KLA Corporation Short Term Disability Income Protection Plan

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of KLA Corporation Short Term Disability Income Protection Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of benefit obligations and net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in benefit obligations and net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the benefit obligations and net assets available for benefits of KLA Corporation Short Term Disability Income Protection Plan as of December 31, 2024 and 2023, and the changes in its benefit obligations and net assets available for benefits for the year ended December 31, 2024, in accordance with accounting principles generally accepted in the United States of America (GAAP).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of KLA Corporation Short Term Disability Income Protection Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about KLA Corporation Short Term Disability Income Protection Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of KLA Corporation Short Term Disability Income Protection Plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about KLA Corporation Short Term Disability Income Protection Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Short Term Disability Income Protection Plan

Notes to Financial Statements

NOTE 1 – THE PLAN AND ITS SIGNIFICANT ACCOUNTING POLICIES

General – The following description of the KLA Corporation Short Term Disability Income Protection Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

The Plan was started on January 1, 1995, by KLA Corporation (the Company). The Plan is a self-insured health and welfare plan available to all regular U.S. employees of the Company and its subsidiaries residing outside of the state of California. All eligible employees are automatically enrolled in the Plan.

The Plan administrator believes that the Plan is currently designed and operated in compliance with the applicable requirements of the Internal Revenue Code (the Code) and the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Administration – The Company has appointed the Plan administrator to manage the operation and administration of the Plan. The Company contracted with a third-party administrator, Aflac Incorporated, to manage the operation and administration of the Plan. Substantially all expenses incurred for administering the Plan are paid by the Company.

Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, future benefit obligations, claims payable, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Basis of accounting – The financial statements of the Plan are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America. Accordingly, contributions are recorded as earned, while claims payable and claims incurred but not reported as of the balance sheet date are included in the statements of benefit obligations.

Cash – Cash consists of deposits in a noninterest-bearing cash account at a single bank and at times may be in excess of the federally insured limits.

Investment valuation and income recognition – The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 2 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest and dividend income is recorded on the accrual basis.

Payment of benefits – Benefit payments are recorded when paid.

Income taxes – The Trust funding the Plan has not received an exemption letter from the Internal Revenue Service stating that the Trust is tax-exempt under Section 501(a) of the Code as a Voluntary Employee Beneficiary Association; therefore, the Trust is a taxable trust. As an employee welfare benefit plan, the Plan and Trust are required to operate in conformity with the Code and ERISA. The Plan administrator believes the Plan and the Trust are operating in compliance with those requirements. Income tax obligations of the Plan, if any, are paid by the Company.

Notes to Financial Statements

In accordance with guidance on accounting for uncertainty in income taxes, management evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Subsequent events – The Plan has evaluated subsequent events through October 8, 2025, which is the date the financial statements were available to be issued.

NOTE 2 – FAIR VALUE MEASUREMENTS

The fair value measurements standard establishes a framework for measuring fair value. That framework provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the standard are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted market prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

KLA Corporation
Short Term Disability Income Protection Plan
Notes to Financial Statements

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2024 and 2023.

Money market fund: Valued at the daily closing price as reported by the fund. The money market fund held by the Plan is an open-end fund that is registered with the U.S. Securities and Exchange Commission. This fund is required to publish its daily net asset value and to transact at that price. The fund held by the Plan is deemed to be actively traded.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

	2024			
	Level 1	Level 2	Level 3	Total
Money market fund	\$ 2,930,626	\$ -	\$ -	\$ 2,930,626
Total assets at fair value	<u>\$ 2,930,626</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 2,930,626</u>
	2023			
	Level 1	Level 2	Level 3	Total
Money market fund	\$ 2,783,030	\$ -	\$ -	\$ 2,783,030
Total assets at fair value	<u>\$ 2,783,030</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 2,783,030</u>

NOTE 3 – CONTRIBUTIONS AND BENEFIT PAYMENTS

The Plan provides for participant contributions to be made in the form of payroll withholdings. Contributions are deposited in a trust account. In 2024, participant contributions were 0.3% of their compensation, as defined by the Plan, up to a maximum annual contribution of \$675. In the event participant contributions are insufficient to meet the liabilities of the Plan, the Company may contribute amounts necessary to properly maintain and operate the Plan. No employer contributions have been made to the Plan in 2024.

The Plan provides income protection during short-term disabilities up to a duration of 52 weeks. Claimants are eligible to receive 75% of their current regular weekly wages for the first 12 weeks, then 66.67% of their current regular weekly wages for the next 14 weeks, then 60% of their current regular weekly wages for the next 26 weeks for full-time employees for the year ended December 31, 2024. There are no maximum weekly benefits.

NOTE 4 – BENEFIT OBLIGATIONS

At December 31, 2024 and 2023, benefit obligations are comprised of claims reported during the year, as well as management's estimate of future obligations required to settle claims that arose during the year, but not reported until the following year. The estimate is based on an analysis of actual payments subsequent to the Plan's year end.

NOTE 5 – PLAN TERMINATION OR MODIFICATION

The Company intends to continue the Plan indefinitely for the benefit of its employees; however, it reserves the right to terminate or modify the Plan at any time by resolution of its Board of Directors and subject to the provisions of ERISA. Upon termination of the Plan, participants whose disability commenced prior to termination are entitled to their full benefits under the terms of the Plan. Any remaining undistributed funds are to be disposed of, to or for the benefit of covered individuals. In the event that benefits due and payable exceed available funds, the Company will contribute such amounts as may be necessary to ensure continuance of such benefit payments.
