INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of the
Powerex Savings and Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Powerex Savings and Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Powerex Savings Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Powerex Savings and Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Powerex Savings and Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Powerex Savings and Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Powerex Savings and Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

POWEREX SAVINGS AND RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023 AND YEAR ENDED DECEMBER 31, 2024

NOTE A—DESCRIPTION OF PLAN

The following description of the Powerex Savings and Retirement Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General—The Plan is a defined contribution plan covering all employees of Powerex, Inc. (Company or Plan Administrator) except those specifically excluded (i.e. interns, security guards, consultants, contract employees, and independent contractors). The Plan was implemented on January 1, 1986 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was most recently amended and/or restated effective January 1, 2022.

Effective December 1, 2017, Vanguard Fiduciary Trust Company was appointed as trustee and custodian of the Plan. Administrative and recordkeeping services are provided to the Plan by The Vanguard Group, Inc. under the most recent agreement effective as of January 1, 2022. The Powerex Investment Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Eligibility—All employees covered by the Plan are eligible to participate in the Plan on their date of hire regardless of age.

Contributions—Each year, participants may contribute from 2% up to 100% of compensation, as defined by the Plan, subject to dollar amount permissible under the Internal Revenue Code (IRC). These amounts can also be designated as Roth contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollover). After-tax voluntary contributions by participants are also permitted. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers numerous mutual funds and a stable value fund as investment options for participants. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan, unless they affirmatively elect not to participate, with a default rate set at 8% of eligible compensation. Contributions are automatically invested in a target retirement date balanced fund based on the participant's date of birth until changed by the participant.

The Company contributes 50% of the first 8% of compensation that a participant contributes to the Plan. The matching Company contribution is invested in the same participant directed investment options selected by each participant for their deferrals.

Additionally, the Company also makes a profit sharing contribution to all participants as follows:

Less than 25 years of service	4.5% of compensation
More than 25 years of service	5.0% of compensation

Participants also direct the investment of the profit sharing contributions.

DECEMBER 31, 2024 AND 2023 AND YEAR ENDED DECEMBER 31, 2024

NOTE A—DESCRIPTION OF PLAN (CONTINUED)

Participant Accounts—Each participant’s account is credited with the participant’s contribution and allocations of (a) Company contributions and, (b) Plan earnings (losses), and charged with an allocation of certain administrative expenses paid by the Plan. Allocation of earnings (losses) is based on participant earnings. Allocation of administrative expenses is based on whether the expenses are attributable to a specific participant (will be charged to the specific participant) or to all participants (i.e. recordkeeping fees) (will be allocated to all participants as an equal dollar amount per participant). The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting—Participants are immediately vested in their contributions plus actual earnings thereon.

Participants become vested in Company matching and profit sharing contributions based on years of service with the Company. The vesting schedule is as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
1	20%
2	40%
3	60%
4	80%
5 or more	100%

Notes Receivable from Participants—Participants may borrow from their accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant’s account and bear interest at rates ranging from 4.25% to 9.5%, which are commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest is paid ratably through weekly/semi-monthly payroll deductions.

Payments of Benefits—Upon termination of service due to death, disability, or retirement, a participant becomes fully vested in their account and is entitled to receive their entire account balance in a lump-sum amount, a partial lump sum amount or in installment payments over a specified period not to exceed the assumed life expectancies. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account under the same methods as noted above. The Plan permits in-service distributions to participants over age 59½. Hardship withdrawals are also permitted by the Plan.

Forfeitures—At December 31, 2024 and 2023, forfeited nonvested accounts totaled \$8,344 and \$9,533, respectively. These accounts will be used to reduce future Company contributions and/or to pay administrative expenses incurred by the Plan. In 2024, employer contributions were reduced by \$156,392 from forfeited nonvested accounts. In addition, administrative expenses of \$819 were paid from forfeited nonvested accounts.

DECEMBER 31, 2024 AND 2023 AND YEAR ENDED DECEMBER 31, 2024

NOTE B—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting—The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates—The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition—Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. As a practical expedient, the fair value of the stable value common trust fund is measured using the net asset value per share of the fund. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants—Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. If a participant does not make loan repayments and the Plan Administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Payment of Benefits—Benefits are recorded when paid.

