INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of
CMG Hourly Pension Plan of Vulcan Materials Company

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2024 Financial Statements

We have performed the audit of the accompanying financial statements of CMG Hourly Pension Plan of Vulcan Materials Company (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for pension benefits as of December 31, 2024, and the related statement of changes in net assets available for pension benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

Opinion on the 2024 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2024 Financial Statements section—

- the amounts and disclosures in the 2024 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the 2024 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2024 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2024 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2024 Financial Statements

Management is responsible for the preparation and fair presentation of these 2024 financial statements in accordance with GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the 2024 financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2024 Financial Statements

Except as described in the 2024 Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the 2024 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance; and therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control related matters that we identified during the audit.

Auditors' Report on the 2023 Financial Statements

Predecessor auditors performed an audit of the 2023 financial statements of the Plan. In accordance with ERISA Section 103(a)(3)(c) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to the assets held for investments of the Plan that were certified by a qualified institution. Their report, dated September 26, 2024, indicated that: (1) the amounts and disclosures in the 2023 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with GAAP, and (2) the information in the 2023 financial statements related to the assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103 (a)(3)(c).

NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

1. DESCRIPTION OF THE PLAN

The following brief description of the CMG Hourly Pension Plan of Vulcan Materials Company (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General

The Plan is a defined benefit pension plan covering nonunion hourly employees hired prior to July 15, 2007, who attained age 21 and completed one year of service in the Construction Materials Divisions of Vulcan Materials Company (the Company). The Plan also covers hourly employees who are members of a collective bargaining unit which has specifically adopted the Plan. Effective on and after July 15, 2007, no newly hired non-collectively bargained unit employee can become a participant in the Plan. Existing participants continue to accrue benefits under the Plan provisions. Employees hired on or after July 15, 2007, are eligible for participation in the Vulcan 401(k) Plan. Former participants who are reemployed may reenter the Plan if they have not incurred a break in service of more than twelve consecutive months.

There were no transfers to or from other Vulcan Materials Company pension plans for the years ended December 31, 2024 or 2023.

The Plan is administered by an administrative committee appointed by the Chief Executive Officer of the Company and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Plan Benefits

Participants with five years of vested service, as defined by the Plan, or upon reaching age 65, are entitled to pension benefits. Effective July 15, 2007, the Plan was closed to new participants. As a result, all participants have met the Plan's vesting requirements. The Plan provides for normal retirement benefits upon reaching age 65 and has provisions for early retirement (between ages 55 and 65), deferred retirement (subsequent to age 65), and disability benefits. Benefits are also available to a participant's eligible beneficiary upon the participant's death. Benefits under the Plan are determined based upon years of service, as defined by the Plan, multiplied by a benefit unit. Benefits are payable in the form of a joint and survivor annuity, a single-life annuity or other optional forms.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP).

Valuation of Investments and Income Recognition

The Plan's investments in the Vulcan Materials Company Retirement Pension Trust (Master Trust) established by the Company and administered by The Northern Trust Company (the Trustee) have been determined based on the fair values and net asset values (NAV) of the underlying investments of the Master Trust, as described in Note 4.

CMG HOURLY PENSION PLAN OF VULCAN MATERIALS COMPANY
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Investments in securities traded on national and over-the-counter exchanges are valued at the closing bid price of the security as of the last trading day of the year. Investments in common/collective trust funds are stated at NAV as determined by the issuer of the funds based on the underlying investments.

Security transactions are recorded on the trade date. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains (losses) on investments bought and sold as well as held during the year. Dividends are recorded on the ex-dividend date. Expenses incurred in connection with the transfer of securities, such as brokerage commissions and transfer taxes, are added to the cost of such securities or deducted from the proceeds thereof.

Use of Estimates, Risks and Uncertainties

The preparation of financial statements in conformity with GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates. The Master Trust invests in various securities including corporate debt investments, government securities, other investments, interests in common/collective trusts, and private partnership investments. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that the values of investment securities could decline in the near term and that such declines could materially affect the amounts reported in the Plan's financial statements. Given volatility in financial markets, it is reasonably possible that investment values could decline in subsequent periods.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Trust eligible expenses, including investment manager fees and operating expenses, are paid by the Plan. The Company provides accounting and other administrative services to the Plan at no charge.

