INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of the
Fernandes Masonry, Inc. 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of the Fernandes Masonry, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the Statement of Net Assets Available for Plan Benefits as of December 31, 2024, and the related Statement of Changes in Net Assets Available for Plan Benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2024 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion on the 2024 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2024 Financial Statements section:

- the amounts and disclosures in the 2024 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the 2024 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2024 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2024 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2024 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2024 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2024 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2024 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2024 Supplemental Schedules Required by ERISA

The supplemental Schedule of Delinquent Participant Contributions for the year ended December 31, 2024 and Schedule of Assets (Held at End of Year) as of December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2023 Financial Statements

The financial statements of the Plan as of December 31, 2023, were audited by predecessor auditors. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the Plan that were certified by a qualified institution. Their report dated August 26, 2024 indicated that in their opinion (a) the amounts and disclosures in the 2023 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2023 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2023 supplemental schedules, other than the information in the 2023 supplemental schedules that agreed to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2023 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

FERNANDES MASONRY, INC. 401(K) PLAN
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2024 and 2023

1. Description of Plan

The following description of the Fernandes Masonry, Inc. 401(k) Plan (the Plan) is intended to provide only general information regarding the Plan. Participants should refer to the Plan Agreement, as amended, for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan under Section 401(k) of the Internal Revenue Code (IRC) and is subject to provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan covers all eligible employees of Fernandes Masonry, Inc. (the Employer or the Company) who have completed three months of service and who are regularly scheduled to work at least 1,000 hours per year. Union employees and nonresident aliens are ineligible to participate. Employees of the Employer who provide services under federal contracts subject to the Davis-Bacon Act or any other federal, state, or municipal prevailing wage laws are eligible to participate immediately upon employment on prevailing wage contracts and to receive Employer Davis-Bacon contributions.

Eligible employees are enrolled in the Plan on the first day of the month coinciding with or next following date eligibility requirements are met.

The Employer is also the administrator of the Plan. As administrator, the Employer has the exclusive authority and responsibility for all matters in connection with the operation and administration of the Plan. Two owners of the Employer serve as trustees of the Plan.

The Plan's custodians are Empower Annuity Insurance Company of America (EAIC) and Empower Trust Company, LLC (collectively, Empower) and they act at the direction of the Employer. EAIC is also the Plan's recordkeeper.

Contributions

Participants may elect to contribute an amount of pre-tax and Roth annual eligible compensation up to a maximum contribution per employee allowable by law. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers).

The Company makes contributions to the Plan for participants subject to prevailing wage laws at rates stipulated by the specific federal, state, or municipal prevailing wage contracts. For the remaining participants, the Company makes a safe harbor matching contribution equal to 100% of the participant deferrals up to 3% of each contributing participant's eligible compensation and an additional 50% of the participant deferrals greater than 3% but less than 5% of each contributing participant's eligible compensation. Participants become eligible for the safe harbor, discretionary profit sharing and discretionary matching contributions after one year of service.

**FERNANDES MASONRY, INC. 401(K) PLAN
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2024 and 2023**

During the year ended December 31, 2024, the Company made safe harbor matching contributions and prevailing wage contributions of \$61,071 and \$2,055,639, respectively. The Company may also elect to make additional discretionary profit sharing or discretionary matching contributions. During the year ended December 31, 2024, the Company made a discretionary profit sharing contribution of \$130,240 to the Plan for participants not covered by prevailing wage contracts. During the year ended December 31, 2024, the Company did not make discretionary matching contributions to the Plan.

Participant Accounts

Each participant’s account is credited with the participant’s contribution, including rollovers, and allocations of (a) the Employer contributions, (b) Plan earnings (losses), and (c) administrative expenses. Plan earnings (losses) and administrative expenses are allocated to participant accounts based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are immediately vested in their contributions, including rollover contributions, plus actual earnings thereon. Participants are immediately vested in the prevailing wages and safe harbor matching contributions, plus actual earnings thereon. Vesting in the Employer’s discretionary profit sharing and discretionary matching contributions, plus earnings thereon, is based on years of credited service in accordance with the following schedule. A participant is required to provide 1,000 hours of service during the Plan year to be credited with the year of vesting.

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 2	0%
2 but less than 3	20%
3 but less than 4	40%
4 but less than 5	60%
5 but less than 6	80%
6 or more	100%

Participant Notes Receivable

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. Participant notes receivable are treated as directed investments. Terms range from one to five years or a longer repayment term for the purchase of a principal residence. A participant may have no more than one outstanding loan at a time. The notes are secured by the balance in the participant’s account and bear interest at a rate of prime plus 2%. Principal and interest are paid ratably through payroll deductions.

