REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Trustees
Heartland Express, Inc. of Iowa 401(k) Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit

We have performed audits of the financial statements of Heartland Express, Inc. of Iowa 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years ended December 31, 2024 and 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matter – supplemental schedules required by ERISA

The Supplemental Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from

the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 - PLAN DESCRIPTION

The following brief description of Heartland Express, Inc. of Iowa 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) plan covering employees of Heartland Express, Inc. and subsidiaries (the Company) who are not owner/operators, leased employees, or employees covered by a separate 401(k) of a subsidiary and have completed one year of service and are at least 19 years of age. A year of service is measured as completion of not less than 1,000 hours of service in a 12 consecutive month period. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). Highly Compensated Employees (HCE's) may participate in the Plan on a limited contribution-rate basis.

Participant Accounts

Each participant's account is credited with the participant's contribution, an allocation of Plan earnings and an allocation of employer profit sharing or matching contributions as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Participants may direct the investment of their account balances into any combination of the investment options offered by the Plan and may generally also transfer their balances daily among these options.

Contributions

Employee Contributions

Participants may make elective contributions not to exceed the 402(g) limit. HCE's are further limited to a contribution deferral percentage of 5% of eligible compensation (as defined by the Plan). Eligible employees who elect to participate in the Plan may contribute up to 60% of their eligible compensation (as defined by the Plan) into the Plan subject to statutory limitations of \$23,000 and \$22,500 for 2024 and 2023, respectively. A participant who is age 50 or older by the end of the year, can make additional catch up contributions to a limit of \$7,500 in 2024 and 2023, respectively, excluding HCE's as defined by the Plan.

Employer Contributions

The Plan has two separate groups of employees, drivers and non-drivers. Non-drivers are eligible for a discretionary profit sharing contribution and drivers are eligible for a discretionary matching contribution. The allocation of the discretionary profit sharing contribution for non-driver employees is based on a formula that includes eligible compensation and number of years of service. The discretionary matching contribution for driver employees is equal to 100% of the first 3% of eligible compensation with a maximum of \$2,000 in 2024 and 2023. HCE's are not eligible for employer discretionary profit sharing contributions or discretionary matching contributions.

The Company's discretionary matching and profit sharing contributions are made once a year and are invested according to the participant's current investment election for new contributions going into the Plan. Employer contributions totaling \$686,673 for plan year 2024 and \$942,272 for plan year 2023 were made into the Plan in April 2025 and April 2024, respectively. Except for cases of retirement or termination due to disability or death, the matching and profit sharing contributions were made only to participants employed on the last working day of December for the respective plan years.

Heartland Express, Inc. of Iowa 401(k) Plan
NOTES TO FINANCIAL STATEMENTS - CONTINUED
December 31, 2024 and 2023

Employer net cash contributions to the Plan were as follows:

	2024	2023
Discretionary matching to drivers	\$ 676,517	\$ 797,588
Discretionary profit sharing to nondrivers	70,713	194,684
	747,230	992,272
Forfeitures applied	(60,557)	(50,000)
	\$ 686,673	\$ 942,272

Rollover Contributions

The Plan allows for rollover contributions to be made to the Plan by eligible participants. These rollover contributions are eligible distributions from other tax qualified plans or individual retirement accounts or annuities that participants elect to have invested in the Plan by a direct rollover to the Plan.

Forfeited Accounts

Forfeitures of nonvested participant accounts are used to reduce the discretionary employer matching and profit sharing contributions. During the years ended December 31, 2024 and 2023, forfeitures of \$60,557 and \$50,000, respectively, were used to reduce the employer contributions. The forfeiture account balance was \$33,044 and \$44,097 as of December 31, 2024 and 2023, respectively.

Administrative Expenses

Administrative expenses, excluding accounting and legal fees, for the Plan are paid 100% by the Plan. Administrative expenses include fees paid to Fidelity Management Trust Company, the Plan trustee, and other plan advisory services. Accounting and legal fees of \$20,000 and \$18,000 were paid by the Company on behalf of the Plan during the years ended December 31, 2024 and 2023, respectively. The expenses paid by the Company are excluded from these financial statements.

