## INDEPENDENT AUDITORS' REPORT

To the Plan Administrator  
Rehabilitation Associates, Inc. Employee Stock Ownership Plan  
Fairfield, Connecticut

### Report on the Financial Statements

We have audited the accompanying financial statements of Rehabilitation Associates, Inc. Employee Stock Ownership Plan, which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted the audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

## **Opinion**

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the year ended December 31, 2024, in accordance with accounting principles generally accepted in the United States of America.

## **Report on Supplementary Information**

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Assets Held as of December 31, 2024, is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

**REHABILITATION ASSOCIATES, INC. EMPLOYEE STOCK OWNERSHIP PLAN**  
**NOTES TO FINANCIAL STATEMENTS**  
**December 31, 2024 and 2023**

**NOTE 1 – PLAN DESCRIPTION AND BASIS OF PRESENTATION**

The following brief description of the Rehabilitation Associates, Inc. Employee Stock Ownership Plan (Plan) is provided for general information purposes only. Participants should refer to the Plan Agreement for complete information.

Rehabilitation Associates, Inc. (Company) established the Plan effective as of January 1, 2010. The Plan operates, in relevant part, as a leveraged employee stock ownership plan (ESOP) of a closely held corporation. The Plan is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986, as amended (IRC) and is subject to the applicable provisions of the Employee Benefits Retirement Income Security Act of 1974 (ERISA). The Plan is administered under a trust (Trust). An independent certified public accountant is the plan's Trustee. Per the terms of the Plan, the Company appoints a Plan Administrator, who oversees the Trust and the service providers for the ESOP. An ESOP Committee currently assists the Plan Administrator in this capacity. The Plan uses an independent third party service organization selected by the Plan Administrator, for accounting and participant recordkeeping.

The Plan purchases Company common stock using the proceeds of loans from the Company (see note 5), and holds the stock in the Trust. The borrowing is repaid over a period of years by fully deductible Company contributions to the Trust fund. As the Plan makes each loan payment, an appropriate percentage of stock is allocated to eligible participant's accounts in accordance with applicable regulations under the Internal Revenue Code. Shares vest fully upon allocation in accordance with the plan vesting schedule.

Borrowing is collateralized by the unallocated shares of common stock and is guaranteed by the Company. The Company has no rights against the shares of stock once they are allocated under the ESOP. Accordingly, the financial statements of the Plan as of December 31, 2024 and 2023, and for the year ended December 31, 2023, present separately the assets and liabilities and changes therein pertaining to:

- a. The accounts of employees with rights in allocated common stock (allocated) and
- b. Common stock not yet allocated to employees (unallocated).

Eligibility

Employees of the Company are generally eligible to participate in the Plan as of their date of hire.

Contributions

The Company is obligated to make contributions in cash to the Plan which, when aggregated with the Plan's dividends and interest earnings, equal the amount necessary to enable the Plan to make its regularly scheduled payments of principal and interest on its term loan obligations. The Plan does not permit participant contributions or rollovers from other plans.

Payment of Benefits

Distributions on account of death, disability, or retirement are made in Company stock or cash, in a lump sum, or in substantially equal installments, usually over a period of five years, per the terms of the Plan. Distributions for other separations from service commence in the fifth Plan year following the separation from service and are made in five annual installments.

**NOTE 1 – PLAN DESCRIPTION AND BASIS OF PRESENTATION (continued)**

Payment of Benefits (continued)

Such distributions are made in cash or, if a participant elects, in the form of Company stock plus cash for any fractional share of common stock. The amount to be distributed is based upon the immediately preceding valuation date. The Plan has various provisions for involuntary cash-outs of small balances, payments to beneficiaries, required minimum distributions, and rollover payouts to other eligible retirement plans.

Distributions on account of death, disability, or retirement are made in Company stock or cash, in a lump sum, or in substantially equal installments, usually over a period of five years, per the terms of the Plan. The amount to be distributed is based upon the immediately preceding valuation date. The Plan has various provisions for involuntary cash-outs of small balances, payments to beneficiaries, required minimum distributions, and rollover payouts to other eligible retirement plans.

Under the provisions of the Plan, the Company is obligated to repurchases participant shares which have been distributed under the terms of the Plan, as long as the shares are not publicly traded, and depending on the shares being subject to a put option.

