliens and residents of Puerto Rico are not eligible to participate in the Plan. Entry dates are the first day of month coinciding with or next following satisfaction of the eligibility requirements.

The Plan includes an automatic enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan upon meeting the Plan's eligibility requirements. Automatically enrolled participants have their deferral rate set at 3% of their eligible compensation on a pre-tax basis, unless the participant makes a contrary election. The automatic deferral percentage increases 1% annually until reaching 6%.

Notes to Financial Statements  
December 31, 2024 and 2023

1. DESCRIPTION OF THE PLAN (continued)

Participant accounts

Each participant's account is credited with the participant's contributions, rollover contributions, employer matching contributions and an allocation of employer nonelective contributions, if any, and Plan earnings, and charged with Plan losses and an allocation of administrative expenses. Allocations are based on participant earnings or account balance, as defined in the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participant contributions

Participants may elect to contribute through payroll deductions amounts not less than 1% up to 90% of their annual eligible compensation, as defined by the plan documents, on a tax-deferred or after-tax basis (as Roth contributions), up to a maximum amount allowed by the Internal Revenue Code (IRC), which was \$23,000 for 2024. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions up to the IRC limit, which was \$7,500 for 2024.

Rollover contributions transferred from other qualified retirement plans or from Individual Retirement Accounts (IRA) are accepted as permitted by the plan documents. Participants direct the investment of all their contributions into various investment options offered by the Plan.

Employer contributions

The Company may make discretionary matching and non-elective contributions to the Plan of amounts determined and authorized by the Plan and the Company's Board of Directors up to the maximum amounts permitted by the IRC. For the year ended December 31, 2024, the Company elected to make fixed matching contribution equal to 25% of participant's elective deferrals each payroll up to a maximum of 99% of participant compensation. Employer contributions totaled \$376,176 for the year ended December 31, 2024.

The Company did not approve or make any discretionary non-elective contributions for the year ended December 31, 2024.

Vesting

Participants are vested immediately in their voluntary contributions, plus actual earnings thereon. Vesting in the Employer discretionary matching and non-elective contributions, plus actual earnings thereon, is based on years of credited service, as defined. A participant is 100% vested upon death, disability, or retirement.

Notes to Financial Statements  
December 31, 2024 and 2023

1. DESCRIPTION OF THE PLAN (continued)

Vesting (continued)

Employer discretionary matching and non-elective contributions, plus actual earnings thereon, are subject to the following vesting schedule:

<u>Years of Service</u>	<u>Percentage</u>
1	25 %
2	50 %
3	75 %
4	100 %

Notes receivable from participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Note receivable terms require repayment over a period not to exceed five years unless the note receivable is related to the purchase of a principal residence, in which case the note receivable term may be for up to thirty years. The maximum number of notes receivable outstanding at any time for any participant is one. Notes receivable are collateralized by the remaining balance in the participant's account and are accrue interest at a rate of prime plus 1%. Notes receivable are repaid ratably through payroll deductions. Upon a participant's termination of employment, notes receivable are due in full. Participant notes receivable are measured at their unpaid principal balance plus any accrued but unpaid interest. As of December 31, 2024, outstanding notes accrue interest at rates ranging from 5.25% to 10.50% and mature at various dates through April 2045.

Payment of benefits

Distributions and withdrawals are payable to participants upon retirement, termination of employment, attainment of age 59 ½, financial hardship, disability, or to a beneficiary upon a participant's death. If a participant's account balance is less than or equal to \$1,000 upon termination of employment, the balance is distributed in a lump-sum cash payment unless a direct rollover into another qualified benefit plan is requested. Balances greater than \$1,000 and less than or equal to \$5,000, are automatically rolled over into an individual retirement account designated by the plan administrator unless a lump-sum cash payment is requested by the terminated participant. If a participant's account balance is greater than \$5,000 upon termination, the participant can consent to a distribution paid in the form of a lump-sum cash payment, installment payments, a direct rollover into another qualified plan, or to postpone payment to a later date and remain in the Plan as described in the plan documents.

Upon attaining the age of 59 ½, the participant may, while still employed by the Company, request a withdrawal from their account balance. Hardship distributions are permitted under limited circumstances as defined in the plan documents.

Notes to Financial Statements  
December 31, 2024 and 2023

1. DESCRIPTION OF THE PLAN (continued)

Forfeitures

The non-vested portion of a terminated participant's account balance remains in the Plan as a forfeiture. These funds may be allocated as additional discretionary contributions, used to reduce the Company's matching contributions, or pay Plan expenses, in accordance with the plan document. The balance of forfeited non-vested accounts totaled \$17,456 and \$6,718 as of December 31, 2024 and 2023, respectively. During the year ended December 31, 2024, forfeitures of \$7,061 were used to reduce employer contributions and \$19,208 were used to pay Plan expenses.

Administrative expenses

Administrative expenses are generally paid by the Company, but may, at the discretion of the plan administrator, be paid by the Plan. Transaction fees for certain participant-initiated activity are charged to the specific account of the participant initiating any such transaction. The Plan is not required to reimburse the Company for expenses paid on its behalf.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The financial statements are presented on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the change therein, and disclosure of contingent liabilities. Actual results could differ from those estimates.

Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits and changes therein.

Zag Technical Services 401(k) Profit Sharing Plan  
Notes to Financial Statements  
December 31, 2024 and 2023

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investment valuation and income recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a description of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments purchased and sold, as well as held, during the year. Investment related expenses are included in net appreciation in fair value of investments.

Contributions and contributions receivable

Contributions from participants are recorded based on the date the contributions have been separated from a participant's pay by the Company, which is the pay date. Employer contributions are recorded in the year they are earned and to coincide with the year in which the Company records the contribution in the general ledger. The Plan records receivables for contributions attributable to the Plan year but received by the Plan subsequent to year end.