Payment of Benefits

In the event of termination of employment, the payment of participant elective deferrals and vested employer contributions are payable on or after the date of termination. The Plan provides for mandatory cash out or rollover distributions on balances of \$5,000 or less associated with plan participants who are no longer employees of the Company. Balances of nonemployee participants with account balances less than \$1,000 will be paid directly to the participant absent any direction to roll the balance into another account. Balances of nonemployee participants with account balances in excess of \$1,000 and less than \$5,000 will be rolled over into an IRA for the benefit of the participant. In each case of mandatory cash out provision, the assets are distributed from the Plan and are no longer part of the Plan's assets.

Participants will receive the amount credited to their account upon obtaining retirement age of 65 for Heartland Express and Interstate Distributor Co. (IDC) legacy employees or age of 55 for Gordon Trucking, Inc. (GTI) legacy employees, death, or disability. In the event of termination of employment, disability or retirement, the participant will receive a lump-sum amount. In the event of death, the beneficiary may elect to receive a lump sum or equal installments over a period of time.

Vesting

Participants are immediately vested in their elective contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of continuous service. For employer profit sharing and employer matching contributions, participants become 20% vested after two years of continuous service, 40% after three years, 60% after four years and 100% after five years or upon disability, death or retirement.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded. No allowance for credit losses has been recorded as of December 31, 2024 and 2023.

Notes receivable from participants were transferred in from the Gordon Trucking, Inc. Retirement Plan and Trust (GTI Plan) on July 1, 2016 and the IDC 401(k) Plan on January 1, 2018, however, new participant loans are not allowed under the Plan.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Accounting Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management of the Plan to make estimates and assumptions that affect the reported amount of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Investment Valuation and Investment Income

Mutual fund investments and the money market fund are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Collective trust investments are recorded at the daily net asset value (NAV). The NAV, as provided by the trustee, is used as the practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities.

See Note 4 for discussion of fair value measurements.

Heartland Express, Inc. of Iowa 401(k) Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2024 and 2023

Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Purchases and sales of securities are recorded on trade-date basis. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

NOTE 3 - INFORMATION CERTIFIED AND PROVIDED BY FIDELITY MANAGEMENT TRUST COMPANY

The following is a summary of the investment information as of and for the years ended December 31, 2024 and 2023, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by Fidelity Management Trust Company, the trustee, and furnished to the Plan administrator. The Plan administrator has obtained certifications from the trustee that the information provided to the Plan administrator by the trustee related to the following investments is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103 8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements and supplemental schedule related to the following investments:

	December 31,	
	2024	2023
Investments, at fair value:		
Money market fund	\$ 3,759,182	\$ 3,685,923
Mutual funds	95,654,504	93,339,130
Collective trusts	2,493,559	2,540,613
	<u>\$ 101,907,245</u>	<u>\$ 99,565,666</u>
Notes receivable from participants	<u>\$ -</u>	<u>\$ 6,645</u>

Fidelity Management Trust Company has certified to the completeness and accuracy of the net appreciation in fair value of investments, interest and dividends and interest income on notes receivable from participants related to the aforementioned investments for the years ended December 31, 2024 and 2023.

NOTE 4 - FAIR VALUE MEASUREMENTS

The authoritative accounting guidance on fair value measurements establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the authoritative guidance are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;

Heartland Express, Inc. of Iowa 401(k) Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2024 and 2023

- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Money market fund: Investments in money market securities determined by the investment advisor to present minimal credit risk maintain a constant \$1.00 share price where cost equals fair value.

Mutual funds: Valued at the published market prices which represent the NAV of shares held by the Plan at year end.

Collective trust funds: Valued at the daily NAV of units of a collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities.