3. INTEREST IN MASTER TRUST

The Plan's investment assets are held in a master trust account managed by the Trustee. Use of the Master Trust permits the common investment of assets in the Company's two defined benefit plans. Net investment income, gains and losses, and administrative expenses are allocated by the Trustee to each participating plan based on the relationship of the interest of each plan to the total of the interests of the participating plans.

4. FAIR VALUE MEASUREMENTS

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan classifies its investments into a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value into three broad levels. The following is a brief description of these three levels:

Level 1 – Quoted prices in active markets for identical assets or liabilities

Level 2 – Inputs that are derived principally from or corroborated by observable market data

Level 3 – Inputs that are unobservable and significant to the overall fair value measurement

Investment assets measured using the NAV practical expedient are not categorized in the fair value hierarchy.

The following tables set forth, by Level within the fair value hierarchy, the Master Trust's investment assets at fair value as of December 31, 2024 and 2023:

Asset Valuation Techniques

The following methods and assumptions were used to estimate the values of the Master Trust's investments. There have been no changes in the methodologies used at December 31, 2024 and 2023, respectively.

Corporate Debt Investments – These investments include domestic and foreign corporate debt securities whose fair values are based on current market rates and credit spreads for debt securities with similar maturities.

Government Securities – These investments consist of U.S. government, foreign government and government agency debt securities. The fair values of U.S. government securities are based on current market rates and credit spreads for securities with similar maturities. The fair values of debt securities issued by foreign governments are based on prices obtained from broker/dealers and international indices.

Other Investments – These investments consist primarily of short-term investments, asset backed securities and derivatives. For investment funds publicly traded on a national securities exchange, the fair value is based on quoted market prices. For investment funds not traded on an exchange, the total fair value of the underlying securities is used to determine the NAV for each unit of the fund held by the Master Trust. The estimated fair values of the underlying securities are generally valued based on quoted market prices. For securities without quoted market prices, other observable market inputs are used to determine the fair value. Asset backed securities are priced using prepayment speed and spread inputs that are sourced from the new issue market. Derivatives are valued using pricing models based on the prevailing forward exchange rate of the underlying currencies taking into account the counterparties creditworthiness.

CMG HOURLY PENSION PLAN OF VULCAN MATERIALS COMPANY
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

Common/Collective Trust Funds – These investments include an index fund investing primarily in domestic equities and a short-term investment fund for highly liquid, short-term debt securities. Investments are valued at the NAV of units of a bank collective trust. The NAV, as provided in each fund's audited financial statements, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Were the Plan to initiate a full redemption of the collective trusts, the investment advisors reserve the right to temporarily delay withdrawal from the collective trusts in order to ensure that securities liquidations will be carried out in an orderly business manner.

Private Partnerships – These investments consist primarily of secondary private equity funds and mezzanine debt funds. NAV is used as a practical expedient to estimate fair value. The NAV of these investments has been estimated based on methods employed by the general partners, including reference to third-party transactions and valuations of comparable companies.

The methods described above may produce a fair value calculation that may not be indicative of net asset value or reflective of future fair value. Furthermore, while the Plan's valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different estimates of fair value at the reporting date.

Net Asset Value Per Share

The following tables set forth information related to investment assets held by the Master Trust for which fair value is measured using the NAV per share as a practical expedient:

<i>In thousands</i>	December 31, 2024		
	Fair Value	Unfunded Commitment	Remaining Life

CMG HOURLY PENSION PLAN OF VULCAN MATERIALS COMPANY

<i>In thousands</i>	December 31, 2023		
	Fair Value	Unfunded Commitment	Remaining Life
Venture capital funds	\$ 1	\$ -	0 years
Secondary private equity funds	3,485	-	0 years
Mezzanine debt funds	220	-	0 years
Private partnerships	3,706	\$ -	
Wellington CIF II Disciplined US Equity Defensive Fund	196	n/a	n/a
Northern Trust Short-Term Investment Fund	9,012	n/a	n/a
Interest in common/collective trusts	9,208		
Total	\$ 12,914		

The Master Trust's investment assets include private partnerships and interests in common/collective trust funds. The private partnerships category consists primarily of secondary private equity funds and mezzanine debt funds. The secondary private equity funds acquire preexisting commitments made by others to private equity and other alternative investment funds. The mezzanine debt funds invest in subordinated debt or preferred equity instruments of established firms. These investments may be liquidated through secondary markets, subject to negotiated terms. Distributions are received through the liquidation of the underlying assets of the funds.