Voting Rights

Each participant is entitled to exercise limited voting rights attributable to the shares allocated to his or her account and is notified by the Trustee prior to the time that such rights are to be exercised. Participant voting rights are limited to mergers, consolidations, reclassification, liquidation, dissolution, sale of substantially all assets, or similar transactions. If any participants or beneficiaries do not exercise their voting rights for such transactions, the Trustee has discretionary authority to vote these shares.

Plan Termination

The Company reserves the right to terminate the Plan at any time, subject to Plan provisions. Upon termination of the Plan, in accordance with the Plan terms and the Internal Revenue Code: (1) all participants actively employed by the Company as of the Plan termination date shall become fully vested in their individual account balances; (2) any previously unallocated funds shall be allocated to participants; and (3) if a loan is outstanding, the ESOP Trustee is to pay all liabilities and expenses of the Trust fund and to sell shares of financed common stock held in the loan suspense account to the extent to the Trustee determines such sale to be necessary in order to repay the loan. Subsequently, the interest of each participant in the Trust fund will be distributed, in cash or in kind, to each participant or his or her beneficiary at the time prescribed by the Plan terms and the IRC.

Participant Accounts

The Plan is a defined contribution plan under which a separate individual account is maintained for each participant. Each participant's account is credited as of the last day of each Plan year with an allocation of shares of the Company's common stock released during the year by the Trustee from the unallocated account, and forfeitures of terminated participants' nonvested accounts. Only those participants who are eligible employees of the Company during the Plan year will receive an allocation for that year.

**REHABILITATION ASSOCIATES, INC. EMPLOYEE STOCK OWNERSHIP PLAN**  
**NOTES TO FINANCIAL STATEMENTS**  
**December 31, 2024 and 2023**

**NOTE 1 – PLAN DESCRIPTION AND BASIS OF PRESENTATION (continued)**

Participant Accounts (continued)

Only those participants still employed on the last day of the Plan year receive allocations of forfeitures. Allocations are based on a participant's eligible compensation, relative to total eligible compensation. Participant accounts are credited with proportionate shares of gains and losses at each annual (December 31<sup>st</sup>) valuation date, based on the participants' pro-rata account balance on the prior (beginning of the year) account balances.

Vesting

Participants' account balances vest 20 percent annually, beginning at the conclusion of two years of service; employees are 100 percent vested after six years of service. The requirement for a year of vesting is a minimum of 1,000 hours of employment for the year. Participants are fully vested upon meeting the Plan's retirement requirements, including normal retirement age of 65, disability retirement, or death while employed or while performing Qualified Military Service.

Forfeitures

At each Plan year end, Plan forfeitures are allocated to the accounts of all participants employed as of the last day of the Plan year, based upon the relation of the participant's eligible compensation to total eligible compensation for the Plan year. Forfeitures of terminated nonvested account balances allocated to remaining participants at December 31, 2024 and 2023 totaled \$101,212 and \$131,211 respectively.

Put Option

Under Federal income tax regulations, the employer stock that is held by the Plan and its participants and is not readily tradable on an established market, or that is subject to trading limitations, includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the fair market value of the stock. The Company can pay for the purchase over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

Diversification

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of their investment in Company stock into investments which are more diversified. Participants who are at least age 55 and have at least 10 years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25 percent of the number of shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50 percent. Participants who elect to diversify, may elect to have the value made as cash, or as a cash transfer directly into the Company's 401(k) Plan, if the participant is an active employee on the date of the transfer. Such transfers may not be transferred back to the ESOP. Certain de minimis limits apply to diversification.

**NOTE 1 – PLAN DESCRIPTION AND BASIS OF PRESENTATION (continued)**

Administrative Expenses

In accordance with the Plan's terms, expenses of operating the Plan may be charged to the Plan, the Company, or both. The Company has historically paid the operating expenses for the Plan.

Fees

Fees for distributions are charged to the individual participants' accounts. Qualified Domestic Relation Order (QDRO) fees are charged to the participant and/or alternate payee.

**NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Basis of Accounting

The Plan's financial statements are prepared on the accrual basis of accounting in conformity with generally accepted accounting principles.

