INDEPENDENT AUDITOR'S REPORT

To the Trustees
Goodwill Industries of Lane & South Coast Counties 403(b) Plan
Eugene, Oregon

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Goodwill Industries of Lane & South Coast Counties 403(b) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Goodwill Industries of Lane & South Coast Counties 403(b) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Goodwill Industries of Lane & South Coast Counties 403(b) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Goodwill Industries of Lane & South Coast Counties 403(b) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Goodwill Industries of Lane & South Coast Counties 403(b) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Goodwill Industries of Lane & South Coast Counties 403(b) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule, as listed in the table of contents, as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

GOODWILL INDUSTRIES OF LANE & SOUTH COAST COUNTIES 403(b) PLAN
NOTES TO FINANCIAL STATEMENTS

1. Plan Description

The following description of Goodwill Industries of Lane & South Coast Counties 403(b) Plan (the Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions. The Board of Trustees oversees the governance of the Plan.

General

Established January 1, 2003, the Plan is a defined contribution plan covering substantially all employees of Goodwill Industries of Lane & South Coast Counties, Inc. (the Organization), and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and is intended to be qualified under section 403(b) of the Internal Revenue Code (IRC). The Plan's most recent restatement was effective January 1, 2018. Employees become eligible to participate in the Plan upon their date of hire.

Contributions

Participants may elect cash amounts to be contributed to their account on a pre-tax basis in lieu of receiving cash payments directly as salary or wages. However, such amounts may not cause the participant's total contributions to exceed limitations provided by the IRC. Additionally, employees age 50 or older or who will attain age 50 before the end of the calendar year are eligible to contribute "catch-up" contributions up to Internal Revenue Service (IRS) limits. The Plan also allows for participants to make rollover contributions from existing qualified plans into the Plan.

The Organization may contribute matching contributions to the Plan at its discretion. The percentage of the matching contribution is to be determined by the Organization each year. Employees become eligible for matching contributions when they reach age 18 and complete one year of service with at least 1,000 hours of service. The Plan excludes those participants who are considered Highly Compensated Employees (HCE), as defined by the Plan, from receiving matching contributions. In 2024 and 2023, the Organization made a matching contribution to non-HCE's based on participant elective deferrals. The matching contribution was 150% of each participant's elective deferrals in 2024 and 2023, up to the maximum rate, which is based on years of service as follows:

<u>Years of Service</u>	<u>Maximum Rate</u>
0 - 5 years	4%
6 - 10 years	5%
11+ years	6%

During the year ended December 31, 2024, \$9,033 of employer contributions were contributed in advance of allocation. These contributions were allocated to participants in the year ended December 31, 2025. There were no advance contributions in 2023.

The Organization may also make discretionary non-elective contributions; there were none for 2024 and 2023.

Participants may direct the investment of their contributions into various mutual fund investments offered through Ascensus Trust Company, the custodian of the Plan.

GOODWILL INDUSTRIES OF LANE & SOUTH COAST COUNTIES 403(b) PLAN
NOTES TO FINANCIAL STATEMENTS

1. Plan Description, continued

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Organization's contributions and (b) Plan earnings or losses, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 and up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the participant's loan fund. Loan terms are up to five years unless the loan term qualifies as a principal residence loan, in which case the term of the loan is not to exceed 15 years. The loans are secured by the balance in the participant's account and bear interest at a reasonable rate at the time of origination as determined by the Plan Administrator. Interest rates range from 5.25 percent to 10.50 percent with various maturities through June 2029.

Vesting

Participants are immediately vested in their deferral contributions. Participants shall become 100 percent vested in the event of death or disability. Vesting in employer matching and non-elective contributions is based on the number of years of service.

Years of Service		
1	2	3
33%	67%	100%

Payment of Benefits

Upon termination of service or in the event of death, the value of a participant's account is payable, at each participant's or beneficiary's option, in a single lump-sum payment. In-service distributions are available at attainment of age 59½. Hardship distributions are not permitted.

Forfeitures

Forfeitures are the non-vested portion of a participant's account upon termination of employment. Forfeitures are retained in the Plan and used to pay Plan administrative expenses or reduce future employer contributions. Total amounts forfeited in 2024 and 2023 were \$6,759 and \$5,676, respectively. For the years ended December 31, 2024 and 2023, \$10,788 and \$-0-, respectively, of forfeited non-vested accounts were used to pay Plan expenses and reduce employer matching contributions. There were \$2,360 and \$6,040 of forfeitures available for use at December 31, 2024 and 2023, respectively. Subsequent to year end, an additional amount of over funded contributions of \$11,641 was forfeited from participant accounts and an additional \$2,608 was used to correct undermatched accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets during the reporting period. Accordingly, actual results may differ from those estimates.