The underlying investments in common/collective trust funds primarily include domestic equities and highly liquid, short-term debt securities. The investment objective of the Wellington CIF II Disciplined US Equity Defensive Fund (held in 2023) is to provide for long-term returns in excess of a benchmark index. Both the Northern Trust Short-Term Investment Fund and PIMCO Short-Term Floating Fund's primary objective is principal preservation, while also providing for liquidity management. These funds allow the Plan to purchase and redeem units on a daily basis with no restrictions or notice periods.

5. FUNDING POLICY

The Plan is funded through Company contributions, which are actuarially determined. The Company's funding policy is to make contributions to the Plan in amounts as determined by the Plan's independent actuary in order to meet the minimum funding requirements of ERISA. No contributions were required in 2024 or 2023 to satisfy the minimum funding requirements of ERISA.

CMG HOURLY PENSION PLAN OF VULCAN MATERIALS COMPANY
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

6. PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan, to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, the net assets of the Plan will be allocated for payment of Plan benefits to the participants in an order of priority determined in accordance with ERISA, applicable regulations hereunder, and the Plan document.

Certain benefits under the Plan are insured by the Pension Benefit Guaranty Corporation (PBGC) if the Plan terminates. Generally, the PBGC guarantees most vested normal-age retirement benefits, early retirement benefits, and certain disability and survivor pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination, subject to a statutory ceiling on the amount of the individual's monthly benefit.

Whether all participants receive their benefits should the Plan be terminated depends on the sufficiency, at that time, of the Plan's net assets to provide those benefits, the priority of those benefits to be paid, and the level and type of benefits guaranteed by the PBGC. Some benefits may be fully or partially provided for by the then-existing assets and the PBGC guaranty, while other benefits may not be provided for at all.

7. FEDERAL INCOME TAX STATUS

The Internal Revenue Service has determined and informed the Company by letter, dated April 26, 2018, that the Plan and related trust were designed in accordance with the applicable regulations of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Company and the Plan administrator believe the Plan is currently designed and operated in compliance with the applicable requirements of the IRC, and that the Plan and the related Master Trust are tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to audit by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. INFORMATION CERTIFIED BY THE TRUSTEE

Certain information related to investments disclosed in the accompanying financial statements, including interest from Master Trust as well as information in Notes 3 and 4 as of December 31, 2024 and 2023, and net income from Master Trust for the years then ended, was obtained by management and agreed to or derived from information certified as complete and accurate by the Northern Trust Company, the Trustee of the Plan.

CMG HOURLY PENSION PLAN OF VULCAN MATERIALS COMPANY
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

9. ACCUMULATED PLAN BENEFITS

Accumulated plan benefits are those future periodic payments, including lump-sum distributions, which are attributable under the Plan's provisions to the service employees have rendered as of the valuation date. Accumulated plan benefits include benefits expected to be paid to (1) retired or terminated employees or their beneficiaries, (2) beneficiaries of employees who have died, and (3) present employees or their beneficiaries. Benefits under the Plan are based on employees' compensation during their highest five years of earnings. The accumulated plan benefits for active employees are based on their highest average compensation over a five-year period. Benefits payable under all circumstances – retirement, death, disability and termination of employment – are included to the extent they are deemed attributable to employee service rendered to the valuation date. Benefits to be provided via annuity contracts excluded from Plan assets are excluded from accumulated plan benefits.

The actuarial present value of accumulated plan benefits is determined by an independent actuary and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements, such as for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment.

