INDEPENDENT AUDITORS' REPORT

To the management of Carco Group, Inc. Profit Sharing and 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Carco Group, Inc. Profit Sharing and 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Carco Group, Inc. Profit Sharing and 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Carco Group, Inc. Profit Sharing and 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Carco Group, Inc. Profit Sharing and 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Carco Group, Inc. Profit Sharing and 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Carco Group, Inc. Profit Sharing and 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

CARCO GROUP, INC. PROFIT SHARING AND 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

1. PLAN DESCRIPTION

Background - Carco Group, Inc. Profit Sharing and 401(k) Plan (the "Plan") is a defined contribution plan as described in the Internal Revenue Code section 401(k), sponsored by Carco Group, Inc. (the "Company" or "plan sponsor"). The Plan was adopted on July 1, 1997 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The trustee of the Plan is Reliance Trust Company and the third-party administrator is ADP Retirement Services ("ADP"). Morgan Stanley provides investment advisory services to the Plan.

Plan Amendments - Effective August 1, 2022, the Plan sponsor adopted an amended and restated version of pre-approved plan documents, which incorporated cumulative amendments and recent tax law changes.

The Plan implemented certain provisions of the Setting Every Community Up for Retirement Enhancement Act of 2019 ("SECURE Act"), which was signed into law during December 2019. The SECURE Act raised the age for minimum distributions from 70 1/2 to 72 effective January 1, 2020. The SECURE 2.0 Act, which was signed into law during December 2022, raised the age for minimum distributions from 72 to 73 effective January 1, 2023.

During March 2020, the Plan implemented certain provisions of the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act"). For the year ended December 31, 2020, the CARES Act allowed certain eligible individuals to take coronavirus-related distributions, temporarily increased participant loan borrowing limits, allowed for the suspension of repayments on participant loans, and suspended required minimum distribution rules. Participants had the option of repaying distributions under the CARES Act within three years after the date the distribution was received; accordingly, such repayment period extended into 2023.

Written amendments to the Plan to reflect the operational changes in the SECURE, SECURE 2.0, and CARES Acts will be adopted in accordance with applicable law and IRS guidance.

CARCO GROUP, INC. PROFIT SHARING AND 401(k) PLAN

1. PLAN DESCRIPTION (continued)

The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

Eligibility - The Plan is available to employees of the Company, and its subsidiary NFG, Inc., a participating employer, excluding union employees who are covered under collective bargaining agreements and certain nonresident aliens who have no earned income source within the United States. To be eligible to participate in salary deferrals and employer matching contributions under the Plan, employees must have attained age 21 and have completed 250 hours of service in their first three consecutive months of employment.

Contributions and Vesting - Upon meeting eligibility requirements, participants in the Plan may make salary deferral contributions in the form of pre-tax 401(k) deferrals and Roth 401(k) deferrals, subject to section 401(k) maximum limitations (a combined limit for pre-tax and Roth contributions of \$23,000 applies in 2024). Employees who attain age 50 are permitted to make catch-up contributions of up to \$7,500. The Plan limits deferral contributions to 90 percent of eligible compensation, as defined in the Plan documents.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their regular deferral rate set at 4 percent of eligible compensation and their contributions are invested in a target date fund until changed by the participant. The automatic deferral rate is increased by 1 percent annually up to a maximum of 6 percent, unless the participant elects otherwise.

An eligible employee may make a transfer to the Plan of a benefit from a qualified retirement plan of another employer, referred to as rollover contributions, with certain restrictions.

The Plan provides for discretionary employer matching contributions, which during the years ended December 31, 2024 and 2023 were equal to 50 percent of pre-tax and Roth salary deferral contributions of up to 6 percent of eligible compensation. Employer contributions receivable as of December 31, 2024 and 2023 in the accompanying statement of net assets available for benefits include the aggregate employer true-up contribution relating to such discretionary employer matching contributions.

The Plan also provides for discretionary employer profit sharing contributions, which would be allocated to eligible participants who have completed one year of service, as defined in the Plan. No such discretionary employer profit sharing contributions have been made by the Company since the Plan's inception.

