La Cross Dental, LLC 401(k) Profit Sharing Plan  
Edwardsville, IL

## Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of La Cross Dental, LLC 401(k) Profit Sharing Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2024, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

## Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## **Basis for Opinion**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditor's Responsibility for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks.

Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### **Other Matter – Supplemental Schedules Required by ERISA**

The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) and Schedule H, line 4a – Schedule of Delinquent Participant Contributions as of and for the year ended December 31, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements, but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

#### **Other Matter – 2023 Financial Statement**

Plan management is responsible for the accompanying financial statement of the Plan (an employee benefit plan subject to the Employee Retirement Income Security Act of 1974), which comprise the statement of net assets available for benefits as of December 31, 2023 and the related notes to the financial statements in accordance with GAAP. We have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. We did not audit or review the financial statement nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by Plan management. Accordingly, we do not express an opinion, a conclusion, nor provide any assurance on the financial statement of the Plan, as of December 31, 2023.

## A. Description of Plan

The following description of the La Cross Dental, LLC 401(k) Profit Sharing Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. *General.* The Plan is a defined contribution plan sponsored by La Cross Dental LLC, Inc. (the Plan Sponsor). The Plan Sponsor is a member of a controlled group, and the Plan includes the following participating employers (collectively, the Company or Employer) as of December 31, 2024: Edge Plus LLC and Summit Horizon Dental Lab.

The Plan covers substantially all employees other than union employees, nonresident aliens, leased employees, and non-managerial dentists. Employees must have at least one hour of service in the first six months of employment or one year of service (1,000 hours), if earlier, and must be age 16 or older to be eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan administrator is responsible for oversight of the Plan, determines the appropriateness of the Plan's investment offerings, and monitors investment performance.

2. *Contributions.* Each year, participants may contribute up to 100% percent of pretax and after-tax annual eligible compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company makes safe harbor matching contributions of 100% of the first 6% of participant deferred compensation. Discretionary Employer contributions and discretionary matching contributions may be contributed at the option of the Company. Individuals employed on the last day of the Plan year and with at least 1,000 service hours (unless exempt from this requirement as defined by Plan provisions) are eligible for discretionary Employer contributions. During the year ended December 31, 2024, no discretionary contributions were made to the Plan. Contributions are subject to certain IRS limitations.

3. *Participant accounts.* Each participant's account is credited with the participant's contributions, Employer contributions, rollovers, and an allocation of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.
4. *Vesting.* Participants are immediately vested in their contributions and the Company's safe harbor matching contributions, plus actual earnings thereon. Employer discretionary contributions are subject to a six-year graded vesting schedule.

5. *Notes receivable from participants.* Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear a rate of interest of Prime plus 1%. A participant is permitted no more than one loan outstanding at any time. Principal and interest is paid ratably through regular payroll deductions.
6. *Payment of benefits.* On termination of service due to death, disability, or retirement, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account. Distributions after termination of employment for reasons other than the above shall commence as soon as administratively feasible. For distributions of amounts of \$7,000 or less, no participant consent is required. In addition, the Plan allows for hardship distributions if certain criteria are met.
7. *Forfeited accounts.* At December 31, 2024 and 2023, forfeitures totaled \$1,543 and \$1,523, respectively. These accounts will be used to reduce future Employer contributions or pay Plan expenses. For the year ended December 31, 2024, no forfeitures were used.

## B. Summary of Accounting Policies

1. *Basis of accounting.* The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).
2. *Use of estimates.* The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.
3. *Investment valuation and income recognition.* Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies utilizing information provided by the Plan's investment advisor and custodian. See note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

4. *Notes receivable from participants.* Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

5. *Payment of benefits.* Benefits are recorded when paid.
6. *Expenses.* Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of the notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Fees related to withdrawals are included with benefits paid to participants in the statement of changes in net assets available for benefits. Recordkeeping and investment advisory fees are charged directly to administrative expenses. Investment related expenses are included in net appreciation/depreciation of fair value of investments.
7. *Subsequent events.* The Plan has evaluated subsequent events through October 10, 2025, the date the financial statements were available to be issued.

## C. Certified Investments

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations under ERISA. Accordingly, the Plan custodian, Voya Retirement Insurance and Annuity Company (Voya), has certified that the following data included in the Plan's financial statements and supplemental schedules as of and for the year ended December 31, 2024, is complete and accurate.

Investments, at fair value	\$	5,594,870
Investments, at contract value		621,156
Notes receivable from participants		69,912
Net appreciation in fair value of investments		617,384
Interest and dividends		264,420
Interest income on notes receivable from participants		3,771

The Plan's independent accountants did not perform any auditing procedures with respect to the above information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

## D. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

---

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
---------	---

---

Level 2	Inputs to the valuation methodology include: <ul style="list-style-type: none"><li>▪ quoted prices for similar assets or liabilities in active markets;</li><li>▪ quoted prices for identical or similar assets or liabilities in inactive markets;</li><li>▪ inputs other than quoted prices that are observable for the asset or liability;</li><li>▪ inputs that are derived principally from or corroborated by observable market data by correlation or other means.</li></ul>
---------	---

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

---

Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.
---------	---

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023:

*Pooled separate accounts:* The underlying assets of the pooled separate accounts consist of funds known as sub-accounts. Each sub-account invests its shares or units in an underlying mutual fund. Sub-accounts are measured in terms of accumulation units. The sub-accounts are valued based on the quoted market prices of the mutual funds. Certain fund fees and expenses, mortality and risk charges, and administration charges are deducted from the value of the mutual funds to arrive at the value of the sub-accounts. The accumulation units are valued at Net Asset Value (NAV) on a daily basis. The NAV is made publicly available by the issuer.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

	December 31, 2024			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	\$ 5,594,870	--	--	5,594,870
Investments, at fair value	\$ 5,594,870	--	--	5,594,870

  

	December 31, 2023 (Compiled)			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	\$ 4,198,618	--	--	4,198,618
Investments, at fair value	\$ 4,198,618	--	--	4,198,618

## E. Investment Contract with Insurance Company

The Plan has a fully benefit-responsive investment contract with Voya. Contributions are maintained by Voya in their general accounts. The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contracts issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed interest contracts are fully benefit-responsive, contract value is the relevant measurement for that portion of the net assets available for benefits attributable to the guaranteed investment contracts. Contract value is the relevant measure for benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. If aggregate distributions exceed 20% of the account value as of the beginning of the contract year, or a participant's actions appear to have been influenced or directed by the Plan Sponsor, there could be restrictions on the liquidation of account balances. Management believes this is unlikely to occur.

## **F. Party in Interest Transactions**

Plan investments are managed by Voya, therefore, these transactions qualify as party in interest transactions. The Plan also paid fees to Voya for custodial and recordkeeping services during the year ended December 31, 2024, which qualify as party in interest transactions.

## **G. Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their entire account.

## **H. Tax Status**

The Plan adopted a non-standardized defined contribution pre-approved plan that has received an opinion letter dated June 30, 2020, in which the Internal Revenue Service stated that the non-standardized plan was in compliance with the applicable requirements of the IRC. The Plan administrator believes that the Plan is designed and is being operated in compliance with the applicable requirements of the IRC.

GAAP requires Plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

## **I. Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

## **J. Prohibited Transactions**

During 2024, the Company inadvertently failed to deposit \$525,535 of participant contributions within the required timeframe as stated by the United States Department of Labor regulations. The Company plans to deposit lost earnings to correct this failure in 2025 and make any required filings with the Department of Labor.