The actuarial present value of accumulated plan benefits presented in the accompanying financial statements are presented using the beginning of year benefit information date. The actuarial present value of accumulated plan benefits below is measured as of January 1, 2024. Had the valuations been performed as of December 31, 2023, there would be no material differences.

The actuarial present value of accumulated plan benefits as of December 31, 2023, is as follows (in thousands):

Actuarial present value of accumulated plan benefits:

Vested benefits:

Participants/beneficiaries currently receiving benefit payments	\$ 55,075
Other participants	<u>110,799</u>
Total vested participants	165,874
Nonvested participants	<u>421</u>
Total actuarial present value of accumulated plan benefits	<u><u>\$ 166,295</u></u>

CMG HOURLY PENSION PLAN OF VULCAN MATERIALS COMPANY
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

The change in the actuarial present value of the Plan's accumulated plan benefits for the year ended December 31, 2023, is as follows (in thousands):

Actuarial present value of accumulated plan benefits, beginning of year	\$ 160,966
Increase (decrease) during the year attributable to:	
Benefits paid	(4,516)
Benefits accumulated and plan experience	2,928
Actuarial assumption changes	13
Interest accumulation	6,904
Net increase	5,329
Actuarial present value of accumulated plan benefits, end of year	\$ 166,295

The significant actuarial assumptions are as follows:

<i>Valuation Method:</i>	Standard Unit Credit Cost Method
<i>Mortality Rates:</i>	Healthy and Disabled – Plan-specific table, partially reflecting plan experience combined with rates from the RP-2014 tables adjusted to the 2006 base year, with mortality improvement scale MP-2021.
<i>Interest Rate:</i>	4.35%
<i>Retirement Age:</i>	Age 64

The actuarial present value of accumulated benefits for the year ended December 31, 2023, reflects an increase of \$13,000 due to changes in the actuarial assumptions. These changes account for a change in the long-term inflation assumption for purposes of statutory benefit limit, which was changed from 2.40% per year to 2.30% per year. In addition, there was a change in the salary increase assumption for former Arundel participants from 3.50% per year to 4.50% per year.

The foregoing actuarial assumptions are based on the assumption that the Plan will continue. If the Plan were to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

10. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Plan investments include shares of a common/collective trust fund managed by The Northern Trust Company of Chicago, Illinois, which also serves as Trustee of the Plan. As a result, these transactions qualify as exempt party-in-interest transactions under ERISA.

Statement by Enrolled Actuary
To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Schedule SB, Part V — Summary of Plan Provisions

Effective Date

On December 31, 1991, prior plans were merged into the plan. The plan was last restated January 1, 2022 and last amended December 30, 2022. The following benefit multipliers for non-bargained hourly participants actively employed on January 1, 2017 became effective January 1, 2017:

- \$5 increase in the applicable multiplier for all years of service prior to 2017;
- \$10 increase in the applicable multiplier for service beginning in 2017.

The effective date for other applicable schedules is shown below:

Applicable Schedule	Effective Date
IUOE Local 428	November 23, 2020
Arizona Teamsters Local 104	April 11, 2004
AFL-CIO 4317 (Midwest)	December 4, 2001
AFL-CIO, Local 134 (Midwest)	January 1, 2023
IUOE Local 318 (Southern and Gulf)	April 15, 2000
Local Union 519 (Midsouth)	April 1, 1999

Eligibility

Hourly employee in the Construction Materials Division (non-bargained or a member of certain bargaining units) who is at least 21 years and has completed one year of employment service. Nonunion employees hired on or after July 15, 2007 are not eligible for the plan. Benefit accruals for Local 104 participants ceased as of July 9, 2007. See Table I for additional eligibility requirements.

As of December 31, 2018, former Arundel hourly participants who were accruing benefits in The Retirement Plan for Hourly Paid Employees of the Chemicals Division became eligible for this plan.

Normal Retirement

Eligibility

First day of the month following the sixty-fifth birthday.

Benefit

Dollar multiplier times benefit service (see Table 1).

Schedule SB Attachment (Form 5500) – 2024 Plan Year

CMG Hourly Pension Plan

EIN: 20-8579133 PN: 020

Early Retirement

Eligibility

Age 55 with five years of vesting service.