Use of Estimates

The preparation of financial statements in accordance with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Allocations

The financial statements of the Plan present separately the assets and liabilities and changes therein pertaining to (a) the accounts of employees with rights in allocated stock ("allocated") and (b) stock not yet allocated to employees ("unallocated"). Shares are released from collateral and become allocated in the Plan year in which payments are actually made on the Plan's loans, and in which dividends or other contributions are paid into the Trust by the Company.

Investment Valuation and Income Recognition

The shares of Company common stock are reported at fair value. The stock is not publicly traded, and shares have historically only traded hands for purposes of ESOP participant benefit transactions. Sales of shares distributed to, or purchased from, participants are recorded on a trade-date basis, valued at the most recent valuation date fair value per share, per the Plan terms. Hence, the net appreciation in the fair value of investments shown in the Statement of Changes in Net Assets Available for Benefits represents the increase in the fair value of the Company stock based on the stock appraisals. Per the Plan terms, dividends may be allocated to participants, or used to pay the Plan's loans used to purchase Company stock. Historically, dividends have consisted of Company dividends paid to the ESOP, and have been used to pay the Plan's loans. Such income is recorded when paid into the Trust.

**December 31, 2024 and 2023**

**NOTE 3 – INVESTMENTS**

The Plan's investments at December 31, 2024 and 2023 are presented in the following table:

**NOTE 4 – FAIR VALUE MEASUREMENTS**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include - quoted prices for similar assets or liabilities in active markets; - quoted prices for identical or similar assets or liabilities in inactive markets; - inputs other than quoted prices that are observable for the asset or liability; - inputs that are derived principally from, or corroborated by, observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

	2024		2023	
	Level 3	Total	Level 3	Total
Investment in Rehabilitation Associates, Inc. common stock	\$ 8,150,225	\$ 8,150,225	\$9,666,668	\$9,666,668
Total assets at fair value	\$ 8,150,255	\$ 8,150,255	\$9,666,668	\$9,666,668

**NOTE 4 – FAIR VALUE MEASUREMENTS (continued)**

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Rehabilitation Associates, Inc.'s common stock held by the Plan is reported at fair value based upon an appraisal. The primary method used to value the shares of stock is the discounted cash flow ("DCF") method under the income approach. This method is consistent with prior years. The following table summarizes the valuation methods and unobservable inputs.

<b>Instrument</b>	<b>Fair Value</b>	<b>Principal Valuation Technique</b>	<b>Unobservable Inputs</b>
Rehabilitation Associates, Inc. common stock	\$ 8,150,225	Income	Total and net revenues Adjusted operating income Net income on debt-free basis Capital expenditures Weighted average cost of capital Stock characteristics (dividend rights; conversion feature) Discount for lack of marketability Market analysis: economic, industry and company outlook regional economy and company competition

The Company uses the services of an independent appraiser with ESOP valuation experience to conduct the annual stock appraisal. Plan management and the Company's accountant gather and assemble the data for the appraiser, consisting of historical and projected financial information of the Company. After evaluating the business valuation approaches required by the IRS, the Department of Labor, and the American Society of Appraisers, and discussing the historical information and income projections with management, the appraiser evaluates various relevant methods, and selects the valuation approach deemed most relevant for the Company. The appraiser's draft report is reviewed and approved by the Plan Administrator, management, and the Plan Trustee.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of the ESOP's stock could result in a different fair value measurement at the reporting date.

**NOTE 4 – FAIR VALUE MEASUREMENTS (continued)**

The following table sets forth a summary of changes in the fair value of the Plan's level 3 assets for the years ended December 31, 2024 and 2023:

	<b>Level 3 Assets Year Ended December 31, 2024- Rehabilitation Associates, Inc. Common Stock</b>	<b>Level 3 Assets Year Ended December 31, 2023- Rehabilitation Associates, Inc. Common Stock</b>
Balance, beginning of year	\$9,666,668	\$6,733,316
Unrealized appreciation (depreciation) in estimated fair value	(1,516,443)	2,933,352
Balance, end of year	<u>\$ 8,150,225</u>	<u>\$ 9,666,668</u>

**NOTE 5 – LOANS PAYABLE**

The Plan purchases blocks of shares of the Company's common stock through loans held by the Company, as evidenced in promissory notes. The Plan obtains a legal opinion from its ERISA attorney on the reasonableness of the loans and compliance with Plan document for ERISA compliance purposes. The Plan's obligations on the loans are administered by the Trust. The shares are held by the Trustee in loan suspense accounts as collateral for the loans. As the Company makes contributions and dividend payments to the Trust, payments are made on the loan obligations, and shares of stock are released from suspense account and allocated to participants' accounts in accordance with the terms of the Plan. The Company has no rights in the shares once they are allocated to participants' accounts.