The methods described above may produce a fair value that is not indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024 and 2023:

	2024			
	Total	Level 1	Level 2	Level 3
Money market fund	\$ 3,759,182	\$ 3,759,182	\$ -	\$ -
Mutual funds	95,654,504	95,654,504	-	-

The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following tables summarize investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2024 and 2023, respectively:

Collective trusts	\$ 2,540,613	None	Daily	None

NOTE 5 - INVESTMENT CONTRACTS

The Plan offers an investment in the Fidelity Managed Income Portfolio Fund, an investment contract with Fidelity Investments, Inc. This contract meets the indirect fully benefit-responsive investment contract criteria and, therefore, is reported at NAV. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The Plan has no further contractual obligations to further invest in the funds.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value, subject to certain restrictions. Such restrictions include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan); (2) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA; or (3) changes in law, regulation, ruling, administrative or judicial position, or accounting requirements. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

Heartland Express, Inc. of Iowa 401(k) Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

NOTE 6 - RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

A number of mutual funds, the collective trust fund, and the money market fund, are managed by Fidelity Investments, Inc., an affiliate of the trustee. Therefore, these transactions qualify as party-in-interest transactions. Transactions resulting in plan assets being transferred to or used by a related party are prohibited under ERISA unless a specific exemption applies. These party-in-interest transactions are exempt and are not prohibited by ERISA.

NOTE 7 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts, including employer contributions.

NOTE 8 - INCOME TAX STATUS

The Internal Revenue Service (IRS) has issued an opinion letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions and governmental oversight authorities. There are no other audits for any tax periods in progress.

NOTE 9 - PLAN AMENDMENTS AND ADMINISTRATIVE CHANGES

On November 20, 2024, the Board of Directors of the Company approved a change to the Plan to consolidate the assets of the subsidiary legal entity 401(k) plans of Millis Transfer, Smith Transport, and Contract Freighters, Inc. into the existing Heartland Express Plan effective January 1, 2025. An updated Plan document was initiated on that date.

NOTE 10 - SUBSEQUENT EVENTS

The Company evaluated the Plan's 2024 financial statements for subsequent events through October 13, 2025, the date the financial statements were available to be issued. The Company is not aware of any subsequent events that would require recognition or disclosure in the Plan's financial statements other than the Plan changes referenced in Note 9.

REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Trustees
Heartland Express, Inc. of Iowa 401(k) Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit

We have performed audits of the financial statements of Heartland Express, Inc. of Iowa 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years ended December 31, 2024 and 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matter – supplemental schedules required by ERISA

The Supplemental Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from

the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Heartland Express, Inc. of Iowa 401(k) Plan

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

NOTE 1 - PLAN DESCRIPTION

The following brief description of Heartland Express, Inc. of Iowa 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) plan covering employees of Heartland Express, Inc. and subsidiaries (the Company) who are not owner/operators, leased employees, or employees covered by a separate 401(k) of a subsidiary and have completed one year of service and are at least 19 years of age. A year of service is measured as completion of not less than 1,000 hours of service in a 12 consecutive month period. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). Highly Compensated Employees (HCE's) may participate in the Plan on a limited contribution-rate basis.

Participant Accounts

Each participant's account is credited with the participant's contribution, an allocation of Plan earnings and an allocation of employer profit sharing or matching contributions as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Participants may direct the investment of their account balances into any combination of the investment options offered by the Plan and may generally also transfer their balances daily among these options.

Contributions

Employee Contributions

Participants may make elective contributions not to exceed the 402(g) limit. HCE's are further limited to a contribution deferral percentage of 5% of eligible compensation (as defined by the Plan). Eligible employees who elect to participate in the Plan may contribute up to 60% of their eligible compensation (as defined by the Plan) into the Plan subject to statutory limitations of \$23,000 and \$22,500 for 2024 and 2023, respectively. A participant who is age 50 or older by the end of the year, can make additional catch up contributions to a limit of \$7,500 in 2024 and 2023, respectively, excluding HCE's as defined by the Plan.

Employer Contributions

The Plan has two separate groups of employees, drivers and non-drivers. Non-drivers are eligible for a discretionary profit sharing contribution and drivers are eligible for a discretionary matching contribution. The allocation of the discretionary profit sharing contribution for non-driver employees is based on a formula that includes eligible compensation and number of years of service. The discretionary matching contribution for driver employees is equal to 100% of the first 3% of eligible compensation with a maximum of \$2,000 in 2024 and 2023. HCE's are not eligible for employer discretionary profit sharing contributions or discretionary matching contributions.