Benefit

Accrued benefit determined as in normal retirement, reduced actuarially for each month benefit commencement precedes normal retirement date. See Table 1 for exclusions.

Disability Retirement

Eligibility

Disability prior to January 1, 2008 with 15 years of employment service (five years of vesting service for Arizona Teamsters Local 104 and IUOE Local 428).

Benefit

Generally \$250 per month, with the following exceptions, payable to normal or early retirement:

Applicable Schedule	Disability Benefit
AFL-CIO 4317 (Midwest)	\$130 per month
AFL-CIO, Local 134 (Midwest)	\$130 per month
Local Union 519 (Midsouth)	\$100 per month

If benefit service is less than 15 years, benefit is reduced by ratio of years of benefit service to 15.

Upon normal or earlier actual retirement, the normal or early retirement benefit plus any excess of the disability retirement benefit over the sum of the normal or early retirement benefit and the age 65 Social Security benefit.

Termination

Eligibility

Five years of vesting service.

Benefit

Accrued benefit is determined as in normal retirement, reduced actuarially for each month benefit commencement precedes normal retirement date.

CMG Hourly Pension Plan
EIN: 20-8579133 PN: 020

Preretirement Death Benefits

On or After Age 55

A vested participant's eligible spouse is entitled to receive a monthly benefit equal to 44% of the participant's accrued benefit, adjusted for more than 60-month age difference between spouse and participant. The benefit is reduced for commencement prior to the participant's normal retirement date.

Before Age 55

A vested participant's eligible spouse is entitled to receive a monthly benefit determined as if the participant separated from service the day prior to death, or earlier termination date, lived to age 55 or the date the monthly benefit becomes payable, retired under the 50% joint and survivor option, and died the next day.

Form of Payment

Normal Form of Payment

Actuarial equivalent 50% joint and survivor annuity, if married; life annuity, if single with a 36 month guarantee for employees of Western Division IUOE Local 428 and Arizona Teamsters Local 104.

Optional Forms of Payment

Generally, life annuity; 50%, 66 $\frac{2}{3}$ %, 75%, or 100% joint and survivor; and 5, 10, or 15-year certain and life. For Western Division IUOE Local 428 and Arizona Teamsters Local 104, life annuity and 50% and 75% joint and survivor. The optional forms of payment are determined as the actuarial equivalent of the life annuity.

Schedule SB Attachment (Form 5500) – 2024 Plan Year

CMG Hourly Pension Plan

EIN: 20-8579133 PN: 020

Early Retirement Actuarial Equivalent

Generally, early retirement actuarial reduction factors are based on the 1983 Group Annuity Mortality Table for a 100% male population and an interest rate of 7.0%, as follows:

Age	Factor
55	0.378
56	0.413
57	0.452
58	0.496
59	0.545
60	0.600
61	0.661
62	0.731
63	0.809
64	0.898
65	1.000

For Western nonunion divisions, the reduction is 0.33% per month from age 65 to 62 and actuarial from age 62. For the Western union division IUOE Local 428, the reduction is 5/9% for each month that precedes age 62.

Summary of Plan Provisions for Former Arundel Corporation and Virginia Concrete Plan

Effective Date

January 1, 1957. Effective December 31, 2008, The Arundel Corporation and Virginia Concrete Company, Inc. was merged into The Retirement Plan for Hourly Employees of the Chemicals Division.

Effective December 31, 2018, former Arundel employees who were accruing benefits in The Retirement Plan for Hourly Paid Employees of the Chemicals Division were transferred into The Pension Plan for Hourly Paid Employees of the Construction Materials Division.

Eligibility

First of month following six months of service and attainment of age 20½. Participation was frozen as of January 1, 1996.

- As of May 9, 2003, former members of Teamsters Local No. 639 became eligible for the plan retroactive to October 1, 2000.

Normal Retirement

Eligibility

First of month next following age 65.

Benefit

Arundel Corporation

The monthly benefit equals the maximum of (1) and (2), multiplied by (3) (but not less than (4)):

- (1) 62% of final average compensation less 75% of primary Social Security benefit;
- (2) \$600;
- (3) A fraction (not to exceed 1), the numerator of which is the benefit service the participant would have based on employment with the employer to normal retirement and the denominator of which is 30;
- (4) Accrued benefit as of December 31, 1994.