Expenses—Certain expenses of maintaining the Plan are paid by the Company and are therefore excluded from these financial statements. Investment-related expenses are included in the net appreciation in fair value of investments. Fees for the administration of notes receivable from participants are included in administrative expenses and charged directly to the participant's account.

Date of Management's Review of Subsequent Events—Subsequent events were evaluated through October 13, 2025, which is the date the financial statements were available to be issued.

POWEREX SAVINGS AND RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023 AND YEAR ENDED DECEMBER 31, 2024

NOTE C—CERTIFIED INVESTMENTS

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including all investments at fair value and notes receivable from participants held at December 31, 2024 and 2023, and net appreciation in fair value of investments, interest, dividends, and interest income on notes receivable from participants for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Vanguard Fiduciary Trust Company (the trustee of the Plan).

NOTE D—FAIR VALUE MEASUREMENTS

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs would be used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of Level 2 or Level 3 inputs for the periods presented and there were no changes in the methods used to measure fair value at December 31, 2024 and 2023.

Mutual funds—The fair value of mutual funds is based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded.

Common collective trust— The stable value common trust fund, a common collective trust which hold indirect investments in fully benefit-responsive investment contracts, is valued at the net asset value per unit, as determined by the Fund trustee at year-end. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. The Plan's investment in the stable value fund is not required to be classified within the fair value hierarchy since it is measured at net asset value.

(a) Certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchies to the amounts presented in the statements of net assets available for benefits.

NOTE D—FAIR VALUE MEASUREMENTS (CONTINUED)

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following tables summarize the Plan’s investments for which fair value is measured using the net asset value per share as a practical expedient as of December 31, 2024 and 2023, respectively. There are no participant redemption restrictions for these investments. The redemption notice period is applicable only to the Plan.

December 31, 2024	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Vanguard Retirement Savings Trust III	\$5,674,594	-	Daily	12 months

December 31, 2023	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Vanguard Retirement Savings Trust III	\$5,329,316	-	Daily	12 months

The Plan invests in a common collective trust, the Vanguard Retirement Savings Trust III (Trust), a stable value fund that invests solely in the Vanguard Retirement Savings Master Trust (VRST Master Trust). The Trust provides for the collective investment of assets of tax-exempt pension and profit-sharing plans. The underlying investments of the VRST Master Trust are primarily in a pool of investment contracts that are issued by insurance companies and commercial banks and in contracts that are backed by bond funds. Contract value, as reported by the VRST Master Trust, is the amount participants would receive if they were to initiate a permitted transaction under the terms of the Plan. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Events outside the normal operation of the VRST Master Trust (i.e. partial or complete legal termination of the trust or a unit holder, tax disqualification of the trust or a unit holder, and certain trust amendments if the issuers’ consent is not obtained) can limit the VRST Master Trust’s ability to transact at contract value with the issuers of its investment contracts. Withdrawals from an investment contract due to these events may result in a negative market value adjustment with respect to such withdrawal. Per the Audit Report of the VRST Master Trust as of December 31, 2024, the occurrence of these events is not considered to be probable.

NOTE E—RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds and a common collective trust fund managed by Vanguard Fiduciary Trust Company. Vanguard Fiduciary Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Balances of these funds as of December 31, 2024 and 2023 were \$48,441,222 and \$44,241,476, respectively. These funds had net investment income of \$6,625,698 for the year ended December 31, 2024. Fees paid by the Plan for the investment management services were paid by the Plan as a reduction in the return on investment.

POWEREX SAVINGS AND RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023 AND YEAR ENDED DECEMBER 31, 2024

NOTE E—RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS (CONTINUED)

On December 31, 2024 and 2023, Plan assets included \$490,579 and \$435,900, respectively, of participant notes receivable.

These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

Certain employees of the Company (who are participants in the Plan) perform administrative services related to the operation and financial reporting of the Plan. These employees are compensated by the Company not the Plan. Members of two employee organizations are covered by the Plan. Additionally, the Company pays other administrative expenses on behalf of the Plan as described in Note B.

NOTE F—PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Company contributions.

NOTE G—TAX STATUS

The Company has adopted a Non-Standardized Pre-Approved Profit Sharing Plan with CODA sponsored by The Vanguard Group that has received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, stating that the form of the pre-approved plan document was in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended since adopting the pre-approved plan document, the Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and, therefore, believes that the Plan is qualified.

