Report of Independent Auditor

To the Board of Trustees and Management
Kiawah Resort Associates, L.P. 401(k) Profit Sharing Plan
Kiawah Island, South Carolina

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Kiawah Resort Associates, L.P. 401(k) Profit Sharing Plan (the “Plan”), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (“ERISA”), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan’s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s (“DOL”) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (“investment information”) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of DOL’s Rules and Regulations for Reporting and Disclosure under ERISA (“qualified institution”).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor’s Responsibilities for the Audit of the Financial Statements* section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the *Auditor’s Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

Note 1—Description of the Plan

The following description of the Kiawah Resort Associates, L.P. (the “Company”) 401(k) Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General – The Plan, which was adopted April 1, 1990, and most recently restated June 1, 2022, for the benefit of the Company’s employees, is a defined contribution plan under Section 401(k) of the Internal Revenue Code (“IRC”). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Employees who have attained age 21 and have completed one year of service with a minimum of 1,000 hours worked during that year are eligible to participate in the Plan. Plan entry dates are the first day of each month. Leased employees and employees of any member of the controlled and/or affiliated service group whose employer does not affirmatively adopt this Plan are not eligible to participate.

Contributions – Participants may contribute up to 90% of eligible compensation not to exceed the annual maximum deferral prescribed by law.

Rollover contributions to the Plan are permitted upon meeting certain requirements.

Company matching contributions are determined each year at the discretion of the Company. The Company provided a discretionary match equal to 50% of the first 2% contributed during 2024.

Qualified non-elective contributions may be made by the Company in order to satisfy the non-discrimination tests described in the IRC. Qualified non-elective contributions are allocated to non-highly compensated Plan participants. Allocations are made to the participants with the least ‘test compensation’ in the ascending order of ‘test compensation’ until the qualified non-elective contribution has been fully allocated. The Company did not make any qualified non-elective contributions for the year ended December 31, 2024.

Discretionary profit-sharing contributions may be made by the Company. The Company’s profit-sharing contribution percentage is determined at the discretion of the Company’s Board of Directors. Discretionary profit-sharing contributions are allocated as of the last day of the Plan year to every active participant on that date or to any participant who has retired, becomes totally disabled or died, and was active in the Plan during the Plan year. The allocation is based upon the participant’s proportionate share of the total eligible compensation paid during that Plan year. No discretionary profit-sharing contributions were made for the year ended December 31, 2024.

Vesting – Participants are 100% vested in their voluntary salary reduction contributions, including any investment gains or losses on the contributions. The effective vesting schedule regarding employer contributions received prior to January 1, 2005, and subsequent to February 20, 2009, is as follows: 20% after one year of service, 40% after two years of service, 60% after three years of service, 80% after four years of service, and 100% following five years of service. From January 1, 2005, through February 20, 2009, the employer-contributed safe harbor matching contributions received by participants are 100% vested.

Forfeitures – Forfeitures are created when participants terminate employment before becoming entitled to their full benefits under the Plan. These forfeited amounts are used to pay administrative expenses or allocated to participants eligible to share in the allocation of profit sharing contributions. As of December 31, 2024 and 2023, forfeited nonvested accounts totaled \$26,161 and \$20,385, respectively. During the year ended December 31, 2024, \$20,313 was allocated to participant accounts and zero was used to pay administrative expenses.

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

Note 1—Description of the Plan (continued)

Investment Options – Upon enrollment in the Plan, participants may direct their contributions, the Company's discretionary matching contributions, the Company's discretionary profit-sharing contributions, and the Company's qualified non-elective contributions, if any, in a variety of investment options as more fully described in the Plan's literature. Participants may change their investment options at any time.

Participant Accounts – Each participant's account is credited with the participant's contribution and an allocation of: (a) discretionary matching, discretionary profit sharing, and non-elective contributions, if any, the Company's safe harbor matching (prior to February 20, 2009); (b) Plan earnings and losses; and (c) forfeitures of terminated participants' nonvested accounts if not used to offset employer contributions. The participants' accounts are also charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants – Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. Loans terms range from one to five years, or longer for the purchase of a primary residence. The loans are secured by the balance in the participant's account and accrue interest at rates from 4.25% to 9.50%, which represent the prevailing rates similar to the rate charged for a loan made under similar circumstances by persons in the business of lending money. Loans mature through February 2036. Principal and interest is paid ratably through monthly payroll deductions.

Withdrawal and Payment of Benefits – On termination of service, if a participant's account does not exceed \$5,000, the Plan will automatically distribute the participant's vested account balance in a lump sum. Upon termination of service for participants with account balances over \$5,000, the participant may elect at any time to receive the value of the participant's vested interest in his or her account in the form of a single lump sum, installment payments over a specified period of time, part lump sum and part installments, or roll over the vested balance into an IRA or other qualified plan.

Participants still employed may withdraw all or part of their vested account, excluding earnings, upon furnishing proof of financial hardship.

Excess Contributions Payable – Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the excess contributions to the applicable participants prior to March 15 of the subsequent year.