Contributions

Participant contributions are recorded in the year in which they are withheld from compensation.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Investment income is recorded on the accrual basis. The net change in fair value of investments consists of gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2024 and 2023, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the Plan Administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan Document.

Payment of Benefits

Benefits are recorded when paid.

2. Summary of Significant Accounting Policies, continued

Administrative Expenses and Fees

Administrative expenses charged by the Plan custodians are paid by the Plan. Fees for distributions and the administration of notes receivable from participants are included in administrative expenses and charged directly to the participant's account. The Organization pays all legal, accounting, and certain administration fees on behalf of the Plan; these expenses are excluded from these financial statements. Investment related expenses are included in net change in fair value of investments.

Recent Accounting Standard Adopted

On January 1, 2023, the Plan adopted Accounting Standards Update (ASU) 2016-13 Financial Instruments - Credit Losses (Topic 326): *Measurement of Credit Losses on Financial Instruments, and all related amendments* (ASC 326), which replaced the incurred loss methodology for recognizing credit losses with an expected loss methodology that is referred to as the current expected credit loss (CECL) methodology. CECL requires an estimate of lifetime expected credit losses to be recognized for financial assets based on historical experience, current conditions, and reasonable and supportable forecasts, and for the financial assets to be presented at the net amount expected to be collected on the statements of net assets available for benefits. The financial assets held by the Plan that are subject to ASC 326 are employer contributions receivable and participant contributions receivable.

The Plan adopted ASC 326 effective January 1, 2023. There was no impact to the financial statements as a result of adopting this standard.

3. Fair Value Measurements

Financial Accounting and Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

GOODWILL INDUSTRIES OF LANE & SOUTH COAST COUNTIES 403(b) PLAN
NOTES TO FINANCIAL STATEMENTS

3. Fair Value Measurements, continued

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to their fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2024 and 2023.

Registered investment companies: These funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and considered to have a readily determinable fair value.

Interest-bearing cash: Cash equivalent funds held by the Plan are valued at cost, which approximates fair value.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair value. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

	Assets at Fair Value as of December 31, 2024

4. Information Certified by the Plan's Custodian

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Ascensus Trust Company, the custodian of the Plan, has certified that the following information included in the accompanying financial statements and supplemental schedule is complete and accurate as of and for the years ended December 31:

	<u>2024</u>	<u>2023</u>
Investments, at fair value:		
Interest-bearing cash	\$ 22,604	\$ 38,393
Registered investment companies	6,293,850	5,035,876
Notes receivable from participants	39,460	56,314
Investment income:		
Net change in fair value of investments	731,038	745,816
Dividend income	115,668	100,288
Interest income	1,293	-
Interest income on notes receivable from participants	3,622	3,345

5. Party in Interest Transactions

Certain Plan investments are managed by an affiliate of Ascensus Trust Company (Ascensus), the custodian. Fees paid to the custodian include indirect compensation included in net change in fair value of investments. These party in interest transactions are exempt from the prohibited transaction rules of ERISA.

6. Plan Termination

Although it has not expressed any intent to do so, the Organization has the right to discontinue its contributions and terminate the Plan at any time, subject to the provisions of ERISA. In the event of full or partial Plan termination, affected participants would become 100 percent vested in their employer contributions.

7. Tax Status

The Plan has adopted a volume submitter 403(b) plan sponsored by CCH Incorporated (dba FTWilliam.com). CCH Incorporated received an opinion letter from the Internal Revenue Service (IRS) dated March 31, 2017, that the adoption agreement and basic plan document satisfy IRC Section 403(b). Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of IRC.

GOODWILL INDUSTRIES OF LANE & SOUTH COAST COUNTIES 403(b) PLAN
NOTES TO FINANCIAL STATEMENTS

7. Tax Status, continued

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan provides for various investment options in fixed income securities and mutual funds. Investment securities are exposed to various risks such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in values in the near term would materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

9. Subsequent Events

Management evaluates events and transactions that occur after the statement of net assets available for benefits date as potential subsequent events. Management has performed this evaluation through the date of the independent auditor's report.