Accounting principles generally accepted in the United States of America require the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

NOTE H—RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of the
Powerex Savings and Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Powerex Savings and Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Powerex Savings Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Powerex Savings and Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Powerex Savings and Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Powerex Savings and Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Powerex Savings and Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

POWEREX SAVINGS AND RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023 AND YEAR ENDED DECEMBER 31, 2024

NOTE A—DESCRIPTION OF PLAN

The following description of the Powerex Savings and Retirement Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General—The Plan is a defined contribution plan covering all employees of Powerex, Inc. (Company or Plan Administrator) except those specifically excluded (i.e. interns, security guards, consultants, contract employees, and independent contractors). The Plan was implemented on January 1, 1986 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was most recently amended and/or restated effective January 1, 2022.

Effective December 1, 2017, Vanguard Fiduciary Trust Company was appointed as trustee and custodian of the Plan. Administrative and recordkeeping services are provided to the Plan by The Vanguard Group, Inc. under the most recent agreement effective as of January 1, 2022. The Powerex Investment Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Eligibility—All employees covered by the Plan are eligible to participate in the Plan on their date of hire regardless of age.

Contributions—Each year, participants may contribute from 2% up to 100% of compensation, as defined by the Plan, subject to dollar amount permissible under the Internal Revenue Code (IRC). These amounts can also be designated as Roth contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollover). After-tax voluntary contributions by participants are also permitted. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers numerous mutual funds and a stable value fund as investment options for participants. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan, unless they affirmatively elect not to participate, with a default rate set at 8% of eligible compensation. Contributions are automatically invested in a target retirement date balanced fund based on the participant's date of birth until changed by the participant.

The Company contributes 50% of the first 8% of compensation that a participant contributes to the Plan. The matching Company contribution is invested in the same participant directed investment options selected by each participant for their deferrals.

Additionally, the Company also makes a profit sharing contribution to all participants as follows:

Less than 25 years of service	4.5% of compensation
More than 25 years of service	5.0% of compensation

Participants also direct the investment of the profit sharing contributions.

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023 AND YEAR ENDED DECEMBER 31, 2024

NOTE A—DESCRIPTION OF PLAN (CONTINUED)

Participant Accounts—Each participant’s account is credited with the participant’s contribution and allocations of (a) Company contributions and, (b) Plan earnings (losses), and charged with an allocation of certain administrative expenses paid by the Plan. Allocation of earnings (losses) is based on participant earnings. Allocation of administrative expenses is based on whether the expenses are attributable to a specific participant (will be charged to the specific participant) or to all participants (i.e. recordkeeping fees) (will be allocated to all participants as an equal dollar amount per participant). The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting—Participants are immediately vested in their contributions plus actual earnings thereon.

Participants become vested in Company matching and profit sharing contributions based on years of service with the Company. The vesting schedule is as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
1	20%
2	40%
3	60%
4	80%
5 or more	100%

Notes Receivable from Participants—Participants may borrow from their accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant’s account and bear interest at rates ranging from 4.25% to 9.5%, which are commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest is paid ratably through weekly/semi-monthly payroll deductions.

Payments of Benefits—Upon termination of service due to death, disability, or retirement, a participant becomes fully vested in their account and is entitled to receive their entire account balance in a lump-sum amount, a partial lump sum amount or in installment payments over a specified period not to exceed the assumed life expectancies. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account under the same methods as noted above. The Plan permits in-service distributions to participants over age 59½. Hardship withdrawals are also permitted by the Plan.

Forfeitures—At December 31, 2024 and 2023, forfeited nonvested accounts totaled \$8,344 and \$9,533, respectively. These accounts will be used to reduce future Company contributions and/or to pay administrative expenses incurred by the Plan. In 2024, employer contributions were reduced by \$156,392 from forfeited nonvested accounts. In addition, administrative expenses of \$819 were paid from forfeited nonvested accounts.

DECEMBER 31, 2024 AND 2023 AND YEAR ENDED DECEMBER 31, 2024

NOTE B—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting—The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates—The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition—Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. As a practical expedient, the fair value of the stable value common trust fund is measured using the net asset value per share of the fund. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants—Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. If a participant does not make loan repayments and the Plan Administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Payment of Benefits—Benefits are recorded when paid.

