Report of Independent Auditors

To the Plan Administrator and Participants of the
Orora Visual Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Orora Visual Retirement Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (“ERISA”), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Orora Visual Retirement Savings Plan’s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor’s Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Orora Visual Retirement Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Orora Visual Retirement Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Auditors' Responsibilities for the Audit of the Financial Statements (continued)

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Orora Visual Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Orora Visual Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America. We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedules, including the Schedule H, Line 4i— Schedule of Assets (Held at End of Year) as of December 31, 2024, and Schedule H, Line 4a— Schedule of Delinquent Participant Contributions for the year ended December 31, 2024, are presented for purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2024 and 2023, and for the Year Ended December 31, 2024

1. Description of Plan

The following description of the Orora Visual Retirement Savings Plan (the “Plan”) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution 401(k) plan available to qualifying employees of Orora Clifton, LLC, formerly Orora Visual, LLC, (the “Company” or “Plan Sponsor”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

Plan Amendments

Effective January 1, 2024, the third-party administrator was changed from FuturePlan by Ascensus to Loren D Stark Co (“LDSCO”). In conjunction with the transition, the Plan was amended and restated to change the employer matching contribution to a rigid discretionary match, capped at 10% of participants’ compensation.

On July 24, 2024, the Plan was amended to bring the Plan in compliance with the Setting Every Community Up Retirement (“SECURE”) Act.

SECURE 2.0 Act

On December 23, 2022, Congress passed the Consolidated Appropriations Act of 2023, which included the Setting Every Community Up Retirement Act (“SECURE”) 2.0 Act. SECURE Act 2.0 contains over 90 new retirement provisions, with varying effective dates through 2033. Since the provisions of SECURE Act 2.0 include both required and optional elements, applicable provisions will be evaluated and implemented in accordance with accompanying regulations and guidance prior to the deadline, December 31, 2026. Effective January 1, 2023, the age requirement for minimum distributions was raised to 73 from 72 for any participant who turns 72 on or after January 1, 2023. Certain provisions became effective for 2024, including changes to long-term part-time eligibility. These changes had no material impact on the Plan’s 2024 financial statements.

Eligibility

All employees of the Company, with the exception noted below, who have attained the age of 18, are eligible to enter the Plan on the first day of the month after completing 3 months of service within a 12 month period. The Plan grants employees of certain acquired companies (as outlined in the Plan provisions) with credited years of service for purposes of eligibility and vesting.

Contributions

Participant Contributions

Employees may elect to defer up to 92% of their annual pre-tax compensation to the Plan, subject to Internal Revenue Service (“IRS”) limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. Newly eligible participants of the Plan are automatically enrolled, at a pre-tax deferral rate of 6%, 90 days after meeting the eligibility requirements unless affirmatively elected not to participate in the Plan. Participants enrolled at the automatic deferral percentage experience a 1% automatic increase at the beginning of each Plan year until a maximum of 15% is reached.

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2024 and 2023, and for the Year Ended December 31, 2024

1. Description of Plan (continued)**Contributions (continued)*****Employer Rigid Discretionary Matching Contributions***

The Company, at the sole discretion of its board of directors, may elect to make matching contributions, that are no more than 10% of a participant's compensation. Employees are required to complete six months of service to be eligible to receive employer matching contributions. Eligible participants received a discretionary employer match equal to 50% of each participants' contribution, subject to a maximum of 6% of eligible compensation for the year ended December 31, 2024.

Employer Profit Sharing Contributions

The Company, at the discretion of its board of directors, may also make discretionary profit sharing contributions to the Plan. The allocation of discretionary profit sharing contributions is based on the proportion an individual participant's compensation bears to the compensation of all eligible participants employed by the Company for the plan year. Employees are required to complete six months of service, defined as 1,000 hours, to be eligible to receive employer profit sharing contributions. Additionally, employees must be employed on the last day of the Plan year to be eligible to receive employer profit sharing contributions. No such contributions were made for the year ended December 31, 2024.

Contributions from plan participants and the associated matching contributions from the Company are recorded in the year in which the employee contributions are withheld from compensation.

Participant Accounts

Each participant's account is credited with the participant's contributions and the participant's allocation of any Company contributions. Earnings and losses are credited to each participant account based on the performance of the underlying investments. Contributions and earnings are allocated among investment options, which include a guaranteed investment contract and various separate accounts, as selected by the participant.

