INDEPENDENT AUDITORS' REPORT

Plan Administrator
Dongwon Autopart Technology, LLC 401(k) Plan

Report on the Financial Statements

We have audited the accompanying financial statements of the Dongwon Autopart Technology, LLC 401(K) Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2024, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible, has elected to conduct the audit of the Plan's financial statements in accordance with ERISA Section 103(a)(3)(c) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. In accordance with ERISA Section 103(a)(3)(c), our audit does not extend to any statements or information related to assets held for investment by a qualified institution (bank, similar institution, or insurance carrier), provided that these assets are prepared and certified by the institution per 29 CFR 2520.103-5 of the DOL's Rules. Management has obtained certifications from a qualified institution as of December 31, 2024, and 2023, and for the year ended December 31, 2024, stating the certified investment information, as detailed in Note 3 to the financial statements, is complete and accurate.

Management's Responsibility for the 2024 Financial Statements

Management is responsible for preparing and fairly presenting these financial statements in accordance with U.S. generally accepted accounting principles (GAAP). This responsibility includes designing, implementing, and maintaining internal controls to ensure the financial statements are free from material misstatements, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect its responsibility for the financial statements. In preparing these statements, management must assess whether any conditions or events, considered collectively, raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibility

Our responsibility is to express an opinion on the 2024 financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements

in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2024 Financial Statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP. Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP. We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2024, and the changes in net assets available for benefits for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2024, is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Note 1 – Description of Plan

The following description of Dongwon Autopart Technology, LLC 401(K) Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan available to eligible employees of Dongwon Autopart Technology Alabama, LLC and Dongwon Autopart Technology Georgia, LLC (collectively, the Employer). Participation in the Plan is strictly voluntary, and employees can elect to participate after attaining age 21 and completing one year that includes 1,000 hours of eligible service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Management of the Employer is responsible for oversight of the Plan and for determining the appropriateness of the Plan’s investment offerings and monitoring the investment performance. Transactions are processed through Empower Annuity Insurance Company (“Empower”), the custodian of the Plan.

Contributions

Each year, participants may contribute up to 100% of their annual compensation, as defined in the Plan. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (“rollovers”). Participants direct the investment of their contributions into various investment options offered by the Plan as listed in the schedule of assets (held at end of year). Participants can change the investment options previously elected at any time.

The Employer may make discretionary matching contributions to the Plan. Participants are eligible to receive discretionary matching contributions at the same time they are eligible for participation in the Plan. For the year ended December 31, 2024, the Employer made discretionary matching contributions equal to 50% of participant elective deferrals, up to 4% of each participant’s compensation. The Plan also allows for discretionary profit-sharing contributions. Participants are eligible to receive such contributions upon meeting Plan eligibility requirements, provided they are employed on the last day of the Plan year. No discretionary profit-sharing contributions were made by the Employer for the 2024 Plan year. All contributions are subject to applicable IRS limitations. Any receivables related to contributions from the Plan Sponsor are unsecured.

NOTES TO FINANCIAL STATEMENTS (continued)

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings on these contributions.

Vesting in the Employer's discretionary matching and profit-sharing contribution portion of their accounts plus related earnings thereon is based on years of vesting service in which the participants complete 1,000 hours of service, as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2	0%
2 but less than 3	20%
3 but less than 4	40%
4 but less than 5	60%
5 but less than 6	80%
6 or more	100%

Payment of Benefits

In accordance with IRS guidance under the SECURE 2.0 Act, the statutory maximum threshold for small balance cash-outs was increased from \$5,000 to \$7,000, effective January 1, 2024. If the participant's vested benefit in the Plan is \$1,000 or less at the time of employment termination, it may be distributed as a lump-sum payment at the time of termination of employment. For vested benefits between \$1,000 and \$7,000 at the time of employment termination, the participant must elect to receive a lump-sum payment or a rollover into an individual retirement account. For vested benefits exceeding \$7,000 at the time of employment termination, the participant can either maintain the account within the Plan, receive a lump-sum payment, or roll over the balance to another retirement account. Additionally, participants may withdraw vested account balances upon attaining age 59½, retirement or other separation from service, death, or permanent disability, subject to the terms of the Plan.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTES TO FINANCIAL STATEMENTS (continued)