Rollover contributions from participants are recorded based on the date the rollover contributions have been received by the Trustees.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent participant loans are recorded as deemed distributions based upon the terms of the plan document.

Payment of benefits

Benefit payments are recorded when paid.

Administrative expenses

Expenses are recorded when incurred.

Zag Technical Services 401(k) Profit Sharing Plan  
Notes to Financial Statements  
December 31, 2024 and 2023

3. INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEES (UNAUDITED)

The plan administrator, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of ERISA. Accordingly, the Trustees, determined to be qualified institutions by the plan administrator, have certified to the completeness and accuracy of:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2024 and 2023;
- Net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2024; and,
- Investments and notes receivable from participants reflected on the supplemental schedule of assets (held at end of year) as of December 31, 2024.

Accordingly, as requested by the plan administrator, the Plan's independent auditor performed no audit procedures on the certified information other than to agree the certified information to the related information included in the financial statements and the supplemental schedule of assets (held at end of year) as of December 31, 2024.

4. FAIR VALUE MEASUREMENTS

Accounting standards establish a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements).

The three levels of fair value hierarchy are as follows:

*Level 1:* Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

*Level 2:* inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

*Level 3:* Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Zag Technical Services 401(k) Profit Sharing Plan  
Notes to Financial Statements  
December 31, 2024 and 2023

4. FAIR VALUE MEASUREMENTS (continued)

Transfers between levels within the fair value hierarchy are recognized when there is a change in the investments within a level or a change in inputs used to value those investments. There were no transfers between levels within the fair value hierarchy during the years ended December 31, 2024 and 2023.

The asset's or the liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

As of December 31, 2024 and 2023, there were no restrictions on redemptions or unfunded commitments for any of the major types of assets.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes to the methodologies used as of December 31, 2024 and 2023.

Mutual funds: Valued at quoted prices in active markets, based on the number of shares held by the Plan at year end. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transfer that price.

Collective trusts: Valued at NAV as a practical expedient for fair value as reported by the issuer. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV.

Self-directed brokerage accounts: The individually directed accounts include common stocks, mutual funds, and exchange traded investments that are valued at quoted prices in active markets based on the number of shares held in the account at year end as well as annuities and structured equity products that do not have active markets and may have unobservable inputs used to determine the fair value of investments.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Zag Technical Services 401(k) Profit Sharing Plan  
Notes to Financial Statements  
December 31, 2024 and 2023

4. FAIR VALUE MEASUREMENTS (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Fair Value</u>
Mutual funds	\$ 15,345,766	\$ -	\$ -	\$ 15,345,766
Self directed brokerage accounts	<u>908,965</u>	<u>-</u>	<u>-</u>	<u>908,965</u>
	<u>\$ 16,254,731</u>	<u>\$ -</u>	<u>\$ -</u>	16,254,731
Investments measured at NAV*				<u>882,014</u>
				<u>\$ 17,136,745</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Fair Value</u>
Mutual funds	\$ 14,202,288	\$ -	\$ -	\$ 14,202,288
Self directed brokerage accounts	<u>728,846</u>	<u>-</u>	<u>-</u>	<u>728,846</u>
	<u>\$ 14,931,134</u>	<u>\$ -</u>	<u>\$ -</u>	14,931,134
Investments measured at NAV*				<u>835,619</u>
				<u>\$ 15,766,753</u>

\*In accordance with Subtopic 820-10, certain collective trust investments that are measured at fair value using the NAV per share practical expedient (or its equivalent) have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to amounts presented in the statements of net assets available for benefits.

5. PLAN TERMINATION

As a result of a reduction of the Plan Sponsor's workforce during 2024, the Plan underwent a partial plan termination. As a result of the partial plan termination, affected participants became fully vested in their accounts.

Zag Technical Services 401(k) Profit Sharing Plan  
Notes to Financial Statements  
December 31, 2024 and 2023

5. PLAN TERMINATION (continued)

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan is terminated, participants would become immediately 100% vested in their accounts. After deducting all charges and expenses, the balances of all individual accounts will be adjusted, and the remaining assets distributed.

6. TAX STATUS

The Plan has adopted the Empower Retirement LLC Non-Standardized Pre-Approved Profit Sharing/Money Purchase/CODA (the "pre-approved plan"). The Internal Revenue Service informed the Trustees by a letter dated November 14, 2022, that its pre-approved plan is designed in accordance with the applicable sections of the IRC and is appropriate for use by employers for the benefit of their employees. The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and therefore, believes that the Plan is qualified and is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

7. RELATED PARTY TRANSACTIONS

ERISA defines parties-in-interest similarly to the definition of a related party in accounting standards, except that ERISA's definition is broader and includes all entities and individuals that provide services to the Plan; however, these entities may not necessarily be related parties. We did not identify any related parties to the Plan that were not also considered to be parties-in-interest. The Plan did not enter into any material related party transactions during the Plan year related to compensation arrangements, expense allowances, or similar items.

Parties-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, and an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee associate or relatives of such persons.

The Trustees retains, as compensation for services provided to the Plan, any interest on amounts earned while certain transactions are pending. This applies to both contributions and distributions. Earnings are at institutional money market rates.

8. SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 13, 2025, the date the financial statements were available for issuance.

On September 12, 2025, Zag Technical Services, Inc. was acquired. As a result of the acquisition, the Plan will be merged into the acquiring company's Plan. The merger is expected to result in the termination of the Plan and the transfer of all plan assets and participant account balances to the acquiring company's plan. This event occurred after the end of the Plan year and is therefore not reflected in the accompanying financial statements.
