To the Administrative Committee
The Arora Group Inc 401(k) Plan
Gaithersburg, Maryland

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of The Arora Group Inc 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C), which comprise the statement of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

OTHER MATTERS

Supplemental Schedule Required by ERISA

The supplementary information, as listed in the accompanying table of contents, is presented for purposes of additional analysis and is not a required part of the financial statements but is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. **THE ARORA GROUP INC 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2024**

1. Plan description:

The following description of The Arora Group Inc 401(k) Plan provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan originally effective January 1, 2000, and restated on October 5, 2021, covering all employees with no service requirement. The Plan has no age requirement. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Sponsor is responsible for oversight of the Plan, for determining the appropriateness of the Plan's investment offerings, and for monitoring investment performance.

Administration:

The Plan is sponsored by The Arora Group Inc (the Company). The Plan is administered by Fidelity Management Trust Company. At December 31, 2024 there was one trustee.

Contributions:

The Plan is a qualified defined contribution plan established under the provisions of Internal Revenue Code Section 401(k) covering substantially all eligible employees electing to participate. The employees may contribute up to \$23,500 (\$30,500 for participants age 50 and over) or 90% of annual compensation to the Plan annually. Effective August 1, 2016, the Plan has automatic enrollment. As of April 2, 2018, auto enrollment includes annual automatic increases of 1% up to a maximum rate of 10% of compensation. The company also has the option to make both a matching and discretionary profit-sharing contribution, which is determined annually by the Company's board of directors. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. During the years 2024 and 2023, the Company did not make any employer match or discretionary profit-sharing contributions.

Participant accounts:

Each participant's account is credited with the participant's contribution, the Company's contribution (see "Contributions") and an allocation of net investment earnings. Allocations are based on account balance as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Each participant's account is divided into sub-accounts known as a voluntary contribution account, an employer contribution account, and where applicable, a rollover contribution account. The Plan permits each participant to direct their investment to any of the 32 funds held by Fidelity.

Vesting:

Participants are immediately vested in all their contributions, including employer contributions, plus actual earnings thereon.

**THE ARORA GROUP INC 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2024**

1. Plan description (continued):

Notes receivable from participants:

Plan participants were previously allowed to borrow from their fund accounts a minimum of \$1,000 up to the lesser of \$50,000, reduced by any outstanding loan balance, or fifty percent (50%) of their vested balance. The loans are secured by the balance in the participant's account and bear interest rates ranging from 4.25 to 9.50 percent, which are commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest are paid ratably each pay day through payroll deductions. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan is in default, the participant loan balance is reduced and a deemed distribution is recorded.

Payment of benefits:

On termination of service, a participant whose vested account balance does not exceed \$5,000 will receive a lump sum payment. For balances exceeding \$5,000, a participant may elect either lump sum equal to the value of his or her account upon reaching retirement age.

Forfeited accounts:

At December 31, 2024 and 2023, forfeited nonvested accounts totaled \$5,506 and \$3,885, respectively. These accounts will be used to reduce future employer contributions. Also, in 2024, employer contributions were reduced by \$0 from forfeited nonvested accounts.

2. Summary of significant accounting policies:

Use of estimates:

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Basis of accounting:

The financial statements of the Plan have been prepared on the accrual basis of accounting.

Notes receivable from participants:

Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

Investment valuation and income recognition:

The Plan's registered investments are recorded at fair value. Shares of mutual funds, managed by Fidelity, are based on quoted market prices, which represent the net asset value of shares held by the Plan at year end. Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

**THE ARORA GROUP INC 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2024**

2. Summary of significant accounting policies (continued):

Payment of benefits:

Benefits are recorded when paid.

Operating expenses:

Some of the administrative expenses are paid by the Company. Certain transaction fees are paid by the Plan.

3. Contract administrator's certification:

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Investments held at December 31, 2024 and 2023, investment income or loss for the year ended December 31, 2024, that are disclosed in the accompanying financial statements and supplementary information, were obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity. The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplementary information.

4. Risks and uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

5. Tax status:

The prototype plan document, which the plan has adopted via a non-standardized adoption agreement, obtained its latest determination letter on June 30, 2020 in which the IRS stated that the prototype plan and related trust, as then designed, was acceptable in accordance with applicable sections of the Internal Revenue Code (the IRC). Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2024, no uncertain positions are taken or expected to be taken that would require recognition of a liability (or asset) of disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in process. The plan administrator believes it is no longer subject to income tax examinations for years prior to December 31, 2021.

**THE ARORA GROUP INC 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2024**

6. Plan termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent vested in their accounts.

7. Fair Value Measurements:

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs used to measure value into three levels. The fair value hierarchy gives the highest priority to quoted prices in active markets for identical assets (level 1) and lower priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in an active market that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include: (1) Quoted prices for similar assets or liabilities in active markets; (2) Quoted prices for identical or similar assets or liabilities in inactive markets; (3) Inputs other than quoted prices that are observable for the asset or liability; and (4) Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Cash: Cash is valued at level 1.

Registered investment companies: The fair values of mutual fund investments are obtained from the fund manager and are based on quoted prices. These investments are classified as level 2.

Common/collective trusts: The fair values of common collective trusts are obtained from the fund manager and are based on quoted prices. These investments are classified as level 2.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

Assets at Fair Value, December 31, 2024:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

Contributions receivable, December 31, 2024		(14,396)
Net employee contributions on Schedule H on Form 5500		<u>\$ 2,472,421</u>

9. Subsequent events:

The Plan has evaluated subsequent events through October 4, 2025, the date the report is available for issuance. No events requiring recognition or disclosure in the financial statements were identified.

10. Related party transactions:

Plan investments include units of common/collective trusts and shares of registered investment companies (mutual funds) held by Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee as defined by the Plan, and, therefore, these transactions qualify as party-in-interest transactions. However, such transactions are exempt under Section 408(b)(8) and are not prohibited by ERISA. Fees paid by the Plan for management services totaled \$111,259 for the year ended December 31, 2024.
