Hughes Hubbard & Reed Associates' Section 401(k) Plan
New York, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Hughes Hubbard & Reed Associates' Section 401(k) Plan, an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Hughes Hubbard & Reed Associates' Section 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Hughes Hubbard & Reed Associates' Section 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Hughes Hubbard & Reed Associates' Section 401(k) Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Hughes Hubbard & Reed Associates' Section 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Hughes Hubbard & Reed Associates' Section 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1. Description of the Plan

The following is a description of the Hughes Hubbard & Reed Associates' Section 401(k) Plan (the "Plan"), which is provided for general information purposes only. Participants should refer to the plan document for a complete description of the Plan's provisions.

General

The Plan was established effective January 1, 1984, and amended and restated effective January 26, 2022, and is a defined contribution plan covering associates and certain eligible counsel, as defined in the plan document, of Hughes Hubbard & Reed LLP (the "Firm" or the "Company"). The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* ("ERISA"). The Plan is administered by a committee which consists of individuals appointed by the Firm (the "Administrative Committee").

Eligibility

Associates and certain counsel are eligible to contribute to the Plan upon commencement of employment, as defined in the plan document.

Contributions

The Plan provides each participant with an opportunity to make pre-tax and Roth contributions to the Plan of at least 1% but not greater than 25% of eligible compensation, as defined in the plan document, subject to the limitations of the Internal Revenue Code ("IRC"). Participants age 50 or older can make additional "catch-up" contributions. New hires and those rehired are automatically enrolled in the Plan as soon as administratively feasible at a 3% pre-tax contribution rate unless they elect not to contribute or make a different contribution election.

Participant Accounts

Each participant's account is credited with their contributions and the earnings thereon. Contributions to the Plan are invested by the trustee as directed by the participants. Each participant may elect from one or more of the investment options offered under the Plan.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon.

Benefits

A participant's vested interest in his or her plan account is distributable upon termination from the Firm or death. Participants may take in-service withdrawals from their vested account balances under certain circumstances pursuant to the specific guidelines as set forth in the plan document.

Notes Receivable from Participants

Participants are permitted to borrow a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The maximum term of a loan is five years. The loans are secured by the balance in the participant's account and bear interest at the prime rate. Notes receivable from participants are repaid through payroll deductions. Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. As of December 31, 2024, the interest rates on the outstanding notes receivable ranged from 4.00% to 8.50%. Effective September 27, 2017, a participant may have no more than one loan outstanding at any time.

Notes to Financial Statements
December 31, 2024 and 2023**

Administrative Expenses

Administrative expenses of the Plan are paid from the Plan or by the Company as provided in the plan document.

All transaction fees for loan requests are paid from participants' accounts. Effective January 1, 2018, administrative expenses are paid by participants in proportion to their account balances.

Other Income

Other income represents revenue from certain investments as described in Note 7.

Note 2. Summary of Significant Accounting Policies

Basis of Presentation

The financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and disclosures of contingent assets and liabilities at the date of the financial statements. Actual results could differ from these estimates and assumptions.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Purchase and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Cost of securities sold is determined by the specific identification method. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Transfers

Along with the Plan, the Firm also sponsors the Hughes Hubbard & Reed Defined Contribution Retirement Plan (the "Retirement Plan"). Upon becoming a Partner in the Firm, the associate's account balance is transferred from the Plan to the Retirement Plan. In certain circumstances, a participant account balance is transferred from the Retirement Plan to the Plan. For the year ended December 31, 2024, net transfers out of the Plan to the Retirement Plan were \$1,219,749.

Subsequent Events

Management has evaluated subsequent events for the Plan through October 11, 2025, the date the financial statements were available to be issued.

Note 3. Information Certified by the Trustee

The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company ("Fidelity"), a qualified institution, has certified the following information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2024 and 2023
- Investment income and interest income from notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2024
- Investment information and notes receivable from participants included in the accompanying schedule of assets (held at end of year) as of December 31, 2024

The Plan's independent auditors did not perform auditing procedures with respect to this certified information, except for comparing such certified information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

Note 4. Fair Value Measurement

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The assets or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques need to maximize the use of observable inputs and minimize the use of unobservable inputs. Valuation techniques used to measure fair value are defined as follows:

- Level 1** Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2** Inputs to the valuation methodology include: (a) quoted prices for similar assets or liabilities in active markets; (b) quoted prices for identical or similar assets or liabilities in inactive markets; (c) inputs other than quoted prices that are observable for the asset or liability; and (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3** Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology during 2024 and 2023.

