Independent Auditor's Report

To the Plan Administrator
Arrow Electronics Savings Plan
Centennial, Colorado

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Arrow Electronics Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BDO USA, P.C., a Virginia professional corporation, is the U.S. member of BDO International Limited, a UK company limited by guarantee, and forms part of the international BDO network of independent member firms.

BDO is the brand name for the BDO network and for each of the BDO Member Firms.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures

include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Independent Auditor's Report

To the Plan Administrator
Arrow Electronics Savings Plan
Centennial, Colorado

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Arrow Electronics Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BDO is the brand name for the BDO network and for each of the BDO Member Firms.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures

include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Plan Description

The Arrow Electronics Savings Plan (the “Plan”) is a defined contribution plan sponsored by Arrow Electronics, Inc. (the “Company”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended. The Plan was restated effective January 1, 2022 onto a pre-approved defined contribution plan document.

The following description of the Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

Plan Administration

The Management Pension Investment and Oversight Committee (“PIOC”) is the named fiduciary of the Plan. Trustees are appointed by the PIOC and have the authority to manage the assets of the Plan.

Vanguard Fiduciary Trust Company (“Vanguard”) is the Trustee of the Plan. Vanguard is also the recordkeeper, custodian, and purchasing agent for the Plan.

Contributions

The contributions to the Plan are determined by eligible employees electing to contribute on a pre-tax or after-tax Roth basis up to the applicable percentage of eligible compensation as determined by the PIOC, subject to certain limits prescribed by the Internal Revenue Code (“Code”) and as defined in the Plan document.

All eligible employees who are hired or rehired are automatically enrolled in the Plan, with a contribution rate of six percent. Employees have a thirty-day window to decline or change this automatic enrollment amount. Employee contribution rates are automatically increased one percent annually up to a maximum of ten percent. Employees may decline the automatic increase at any time.

Eligible employees who attain or are projected to attain age 50 before the close of the Plan year may elect to make catch-up contributions in accordance with the Code and cannot exceed the applicable limit prescribed by the Code (as defined in the Plan).

The Company contributes a Safe Harbor matching contribution of 100% of each employee's contribution, up to two percent of each employee's total eligible compensation, then contributes 50% of each employee's next four percent of their contributions. Any contributions over six percent of compensation are not matched. Safe Harbor matching contributions are calculated on an annualized basis, taking into account all compensation earned during the Plan year, including compensation earned while an individual is not a participant.

Employee pre-tax, Roth, and catch-up contributions are eligible for employer matching contribution.

Eligibility Requirements

Employees of the Company and its domestic subsidiaries are eligible to participate in the Plan. A regular and part-time employee may become a participant in the Plan on the first of the month coinciding with or following the employee attaining 21 years of age and having been employed by the Company for at least one month.

Investment of Contributions

Current contributions to the Plan by each participant and the Company are invested, at the participant's election, in any one or more of thirty selected investment funds.

Investment Income

Investment income from the funds is allocated on a daily basis to each participant based on their daily proportionate share of the individual fund.

Employee Withdrawals and Vesting Rules

Participants' contributions into the Plan and earnings thereon are 100% vested at the time of contribution. The Company's Safe Harbor matching contributions vest according to the following schedule:

<u>Years of Service</u>	<u>Vested Percentage</u>
1	0%
2	100%

Plan participants may be eligible to borrow against their vested interests, as described below. Also, they may withdraw their contributions in the Plan if they can demonstrate hardship (as defined in the Plan document) and meet certain other requirements as described in the Plan document.

Participants may elect to take a distribution of both their full participant and vested Company contributions at or after age 59½. Additionally, participants may elect to take a distribution of both their full participant and vested Company contributions upon disability, death, or termination for any other reason. The distribution will generally be made in a single lump sum unless the participant elects to receive the distribution in installments, provided the distribution exceeds \$5. Terminated participants with an account balance in excess of \$7 not electing a distribution may maintain their account balance and may take a distribution at any time until age 65 or defer distribution until age 72. However, if a participant is actively working at the Company then he or she is not required to take a distribution at age 72. If the account balance is valued at \$1 or less and the participant fails to designate a recipient plan to which to roll over the account, the terminated participant will be notified and will receive a lump-sum distribution. For account balances above \$1 up to \$7 where the participant fails to designate a recipient plan to which to roll over the account, the balance will automatically roll over to an individual retirement account in accordance with the Plan document.