FERNANDES MASONRY, INC. 401(K) PLAN
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2024 and 2023

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or installment payments as provided in the Plan document. For termination of service due to termination or attainment of age 59 1/2, a participant may receive the value of the vested interest in his or her account as a lump sum distribution. If a terminated participant's vested balance is less than or equal to \$5,000, the amount may be automatically distributed to the participant. In addition, the Plan allows for hardship distributions if certain criteria are met.

Forfeitures

Participants in the Plan who terminate employment before completing six years of service forfeit the non-vested portion of their accounts. Forfeited non-vested accounts may be used to reduce Employer contributions or pay administrative expenses. At December 31, 2024 and 2023, forfeited non-vested accounts, including interest thereon, and excluding administrative revenue (Note 2), totaled \$4,235 and \$4,081, respectively. During 2024, \$250 was used to reduce Plan expenses.

Plan Termination

The Employer expects to continue the Plan indefinitely, however, it reserves the right to amend the Plan or contributions thereto, at any time and in any manner that it deems advisable, provided that no amendment shall have the effect of diverting Plan assets for purposes other than for the exclusive benefit of the Plan participants and any Plan termination would be subject to the provisions of ERISA. If the Plan is terminated, the participants would become fully vested and entitled to receive all amounts credited to their accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting

The Plan's financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Valuation of Investments and Income Recognition

Investments are reported at fair value, except for the group annuity contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (Note 3).

Contract value represents investments at cost plus accrued interest income, less amounts withdrawn to pay benefits and expenses. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the investment advisors, custodians and the insurance company (Notes 3 and 4).

FERNANDES MASONRY, INC. 401(K) PLAN
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2024 and 2023

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Participant Notes Receivable

Participant notes receivable are measured at their unpaid principal balances plus any accrued but unpaid interest and are secured by the balance in the respective participant's account. Related fees are recorded as administrative expenses and are expensed when they are incurred. Interest income on participant notes receivable is recorded when it is earned. A receivable is considered past due if payment has not been received within the stated terms. Delinquent notes receivable from participants are reclassified as distributions based on the terms of the Plan document.

Contributions

Employee and Employer safe harbor contributions are recorded weekly when the Employer remits the payroll deductions for investment into the Plan. As necessary, an Employer safe harbor true-up contribution is made annually, substantially related to year end bonuses. Prevailing wage contributions are remitted and recorded within 90 days of the related month. Employer discretionary matching and discretionary profit sharing contributions are remitted and recorded annually, if applicable.

Payment of Benefits

Benefits are recognized when paid to participants or their designated beneficiaries.

Administrative Revenue and Expenses

Expenses incurred in the administration of the Plan are paid by the Employer unless the Employer directs that such expenses shall be paid by the Plan. Expenses that are paid by the Employer are excluded from these financial statements. Participant notes receivable set-up and maintenance fees are paid directly by the participants through a reduction in their account and are included in administrative expenses. Investment management fees for certain investments are included as a reduction of investment return (net appreciation or depreciation) and not reflected separately in the Statement of Changes in Net Assets Available for Plan Benefits.

Administrative revenues arise when investment managers return a portion of the investment fees to the record keeper to offset the administrative expenses. Any excess resulting from this revenue credit remains in an unallocated account from which future Plan expenses can be paid or allocated to participant accounts. The Plan received approximately \$37,400 of administrative revenues during 2024. The Plan held unallocated administrative revenues, including interest thereon, of \$2,076 and \$1,779 at December 31, 2024 and 2023, respectively, within forfeited non-vested accounts. During 2024, \$750 was used to reduce Plan expenses.

FERNANDES MASONRY, INC. 401(K) PLAN
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2024 and 2023

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Employer to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Risks and Uncertainties

The Plan provides for various investment options with various investment objectives. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Plan Benefits.

The Plan invested in three mutual funds that accounted for approximately 51% and 52% of total Plan investments as of December 31, 2024 and 2023, respectively. The Plan invested in one fully benefit-responsive investment contract that accounted for approximately 15% and 13% of total Plan investments as of December 31, 2024 and 2023, respectively.

Financial Instruments with a Concentration of Credit Risk

The Plan's investments are held by Empower. The Plan's exposure to credit risk is associated with the outside entity's non-performance of their fiduciary responsibilities relating to these amounts as specified in the agreements with the custodians. Benefits provided by the Plan are not insured or guaranteed by the Pension Benefit Guaranty Corporation.

Subsequent Events

Management has evaluated subsequent events through October 7, 2025, which is the date these financial statements were available to be issued.

3. Fair Value Measurements

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives highest priority to unadjusted quoted prices in active markets for identical assets (level 1) and the lowest priority to unobservable inputs (level 3).

The three levels of the fair value hierarchy and inputs to the valuation methodologies are described as follows:

Level 1 inputs are unadjusted quoted prices in active markets for identical assets the Plan has the ability to access.