Mutual funds: valued at quoted prices reported in an active market at year end.

Interest-bearing cash: valued at cost plus accrued interest, which approximates fair value.

Hughes Hubbard & Reed Associates' Section 401(k) Plan
Notes to Financial Statements
December 31, 2024 and 2023

Common collective trusts: the fair value of the common collective trusts is determined based on the underlying assets, which represent the net asset value, a practical expedient to fair value of units held by the Plan. The common collective trusts do not have any unfunded commitments relating to their investments. Redemptions can be made on any business day and do not have a redemption notice period except as provided in the trust documents.

Self-directed brokerage account: primarily consists of mutual funds and exchange-traded funds that are valued on the basis of readily determinable market prices.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There were no transfers between Levels 1, 2 and 3 for the year ended December 31, 2024.

Investments as of December 31, 2024 are as follows:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 21,066,363	\$ -	\$ -	\$ 21,066,363
Self-directed brokerage account	41,091	-	-	41,091
Interest-bearing cash	6,532	-	-	6,532
Common collective trusts - measured at net asset value (a)	-	-	-	22,012,095
Total investments at fair value	<u>\$ 21,113,986</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 43,126,081</u>

Investments as of December 31, 2023 are as follows:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 20,151,120	\$ -	\$ -	\$ 20,151,120
Self-directed brokerage account	32,101	-	-	32,101
Interest-bearing cash	285	-	-	285
Common collective trusts - measured at net asset value (a)	-	-	-	20,530,737
Total investments at fair value	<u>\$ 20,183,506</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 40,714,243</u>

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) as a practical expedient to fair value have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Note 5. Plan Termination

Although it has not expressed any intention to do so, the Firm has the right under the Plan to terminate the Plan at any time, subject to the provisions of ERISA. In the event of plan termination, participants remain 100% vested in the entire balance in their respective accounts.

Hughes Hubbard & Reed Associates' Section 401(k) Plan
Notes to Financial Statements
December 31, 2024 and 2023

Note 6. Tax Status

The Plan operates under a standardized adoption agreement in connection with a prototype 401(k) profit-sharing plan and trust. This prototype plan document has been filed with the appropriate agency and has obtained a determination letter from the IRS stating that the prototype constitutes a qualified plan under Section 401 of the Internal Revenue Code and that the related trust was tax exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan's administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan's management believes it is no longer subject to income tax examinations for years prior to 2021.

Note 7. Related-Party Transactions

Fidelity or its affiliates are the trustee, investment advisor and record-keeper for the Plan and therefore, these services qualify as party-in-interest transactions. Fees paid by the Plan to Fidelity for trustee, record-keeping and administrative services amounted to \$41,507 for the year ended December 31, 2024. Services rendered by the auditor and investment adviser also qualify as party-in-interest transactions. Fees paid by the Plan to the auditor and investment adviser amounted to \$29,805 for the year ended December 31, 2024.

Fidelity or its affiliates receive revenue from certain investments in the Plan, which may be used to pay plan expenses. Fidelity and the Company have agreed that these amounts are to be credited to a Revenue Credit Program ("RCP") account, which is maintained by Fidelity. During the year ended December 31, 2024, the Plan received \$28,008 and utilized \$21,559 to pay for certain plan expenses. Such amounts are reflected as other income and included in administrative expenses, respectively, in the accompanying statement of changes in net assets available for benefits. The available balance in the RCP was \$6,456 and \$7 as of December 31, 2024 and 2023, respectively.

Note 8. Risks and Uncertainties

The Plan invests in various investment instruments, including mutual funds, common collective trusts, and a self-directed brokerage account. Such securities are subject to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with plan investments and the level of uncertainty related to changes in the value of these securities, it is at least reasonably possible that changes in market conditions in the near term could materially affect the value of investments reported in the financial statements.