CARCO GROUP, INC. PROFIT SHARING AND 401(k) PLAN

1. PLAN DESCRIPTION (continued)

Participants are fully and immediately vested with respect to their salary deferral contributions and earnings thereon. Vesting in employer contributions and the earnings thereon occurred at the rate of 20 percent after one year of service, increasing by 20 percent each year, until 100 percent vested after five years of service. Participants who are actively employed become fully vested upon attainment of the normal retirement age of 65, or in the event of disability or death.

Forfeitures – When participants terminate employment prior to full vesting, the nonvested amounts in their individual accounts, referred to as forfeitures, may be used to pay plan expenses or reduce future employer contributions. During the year ended December 31, 2024, forfeitures in the amount of \$139,797 were used to offset employer contributions. As of December 31, 2024 unallocated forfeitures amounted to approximately \$5,246.

Distributions to Participants - Distributions to participants are available upon the following events: retirement, attainment of age 59 1/2, termination of employment, disability, or death. Payment shall be made as soon as administratively feasible following the date on which the event occurs provided that the participant's consent is obtained for distributions of amounts in excess of \$7,000. Distributions can be made in the form of lump sum payments or rollovers to qualified plans. Participants with vested balances in excess of \$7,000 can also elect to receive installment payments or partial withdrawals, as defined in the Plan, and may elect to defer payment until April 1 following the calendar year in which the participant attains age 73 or terminates employment, whichever is later. The Plan also provides for hardship withdrawals to participants meeting certain requirements as described in the Plan agreement.

Upon enrollment in the Plan, participants are directed to designate a beneficiary or beneficiaries by completing a designation form. If a married participant designates someone other than their spouse as primary beneficiary, then the spouse must consent to this designation by signing the form and his/her signature must be witnessed by a Plan representative or a notary public. A participant's entire account balance is payable to the designated beneficiary upon his/her death.

Notes Receivable from Participants – Participants may borrow from their fund accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balance. The loans are secured by the balance in the participant's account. The loan interest rate, which is determined by the Plan administrator based on prevailing interest rates, remains fixed for the duration of the loan. The interest rate ranged from 3.25 percent to 9.5 percent per annum on loans outstanding during the year ended December 31, 2024. Principal and interest is paid ratably through various biweekly payroll deductions over periods of 1 to 5 years, however this time period may be extended if the funds are being used to purchase a principal residence.

CARCO GROUP, INC. PROFIT SHARING AND 401(k) PLAN

1. PLAN DESCRIPTION (continued)

Other Income - Other income in the statement of changes in net assets available for benefits for the year ended December 31, 2024 represents primarily distribution checks being credited back to the Plan, and later reissued.

Administrative Expenses - A substantial portion of administrative expenses incurred in connection with the management of the Plan are paid by the Company. In accordance with Plan provisions, the Company may, at any time, elect to have some or all of such expenses paid by the Plan. Fees related to the administration of notes receivable from participants and processing distributions are charged directly to the participant's account. Under a consulting arrangement with Morgan Stanley, investment advisory fees are allocated directly to participant accounts. Administrative expenses in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2024 consist of loan and distribution fees paid to ADP and investment advisory fees paid to Morgan Stanley.

Termination - The Company intends to continue the Plan indefinitely, but reserves the right to modify or discontinue it at its discretion, subject to applicable provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation - The Plan's policy is to prepare financial statements on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America for defined contribution plans.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes in assets and liabilities, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

CARCO GROUP, INC. PROFIT SHARING AND 401(k) PLAN

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Excess Contributions Payable - Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability with a corresponding reduction to contributions. The Plan distributes the excess contributions to the applicable participants prior to March 15 of the subsequent year.

Investment Valuation and Income Recognition – The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for further information regarding fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Capital gain distributions are included in dividend income. Net appreciation (depreciation) in fair value of investments include the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 or 2023. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Risks and Uncertainties - The Plan provides for various participant-directed investment options in securities including mutual funds and common/collective trusts. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. As a result of the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and changes in net assets available for benefits.

Subsequent Events - The Plan has evaluated subsequent events through September 30, 2025, the date the financial statements were available to be issued (see Note 8).

