We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

(Cont.)

Responsibilities of Management for the Financial Statements (Continued)

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Thom Browne, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibility for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

(Cont.)

Auditor's Responsibility for the Audit of the Financial Statements (Continued)

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Thom Browne, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Thom Browne, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

(Cont.)

Auditor's Responsibility for the Audit of the Financial Statements (Continued)

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule of Assets Held for Investment Purposes as of and for the year ended December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

(Cont.)

Other Matter - Supplemental Schedules Required by ERISA (Continued)

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

THOM BROWNE, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

A. DESCRIPTION OF THE PLAN

The following description of the Thom Browne, Inc. ("the Company") 401(k) Plan ("the Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

1. General

The Plan is a defined contribution plan established to provide retirement benefits to all eligible employees, as defined, of the Company. An eligible employee of the Company has reached the age of 21 and completed two months of service. The effective entry date for employees who become eligible to participate is the first day of the month coinciding with or next following the date eligibility requirements were met. A month of service is defined as a month in which an employee has worked at least 1 hour. An hour of service is any hour for which an employee is paid or is entitled to payment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The benefits under this plan are not insured by the Pension Benefit Guaranty Corporation.

The Plan investments are administered and held in trust by the Plan's trustee, Reliance Trust Company. ADP, Inc. is the recordkeeper of the Plan.

2. Contributions

a. Each participant may contribute through payroll deferral not less than 1% of earnings and not more than 90% of pre-tax annual earnings subject to the Internal Revenue Code ("IRC") Rules and Regulations, and/or Roth deferral and Roth rollover contributions to the Plan.

The Plan includes an automatic deferral provision. Unless a participant makes an affirmative election the Employer will withhold an automatic deferral of 3% each payroll period, increasing by 1% to a maximum of 10% in each succeeding Plan Year.

b. The Company will make a safe harbor matching contribution that will be allocated to all employees eligible to participate as defined under this Plan. The QACA (Qualified Automatic Contribution Arrangement) basic matching contribution will equal the sum of 100% of a participant's elective deferrals that do not exceed 1% of participant's compensation, plus 50% of the elective deferrals that exceed 1% but do not exceed 6%.

c. The Company may in its discretion make a nonelective contribution to the Plan that will be allocated to all employees eligible to participate as defined in the Plan.

THOM BROWNE, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

A. DESCRIPTION OF THE PLAN (CONT.)

2. Contributions (cont.)

d. A participant or an employee, who has not satisfied the age or service eligibility requirements, may transfer funds in from other qualified plans. The transferred amount shall be invested and administered as a part of the trust fund and this transfer is 100% vested as defined in the Plan document. The Plan may accept such "rollovers" provided the "rollover" will not jeopardize the tax-exempt status of the Plan or create adverse tax consequences for the Company.

e. A participant who is projected to reach age fifty (50) before the close of a taxable year will be permitted to make a catch-up contribution at any time during that Plan year. Catch-up contributions are contributions that exceed either the statutory limit as defined by the IRC Rules and Regulations, or the limit as defined by the Plan or any restrictions on contributions for certain highly paid employees. The limit on catch-up contributions for the year 2024 was \$7,500 per individual.

3. Participant accounts

Each participant's account is credited with his/her contribution and the Plan earnings (losses). Each participant will have full responsibility for the investment results of his/her investment choices as offered by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. All significant costs of plan administration are being absorbed by the employer.

Investment options consist of mutual funds and common/collective trusts.

4. Vesting

A participant is immediately 100% vested in his or her own deferral and rollover contributions. Also, a participant will always be automatically 100% vested in his or her nonelective contribution account upon the earlier of reaching retirement age (65), at death or disability, or upon termination of the Plan. For the purpose of vesting, all years of service are credited from date of hire to determine a participant's vesting service.

THOM BROWNE, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

A. DESCRIPTION OF THE PLAN (CONT.)

4. Vesting (Continued)

A participant vesting in his or her nonelective contribution account is based on years of service as determined under the schedule set forth below:

<u>Years of service</u>	<u>Vested percentage</u>
0 - 1 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

The participant shall be vested in his or her QACA matching contribution account determined under the schedule set forth below and defined in the Plan.

<u>Years of service</u>	<u>Vested percentage</u>
Less than 2 years	0%
2 years or more	100%

5. Payment of benefits

A participant may elect to receive the full amount of his or her vested account balance in the event of normal retirement, termination of service, death or disability. Early withdrawals are permitted at the request of a participant after the age of 59-1/2. All distributions of benefits under this plan shall be made by the company holding the investments in accordance with the terms and conditions set forth in the group contract. Hardship withdrawals are also permitted, as defined in the Plan document.

Benefits will be distributed by a single lump-sum payment, substantially equal installments, or partial withdrawals (provided the minimum withdrawal is \$500). Upon severance of employment, distributions of accounts may be made as soon as administratively feasible. Participant consent is required only for distributions over \$5,000, the cash-out limit.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

A. DESCRIPTION OF THE PLAN (CONT.)

6. Loans and withdrawals

A participant may elect to receive a loan in the amount that may not exceed the lesser of \$50,000 or one-half of the participant's vested account. All loans bear a reasonable rate of interest as determined by the Plan administrator based on the prevailing interest rate charged by persons in the business of lending money. Each loan amount (principal and interest) must be completely paid within five (5) years with the exception of loans used for the purchase of a principal residence which can be repaid over 30 years. Loan repayments and interest are deducted ratably from the participant's compensation in each payroll period.