Note 2—Summary of significant accounting policies

Basis of Accounting – The Plan's financial statements are prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates – The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect certain reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates. Significant estimates of the Plan's financial statements include the measurement of the fair value of investments, further described in Note 3.

Note 2—Summary of significant accounting policies (continued)

Contributions – Employee contributions are recorded in the period during which the Company makes payroll deductions from the participants' earnings.

Discretionary matching and profit-sharing contributions and qualified non-elective contributions are accrued and paid based on amounts to be funded for each year under the Plan provisions and the applicable requirements of the IRC.

Investment Valuation and Income Recognition – The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and Reliance Trust Company, the "qualified institution" of the Plan. See Note 3 for discussion of fair value measurements.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan has determined that the investment contracts held by the Plan is not fully benefit-responsive; therefore, fair value is the appropriate measure.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Management fees and operating expenses charged to the Plan for investments in common collective trust funds and mutual funds are deducted from income earned on a daily basis and are separately reflected as administrative expense on the statement of changes in net assets available for benefits. Consequently, management fees and operating expenses are reflected as a reduction of investment returns.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2024 and 2023.

Administrative Expenses – Personnel within the Company perform many administrative duties of the Plan, including maintenance of personnel files and reconciliation of payroll records, at no charge to the Plan. Other administrative costs, such as professional fees, are charged to the individual participants' accounts. Any costs not paid by the Plan may be paid by the Company. The Company paid no expenses on behalf of the Plan for the year ended December 31, 2024.

Payment of Benefits – Benefits are recorded when paid.

Risks and Uncertainties – The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 3—Fair value measurements

Fair value as defined under U.S. GAAP is an exit price, representing the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. U.S. GAAP establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. These tiers include:

Level 1 – Observable inputs such as quoted prices in active markets.

Level 2 – Inputs other than quoted prices in active markets that are either directly or indirectly observable.

Level 3 – Unobservable inputs about which little or no market data exists, therefore requiring an entity to develop its own assumptions.

Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the valuation of fair value assets and liabilities and their placement within the fair value hierarchy levels.

Following are descriptions of the valuation methodologies used for assets measured at fair value. No changes have occurred in the methodologies for December 31, 2024 and 2023.

Mutual Funds – These investments are public investment vehicles with a readily determinable fair value. The funds are classified within Level 1 of the valuation hierarchy.

Common Collective Trusts – Valued at a daily net asset value (“NAV”), which is not traded in an active market or exchange. Each investment is valued at a daily calculated unit value as provided by the administrator of the fund. The common collective trust held by the Plan is further classified as a stable value fund, which has indirect investments in synthetic and traditional guaranteed investment contracts. As the investment is indirect, there is no readily determinable fair value and the trust is valued at NAV as a practical expedient; therefore, it is shown outside the fair value hierarchy.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 3—Fair value measurements (continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of:

	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 16,678,945	\$ -	\$ -	\$ 16,678,945
Common collective trusts measured at NAV ^(a)				280,260
Investments, at fair value				\$ 16,959,205

	Assets at Fair Value as of December 31, 2023			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 14,845,629	\$ -	\$ -	\$ 14,845,629
Common collective trusts measured at NAV ^(a)				468,585
Investments, at fair value				\$ 15,314,214

^(a) In accordance with Subtopic 820-10, certain investments that are measured at fair value using NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Note 4—Investments measured using NAV per share practical expedient

The following tables summarize certain information about investments measured at fair value based on NAV per share, which is not readily determinable, as of December 31:

401(k) PROFIT SHARING PLAN
NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

Note 5—Information prepared and certified by the qualified institution (unaudited)

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance Trust Company, the qualified institution of the Plan, has certified to the completeness and accuracy of the following data included in the accompanying financial statements and supplemental schedule as of December 31, 2024 and 2023 and for the year ended December 31, 2024:

- Investments, at fair value and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2024 and 2023.
- Net appreciation in fair value of investments, dividends, and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2024.
- Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i as of December 31, 2024.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 6—Party-in-interest transactions

The Company has outsourced the recordkeeping function of the Plan to Automatic Data Processing, Inc. ("ADP") and uses Osaic for investment advisory services. Fees paid by the Plan to ADP and to Osaic totaled \$30,995 and \$25,105, respectively, for the year ended December 31, 2024.

Notes receivable from participants also qualify as party-in-interest transactions.

Note 7—Income tax status

The Company adopted a prototype non-standardized profit sharing plan with a cash or deferral arrangement. The prototype plan received a favorable opinion letter from the IRS on October 6, 2020, which stated the Plan is designed in accordance with applicable sections of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements. The Plan has not received a determination letter specific to the Plan itself; however, The Plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC. Therefore, the Plan administrator believes the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements.

Note 8—Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions.)

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)			
4a			
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)			
4b			
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)			
4c			
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)			
4d			
e Was this plan covered by a fidelity bond?			
4e			
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?			
4f			
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?			
4g			
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?			
4h			
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)			
4i			
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)			
4j			
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?			
4k