CARCO GROUP, INC. PROFIT SHARING AND 401(k) PLAN

3. INCOME TAX STATUS

In October 2020, the Internal Revenue Service stated in an opinion letter that the prototype plan adopted by the Plan administrator was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the opinion letter, however, the Plan administrator and management believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Accordingly, they believe that the Plan was qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that would likely not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any open tax periods.

4. INVESTMENTS CERTIFIED BY THE TRUSTEE (continued)

The following information included in the accompanying statement of changes in net assets available for benefits was obtained from data that has been prepared and certified to as complete and accurate by Reliance Trust Company as trustee:

	Year Ended December 31, 2024
Investment income:	
Interest and dividend income on mutual funds	\$ 1,119,138
Net appreciation in fair value of mutual funds	\$ 3,094,351
Net investment income on collective investment trust fund	\$ 42,690
Other income:	
Interest income on notes receivable from participants	\$ 48,449

Investments in mutual funds - The participant-directed mutual funds offer various investment options ranging from conservative funds which principally seek to preserve capital and provide fixed income to aggressive funds invested principally in common stocks which seek growth of capital over the long term. The mutual funds also include Nuveen Lifecycle Index funds with varied target retirement dates. See Note 5 for a description of mutual funds stated at fair value.

Investment in collective investment trust fund - The Reliance Trust Company Stable Value Fund - MetLife Series 25053 Class 0 ("MetLife Series 25053") is a collective investment trust fund issued and administered by Metropolitan Life Insurance Company ("MetLife") under its Group Annuity Contract No. 25053 (the "Contract"). Reliance Trust Company, the trustee of the MetLife Series 25053, is also the trustee of the Plan. The Contract simulates the performance of a guaranteed investment contract through the guarantee of a specific interest rate and a portfolio of financial instruments that are owned by MetLife and managed by Reliance Trust Company, which provides annual audited financial statements for the collective investment trust fund.

See Note 5 for a description of the measurement of the collective investment trust fund stated at fair value.

5. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- * quoted prices for similar assets or liabilities in active markets;
- * quoted prices for identical or similar assets or liabilities in inactive markets;
- * inputs other than quoted prices that are observable for the asset or liability;
- * inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no material changes in the methodologies used at December 31, 2024 and 2023.

Mutual funds - Investments in mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

CARCO GROUP, INC. PROFIT SHARING AND 401(k) PLAN

5. FAIR VALUE MEASUREMENTS (continued)

Collective investment trust fund - The fund is valued at the net asset value of the units of the collective investment trust. The net asset value is used as a practical expedient to estimate the fair value. This practical expedient would not be used if it is determined to be probable that the Plan will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan were to initiate a full redemption of the MetLife Series 25053 held by the Plan, the issuer reserves the right to require 60 days' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following tables sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

	Assets at Fair Value as of December 31, 2024			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 34,676,583	\$ -	\$ -	\$ 34,676,583

CARCO GROUP, INC. PROFIT SHARING AND 401(k) PLAN

5. FAIR VALUE MEASUREMENTS (continued)

(a) In accordance with Subtopic 820-10, certain investments that are measured at fair value using the net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amount presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statement of net assets available for benefits.

6. RELATED-PARTY TRANSACTIONS

The Plan holds a collective investment trust fund (Reliance Trust Company Stable Value Fund MetLife Series 25053), for which the trustee is also the trustee of the Plan. Transactions with the trustee and its affiliates qualify as party-in-interest transactions; however, they are exempt from prohibited transaction rules under ERISA. Administrative expenses in the accompanying statement of changes in net assets available for benefits represents the aggregate of fees paid to ADP Inc. as third-party administrator and Morgan Stanley as investment advisor (see Note 1).

7. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500, on which the return of excess contributions are recorded as corrective distributions in the year they are paid to the applicable participants:

	December 31, 2024	December 31, 2023

8. SUBSEQUENT EVENTS

ADP Retirement Trust Services, LLC was appointed the Plan's trustee effective January 1, 2025.

The SECURE 2.0 Act of 2022 contains numerous provisions that impact 401(k) plans. These provisions, which will continue to take effect in years subsequent to 2024, address various issues including financial incentives to contribute to a retirement plan, automatic enrollment, required minimum distribution age, contribution limits and part-time worker access.