Former Teamster

The monthly benefit equals the maximum of (1) and (2), reduced by (3) and (4):

- (1) 1⅔% of final average compensation less 1⅓% of primary Social Security benefit, times benefit service up to 30 years, plus ¾% of final average compensation times benefit service in excess of 30 years;

CMG Hourly Pension Plan

EIN: 20-8579133 PN: 020

- (2) Monthly pension based on benefit service to September 30, 1976, plus minimum monthly pension for each year of benefit service after September 30, 1976;
- (3) Lehigh Plan benefit;
- (4) Union benefit earned while an employee of the company.

Early Retirement

Eligibility

Age 50 with 15 years of service for Arundel participants.
Age 55 with five years of service for Teamsters participants.

Benefit

Retirement benefit reduced by 5/12% for each of the first 120 months prior to normal retirement and actuarially thereafter.

For Arundel Corporation, the normal retirement benefit is multiplied by a fraction (not to exceed 1) of benefit service as of determination date to benefit service projected to normal retirement date (not to exceed 30).

Teamsters' Early Retirement Temporary Annuity

Eligibility

For specified employees and their spouses, age 62 with 15 years of service.

Benefit

A temporary annuity of \$227.88 per month is payable until age 65 for the participant. Upon the spouse's attainment of age 62, a temporary annuity of \$126.15 per month is also payable until the spouse attains age 65.

Termination

Eligibility

100% vested with five years of vesting service.

Benefit

The benefit payable at normal retirement or reduced for early retirement if payment begins before normal retirement.

Preretirement Death Benefits

Benefit

A vested participant's eligible spouse is entitled to receive a monthly benefit determined as if the employee had separated from service immediately prior to death and had elected a 50% joint and survivor option. Benefit to spouse cannot begin before the date the participant would have been eligible for earliest retirement age.

Disability Benefits

Eligibility	Five years of service and qualifies for company's Long-Term Disability Plan.
Benefit	Participant continues to earn service and level compensation for each year of disability prior to commencing benefits. For commencement prior to normal retirement, the benefit is reduced by 5/12% for each of the first 120 months prior to normal retirement and actuarially thereafter.

Definitions

Vesting Service	One year of vesting service for each 12 months in which 1,000 hours of service are completed.
Benefit Service	One year of benefit service for each plan year in which 1,000 hours of service are completed. Prior to January 1, 1976, completed years and months of employment.
Teamsters Local No. 639 (former members)	Former members of Teamsters Local No. 639 begin to earn benefit service as of October 1, 2000. Each former Teamster will also be credited, on a pro rata basis, benefit service earned prior to October 1, 2000 (to a maximum of 20 years of prior service). Prior service is credited in an amount equal to prior service with Virginia Concrete through September 30, 2000/service from October 1, 2000 to age 60 for each year of benefit service after October 1, 2000. Participants over age 60 as of October 1, 2000 will be credited with the full amount of their prior service as of October 1, 2000.
Plan Year	January 1 to December 31.
Compensation	Earnings excluding overtime, bonuses, commissions, or other special compensation.
Final Average Compensation	For former Teamsters participants, highest average monthly compensation over the 36 consecutive calendar months during the last 120 calendar months immediately preceding termination of employment or the date participation ceased. For Arundel Corporation participants, highest average monthly compensation over any five consecutive plan years during the 10 plan years immediately preceding termination of employment or the date participation ceased.

Schedule SB, line 24 — Change in Actuarial Assumptions

The funding valuation reflects the following non-prescribed assumption changes:

- A change in the salary increase assumption for former Arundel participants from 3.50% per year to 4.50% per year.
- A change in the mortality assumption from the plan-specific mortality table using projection scale MP-2021 to the 2024 generational mortality tables for annuitants and non-annuitants per §1.430(h)(3)-1(b).

These changes were made to better reflect anticipated plan experience. These assumption changes did not reduce the funding shortfall; as such, approval of the Commissioner is not required.
