To the Trustees of
the M & B Products, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of M & B Products, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C)[ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of M & B Products, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2024, stating that the certified investment information, as described in Note G to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of M & B Products, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about M & B Products, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of M & B Products, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about M & B Products, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule, Schedule of Assets Held For Investment Purposes, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including the form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

M & B Products, Inc. 401(k) Profit Sharing Plan and Trust
Notes to Financial Statements

NOTE A - DESCRIPTION OF PLAN

The following description of the M & B Products, Inc. 401(k) Profit Sharing Plan and Trust (the Plan) provides only general information. The Plan is for the benefit of the employees of M & B Products, Inc. (the Company). Participants should refer to the plan agreement and/or summary plan description (plan documents) for a more complete description of the Plan's provisions.

GENERAL

The Plan is a defined contribution (401(k)/profit sharing) plan covering all employees, except those groups specifically excluded in the plan documents. The Plan provides for elective deferrals, matching contributions by the employer, and discretionary non-elective contributions by the employer. To participate in elective deferrals and matching contributions by the employer, employees must be at least 21 years of age and have completed six (6) months of service. If the Company declares non-elective contributions for the year, participation requires that employees must be at least 21 years of age, must have completed six (6) months of total service and must have been employed on the last day of the plan year, with some exceptions, as defined in the plan documents. Non-elective contributions are allocated to all eligible employees based on proportionate eligible earnings. Allocation conditions may be subject to certain waiver of conditions as outlined in the plan documents. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

CONTRIBUTIONS

Each year, participants may elect to defer an amount not less than 1% of their plan year compensation and not more than the maximum allowed by law, as defined in the plan documents. Participants who have attained age 50 before the end of the plan year may be eligible to make catch-up contributions. Participants may also contribute amounts representing rollovers from other qualified defined benefit or defined contribution plans. The Company contributes 50% of the first 3% of base compensation that a participant defers into the Plan. Additional discretionary contributions may be declared by the Company. Participants direct the investment of their contributions into various investment options offered by the Plan, which allows both pre-tax elective deferrals and Roth elective deferrals. The Plan offers various mutual funds and common trust funds as investment options for participants. Contributions are subject to certain limitations as set forth in the plan documents.

NOTES RECEIVABLE FROM PARTICIPANTS

The Plan provides for participants to borrow money from the Plan, secured by their vested account balance. The minimum loan is \$500, and the maximum loan is 50% of the participant's vested account balance, not to exceed \$50,000. Interest rates are based on the prime rate plus two percentage points as determined on the loan date. Loan payments are made through payroll deductions, but in certain circumstances may be subject to various special rules as outlined in the plan documents.

PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) plan earnings, and charged with an allocation of administrative expenses. Allocations of the Company's contribution are based on eligible participant plan year compensation. Allocations of plan earnings are based on participant account investment earnings and allocations of plan expenses are based on the number of participants or participant account balances, as defined in the plan documents. The benefit to which a participant is entitled is limited to the amount of participant's vested account balance.

NOTE A - DESCRIPTION OF PLAN (CONTINUED)

FORFEITED ACCOUNTS

Forfeited nonvested accounts are used to offset the employer contributions declared for the year in which the forfeitures occur. During the plan years ended December 31, 2024 and 2023, forfeited nonvested accounts used to offset employer contributions totaled \$916 and \$118, respectively.

VESTING

Participants are vested immediately in their contributions and any rollover amounts from other plans plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. For the Company's matching contributions portion of their account, a participant is thirty-three percent vested after one year but less than two years of credited service, sixty-six percent vested after two years but less than three years of credited service, and one hundred percent vested after three years of credited service. Non-elective contributions are subject to a different vesting schedule as outlined in the plan documents, and the vesting schedules may be subject to certain other exceptions as outlined in the plan documents.

PAYMENT OF BENEFITS

The Plan allows for in service distributions from the one hundred percent vested portions of participant accounts if the participant has attained age 59-1/2 or has incurred a qualifying hardship as defined in the plan documents. On termination of service due to death, disability, or retirement, a participant, or the participant's beneficiaries, may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, subject to certain limitations as outlined in the plan documents. For termination of service for other reasons, a participant may elect to receive the value of the vested interest in his or her account as a lump-sum distribution. This distribution may be forced for participants whose vested balance is below \$5,000 as outlined in the plan documents.

NOTE B - SUMMARY OF ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements of the Plan are prepared on the accrual basis of accounting.