Vesting

Participants are always fully vested in their deferral contributions and any earnings thereon. Participants vest in employer contributions over three years at a rate of 33.3% each year, beginning in year one. Participants also become fully vested upon termination of employment because of death, disability, or attainment of age 65, the Plan's normal retirement age. Forfeited balances of terminated participants' nonvested accounts are used first to pay administrative expenses incurred by the Plan. Any remaining forfeitures are then used to reduce employer contributions or pay Plan expenses.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at a rate of Prime plus 1% at the time of inception. Participants may have a maximum of one loan outstanding at one time. The loans are repaid ratably through payroll deductions over a period of five years or less, unless such loan is for the purchase of a participant's primary residence.

NOTES TO FINANCIAL STATEMENTS*As of December 31, 2024 and 2023, and for the Year Ended December 31, 2024*

1. Description of Plan (continued)**Payment of Benefits**

Upon termination of service due to death, disability, retirement or termination of employment, a participant may elect to receive a lump-sum distribution, installment payments or a direct rollover distribution. A participant may withdraw part of the vested interest in his or her account upon attainment of age 59 ½, subject to plan provisions.

Forfeited Accounts

As of December 31, 2024 and 2023, the amounts of unallocated forfeitures available for future use totaled \$7,977 and \$2,568, respectively. Participants forfeited \$7,785 during the year ended December 31, 2024. During the year ended December 31, 2024, forfeited amounts of \$2,593 were utilized to reduce Plan expenses.

2. Summary of Significant Accounting Policies**Basis of Accounting**

The accompanying financial statements have been prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments held by the Plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Fair value is the price that would be received to sell an asset or paid to transfer a liability (an exit price) in an orderly transaction between market participants at the measurement date. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. Refer to Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus an accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded directly to participant's accounts and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 and 2023. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2024 and 2023, and for the Year Ended December 31, 2024

2. Summary of Significant Accounting Policies (continued)

Benefit Payments

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to administration of notes receivable and distributions from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Excess Contributions Payable

Amounts payable to participants in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan failed to distribute the excess contributions related to the Plan year ended December 31, 2024 and 2023 to the applicable participants prior to March 15, 2025 and 2024, respectively; however, these amounts were distributed on March 18, 2025 and August 16, 2024, respectively. As the corrective action was not taken within 2 ½ months following the end of the Plan year, the plan administrator is required to pay a 10% excise tax on this amount. Such excise taxes are not permitted to be paid from Plan assets.

Qualified Domestic Relations Order

The Qualified Domestic Relations Order ("QDRO") procedure is to establish a reasonable and consistent procedure for determining the qualified status of a domestic relations order and for making distributions pursuant to a domestic relations order which qualifies under Internal Revenue Code Section 414(p).

Recently Adopted and New Accounting Principles

In June 2016, the FASB issued ASU No. 2016-13, *Financial Instruments - Credit Losses (Topic 326): Measurement of Credit Losses on Financial Instruments*, and subsequent amendments to the initial guidance, ASU 2019-10. This accounting standard changes the methodology for measuring credit losses on financial instruments and the timing of when such losses are recorded. ASU No. 2016-13 is effective for fiscal years, and interim periods within those years, beginning after December 15, 2022. The Plan adopted the provisions of ASU 2016-13 for the year ended December 31, 2023. The adoption of this standard did not have a material impact on the Plan's financial statements.

Reclassifications

Certain reclassifications have been made to the prior year balances to conform to the current year's presentation.

Subsequent Events

Subsequent events have been evaluated through the date of the report of independent auditors, which is the date these financial statements were available to be issued. Other than the matter disclosed in Note 11, there were no material subsequent events that required recognition or additional disclosure in these financial statements.

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2024 and 2023, and for the Year Ended December 31, 2024

3. Information Certified by the Plan's Custodian (unaudited)

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments and notes receivable from participants held at December 31, 2024 and 2023, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Voya Retirement Insurance and Annuity Company, the custodian of the Plan.

4. Fair Value Measurements

Fair value is the price that would be received to sell an asset or paid to transfer a liability (an exit price) in an orderly transaction between market participants at the measurement date. The fair value hierarchy prioritizes the inputs used to measure fair value, giving the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under FASB accounting guidance are described below:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
---------	---

Level 2	Inputs to the valuation methodology include: <ul style="list-style-type: none">• Quoted prices for similar assets or liabilities in active markets;• Quoted prices for identical or similar assets or liabilities in inactive markets;• Inputs other than quoted prices that are observable for the asset or liability;• Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
---------	---

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.
---------	---

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2024 and 2023, and for the Year Ended December 31, 2024

