RSM US LLP

Benefits Committee
TBI Employee Profit Sharing 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the TBI Employee Profit Sharing 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

TBI Employee Profit Sharing 401(k) Plan

Notes to Financial Statements

Note 1. Description of the Plan

The following description of the TBI Employee Profit Sharing 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution profit sharing plan established for the employees of TransCon Builders, Inc. (the Plan Sponsor) and its related entities (collectively, the Employers). For the years ended December 31, 2024 and 2023, the related entities include Wilton Meadows Limited Partnership, Wilton Retirement Housing Limited Liability Company, Greenwich Retirement Housing Limited Liability Company, Danbury Commons L.P. and Owner's Management Company. Employees completing six months of service, as defined, and attaining the age of 21 are eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Benefits: The Plan provides normal retirement, disability retirement and death benefits that are paid in a single payment.

Contributions: The Plan provides for contributions by the Employers and participants. Participant contributions are salary deferral contributions permitted under Internal Revenue Code (IRC) Section 401(k). Participants may contribute 75% of their gross compensation on a pretax basis subject to certain Internal Revenue Service (IRS) limitations. Employees who do not complete a salary reduction agreement form are automatically enrolled in the Plan with a 3% pretax deferral as of the first Plan entrance date upon meeting eligibility requirements. Participants who have attained age 50 before the end of the plan year are eligible to contribute additional catch-up contributions, as defined by the IRC. In addition, participants may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The amount of contribution by the Employers is a discretionary amount for employees having worked at least 1,000 hours and employed on the last day of the year who are participating in the Plan. The contribution by the Employers for the 2024 plan year was calculated at 0.5% of each eligible employee's gross compensation for each plan year. The annual contribution made by the Employers is reduced by any forfeited account balances of terminated participants.

Participants have the ability to direct both the participant's and Employers' contributions into various investment options. An employee subject to a collective bargaining agreement is not eligible to share in employer contributions.

Vesting and distribution: Each participant is immediately and fully vested in all participant contributions and earnings thereon. Vesting in the remainder of the account balance is based on years of continuous service as follows:

Years of service	Vesting
Less than two	0%
Two but less than three	25%
Three but less than four	50%
Four but less than five	75%
Five or more	100%

Note 1. Description of the Plan (Continued)

Notes receivable from participants: Participants are allowed to borrow a minimum of \$1,000 and a maximum of 50% of their vested plan account balance or \$50,000, whichever is less. All participants in the Plan that have a vested account balance of at least \$2,000 are eligible for loans. Loan terms are up to five years or up to 10 years if the loan is to acquire a principal residence. The loans bear interest at rates commensurate with local prevailing rates at the time of the loan. Interest rates on participant loans ranged from 4.25% to 9.50% as of December 31, 2024 and 2023. Principal and interest is paid ratably through payroll deduction or by payments to the Plan Sponsor.

Participant accounts: Each participant's account is credited with the participant's contribution and an allocation of the Employers' contribution and net investment earnings and losses and charged with an allocation of the Plan's administrative expenses. Employers' contributions are allocated to participant accounts as defined by the Plan. Allocations of investment earnings are based on the performance of the specific investment options selected by the participants.

Forfeited accounts: Forfeited nonvested accounts are used to reduce Employers' contributions during the year in which the forfeiture occurs. If a terminated employee, who is not fully vested, is rehired by the Employers within a five-year period after termination, any amounts previously forfeited will be credited to his or her account with vesting in such amounts resuming under the normal vesting schedule. For the year ended December 31, 2024, forfeitures totaling \$14,000 were used to offset the Employers' contributions. At December 31, 2024 and 2023, forfeited nonvested accounts totaled \$7,662 and \$8,152, respectively.

Plan termination: Although it has not expressed any intent to do so, the Plan Sponsor has a right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Note 2. Summary of Significant Accounting Policies

Basis of presentation: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as distributions based upon the terms of the plan document.

Note 2. Summary of Significant Accounting Policies (Continued)

Contributions receivable: Participant and Employers' contributions due to the Plan at year-end are recorded as contributions receivable and are credited to the individual participant accounts. Participant contributions are recorded when earned.

Payment of benefits: Benefits to participants are recorded when paid.