USE OF ESTIMATES

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

INVESTMENT VALUATION AND INCOME RECOGNITION

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note B section "Fair Value Measurements" for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded in the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE B - SUMMARY OF ACCOUNTING POLICIES (CONTINUED)

FAIR VALUE MEASUREMENTS

Investments held by a defined contribution plan are required to be reported at fair value. The Plan measures fair value of investments based on the framework set forth by Financial Accounting Standards Board in its Accounting Standards Codification 820, "Fair Value Measurements and Disclosures." That framework provides a fair value hierarchy that prioritizes, into three levels, the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). Following is a description of those three levels as defined in ASC 820.

Level 1 inputs: Quoted prices (unadjusted) in active markets for identical assets that the reporting entity has the ability to access at the measurement date.

Level 2 inputs: Inputs (other than quoted prices included within level 1) that are observable for the asset, either directly or indirectly, including:

Quoted prices for similar assets in active markets

Quoted prices for identical or similar assets in inactive markets

Inputs other than quoted prices that are observable for the asset

Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset.

Level 3 inputs: Unobservable and significant inputs to the valuation methodology for the asset.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. There have been no significant changes in the methodologies used for the years ended December 31, 2024 and 2023.

Investments in registered investment companies and common/collective trust investments are valued at the net asset value (NAV) of shares held as published at the end of the last trading day of the plan year end, and are deemed actively traded. Investments in registered investment companies are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily NAV and to transact at that price.

See Note F, which sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024 and 2023.

EXCESS CONTRIBUTIONS PAYABLE

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability on the Statement of Net Assets Available for Benefits under the caption "Excess Contributions Payable" with a corresponding adjustment on the Statement of Changes in Net Assets Available for Benefits under the caption "Benefits, Deemed Distributions and Corrective Distributions to Participants". The Plan is required to make these payments prior to March 15 of the year following the excess contributions. For the Plan years ended December 31, 2024 and 2023, the Plan recorded \$14,611 and \$8,837, respectively in excess contributions.

PAYMENT OF BENEFITS

Benefit payments are recorded when paid.

NOTE B - SUMMARY OF ACCOUNTING POLICIES (CONTINUED)

OPERATING EXPENSES

Ordinary expenses of maintaining the Plan as outlined in the basic service agreement with the third party, ADP, are paid by the Company. Additional fees incurred outside the service agreement are paid by the Plan and allocated among participant accounts as outlined in the plan documents. These additional fees paid by the Plan amounted to \$2,751 and \$2,364 for the plan years ended December 31, 2024 and 2023, respectively.

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Management does not record an allowance for credit losses because it considers the risk of such losses to be remote.

NOTE C - TAX STATUS

The Plan is a Prototype Plan and Trust provided by the third party administrator, ADP, which was designed in accordance with applicable sections of the Internal Revenue Code (IRC), and has received a determination letter from the IRS dated July 8, 2014. The Plan administrator, ADP updates and amends the plan documents in accordance with changes to the applicable requirements of the IRC, therefore they believe the Plan remains qualified and the related trust is tax-exempt.

NOTE D - INCOME TAXES

The Plan is exempt from federal and state income taxes under the Internal Revenue Code and relevant state tax regulations. Accordingly, the Plan has no income tax expense.

The Plan's federal Forms 5500, "Annual Return/Report of Employee Benefit Plan" are subject to examination by the Internal Revenue Service, generally for three years after they are filed.

NOTE E - ADMINISTRATION OF PLAN ASSETS

The Plan's assets, which consist mainly of mutual fund investments and common trust fund investments, are held by the trustee of the plan, Reliance Trust Company. The Organization's contributions to the Plan are held and managed by the trustee, which invests cash received and investment income, and makes distributions to participants. Certain administrative functions are performed by officers or employees of the Organization. No such officer or employee receives compensation from the Plan.

NOTE F - INVESTMENTS - FAIR VALUE MEASUREMENTS

As described in Note B, the Plan measures fair value of investments based on the framework set forth by FASB ASC 820 which provides a fair value hierarchy that prioritizes, into three levels, the inputs to valuation techniques used to measure fair value.

The following tables set forth, by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024 and 2023. The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified to as complete and accurate by the trustee. The following represents all plan investments, presented at fair market value, including those that represent five percent or more of the Plan's net assets. Substantially all investments are participant directed.

NOTE G - CERTIFIED INVESTMENTS

Certain information related to investments is disclosed in the accompanying financial statements, including the supplemental schedule of investments held at December 31, 2024, transactions, income, net appreciation in fair value of investments, interest and dividends for the years ended December 31, 2024 and 2023. This information was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Reliance Trust Company (the trustee of the Plan).

NOTE H - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