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Hughes Hubbard & Reed Associates' Section 401(k) Plan, an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Hughes Hubbard & Reed Associates' Section 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Hughes Hubbard & Reed Associates' Section 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Hughes Hubbard & Reed Associates' Section 401(k) Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Hughes Hubbard & Reed Associates' Section 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Hughes Hubbard & Reed Associates' Section 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1. Description of the Plan

The following is a description of the Hughes Hubbard & Reed Associates' Section 401(k) Plan (the "Plan"), which is provided for general information purposes only. Participants should refer to the plan document for a complete description of the Plan's provisions.

General

The Plan was established effective January 1, 1984, and amended and restated effective January 26, 2022, and is a defined contribution plan covering associates and certain eligible counsel, as defined in the plan document, of Hughes Hubbard & Reed LLP (the "Firm" or the "Company"). The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* ("ERISA"). The Plan is administered by a committee which consists of individuals appointed by the Firm (the "Administrative Committee").

Eligibility

Associates and certain counsel are eligible to contribute to the Plan upon commencement of employment, as defined in the plan document.

Contributions

The Plan provides each participant with an opportunity to make pre-tax and Roth contributions to the Plan of at least 1% but not greater than 25% of eligible compensation, as defined in the plan document, subject to the limitations of the Internal Revenue Code ("IRC"). Participants age 50 or older can make additional "catch-up" contributions. New hires and those rehired are automatically enrolled in the Plan as soon as administratively feasible at a 3% pre-tax contribution rate unless they elect not to contribute or make a different contribution election.

Participant Accounts

Each participant's account is credited with their contributions and the earnings thereon. Contributions to the Plan are invested by the trustee as directed by the participants. Each participant may elect from one or more of the investment options offered under the Plan.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon.

Benefits

A participant's vested interest in his or her plan account is distributable upon termination from the Firm or death. Participants may take in-service withdrawals from their vested account balances under certain circumstances pursuant to the specific guidelines as set forth in the plan document.

Notes Receivable from Participants

Participants are permitted to borrow a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The maximum term of a loan is five years. The loans are secured by the balance in the participant's account and bear interest at the prime rate. Notes receivable from participants are repaid through payroll deductions. Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. As of December 31, 2024, the interest rates on the outstanding notes receivable ranged from 4.00% to 8.50%. Effective September 27, 2017, a participant may have no more than one loan outstanding at any time.

Administrative Expenses

Administrative expenses of the Plan are paid from the Plan or by the Company as provided in the plan document.

All transaction fees for loan requests are paid from participants' accounts. Effective January 1, 2018, administrative expenses are paid by participants in proportion to their account balances.

Other Income

Other income represents revenue from certain investments as described in Note 7.

Note 2. Summary of Significant Accounting Policies

Basis of Presentation

The financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and disclosures of contingent assets and liabilities at the date of the financial statements. Actual results could differ from these estimates and assumptions.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Purchase and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Cost of securities sold is determined by the specific identification method. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Transfers

Along with the Plan, the Firm also sponsors the Hughes Hubbard & Reed Defined Contribution Retirement Plan (the "Retirement Plan"). Upon becoming a Partner in the Firm, the associate's account balance is transferred from the Plan to the Retirement Plan. In certain circumstances, a participant account balance is transferred from the Retirement Plan to the Plan. For the year ended December 31, 2024, net transfers out of the Plan to the Retirement Plan were \$1,219,749.

Subsequent Events

Management has evaluated subsequent events for the Plan through October 11, 2025, the date the financial statements were available to be issued.

Note 3. Information Certified by the Trustee

The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company ("Fidelity"), a qualified institution, has certified the following information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2024 and 2023
- Investment income and interest income from notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2024
- Investment information and notes receivable from participants included in the accompanying schedule of assets (held at end of year) as of December 31, 2024

The Plan's independent auditors did not perform auditing procedures with respect to this certified information, except for comparing such certified information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

Note 4. Fair Value Measurement

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The assets or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques need to maximize the use of observable inputs and minimize the use of unobservable inputs. Valuation techniques used to measure fair value are defined as follows:

- Level 1** Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2** Inputs to the valuation methodology include: (a) quoted prices for similar assets or liabilities in active markets; (b) quoted prices for identical or similar assets or liabilities in inactive markets; (c) inputs other than quoted prices that are observable for the asset or liability; and (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3** Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology during 2024 and 2023.