Expenses—Certain expenses of maintaining the Plan are paid by the Company and are therefore excluded from these financial statements. Investment-related expenses are included in the net appreciation in fair value of investments. Fees for the administration of notes receivable from participants are included in administrative expenses and charged directly to the participant's account.

Date of Management's Review of Subsequent Events—Subsequent events were evaluated through October 13, 2025, which is the date the financial statements were available to be issued.

POWEREX SAVINGS AND RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023 AND YEAR ENDED DECEMBER 31, 2024

NOTE C—CERTIFIED INVESTMENTS

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including all investments at fair value and notes receivable from participants held at December 31, 2024 and 2023, and net appreciation in fair value of investments, interest, dividends, and interest income on notes receivable from participants for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Vanguard Fiduciary Trust Company (the trustee of the Plan).

NOTE D—FAIR VALUE MEASUREMENTS

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs would be used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of Level 2 or Level 3 inputs for the periods presented and there were no changes in the methods used to measure fair value at December 31, 2024 and 2023.

Mutual funds—The fair value of mutual funds is based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded.

Common collective trust— The stable value common trust fund, a common collective trust which hold indirect investments in fully benefit-responsive investment contracts, is valued at the net asset value per unit, as determined by the Fund trustee at year-end. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. The Plan's investment in the stable value fund is not required to be classified within the fair value hierarchy since it is measured at net asset value.

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023 AND YEAR ENDED DECEMBER 31, 2024

NOTE D—FAIR VALUE MEASUREMENTS (CONTINUED)

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following tables summarize the Plan's investments for which fair value is measured using the net asset value per share as a practical expedient as of December 31, 2024 and 2023, respectively. There are no participant redemption restrictions for these investments. The redemption notice period is applicable only to the Plan.

December 31, 2024	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Vanguard Retirement Savings Trust III	\$5,674,594	-	Daily	12 months

December 31, 2023	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Vanguard Retirement Savings Trust III	\$5,329,316	-	Daily	12 months

The Plan invests in a common collective trust, the Vanguard Retirement Savings Trust III (Trust), a stable value fund that invests solely in the Vanguard Retirement Savings Master Trust (VRST Master Trust). The Trust provides for the collective investment of assets of tax-exempt pension and profit-sharing plans. The underlying investments of the VRST Master Trust are primarily in a pool of investment contracts that are issued by insurance companies and commercial banks and in contracts that are backed by bond funds. Contract value, as reported by the VRST Master Trust, is the amount participants would receive if they were to initiate a permitted transaction under the terms of the Plan. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Events outside the normal operation of the VRST Master Trust (i.e. partial or complete legal termination of the trust or a unit holder, tax disqualification of the trust or a unit holder, and certain trust amendments if the issuers' consent is not obtained) can limit the VRST Master Trust's ability to transact at contract value with the issuers of its investment contracts. Withdrawals from an investment contract due to these events may result in a negative market value adjustment with respect to such withdrawal. Per the Audit Report of the VRST Master Trust as of December 31, 2024, the occurrence of these events is not considered to be probable.

NOTE E—RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds and a common collective trust fund managed by Vanguard Fiduciary Trust Company. Vanguard Fiduciary Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Balances of these funds as of December 31, 2024 and 2023 were \$48,441,222 and \$44,241,476, respectively. These funds had net investment income of \$6,625,698 for the year ended December 31, 2024. Fees paid by the Plan for the investment management services were paid by the Plan as a reduction in the return on investment.

POWEREX SAVINGS AND RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023 AND YEAR ENDED DECEMBER 31, 2024

NOTE E—RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS (CONTINUED)

On December 31, 2024 and 2023, Plan assets included \$490,579 and \$435,900, respectively, of participant notes receivable.

These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

Certain employees of the Company (who are participants in the Plan) perform administrative services related to the operation and financial reporting of the Plan. These employees are compensated by the Company not the Plan. Members of two employee organizations are covered by the Plan. Additionally, the Company pays other administrative expenses on behalf of the Plan as described in Note B.

NOTE F—PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Company contributions.

NOTE G—TAX STATUS

The Company has adopted a Non-Standardized Pre-Approved Profit Sharing Plan with CODA sponsored by The Vanguard Group that has received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, stating that the form of the pre-approved plan document was in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended since adopting the pre-approved plan document, the Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and, therefore, believes that the Plan is qualified.