The Company's discretionary matching and profit sharing contributions are made once a year and are invested according to the participant's current investment election for new contributions going into the Plan. Employer contributions totaling \$686,673 for plan year 2024 and \$942,272 for plan year 2023 were made into the Plan in April 2025 and April 2024, respectively. Except for cases of retirement or termination due to disability or death, the matching and profit sharing contributions were made only to participants employed on the last working day of December for the respective plan years.

Heartland Express, Inc. of Iowa 401(k) Plan
NOTES TO FINANCIAL STATEMENTS - CONTINUED
December 31, 2024 and 2023

Employer net cash contributions to the Plan were as follows:

	2024	2023
Discretionary matching to drivers	\$ 676,517	\$ 797,588
Discretionary profit sharing to nondrivers	70,713	194,684
	747,230	992,272
Forfeitures applied	(60,557)	(50,000)
	\$ 686,673	\$ 942,272

Rollover Contributions

The Plan allows for rollover contributions to be made to the Plan by eligible participants. These rollover contributions are eligible distributions from other tax qualified plans or individual retirement accounts or annuities that participants elect to have invested in the Plan by a direct rollover to the Plan.

Forfeited Accounts

Forfeitures of nonvested participant accounts are used to reduce the discretionary employer matching and profit sharing contributions. During the years ended December 31, 2024 and 2023, forfeitures of \$60,557 and \$50,000, respectively, were used to reduce the employer contributions. The forfeiture account balance was \$33,044 and \$44,097 as of December 31, 2024 and 2023, respectively.

Administrative Expenses

Administrative expenses, excluding accounting and legal fees, for the Plan are paid 100% by the Plan. Administrative expenses include fees paid to Fidelity Management Trust Company, the Plan trustee, and other plan advisory services. Accounting and legal fees of \$20,000 and \$18,000 were paid by the Company on behalf of the Plan during the years ended December 31, 2024 and 2023, respectively. The expenses paid by the Company are excluded from these financial statements.

Payment of Benefits

In the event of termination of employment, the payment of participant elective deferrals and vested employer contributions are payable on or after the date of termination. The Plan provides for mandatory cash out or rollover distributions on balances of \$5,000 or less associated with plan participants who are no longer employees of the Company. Balances of nonemployee participants with account balances less than \$1,000 will be paid directly to the participant absent any direction to roll the balance into another account. Balances of nonemployee participants with account balances in excess of \$1,000 and less than \$5,000 will be rolled over into an IRA for the benefit of the participant. In each case of mandatory cash out provision, the assets are distributed from the Plan and are no longer part of the Plan's assets.

Participants will receive the amount credited to their account upon obtaining retirement age of 65 for Heartland Express and Interstate Distributor Co. (IDC) legacy employees or age of 55 for Gordon Trucking, Inc. (GTI) legacy employees, death, or disability. In the event of termination of employment, disability or retirement, the participant will receive a lump-sum amount. In the event of death, the beneficiary may elect to receive a lump sum or equal installments over a period of time.

Heartland Express, Inc. of Iowa 401(k) Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2024 and 2023

Vesting

Participants are immediately vested in their elective contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of continuous service. For employer profit sharing and employer matching contributions, participants become 20% vested after two years of continuous service, 40% after three years, 60% after four years and 100% after five years or upon disability, death or retirement.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded. No allowance for credit losses has been recorded as of December 31, 2024 and 2023.

Notes receivable from participants were transferred in from the Gordon Trucking, Inc. Retirement Plan and Trust (GTI Plan) on July 1, 2016 and the IDC 401(k) Plan on January 1, 2018, however, new participant loans are not allowed under the Plan.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Accounting Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management of the Plan to make estimates and assumptions that affect the reported amount of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Investment Valuation and Investment Income

Mutual fund investments and the money market fund are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Collective trust investments are recorded at the daily net asset value (NAV). The NAV, as provided by the trustee, is used as the practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities.

See Note 4 for discussion of fair value measurements.