In October, 2010, the Plan purchased 1,500 shares of Rehabilitation Associates, Inc.'s common stock through a 7-year loan of \$4,000,000 from the Company (Loan 1). The Company makes annual dividend payments and contributions to the ESOP Trust. These Company payments allow the ESOP to make timely payments on the loan. In September, 2014, the Plan purchased an additional 583 shares of the Company's common stock through a 5-year loan of \$1,500,000 from the Company (Loan 2). The Company also makes timely contributions to the ESOP Trust to cover the payments on this loan. In June, 2016, the Plan purchased remaining 2837 shares of the Company's common stock through a 20-year loan of \$7,650,000 from the Company (Loan 3). The Company also makes timely contributions to the ESOP Trust to cover the payments on this loan. Interest on the loans is at a rate deemed reasonable for the ESOP and manageable for the Company. The actual interest rates for the loans are 1.94% for Loan 1, 1.0% for Loan 2, and 2.24% for Loan 3.

For the years ended December 31, 2024 and 2023, the Company contributed \$475,128 and \$479,067, respectively, in total dividends and contributions, for payments of loan principal, and \$92,628 and \$96,084, respectively, for interest. Shares released are reported in the Statement of Changes in Net Assets Available for Benefits.

Total		<u>\$ 3,707,839</u>

**NOTE 6 – ADMINISTRATION OF TRUST ASSETS**

The Plan's assets, which consist principally of Company common shares, are held by the Trustee of the Plan.

Company contributions are managed by the Trustee, who invests cash received, interest, and dividend income according to the Plan terms, and administers the payment of the principal and interest on the Plan's loans. The Trustee arranges for the annual independent appraisal of the fair value of the ESOP's shares of Company stock. The Trustee also administers distributions to participants. Administrative expenses for the Trustee's fees are paid directly by the Company.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

**NOTE 7 – RELATED PARTY AND PARTY-IN-INTEREST TRASACTIONS**

The Plan's investments consist of Company stock, purchased through loans from, and guaranteed by, the Company. The Company makes dividend payments and contributions to the Plan sufficient to cover all payments on the loans. The Trustee holds and manages the ESOP's assets and liabilities. As described in notes 1 and 4, the Plan uses other third party service providers, and certain officers and employees who perform administrative services for the Plan at no charge are also participants in the Plan. These transactions are considered party-in-interest transactions under ERISA.

**NOTE 8 – RISKS AND UNCERTAINTIES**

The Plan investments consist primarily of the Company's common stock, which is exposed to various risks such as interest rate, market, and credit risks, as well as valuation assumptions based on earnings, cash, flows, or other such techniques. The Company stock is not registered. Due to the level of risk associated with the investment in the common stock and to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in the value of the common stock will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

**NOTE 9 – TAX STATUS**

The Plan submitted its application for a formal determination letter from the IRS in 2014, in compliance with the cycle for review of new applications. The Plan was also amended in 2014, as required, in compliance with the provisions of the Pension Protection Act (PPA). The Plan received a favorable determination letter from the IRS, dated July 9, 2015, that the Plan adopted October 6, 2010, the Trust document adopted December 3, 2014, and the Plan as amended December 10, 2014, satisfy the requirements of Code section 4975(e)(7). The determination letter considered the 2013 Cumulative List of Changes in Plan Qualification Requirements, and expires January 31, 2020. Once qualified, retirement benefit plans are required to operate in conformity with the Internal Revenue Code to maintain their exemption from taxation. The Plan administrator and tax counsel believe that the Plan is designed, and being operated, in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken a significant uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions. There are currently no audits for any tax periods in progress.

**NOTE 12 – SUBSEQUENT EVENT**

The Plan administrator has evaluated subsequent events through July 12, 2025, the date the financial statements were available to be issued.