FERNANDES MASONRY, INC. 401(K) PLAN
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2024 and 2023

Level 2 inputs are other than quoted prices in active markets that are observable either directly or indirectly for the asset. Such inputs are derived principally from or corroborated by observable market data for similar assets by correlation or other means, over substantially the full contractual term of the asset, if applicable.

Level 3 inputs are unobservable and significant to the fair value measurement. Such inputs generally rely on the Plan's own assumptions about the assumptions that market participants would use in pricing the asset.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value on a recurring basis:

Mutual Funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded.

As of December 31, 2024 and 2023, the Plan's investments in mutual funds are reported at level 1 within the fair value hierarchy.

4. Fully Benefit-responsive Investment Contract

The Plan's investment in the Empower Investments Fixed Account-Series Class VI, a group annuity contract, is a fully benefit-responsive investment contract. The account is credited with participant contributions, plus earnings, and charged for participant withdrawals and administrative expenses. Contributions to this account are deposited into Empower's general account, which primarily invests in bonds, commercial mortgages, and private equity. The insurance company is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The specified minimum crediting rate is 0%. The crediting interest rate was 2.70% and 2.55% as of December 31, 2024 and 2023, respectively.

There are no reserves against the contract value for credit risk of the contract issuer or otherwise. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

FERNANDES MASONRY, INC. 401(K) PLAN
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2024 and 2023

Certain events limit the Plan's ability to transact with Empower. Such events include the following: amendments to the Plan documents, changes to Plan's prohibition on competing investment options or deletion of equity wash provisions, bankruptcy of the Company or other Company events that cause a significant withdrawal from the Plan, or the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Employer believes the occurrence of such events that would also limit the Plan's ability to transact at contract value with Plan participants is not probable.

5. Income Tax Status

The Plan is an adoption of a non-standardized pre-approved defined contribution plan that received an opinion letter dated June 30, 2020, in which the Internal Revenue Service (IRS) stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the opinion letter. However, the Employer and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2024, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods.

6. Summary of Financial Data Certified by the Custodians

The following is a summary of financial information and data certified by the custodians:

Statements of Net Assets Available for Plan Benefits at December 31, 2024 and 2023, except for contribution receivables and liabilities, if any;

Investment income and interest income from participant notes receivable on the Statement of Changes in Net Assets Available for Plan Benefits for the year ended December 31, 2024; and

Investment information provided in the supplemental schedule, Schedule of Assets (Held at End of Year) at December 31, 2024.

FERNANDES MASONRY, INC. 401(K) PLAN
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2024 and 2023

7. Differences from Form 5500

Differences between the Annual Return/Report of Employee Benefit Plan, Form 5500, and these financial statements are a result of different classifications between line items in the financial statements. Total Plan assets are in agreement.

8. Related Party and Party-in-interest Transactions

Plan investments are held and managed by Empower, the custodian of the Plan. Therefore, these transactions qualify as party-in-interest transactions. For the year ended December 31, 2024, the Plan made direct payments of approximately \$19,500 to Empower for administrative and investment management fees. In addition, participant notes receivable also qualify as party-in-interest transactions. Two owners of the Employer serve as trustees of the Plan.

Empower provides certain administrative services to the Plan and receives revenue from mutual fund service providers for services Empower provides to the funds (Note 2). This revenue is used to offset certain amounts owed to Empower for its administrative services to the Plan. If revenue received by Empower from such mutual fund service providers exceeds the amount owed under the agreement, Empower remits the excess to the Plan's trust on a monthly basis. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. No amounts were allocated to participants for the year ended December 31, 2024.

9. 2023 Schedule of Delinquent Participant Contributions

The Plan's 2023 financial statements, which were audited by a predecessor auditor, included a Schedule of Delinquent Participant Contributions that reported delinquent participant contributions of \$142,204 and \$317,343 for the Plan years 2023 and 2022, respectively. Upon further review, the Employer has determined that \$1,052 represented actual delinquent participant contributions for the 2022 Plan year which were remitted that year. Lost earnings were remitted and corrected during the 2024 Plan year. The remaining amounts of \$142,204 and \$316,291 for 2023 and 2022, respectively, related to prevailing wage contributions remitted in the respective year, which are considered employer contributions.

While prevailing wage contributions are not required to be presented in the Schedule of Delinquent Participant Contributions, the Employer has determined that these contributions were remitted beyond 90 days of the related month, and therefore, are considered late under IRS regulations. As the 2023 financial statements improperly classified the prevailing wage amounts as participant contributions, they are presented in the accompanying Schedule of Delinquent Participant Contributions for the year ended December 31, 2024, as contributions corrected outside VFCP.

FERNANDES MASONRY, INC. 401(K) PLAN
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2024 and 2023

The Employer calculated the lost earnings related to the late prevailing wage contributions for 2022, which were remitted to the Plan during 2024. The Employer has also calculated the lost earnings related to the late prevailing wage contributions for 2023, which were nominal in amount and was remitted to the Plan during 2025.