Accounting principles generally accepted in the United States of America require the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

NOTE H—RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of the
Powerex Savings and Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Powerex Savings and Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Powerex Savings Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Powerex Savings and Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Powerex Savings and Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Powerex Savings and Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Powerex Savings and Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

POWEREX SAVINGS AND RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023 AND YEAR ENDED DECEMBER 31, 2024

NOTE A—DESCRIPTION OF PLAN

The following description of the Powerex Savings and Retirement Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General—The Plan is a defined contribution plan covering all employees of Powerex, Inc. (Company or Plan Administrator) except those specifically excluded (i.e. interns, security guards, consultants, contract employees, and independent contractors). The Plan was implemented on January 1, 1986 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was most recently amended and/or restated effective January 1, 2022.

Effective December 1, 2017, Vanguard Fiduciary Trust Company was appointed as trustee and custodian of the Plan. Administrative and recordkeeping services are provided to the Plan by The Vanguard Group, Inc. under the most recent agreement effective as of January 1, 2022. The Powerex Investment Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Eligibility—All employees covered by the Plan are eligible to participate in the Plan on their date of hire regardless of age.

Contributions—Each year, participants may contribute from 2% up to 100% of compensation, as defined by the Plan, subject to dollar amount permissible under the Internal Revenue Code (IRC). These amounts can also be designated as Roth contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollover). After-tax voluntary contributions by participants are also permitted. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers numerous mutual funds and a stable value fund as investment options for participants. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan, unless they affirmatively elect not to participate, with a default rate set at 8% of eligible compensation. Contributions are automatically invested in a target retirement date balanced fund based on the participant's date of birth until changed by the participant.

The Company contributes 50% of the first 8% of compensation that a participant contributes to the Plan. The matching Company contribution is invested in the same participant directed investment options selected by each participant for their deferrals.

Additionally, the Company also makes a profit sharing contribution to all participants as follows:

Less than 25 years of service	4.5% of compensation
More than 25 years of service	5.0% of compensation

Participants also direct the investment of the profit sharing contributions.

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023 AND YEAR ENDED DECEMBER 31, 2024

NOTE A—DESCRIPTION OF PLAN (CONTINUED)

Participant Accounts—Each participant’s account is credited with the participant’s contribution and allocations of (a) Company contributions and, (b) Plan earnings (losses), and charged with an allocation of certain administrative expenses paid by the Plan. Allocation of earnings (losses) is based on participant earnings. Allocation of administrative expenses is based on whether the expenses are attributable to a specific participant (will be charged to the specific participant) or to all participants (i.e. recordkeeping fees) (will be allocated to all participants as an equal dollar amount per participant). The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting—Participants are immediately vested in their contributions plus actual earnings thereon.

Participants become vested in Company matching and profit sharing contributions based on years of service with the Company. The vesting schedule is as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
1	20%
2	40%
3	60%
4	80%
5 or more	100%

Notes Receivable from Participants—Participants may borrow from their accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant’s account and bear interest at rates ranging from 4.25% to 9.5%, which are commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest is paid ratably through weekly/semi-monthly payroll deductions.

Payments of Benefits—Upon termination of service due to death, disability, or retirement, a participant becomes fully vested in their account and is entitled to receive their entire account balance in a lump-sum amount, a partial lump sum amount or in installment payments over a specified period not to exceed the assumed life expectancies. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account under the same methods as noted above. The Plan permits in-service distributions to participants over age 59½. Hardship withdrawals are also permitted by the Plan.

Forfeitures—At December 31, 2024 and 2023, forfeited nonvested accounts totaled \$8,344 and \$9,533, respectively. These accounts will be used to reduce future Company contributions and/or to pay administrative expenses incurred by the Plan. In 2024, employer contributions were reduced by \$156,392 from forfeited nonvested accounts. In addition, administrative expenses of \$819 were paid from forfeited nonvested accounts.

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023 AND YEAR ENDED DECEMBER 31, 2024

NOTE B—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting—The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates—The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition—Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. As a practical expedient, the fair value of the stable value common trust fund is measured using the net asset value per share of the fund. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants—Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. If a participant does not make loan repayments and the Plan Administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Payment of Benefits—Benefits are recorded when paid.

Expenses—Certain expenses of maintaining the Plan are paid by the Company and are therefore excluded from these financial statements. Investment-related expenses are included in the net appreciation in fair value of investments. Fees for the administration of notes receivable from participants are included in administrative expenses and charged directly to the participant's account.

