## INDEPENDENT AUDITORS' REPORT

Colville Tribal Federal Corporation  
Business Committee/Plan Administrator

Nespelem, Washington 99155

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of The Colville Tribal Federal Corporation Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of fiduciary net position as of December 31, 2024 and 2023, and the related statement of changes in fiduciary net position for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of The Colville Tribal Federal Corporation Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### Basis for Opinion on the Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of The Colville Tribal Federal Corporation Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The Colville Tribal Federal Corporation Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The Colville Tribal Federal Corporation Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The Colville Tribal Federal Corporation Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

## Supplemental Schedules Required by ERISA

The supplemental schedule of assets are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## Required Supplementary Information

Management has omitted the Management's Discussion & Analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

**NOTE 1 – DESCRIPTION OF THE PLAN**

The following description of the Colville Tribal Federal Corporation Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

**General**

The Plan is a single employer defined contribution pension plan established on January 1, 2007, with participation in the Plan beginning August 1, 2007. The Plan was amended, effective January 1, 2014, to change the plan name and sponsor. The Plan formerly known as Colville Tribal Enterprise Corporation Retirement Plan is now known as Colville Tribal Federal Corporation Retirement Plan. The Plan is sponsored by the Colville Tribal Federal Corporation (the Corporation), a component unit of The Confederated Tribes of the Colville Reservation (Tribe). The Plan covers all employees of the Colville Tribe Service Corporation, Colville Credit, Colville Tribe Federal Corporation, and Colville Casinos. The Plan utilizes both a third-party administrator and a third-party trustee.

**Contributions**

Under terms of the Agreement, the Tribe intends to make matching contributions of 25 percent of each participant's elective deferral for a maximum matching contribution equal to 1 percent of compensation. The Tribe passed an amendment effective October 1, 2017 to change matching contributions to 50 percent of each participant's elective deferral for a maximum matching contribution equal to 6 percent of compensation.

In addition, employees can make elective contributions to the Plan via payroll deductions. Effective January 1, 2014, the Plan was amended to allow employees to make Roth Elective Deferrals. Employees may defer up to 100 percent of their compensation with respect to the IRS 401(k) contribution limits.

The employer, in its sole discretion may make a non-elective contribution and will notify the Trustee in writing of the amount contributed. During 2024 and 2023 the Tribe made profit-sharing contributions of 3.00 percent of compensation for each participant. The eligibility requirements for non-elective contributions is the same as the general eligibility requirements as stated above.

**Forfeitures**

Forfeitures of employer matching contributions may be used for plan expenses or used to reduce future employer contributions. At December 31, 2024 and 2023, there was \$80,725 and \$61,108 and respectively, in forfeitures available to offset employer contributions or pay plan expenses. During the year ended December 31, 2024, \$102,137 was used to offset employer matching contributions other plan expenses.

**Investment Options**

Upon enrollment in the Plan, participants may direct their accounts to a variety of different investment options.

**Participant Accounts**

Individual accounts are maintained for each of the Plan's participants to reflect the participant's contributions and related employer matching contributions, as well as the participant's share of the Plan's income and any related administrative expenses. Allocations of income and expenses are based on the proportion that each participant's account balance bears to the total of all participant account balances. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds as investment options for participants. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**NOTE 1 – DESCRIPTION OF THE PLAN (Continued)**

**Vesting**

Employees are always 100 percent vested in their employee pretax account, rollover account, and earnings thereon. Employer contributions and related earnings will be vested in accordance with the following schedule:

<u>Years of Service for Vesting</u>	<u>Percentage</u>
1	20%
2	40%
3	60%
4	80%
5	100%

The Plan document defines a year of service as a 12-consecutive-month period during which an employee is credited with at least 1,000 hours of service. For vesting purposes, the 1,000 hours is measured based on a Plan year as opposed to the anniversary of the date of hire.

**Termination of the Plan**

The sponsor can terminate the Plan and Trust by filing written notice thereof with the Administrator and Trustee and by completely discontinuing contributions to the Plan. Upon any such termination, the Trustee will continue to administer the Trust until distribution has been made to the participants and other payees, which distribution must occur as soon as administratively feasible after the termination of the Plan. However, the Administrator may elect not to distribute the accounts of participants and other payees upon termination of the Plan but instead to transfer the entire trust fund assets and liabilities attributable to this terminated Plan to another qualified plan maintained by the employer or its successor.

**Vesting Requirement**

Upon complete termination of the Plan, all participants who are affected by the termination, all participants who have not incurred a termination of employment, and all participants who have incurred a termination of employment but have not incurred a 5-year break in service will have a 100 percent vested interest in their unpaid participants' accounts. Upon partial termination of the Plan only those participants who have incurred a termination of employment on account of the event which caused the partial termination but have not incurred a 5-year break in service will automatically have a 100 percent vested interest in their unpaid participants' accounts to the date of partial termination.

**Payment of Benefits**

On termination of service due to death, disability, or retirement, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

**Discontinuance of Contributions Only**

The Sponsor may elect at any time to completely discontinue contributions to the Plan but continue the Plan in operation in all other respects, in which event the Trustee will continue to administer the Trust until eventual full distribution of all benefits has been made to the participants and other payees after their death, retirement, disability or termination of employment. Any such discontinuance of contributions without an additional notice of termination from the sponsor to the Administrator and Trustee will not constitute a termination of the Plan.

**NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**Basis of Accounting**

The financial statements of the Plan have been prepared in accordance with U.S. generally accepted accounting principles (US. GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standards setting body for establishing governmental accounting and financial reporting principles. The Plan utilizes the basis of accounting applicable financial reporting framework used by tribal entities which meet the definition of a government.

The Plan financial statements are reported using the economic resources measurement focus and the accrual basis of accounting.