Mutual funds: valued at quoted prices reported in an active market at year end.

Interest-bearing cash: valued at cost plus accrued interest, which approximates fair value.

Hughes Hubbard & Reed Associates' Section 401(k) Plan
Notes to Financial Statements
December 31, 2024 and 2023

Common collective trusts: the fair value of the common collective trusts is determined based on the underlying assets, which represent the net asset value, a practical expedient to fair value of units held by the Plan. The common collective trusts do not have any unfunded commitments relating to their investments. Redemptions can be made on any business day and do not have a redemption notice period except as provided in the trust documents.

Self-directed brokerage account: primarily consists of mutual funds and exchange-traded funds that are valued on the basis of readily determinable market prices.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There were no transfers between Levels 1, 2 and 3 for the year ended December 31, 2024.

Investments as of December 31, 2024 are as follows:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 21,066,363	\$ -	\$ -	\$ 21,066,363
Self-directed brokerage account	41,091	-	-	41,091
Interest-bearing cash	6,532	-	-	6,532
Common collective trusts - measured at net asset value (a)	-	-	-	22,012,095
Total investments at fair value	<u>\$ 21,113,986</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 43,126,081</u>

Investments as of December 31, 2023 are as follows:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 20,151,120	\$ -	\$ -	\$ 20,151,120
Self-directed brokerage account	32,101	-	-	32,101
Interest-bearing cash	285	-	-	285
Common collective trusts - measured at net asset value (a)	-	-	-	20,530,737
Total investments at fair value	<u>\$ 20,183,506</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 40,714,243</u>

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) as a practical expedient to fair value have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Note 5. Plan Termination

Although it has not expressed any intention to do so, the Firm has the right under the Plan to terminate the Plan at any time, subject to the provisions of ERISA. In the event of plan termination, participants remain 100% vested in the entire balance in their respective accounts.

Note 6. Tax Status

The Plan operates under a standardized adoption agreement in connection with a prototype 401(k) profit-sharing plan and trust. This prototype plan document has been filed with the appropriate agency and has obtained a determination letter from the IRS stating that the prototype constitutes a qualified plan under Section 401 of the Internal Revenue Code and that the related trust was tax exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan's administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan's management believes it is no longer subject to income tax examinations for years prior to 2021.

Note 7. Related-Party Transactions

Fidelity or its affiliates are the trustee, investment advisor and record-keeper for the Plan and therefore, these services qualify as party-in-interest transactions. Fees paid by the Plan to Fidelity for trustee, record-keeping and administrative services amounted to \$41,507 for the year ended December 31, 2024. Services rendered by the auditor and investment adviser also qualify as party-in-interest transactions. Fees paid by the Plan to the auditor and investment adviser amounted to \$29,805 for the year ended December 31, 2024.

Fidelity or its affiliates receive revenue from certain investments in the Plan, which may be used to pay plan expenses. Fidelity and the Company have agreed that these amounts are to be credited to a Revenue Credit Program ("RCP") account, which is maintained by Fidelity. During the year ended December 31, 2024, the Plan received \$28,008 and utilized \$21,559 to pay for certain plan expenses. Such amounts are reflected as other income and included in administrative expenses, respectively, in the accompanying statement of changes in net assets available for benefits. The available balance in the RCP was \$6,456 and \$7 as of December 31, 2024 and 2023, respectively.

Note 8. Risks and Uncertainties

The Plan invests in various investment instruments, including mutual funds, common collective trusts, and a self-directed brokerage account. Such securities are subject to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with plan investments and the level of uncertainty related to changes in the value of these securities, it is at least reasonably possible that changes in market conditions in the near term could materially affect the value of investments reported in the financial statements.