Notes Receivable from Participants

Participants may borrow from their fund accounts with a minimum of \$1. The maximum amount that may be borrowed cannot exceed the lesser of \$50 or 50% of their vested account balance. No more than one loan per six-month period may be requested, with a maximum of one outstanding loan at the same time. Loan terms primarily range up to four and one-half years or up to ten years if the loan proceeds are used to purchase the principal residence for the participant. Loan balances transferred into the Plan from closed plans maintain their original loan terms, unless upon closure of the Plan new terms are negotiated. Loans are secured by the balance in the participants' accounts and bear interest at a rate commensurate with the interest rates charged by persons in the business of lending money under similar circumstances. All loans outstanding as of December 31, 2024 had an interest rate of 4.25% to 9.50%. Principal and interest are paid ratably through payroll deductions. Loans are included on the statements of assets available for benefits at net realizable value.

Termination

The Company has reserved the right to amend or terminate (by resolution of the Board of Directors) the Plan at any time. In the event the Plan is terminated, the accounts of all participants will become fully vested as of the date of termination. The value of Plan assets will be adjusted to reflect any expenses related to the termination of the Plan that are not paid for by the Company prior to the distribution of any benefits to the Plan participants.

Forfeitures

If employment ends for any reason other than retirement on or after age 65, death, or permanent disability, the full current value of any unvested Company contributions, after the distribution of the vested portion of the participant's account or after five years, are forfeited and shall be applied to reduce future Company contributions and to pay administrative expenses of the Plan. The amount forfeited will be restored to the employee's account if the employee returns to the Company before having five consecutive one-year breaks in service and, if applicable, repays the total distribution amount received back to the Plan. Company contributions were reduced by forfeitures of \$1,394 in 2024 and forfeitures of \$95 were used to pay Plan expenses. In addition, included in investments at December 31, 2024 and 2023 were forfeited unvested accounts of \$15 and \$367, respectively.

Rollover Contributions

The Plan allows an employee to make a contribution to the Plan which qualifies as a rollover amount ("rollover contribution") under the Code. All rollover contributions received by the Plan are credited to the employee's rollover account. At the time a rollover account is first established, the employee designates how the rollover contribution is to be allocated among the investment funds offered by the Plan.

2. Summary of Significant Accounting Policies

The Plan's financial statements are prepared in conformity with the Financial Accounting Standards Board Accounting Standards Codification Topic 962, "Plan Accounting – Defined Contribution Pension Plans," as permitted by accounting principles generally accepted in the United States ("GAAP").

Investment Valuation and Income Recognition

Investments in mutual funds are stated at fair value as determined by quoted market prices based on the net asset value ("NAV") of shares held by the Plan at year-end. Investments in common collective trusts ("CCT") are valued based on the NAVs reported by the Trustee of the funds, which are based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is used as a practical expedient to estimate fair value of the CCT. See Note 5 for further discussion and disclosures related to fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Plan Administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Contributions

Participant deferral contributions and related Safe Harbor matching employer contributions are recognized in the period during which the Company makes the respective payroll deduction from the participant's compensation.

Notes Receivable from Participants

Notes receivable from participants are measured at their net realizable value. Any accrued but unpaid interest was de minimus as of December 31, 2024 and 2023. Interest income is recorded as paid. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefit payments to participants are recorded upon distribution. There were no amounts allocated to accounts of persons who have elected to withdraw from the Plan but have not yet been paid as of year-end.

Expenses of the Plan

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and short-term trading fees are charged directly to the participant's account and are included in the administrative expenses, which are incurred in connection with the Plan. Amounts paid by the Plan totaled \$1,152 for the year ended December 31, 2024. Investment-related expenses (in the form of a fee-expense ratio charged to each investment option) are included in net appreciation in fair value of investments. The expense ratios ranged from 0.01% to 1.08%.