Investments are recorded at current value (fair value). The fair value of investments is determined daily by the asset manager using the Net Asset Value for each investment option selected for use by participants.

The change between the current value and the adjusted cost of investments is reflected in the statement of changes in net assets available for benefits as the net appreciation or depreciation in fair value of Plan net assets. Realized gains and losses on sales of securities are included with the net appreciation or depreciation in the statement of changes in fiduciary net position.

Contributions made to the Plan are recognized as additions to Plan assets when due. Benefits paid are recognized as deductions from Plan assets when incurred. There are significant administration costs being absorbed by the Tribe.

**Cash and cash equivalents**

Cash includes amounts in demand deposits as well as cash in time deposits and other investments with a maturity date of three months or less.

**Estimates**

The preparation of financial statements in accordance with U.S. GAAP requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

**Revenue Sharing Contributions and Expenses**

Revenue sharing contributions is the difference in fees paid to the Plan by the Plans mutual funds and the fees charged by the Plans TPA for record keeping services. Revenue sharing contributions are recorded in the Plan when received by the Plan and used to pay Plan Expenses. Expenses are recorded as accrued by the Plan.

**Investment Valuation**

The investments are reported at fair value, as certified by the Plan's custodian, Matrix Trust Company. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for disclosure of fair value measurements.

**NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Income Recognition**

Purchases and sales of investments are recorded on a trade date basis. Interest income is recorded on the accrual basis and interest income from notes receivable from participants is recognized when paid, primarily monthly. Net appreciation includes interest, dividends, and gains and losses on investments bought and sold as well as held during the year.

**Payment of Benefits**

Benefits are recorded when approved or deemed a distribution.

**Liability**

The miscellaneous liability is related to unclaimed checks that have been returned to the Plan that need to be distributed

**NOTE 3 – INVESTMENT INFORMATION PREPARED AND CERTIFIED BY TRUSTEE**

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the following information included in the accompanying financial statements and supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) was obtained from data that has been prepared and certified as complete and accurate by Matrix Trust Company, the plan trustee:

	2024	2023

**NOTE 4– CASH AND INVESTMENTS**

**Custodial Credit Risk**

Custodial credit risk is the risk that, in the event of a bank failure, the Plan’s deposits may not be returned to it. The Plan does not have a deposit policy for custodial credit risk. As of December 31, 2024 and 2023, the Plan’s deposits were exposed to custodial credit risk as follows:

	2024	2023
Deposits without exposure to custodial credit risk		
Amount insured by FDIC or other agencies	\$ 47,100	\$ 46,771
Deposits with exposure to custodial credit risk		
Amount collateralized with securities held in trust, but not in the Plan's name	17,493,770	15,453,423
Total	\$ 17,540,870	\$ 15,500,194

**Fair Value Measurements**

GASB provides the framework for measuring fair value. The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

**Level 1:** Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

**Level 2:** Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

**Level 3:** Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

**Fair Value Measurements (Continued)**

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value:

	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 16,830,410			\$ 16,830,410
Money Market Fund	663,360	-	-	663,360
Total Assets at Fair Value	\$ 17,493,770	\$ -	\$ -	\$ 17,493,770

	Assets at Fair Value as of December 31, 2023			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 14,864,821			\$ 14,864,821
Money Market Fund	588,602	-	-	588,602
Total Assets at Fair Value	\$ 15,453,423	\$ -	\$ -	\$ 15,453,423

**NOTE 5 – PARTIES-IN-INTEREST TRANSACTIONS**

For the year ended December 31, 2024, Department of Labor (DOL) requires transactions with parties-in-interest to be disclosed. There were no related-party transactions.

A party-in-interest, as defined by the DOL, is anyone who provided services to the Plan during the plan year. Northwest Plan Services is the plan administrator. Matrix Trust company is the trustee as defined by the Plan and, therefore, the investment transactions qualify as party-in interest transactions.

**NOTE 6 – PLAN TERMINATION**

Although it has not expressed any intent to do so, the Corporation has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Corporation may determine.

**NOTE 7 – RISKS AND UNCERTAINTIES**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment Securities will occur in the near term and that such change could materially affect participants' account balances and the amounts reported in the Statement of Fiduciary Net Position.

**Interest rate risk** – Interest rate risk arises from the likelihood that interest rates will rise or fall during the holding period of a fixed-rate security and adversely affect the selling price of the security prior to maturity. The price of a debt security typically moves in the opposite direction of the change in interest rates. As of December 31, 2024, the Plan had the following investments subject to interest rate risk:

<u>Fund</u>	<u>Weighted Average (Years)</u>
Corporate Bond Funds	4.99

**Credit risk** – Credit risk exists when there is a possibility that the issuer or other counterparty to an investment may be unable to fulfill its payments on a security under the original term. As of December 31, 2024, the Plan had the following credit quality mix in its fixed income securities:

<u>Rating</u>	<u>Investment Type</u>	<u>Amount</u>
AAA	Corporate Bond Funds	1,013,151
AA	Corporate Bond Funds	1,790,625
A	Corporate Bond Funds	763,895
BBB	Corporate Bond Funds	743,843
BB	Corporate Bond Funds	90,487
B	Corporate Bond Funds	78,748
Below B	Corporate Bond Funds	213,111

**NOTE 8 – TAX STATUS**

The IRS has determined and informed the Plan sponsor by a letter dated April 14, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

The Plan is subject to routine audits by taxing jurisdictions. In general, the Plan's returns are subject to examination by federal tax authorities for a period of three years beginning with the later of the due date of the return or the date they are filed. There are currently no examinations in progress.

**NOTE 9 – SUBSEQUENT EVENTS**

Subsequent events were evaluated through October 8, 2025.