Date of Management's Review of Subsequent Events—Subsequent events were evaluated through October 13, 2025, which is the date the financial statements were available to be issued.

POWEREX SAVINGS AND RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023 AND YEAR ENDED DECEMBER 31, 2024

NOTE C—CERTIFIED INVESTMENTS

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including all investments at fair value and notes receivable from participants held at December 31, 2024 and 2023, and net appreciation in fair value of investments, interest, dividends, and interest income on notes receivable from participants for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Vanguard Fiduciary Trust Company (the trustee of the Plan).

NOTE D—FAIR VALUE MEASUREMENTS

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs would be used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of Level 2 or Level 3 inputs for the periods presented and there were no changes in the methods used to measure fair value at December 31, 2024 and 2023.

Mutual funds—The fair value of mutual funds is based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded.

Common collective trust— The stable value common trust fund, a common collective trust which hold indirect investments in fully benefit-responsive investment contracts, is valued at the net asset value per unit, as determined by the Fund trustee at year-end. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. The Plan's investment in the stable value fund is not required to be classified within the fair value hierarchy since it is measured at net asset value.

(a) Certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchies to the amounts presented in the statements of net assets available for benefits.

POWEREX SAVINGS AND RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023 AND YEAR ENDED DECEMBER 31, 2024

NOTE D—FAIR VALUE MEASUREMENTS (CONTINUED)

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following tables summarize the Plan's investments for which fair value is measured using the net asset value per share as a practical expedient as of December 31, 2024 and 2023, respectively. There are no participant redemption restrictions for these investments. The redemption notice period is applicable only to the Plan.

December 31, 2024	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Vanguard Retirement Savings Trust III	\$5,674,594	-	Daily	12 months

December 31, 2023	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Vanguard Retirement Savings Trust III	\$5,329,316	-	Daily	12 months

The Plan invests in a common collective trust, the Vanguard Retirement Savings Trust III (Trust), a stable value fund that invests solely in the Vanguard Retirement Savings Master Trust (VRST Master Trust). The Trust provides for the collective investment of assets of tax-exempt pension and profit-sharing plans. The underlying investments of the VRST Master Trust are primarily in a pool of investment contracts that are issued by insurance companies and commercial banks and in contracts that are backed by bond funds. Contract value, as reported by the VRST Master Trust, is the amount participants would receive if they were to initiate a permitted transaction under the terms of the Plan. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Events outside the normal operation of the VRST Master Trust (i.e. partial or complete legal termination of the trust or a unit holder, tax disqualification of the trust or a unit holder, and certain trust amendments if the issuers' consent is not obtained) can limit the VRST Master Trust's ability to transact at contract value with the issuers of its investment contracts. Withdrawals from an investment contract due to these events may result in a negative market value adjustment with respect to such withdrawal. Per the Audit Report of the VRST Master Trust as of December 31, 2024, the occurrence of these events is not considered to be probable.

NOTE E—RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds and a common collective trust fund managed by Vanguard Fiduciary Trust Company. Vanguard Fiduciary Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Balances of these funds as of December 31, 2024 and 2023 were \$48,441,222 and \$44,241,476, respectively. These funds had net investment income of \$6,625,698 for the year ended December 31, 2024. Fees paid by the Plan for the investment management services were paid by the Plan as a reduction in the return on investment.

POWEREX SAVINGS AND RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023 AND YEAR ENDED DECEMBER 31, 2024

NOTE E—RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS (CONTINUED)

On December 31, 2024 and 2023, Plan assets included \$490,579 and \$435,900, respectively, of participant notes receivable.

These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

Certain employees of the Company (who are participants in the Plan) perform administrative services related to the operation and financial reporting of the Plan. These employees are compensated by the Company not the Plan. Members of two employee organizations are covered by the Plan. Additionally, the Company pays other administrative expenses on behalf of the Plan as described in Note B.

NOTE F—PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Company contributions.

NOTE G—TAX STATUS

The Company has adopted a Non-Standardized Pre-Approved Profit Sharing Plan with CODA sponsored by The Vanguard Group that has received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, stating that the form of the pre-approved plan document was in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended since adopting the pre-approved plan document, the Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and, therefore, believes that the Plan is qualified.

Accounting principles generally accepted in the United States of America require the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

NOTE H—RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