4. Fair Value Measurements (continued)

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Separate accounts: Valued at the net asset value (“NAV”) (or “unit value”) of the units held by the Plan at year-end based on information reported by the custodian. The NAV is used as a practical expedient to estimate fair value. The NAV of each of the separate accounts is calculated in a manner consistent with the U.S. GAAP for investment companies and is determinative of their fair value and represent the price at which the Plan would be able to initiate a transaction. Several of the separate accounts invest in publicly quoted mutual funds or actively managed stocks. Some of the separate accounts also invest in fixed income securities. The fair value of the underlying mutual funds or stocks and of the underlying securities, which is based on quoted prices of similar assets, is used to determine the NAV of the separate account which is not publicly traded. Investments in these funds can be redeemed daily upon request. There were no significant unfunded commitments as of December 31, 2024 and 2023.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient. There are no participant redemption restrictions or redemption notice periods for these investments.

As of December 31, 2024:

Investment	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Separate accounts	\$ 35,725,601	N/A	Daily	N/A

As of December 31, 2023:

Investment	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Separate accounts	\$ 33,415,285	N/A	Daily	N/A

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2024 and 2023, and for the Year Ended December 31, 2024

5. Guaranteed Investment Contract

The Plan entered into a traditional fully benefit-responsive guaranteed investment contract with Voya Retirement Insurance and Annuity Company. Voya Retirement Insurance and Annuity Company the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than a guaranteed floor interest rate determined annually. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Voya Retirement Insurance and Annuity Company, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Each calendar year, the Voya Retirement Insurance and Annuity Company limits the sum of partial surrenders plus transfers, from the Voya Fixed Account, to 20% of that portion of the current value of the unallocated account held in the Voya Fixed Account as of January 1 of the calendar year. Partial surrender or transfer requests for amounts invested in the Voya Fixed Account that exceed the Voya Fixed Account surrender and transfer limit will not be honored by Voya. Voya may, on a temporary basis, allow any larger percentage as a Voya Fixed Account surrender and transfer limit.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spinoffs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants. In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2024 and 2023, and for the Year Ended December 31, 2024

6. Related Party and Party-in-Interest Transactions

The Plan invests in a guaranteed investment contract and separate accounts issued by Voya Retirement Insurance and Annuity Company. Voya is the custodian of the Plan and, therefore, these transactions qualify as party-in-interest transactions.

Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. Fees for audit services are included in administrative expenses, totaling \$35,457. The Plan Sponsor pays directly any other fees related to the Plan's operations.

7. Plan Termination

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, participants' accounts will become fully vested and non-forfeitable.

On April 15, 2025, in conjunction with an acquisition of the Plan Sponsor, Plan management resolved to terminate the Plan and merge plan assets with the Orora Packaging Solutions 401(k) Savings Plan. Effective April 15, 2025, all participants with an account balance as of the date herein became 100% vested. Substantially, all Plan assets have been liquidated from the Plan as of May 22, 2025. As the result of the Plan merger the assets and obligations are transferred to the Orora Packaging Solutions 401(k) Savings Plan, therefore, plan management has determined that the liquidation basis of accounting is not applicable.

8. Tax Status

The Plan uses a volume submitter profit sharing plan document ("VSP") sponsored by Loren D. Stark Company. Loren D. Stark Company received an opinion letter from the Internal Revenue Service ("IRS") dated November 30, 2020, which states that the VSP document satisfies the applicable provisions of the Internal Revenue Code ("IRC"). The Plan itself has not received a determination letter from the IRS and has been since amended; however, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRS. Therefore, no provision for income tax has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits taken by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2021.

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2024 and 2023, and for the Year Ended December 31, 2024

9. Risks and Uncertainties

The Plan offers a variety of investment options to participants. These investment options are exposed to various risks, such as interest rate, credit, and overall volatility risk. Due to the level of risk associated with certain investments, and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investments in the near term could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

10. Administrative Failure

Delinquent Participant Contributions and Loan Repayments

During the year ended December 31, 2024, the Company failed to remit certain participant contributions and loan repayments to the Plan within the time frame required by the Department of Labor's Regulation 29 CFR 2510.3-102, thus constituting a non-exempt (prohibited) transaction between the Plan and the Company. Delinquent remittances of participant contributions and loan repayments amounted to \$86,259. These amounts, including lost earnings, were remitted to the Plan by year end. Additionally, Plan management is implementing policies and procedures to ensure that future employee contributions are remitted to the Plan in a timely manner.

11. Subsequent Events

In conjunction with an acquisition of the Plan Sponsor, effective May 22, 2025, approximately \$35,000,000 was transferred into the Orora Packaging Solutions 401(k) Savings Plan.