Investment Options

Upon enrollment in the Plan, contributions made by or on behalf of a participant may be allocated to the available investment options. Investment allocations may be modified daily.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with United States Generally Accepted Accounting Principles (“U.S. GAAP”) requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan’s investments are stated at fair value. The fair value of the Plan’s interest in the Plan is based on the specific interest that the Plan has in underlying investments. The investments of the Plan are valued as described under Fair Value Measurements in Note 4.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan’s gains and losses on investments bought and sold, as well as held during the year.

Benefits Payment to Participants

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Employer. Expenses paid by the Employer are excluded from these financial statements. Investment-related expenses are included in net appreciation in fair value of investments.

401(K) PLAN**

NOTES TO FINANCIAL STATEMENTS (continued)

Note 3 - Certified Investments

Empower holds the Plan's investment assets and executes transactions therein. Financial information relating to those assets is included in the accompanying financial statements based on information provided to the Plan administrator and certified as complete and accurate by Empower. That information, which has not been audited by independent auditors, is summarized below.

During 2024, the Plan's income totaled \$631,552. During the plan year the Plan experienced a change in net assets of \$272,606, employer contributions of \$66,844, employee contributions of \$221,878, other contributions/other income of \$0, and earnings from investments of \$342,830.

The Plan has one investment representing greater than 20% of net assets available for benefits as of December 31, 2024.

Note 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are briefly described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets the Plan can access.

Level 2 Inputs to the methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement. The fair value measurement level of assets and liabilities within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2024, and 2023. Pooled separate accounts: Valued at the net asset value (NAV) which equals the number of shares of the respective

underlying fund, multiplied by the closing NAV per share quoted by that fund. The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31:

	Level 1	Level 2	Level 3	Total
2024:				
Pooled separate accounts		\$ 2,182,506		\$ 2,182,506
2023:				
Pooled separate accounts		\$ 1,925,184		\$ 1,925,184

Note 5 – General Fixed Account

The Plan invests in a fully benefit-responsive investment contract with Empower totaling \$ 252,621 as of December 31, 2024. Empower maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. These amounts are not removed from Plan assets but are paid from the general assets of Empower.

The contract meets the fully benefit-responsive investment criteria and therefore is reported at contract value.

Contract value is the relevant measurement for fully benefit-responsive investment contracts, because it is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Empower, represents contributions made under the contracts, plus earnings, less participant withdrawals, and administrative expenses.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include amendments to Plan documents (including complete or partial Plan termination or merger with another plan), changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, bankruptcy of the Employer or other events that cause a significant withdrawal from the Plan, the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

DONGWON AUTOPART TECHNOLOGY, LLC
401(K) PLAN

NOTES TO FINANCIAL STATEMENTS (continued)

Note 6 - Party-in-Interest

Plan investments are managed by Empower, the custodians of the plan, and therefore, these transactions qualify as party-in-interest transactions. Participant contributions are considered party-in-interest transactions. Employer contributions are considered to be both party-in-interest and related party transactions.

Note 7 - Income Tax Status

The Plan adopted a volume submitter plan which had received an advisory letter dated June 30, 2020, from the IRS which stated the plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although the plan has been amended since receiving the advisory letter, the Plan administrator and the Plan's tax counsel believe the Plan is designed and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe the Plan is qualified, and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances, and the amounts reported in the statements of net assets available for benefits.

Note 9 – Subsequent Events

The Plan had no subsequent events to December 31, 2024, through October 13, 2025, the date the financial statements were available to be issued and determined that there were no events that require adjustments to these financial statements.