3. Information Certified by the Plan's Trustee

The Plan Sponsor has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Vanguard, a qualified institution, has certified the following information included in the accompanying financial statements and supplemental schedule as complete and accurate:

- Investments and notes receivable from participants as shown in the Statements of Net Assets Available for Benefits as of December 31, 2024 and 2023;
- Dividend and interest income, net appreciation in fair value of investments, and interest earned on notes receivable from participants as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2024;
- Investment amounts included in the notes to financial statements;
- All investment information included in the supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024.

At the request of the Plan Administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing the certified investment information with the related information presented and disclosed in the financial statements and supplemental schedule, and reading the disclosures relating to the investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP and whether the supplemental schedule is in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

4. Federal Income Tax Status

The Plan adopted a pre-approved defined contribution plan document which received an opinion letter from the Internal Revenue Service (the "IRS") dated June 30, 2020, stating that the Plan document, as designed, is qualified under Section 401(a) of the Code and therefore, the related trust is exempt from income taxation. The Company believes that the Plan, as amended and restated, is designed and currently being operated in compliance with the applicable requirements of the IRC, thus no provision for income taxes has been provided for in the accompanying financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize an income tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be

sustained upon examination by the IRS. There are currently no IRS examinations in process for any tax period.

5. Fair Value Measurements

Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. The Plan utilizes a fair value hierarchy that maximizes the use of observable inputs and minimizes the use of unobservable inputs when measuring fair value. There were no changes to this methodology compared to prior year. The fair value hierarchy has three levels of inputs that may be used to measure fair value:

Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities that the reporting entity can access at the measurement date.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3 - Unobservable inputs for the asset or liability.

The following table presents assets measured at fair value on a recurring basis at December 31, 2024:

	Statement of Net Assets Available for Benefits				
	Location	Level 1	Level 2	Level 3	Total
Mutual funds	Investments, at fair value	\$ 181,976	\$ -	\$ -	\$ 181,976
CCT*	Investments, at fair value				<u>1,276,195</u>
Grand Total					<u>\$ 1,458,171</u>

The following table presents assets measured at fair value on a recurring basis at December 31, 2023:

	Statement of Net Assets Available for Benefits				
	Location	Level 1	Level 2	Level 3	Total
Mutual funds	Net investments, at fair value	\$ 181,302	\$ -	\$ -	\$ 181,302
CCT*	Net investments, at fair value				<u>1,162,202</u>
Grand Total					<u>\$ 1,343,504</u>

* Investments in CCT are measured at fair value using the NAV per share (or its equivalent) as a practical expedient and have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented on the Statements of Net Assets Available for Benefits.

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2024 and 2023, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

Investment Type	Unfunded Commitments	Redemption Frequency	Redemption Notice Period	Fair Value as of December 31,	
				2024	2023
Target Date Funds – CCT	None	Daily	None	\$ 575,956	\$ 530,817
Equity Funds – CCT	None	Daily	15 days	334,500	303,135
Bond Funds – CCT	None	Daily	15 days	81,744	80,753
Equity Funds – CCT	None	Daily	30 days	260,362	220,005
Stable Value – CCT	None	Daily	12 months for full liquidation	23,632	27,492

6. Related Parties and Parties-in-Interest

Certain Plan investments are shares of mutual funds and CCT managed by Vanguard. Vanguard is the Trustee and recordkeeper, as defined by the Plan. The Plan paid \$1,077 of fees to Vanguard for the year ended December 31, 2024. Vanguard may receive certain other indirect fees from mutual fund companies. The Plan also issues loans to participants that are secured by the vested balance of the participants' accounts. These transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

7. Concentrations, Risks, and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits. The Plan had two investments with a balance greater than 10% of Plan assets as of December 31, 2024 and 2023.

8. Subsequent Events

The Plan's management evaluated subsequent events through September 30, 2025, the date these financial statements were available to be issued. The amendments for the SECURE 2.0 Act were adopted by the Company in 2025. This amendment updated the age a participant may defer distribution from age 72 to age 73 and increased the cash out limit from \$5 to \$7.
