(1) Name: **DZA PLLC**

(2) EIN: **20-0079326**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) This form is filed for a CCT, PSA, DCG or MTIA. (2) It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		X	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		X

INDEPENDENT AUDITORS' REPORT

Plan Administrator
One Health 403(b) Plan
Hardin, Montana

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of One Health 403(b) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section —

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i – schedule of assets held at end of year as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor’s (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

One Health 403(b) Plan
Notes to Financial Statements
Years Ended December 31, 2024 and 2023

1. Description of Plan:

The following description of One Health 403(b) Plan (the Plan) provides only general information. Participants should refer to the plan agreement for more complete information.

General – The Plan is a defined contribution plan covering substantially all employees of Bighorn Valley Health Center, Inc. (the Plan Sponsor). The Plan has been amended through the years to comply with tax legislation and was most recently amended effective May 12, 2023. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions – Contributions to the Plan are made through employee deferrals on earned compensation. Participants may contribute on a tax-deferred basis up to the annual limitations as prescribed by the Internal Revenue Service (IRS). Eligible participants are permitted to elect to have a percentage, limited by Plan provisions, of their compensation contributed as pre-tax 403(b) or Roth contributions to the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan Sponsor may, at its discretion, elect to make a matching or nonelective contribution to the Plan. For the year ended December 31, 2024, the Plan Sponsor matching contribution was 100 percent of the first 3 percent of eligible compensation that a participant contributed to the Plan. There was no nonelective contribution for the year ended December 31, 2024. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants direct the investment of contributions into various investment options offered by the Plan. Contributions are subject to certain IRS limitations.

Participant accounts – Each participant's account is credited with the participant's contributions and allocations of (a) the Plan Sponsor's contribution, (b) plan earnings and losses, and (c) forfeitures of terminated participants' nonvested accounts and charged with an allocation of administrative expenses. Allocations are based on participant account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are immediately vested in their contributions and Plan Sponsor matching contributions plus actual earnings thereon. Vesting in the Plan Sponsor profit sharing contribution portion of their accounts, plus actual earnings thereon, is based on years of credited service. A participant is 100 percent vested after six years of credited service. Notwithstanding the above, a participant is fully vested upon reaching normal retirement age, death, or permanent disability.

Benefit payments – Normal retirement under the Plan occurs at age 65. The Plan also provides for retirement and in-service distributions to persons under age 65 if certain conditions are met as specified in the plan document. Participants, or their beneficiaries, are eligible to receive payment of benefits in the event of the participant's termination, retirement, death, disability, or termination of the Plan. Benefits are distributed according to provisions set forth in the plan document. Participants' nonforfeitable account balances less than \$5,000 shall be distributed in a lump-sum payment unless the distribution form provides otherwise. If the vested amount exceeds \$5,000, participants may elect the benefits to be distributed in a lump-sum payment or annual installments.

One Health 403(b) Plan
Notes to Financial Statements (Continued)
Years Ended December 31, 2024 and 2023

1. Description of Plan (continued):

Administration of the Plan – The Plan is administered by the Plan Sponsor in the form of an advisory committee. Plan assets are invested in accordance with the employee’s instructions. Records of participant account activity are processed and maintained by a third-party administrator, which also performs other administrative support services for the Plan. Certain administrative functions are performed by officers or employees of the Plan Sponsor. No such officer or employee receives compensation from the Plan.

2. Summary of Significant Accounting Policies:

Basis of accounting – The financial statements of the Plan are prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of estimates – The preparation of financial statements in conformity with GAAP requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition – Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of shares are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

Payment of benefits – Benefits are recorded when paid.

Administrative expenses – Administrative expenses are paid by either the Plan or the Plan Sponsor as provided by the plan document. Investment-related expenses are included in net appreciation in fair value of investments.

Plan termination – Although it has not expressed any intent to do so, the Plan Sponsor has the right to terminate the Plan subject to the provisions of ERISA. In the event the Plan is terminated, participants will become 100 percent vested in their respective account balances.