Administrative expenses: All expenses of maintaining the Plan are paid by the Plan or the Plan Sponsor as determined by the Plan Sponsor.

Risks and uncertainties: The Plan holds various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Subsequent events: The Plan has evaluated subsequent events for potential recognition and/or disclosure through October 13, 2025, the date the financial statements were available to be issued.

Note 3. Tax Status

The Plan has adopted a volume submitter plan sponsored by Fidelity Management Trust Company. The volume submitter plan provider has received an advisory letter from the IRS as to the volume submitter plan's qualified status. The volume submitter plan advisory letter has been relied upon by the Plan. The Plan has been amended since the volume submitter plan received the advisory letter. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan Administrator evaluated the Plan's tax positions and concluded that there are no uncertain tax positions that required recognition or disclosure in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by tax authorities for years before 2021.

Note 4. Information Certified by Fidelity Management Trust Company

The following is a summary of the Plan's asset information as of December 31, 2024 and 2023, and for the year ended December 31, 2024, included throughout the Plan's financial statements and supplemental schedule that was prepared by or derived from information provided by the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate.

Note 4. Information Certified by Fidelity Management Trust Company (Continued)

Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets:

	December 31	
	2024	2023
Registered investment companies	\$ 11,772,949	\$ 11,112,784
Common/collective trust fund	\$ 36,267	\$ 36,208
Notes receivable from participants	\$ 245,663	\$ 262,193

The trustee also certified to the completeness and accuracy of the following for the year ended December 31, 2024:

Net appreciation in fair value of investments	\$ 740,738
Interest and dividends	\$ 576,411
Interest income on notes receivable from participants	\$ 19,657

Note 5. Fair Value Measurements

The Plan has determined the fair value of certain assets through application of accounting guidance that establishes a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the standards are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the assets or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

TBI Employee Profit Sharing 401(k) Plan

Notes to Financial Statements

Note 5. Fair Value Measurements (Continued)

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurements.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2024 and 2023.

Registered investment companies: Valued at the daily closing price as reported by the fund. Registered investment companies held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The registered investment companies held by the Plan are deemed to be actively traded.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	2024			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 11,772,949	\$ -	\$ -	\$ 11,772,949
Investments measured at NAV (a)				36,267
Total investments, at fair value				<u>\$ 11,809,216</u>

	2023			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 11,112,784	\$ -	\$ -	\$ 11,112,784
Investments measured at NAV (a)				36,208
Total investments, at fair value				<u>\$ 11,148,992</u>

(a) In accordance with the Fair Value Measurements topic, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits. To assess the appropriate classification of assets within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of assets from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

Notes to Financial Statements

Note 5. Fair Value Measurements (Continued)

The Plan evaluates the significance of transfers between levels based upon the nature of the asset and size of the transfer relative to total net assets available for benefits.

Investments measured using the NAV per share practical expedient: The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2024 and 2023. If the Plan initiates a full redemption of the common/collective trust fund, the issuer reserves the right to require up to 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

Investment	Fair Value		Unfunded Commitment	Redemption Frequency	Redemption Notice Period
	2024	2023			
Common/collective trust fund	\$ 36,267	\$ 36,208	None	Daily	None

Note 6. Reconciliation of Financial Statements to Form 5500

The following are reconciling items between the net assets available for benefits per the financial statements to the Form 5500 at December 31;

	2024	2023
Net assets available for benefits per financial statements	\$ 12,181,434	\$ 11,527,038
Less loans deemed distributed	(19,749)	(23,797)
Net assets available for benefits per Form 5500	\$ 12,161,685	\$ 11,503,241

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2024:

Net increase in net assets available for benefits per the financial statements	\$ 654,396
Less deemed loan distribution	5,281
Less interest on deemed loan distribution	(1,233)
Net increase in net assets available for benefits per Form 5500	\$ 658,444

Note 7. Party-in-Interest Transactions

The Plan invests in a common/collective trust fund and mutual funds managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee as defined by the Plan, and therefore, this transaction qualifies as a party-in-interest transaction. The administrative fees paid to Fidelity Management Trust Company and its affiliates amounted to \$55,852 for the year ended December 31, 2024.