A participant may elect to withdraw from his or her account by demonstrating an immediate and heavy financial hardship and that the money can not be obtained from any other source. Immediate and heavy financial hardships are: post-secondary tuition payments for the education of the participant and immediate family members; the purchase of a principal residence; non-elective medical expenses; funeral or burial expenses; repair expense to a principal residence that would qualify as a casualty loss deduction; and payments to prevent the eviction of the participant from a principal residence.

7. Forfeiture accounts

The portion of a participant's account balance that is not vested upon termination of employment will be forfeited. Any forfeitures occurring during a Plan year may be used to pay administrative expenses and/or applied to to reduce employer contributions. During the 2024 plan year, \$29,710 of forfeitures were applied to reduce employer contributions.

At December 31, 2024 and 2023, forfeited non-vested accounts totaled \$2,737 and \$0, respectively, and were included in the statement of net assets available for benefits. If the forfeited credits were excluded from the investments, the total net assets available for benefits at December 31, 2024 and 2023 would be \$6,171,044 and 4,967,314.

B. SUMMARY OF ACCOUNTING POLICIES

Basis of accounting

The financial statements of the Plan are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

THOM BROWNE, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

B. SUMMARY OF ACCOUNTING POLICIES (CONT.)

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for discussion of fair value measurement.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of the America ("GAAP") requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Notes receivable from participants

Loans to participants are reported at their unpaid principal balances plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2024 and 2023, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Administrative expenses

The Plan permits the payment of Plan expenses to be made from the Plan's assets, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. The Plan may assess against an individual participant's account certain Plan expenses that are incurred by or attributable to a particular participant.

Payment of benefits

Benefits are recorded when paid. However, as of December 31, 2024, \$911,831 of allocated balances for terminated participants was not paid because the participants did not request the withdrawal of their balances.

THOM BROWNE, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

B. SUMMARY OF ACCOUNTING POLICIES (CONT.)

Date of management's review

Subsequent events were evaluated through September 30, 2025, which is the date the financial statements were available to be issued.

C. FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The method used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement hierarchy established under Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820 prioritizes the inputs to valuation techniques. This hierarchy consists of three broad levels:

- Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority,
- Level 2 inputs are inputs other than quoted prices included within Level 1 that are observable for the assets or liabilities, either directly or indirectly, including quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in markets that are not active; inputs other than quoted prices that are observable for the assets and liabilities; and inputs that are derived principally from or corroborated by observable market data by correlation or other means, and
- Level 3 inputs are unobservable and have the lowest priority.

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 and 2 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

THOM BROWNE, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

C. FAIR VALUE MEASUREMENTS (CONT.)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Level 1 Fair Value Measurements

Mutual Funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (“NAV”) and to transact at that price. The mutual funds held with Reliance Trust Company are deemed to be actively traded.

Level 2 Fair Value Measurements

Common/Collective Trust - The common/collective investment trusts are valued by a comparative performance benchmark index and a universe of investment funds which primarily invest in the same investment category according to independent mutual fund database providers.

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024 and 2023:

	<u>Fair value</u>	<u>Fair value measurements using Quoted prices in active markets for identical assets (Level 1)</u>	<u>Comparative benchmark index (Level 2)</u>
<u>December 31, 2024</u>

D. INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified to as complete and accurate by the trustee Reliance Trust Company as of and for the year ended December 31, 2024 and 2023:

	2024	2023
Investments at fair value:		
Common/collective trusts	\$ 178,474	\$ 68,794
Mutual funds	5,915,784	4,810,621
Notes receivable from participants	79,523	87,899
Total investments at fair value	\$ 6,173,781	\$ 4,967,314
Investment income for the year		
Dividend and interest income	\$ 287,240	\$ 120,142
Net appreciation in fair value of investments	381,872	493,997
Interest on participant notes	9,142	1,558
Total investment income	\$ 678,254	\$ 615,697

E. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its nonelective contributions, if any, at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer nonelective contributions.

F. TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated October 6, 2020 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and its related trust is tax-exempt.

THOM BROWNE, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

F. TAX STATUS (CONT.)

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2021.

G. PARTY-IN-INTEREST TRANSACTIONS

The Plan engages ADP, Inc. and ADP Broker-Dealer as the Plan's recordkeeper.

The Plan engages Reliance Trust Company as the Plan's trustee and accordingly invests in funds managed by them. Transactions in such investments qualify as party-in-interest transactions, however, they are exempt from the prohibited transaction rules under ERISA.

The Plan engages Morgan Stanley Smith Barney for investment advisory services.

The Plan issues loans to participants that are secured by participants' account balances. These transactions qualify as party-in-interest transactions, however, they are exempt from the prohibited transaction rules under ERISA.

The Company pays for most of the expenses incurred in the administration of the Plan.

H. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