Subsequent events – Subsequent events have been evaluated through October 10, 2025, which is the date the financial statements were available to be issued.

3. Information Certified by the Plan Custodian:

Mid Atlantic Trust Company, the custodian of the Plan, has supplied the plan administrator with certifications as to the completeness and accuracy of all investment information reflected on the accompanying statements of net assets available for benefits as of December 31, 2024 and 2023, the statement of changes in net assets available for benefits for the year ended December 31, 2024, and the supplemental Schedule H, Line 4i – schedule of assets (held at end of year) as of December 31, 2024.

Years Ended December 31, 2024 and 2023

4. Fair Value Measurements:

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024.

Level 1 – The fair values of mutual funds are based on quoted net asset values of the shares held by the Plan at year end.

Level 2 – The Plan has no investments that are classified as Level 2 for either year ended December 31, 2024 or 2023.

Level 3 – The Plan has no investments that are classified as Level 3 for either year ended December 31, 2024 or 2023.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. Fair Value Measurements (continued):

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value:

	2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 9,708,654	\$ -	\$ -	\$ 9,708,654
Total investments at fair value	\$ 9,708,654	\$ -	\$ -	\$ 9,708,654

	2023			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 5,118,858	\$ -	\$ -	\$ 5,118,858
Total investments at fair value	\$ 5,118,858	\$ -	\$ -	\$ 5,118,858

Changes in fair value levels – The availability of observable market data is monitored to assess the appropriate classifications of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

We evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2024, there were no significant transfers in or out of Levels 1, 2, or 3.

5. Risks and Uncertainties:

The Plan provides for investments in various investment securities. Investment securities, in general, are exposed to various risks such as interest rate, credit, and overall market volatility risk. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

The Plan has a concentration of investments in Nuveen Lifecycle Index 2040 R6, Nuveen Lifecycle Index 2045 R6, Nuveen Lifecycle Index 2050 R6, and Nuveen Lifecycle Index 2055 R6. A change in the value of these funds could cause the value of the Plan's net assets available for benefits to change due to this concentration. In addition, as a result of funds being selected by participants, certain other funds may individually represent a concentration of greater than 10 percent of the Plan's investments at fair value in the statements of net assets available for benefits. Although these individual funds maintain a level of diversification by investing in multiple equity, debt, or other instruments, there may be a concentration of risk, because the funds are invested at the direction of a single fund manager.

At December 31, 2024 Nuveen Lifecycle Index 2040 R6, Nuveen Lifecycle Index 2045 R6, Nuveen Lifecycle Index 2050 R6, and Nuveen Lifecycle Index 2055 R6 each individually represented greater than 10 percent of the Plan's investments at fair value.

6. Plan Tax Status:

The Plan has been designed to qualify under Section 403(b) of the Internal Revenue Code (IRC). The terms of the Plan have been prepared to conform with the sample language provided by the IRS in Revenue Procedure 2007-71 or the draft Listing of Required Modifications issued April 4, 2009. The Plan is required to operate in conformity with the IRC to maintain the tax-exempt status for Plan participants under Section 403(b).

The plan administrator will apply for a determination letter on the Plan when the Plan is eligible to apply to the program.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions and the Plan could be subject to income tax if certain issues were found by the IRS that could result in the disqualification of the Plan's tax-exempt status; however, there are currently no audits for any tax periods in progress.

7. Party-in-interest Transactions:

The following transactions are considered party-in-interest transactions under ERISA regulations but are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA:

- The Plan Sponsor provides to the Plan certain accounting and administrative services for which no fees are charged to the Plan. The employees that provide these services also are participants of the Plan.
- The Plan's advisory committee consists of employees of the Plan Sponsor. There are no transactions between the parties other than contributions to the Plan, if eligible.
- Plan investments are managed by Mid Atlantic Trust Company, the Plan's custodian, and Newport Trust Company, the Plan's previous custodian.
- The plan auditor performs the required annual audit of the Plan.
- The Plan relies on a third-party service provider, July Business Services, to prepare the Plan's IRS Form 5500 and manage the individual participant accounts of the Plan.