Heartland Express, Inc. of Iowa 401(k) Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2024 and 2023

Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Purchases and sales of securities are recorded on trade-date basis. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

NOTE 3 - INFORMATION CERTIFIED AND PROVIDED BY FIDELITY MANAGEMENT TRUST COMPANY

The following is a summary of the investment information as of and for the years ended December 31, 2024 and 2023, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by Fidelity Management Trust Company, the trustee, and furnished to the Plan administrator. The Plan administrator has obtained certifications from the trustee that the information provided to the Plan administrator by the trustee related to the following investments is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103 8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements and supplemental schedule related to the following investments:

	December 31,	
	2024	2023
Investments, at fair value:		
Money market fund	\$ 3,759,182	\$ 3,685,923
Mutual funds	95,654,504	93,339,130
Collective trusts	2,493,559	2,540,613
	<u>\$ 101,907,245</u>	<u>\$ 99,565,666</u>
Notes receivable from participants	<u>\$ -</u>	<u>\$ 6,645</u>

Fidelity Management Trust Company has certified to the completeness and accuracy of the net appreciation in fair value of investments, interest and dividends and interest income on notes receivable from participants related to the aforementioned investments for the years ended December 31, 2024 and 2023.

NOTE 4 - FAIR VALUE MEASUREMENTS

The authoritative accounting guidance on fair value measurements establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the authoritative guidance are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;

Heartland Express, Inc. of Iowa 401(k) Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2024 and 2023

- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Money market fund: Investments in money market securities determined by the investment advisor to present minimal credit risk maintain a constant \$1.00 share price where cost equals fair value.

Mutual funds: Valued at the published market prices which represent the NAV of shares held by the Plan at year end.

Collective trust funds: Valued at the daily NAV of units of a collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities.

The methods described above may produce a fair value that is not indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024 and 2023:

	2024			
	Total	Level 1	Level 2	Level 3
Money market fund	\$ 3,759,182	\$ 3,759,182	\$ -	\$ -

^(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following tables summarize investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2024 and 2023, respectively:

<u>December 31, 2024</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>

<u>December 31, 2023</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
Collective trusts	\$ 2,540,613	None	Daily	None

NOTE 5 - INVESTMENT CONTRACTS

The Plan offers an investment in the Fidelity Managed Income Portfolio Fund, an investment contract with Fidelity Investments, Inc. This contract meets the indirect fully benefit-responsive investment contract criteria and, therefore, is reported at NAV. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The Plan has no further contractual obligations to further invest in the funds.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value, subject to certain restrictions. Such restrictions include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan); (2) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA; or (3) changes in law, regulation, ruling, administrative or judicial position, or accounting requirements. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

Heartland Express, Inc. of Iowa 401(k) Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2024 and 2023

NOTE 6 - RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

A number of mutual funds, the collective trust fund, and the money market fund, are managed by Fidelity Investments, Inc., an affiliate of the trustee. Therefore, these transactions qualify as party-in-interest transactions. Transactions resulting in plan assets being transferred to or used by a related party are prohibited under ERISA unless a specific exemption applies. These party-in-interest transactions are exempt and are not prohibited by ERISA.

NOTE 7 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts, including employer contributions.

NOTE 8 - INCOME TAX STATUS

The Internal Revenue Service (IRS) has issued an opinion letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions and governmental oversight authorities. There are no other audits for any tax periods in progress.

NOTE 9 - PLAN AMENDMENTS AND ADMINISTRATIVE CHANGES

On November 20, 2024, the Board of Directors of the Company approved a change to the Plan to consolidate the assets of the subsidiary legal entity 401(k) plans of Millis Transfer, Smith Transport, and Contract Freighters, Inc. into the existing Heartland Express Plan effective January 1, 2025. An updated Plan document was initiated on that date.

NOTE 10 - SUBSEQUENT EVENTS

The Company evaluated the Plan's 2024 financial statements for subsequent events through October 13, 2025, the date the financial statements were available to be issued. The Company is not aware of any subsequent events that would require recognition or disclosure in the Plan's financial statements other than the Plan changes referenced in Note 9.
