Statement by Enrolled Actuary
 To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

INDEPENDENT AUDITORS' REPORT

To the Plan Committee of
KBF CPAs LLP Cash Balance Plan

Opinion

We have audited the accompanying financial statements of KBF CPAs LLP Cash Balance Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of KBF CPAs LLP Cash Balance Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of KBF CPAs LLP Cash Balance Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about KBF CPAs LLP Cash Balance Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of KBF CPAs LLP Cash Balance Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about KBF CPAs LLP Cash Balance Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of: (1) Schedule H, line 4i-Schedule of Assets (Held at End of Year) and (2) Schedule H, line 4j-Schedule of Reportable Transactions as of or for the year ended December 31, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements

and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

KBF CPAs LLP CASH BALANCE PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

NOTE A - DESCRIPTION OF THE PLAN

The following description of the KBF CPAs LLP Cash Balance Plan (the “Plan”), provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan’s provisions.

1. General

The Plan is a cash balance defined benefit plan established January 1, 2018 for the benefit of all eligible employees of KBF CPAs LLP (the “Employer” or the “Firm”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

2. Eligibility

An employee, as defined in the plan agreement, who is 18 or older is eligible for participation in the Plan, subject to monthly entry dates. Self-employed owners of the Firm are considered employees for plan purposes if eligible to participate in the Plan (and if at least age 18). Employees covered under a collective bargaining agreement and interns are not eligible to participate in the Plan. In addition, effective January 1, 2023, equity and non-equity partners other than those listed by name in the plan document, seasonal employees, and part-time employees whose regularly scheduled service is less than 1,000 hours in the relevant eligibility computation period are not eligible to participate in the Plan. However, if such part-time or seasonal employee completes a year of service with 1,000 hours, as defined, then such employee, unless excluded under another classification, will become a participant if they meet the Plan’s eligibility requirements.

3. Plan Administration

The Plan is administered by the Employer’s Plan Committee (the “Committee”). The Committee has overall responsibility for the operation and administration of the Plan including monitoring the Plan’s service providers. Fidelity Investments serves as the custodian of the Plan’s assets. Cable Hill Partners serves as the investment advisor and executes investment transactions. Premier RPS provides administrative services and EGPS-Summit is the Plan’s actuary.

4. Funding Policy

The Plan’s funding policy is for the Firm to contribute an amount which will meet or exceed the annual ERISA requirements, as determined by the Plan’s actuary. For the years ended December 31, 2024 and 2023, the Firm made contributions of \$1,855,837 and \$1,344,200, respectively. The Firm’s contributions for 2024 and 2023 exceeded the minimum funding requirements of ERISA.

NOTE A - DESCRIPTION OF THE PLAN (Continued)

5. Participant Accounts

The Plan is a cash balance account plan whereby a participant's accrued benefit is maintained in a hypothetical cash balance account. Under the Plan provisions, the hypothetical accounts are credited with principal and interest credits at the end of each Plan year. Participants who work a minimum of a 1,000 hours during the plan year are credited with principal credits in amounts specified in the plan document for their employee group classification. The amount of interest credited each year is based on an annual fixed rate of 4%.

6. Pension Benefits

Benefits are determined based on the participant's hypothetical account balance. Participants are eligible for their plan benefit after terminating employment with vested rights (see Note A.7.) or upon attainment of normal retirement age (62). Upon attaining normal retirement age or termination of employment for any reason, participants have the option of receiving their vested benefit in the form an annuity (or a joint and survivor annuity in the case of a married participant), a lump sum payment, or a combination of a partial lump sum payment and an annuity. Effective January 1, 2023, life annuity with term certain, term certain only, and installments were added as optional forms of payment. In addition, effective January 1, 2023, participants may receive distributions upon attaining age 59 ½, if certain criteria are met.

No disability benefits, other than those payable upon termination of employment, are provided in the Plan. If retirement benefit payments have not begun at the time of a participant's death, the Plan's death benefit is the actuarial equivalent of the vested balance of the participant's hypothetical account.

7. Vesting

Participants are 100% vested in their accrued benefit after three years of service. However, any participant whose employment terminates due to normal retirement, disability or death, shall be fully vested.

Certain participants who received principal credits during the 2019 plan year are 100% vested in these 2019 principal credits regardless of years of service with the Employer.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting.

KBF CPAs LLP CASH BALANCE PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

2. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires plan management to make estimates and assumptions that affect certain reported amounts of assets, liabilities, and changes therein; disclosure of contingent assets and liabilities; and the actuarial present value of accumulated plan benefits at the date of the financial statements, and changes therein. Actual results could differ from those estimates.

3. Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisers and custodian. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes gains and losses on investments bought and sold as well as held during the year.

4. Payment of Benefits

Benefit payments to participants are recorded upon distribution.

5. Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Employer. Expenses that are paid by the Employer, which include Pension Benefit Guaranty Corporation (PBGC) premiums, are excluded from these financial statements. Certain investment advisor expenses are recorded as administrative expenses in the accompanying statements of changes in net assets available for benefits. In addition, certain other investment related expenses are included in net appreciation/depreciation in fair value of investments.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

NOTE C - ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS

Accumulated plan benefits are those future periodic payments, including lump-sum distributions, which are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. The present value of accumulated plan benefits is actuarially determined by the Plan's actuary and is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment due to death, disability, or retirement between the valuation date and the expected date of payment.

The significant actuarial assumptions used in the valuation as of measurement date January 1, 2024 were:

Interest rate:	4.00%
Pre-retirement mortality rate:	24C-2024 Combined (previously "none")
Post-retirement mortality rate:	GAR 94

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

The actuarial present value of accumulated plan benefits as of December 31, 2023 is as follows:

Actuarial present value of vested accumulated plan benefits:

Vested benefits - active benefits	\$ 7,610,782
Nonvested benefits	91,799
Total actuarial present value of accumulated plan benefits	<u>\$ 7,702,581</u>

The changes in the actuarial present value of the Plan's accumulated plan benefits for the year ended December 31, 2023 are as follows:

Actuarial present value of accumulated plan benefits at beginning of year	\$ 5,783,511
Increase (decrease) in accumulated plan benefits attributable to:	
Benefits accumulated	1,764,200
Interest	230,644
Benefits paid	(58,050)
Other changes	<u>(17,724)</u>
Actuarial present value of accumulated plan benefits at end of year	<u>\$ 7,702,581</u>

NOTE D - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in these methodologies used at December 31, 2024 and 2023.

Money market fund: Valued at cost plus earned interest.

Mutual fund: Valued at the daily closing price as reported by the fund. This fund is required to publish its daily net asset value (NAV) and to transact at that price. The NAV for the mutual fund is a publicly available quoted price in an active market.

Exchange-traded funds: Valued at the daily closing price on the active market on which the individual funds are traded.

NOTE D - FAIR VALUE MEASUREMENTS (Continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

Assets at Fair Value as of December 31, 2024

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Assets in the fair value hierarchy:				
Money market fund	\$ 2,996,012	\$ -	\$ -	\$ 2,996,012
Mutual fund	940,931	-	-	940,931
Exchange-traded funds	5,706,315	-	-	5,706,315

Assets at Fair Value as of December 31, 2023

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Assets in the fair value hierarchy:				
Money market fund	\$ 2,606,889	\$ -	\$ -	\$ 2,606,889
Mutual fund	757,562	-	-	757,562
Exchange-traded funds	4,351,648	-	-	4,351,648
	<u>\$ 7,716,099</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 7,716,099</u>

NOTE E - PLAN TERMINATION

In the event the Plan terminates, net assets available for benefits will be allocated as prescribed in the Plan document and by ERISA and its related regulations to provide the accrued benefit payable as of the termination date to each participant. Any remaining assets after paying all accrued benefits would revert back to the Firm. Certain benefits under the Plan are insured by the PBGC should the Plan terminate. The PBGC does not guarantee all benefits under the Plan, and the amount of protection is subject to certain limitations.

KBF CPAs LLP CASH BALANCE PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

NOTE F - TAX STATUS

The Employer adopted a non-standardized pre-approved defined benefit plan (“pre-approved plan”), which received a favorable opinion letter from the Internal Revenue Service (IRS) dated July 31, 2021 which stated that the pre-approved plan was designed in accordance with applicable sections of the Internal Revenue Code (IRC). The plan has been amended since receiving the opinion letter. However, the plan administrator believes that the plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE G - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Fidelity Investments is the custodian of the Plan’s investments and Cable Hill Partners is the investment advisor. Therefore, transactions with these entities qualify as party-in-interest transactions.

NOTE H - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

Plan contributions are made, and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term could be material to the financial statements.

NOTE I - SUBSEQUENT EVENTS

Plan management has evaluated subsequent events through October 10, 2025, the date the financial statements were available to be issued.

Description of Weighted Average Retirement Age**

KBF CPAs LLP Cash Balance Plan

82-1030164 / 002

For the plan year 01/01/2024 through 12/31/2024

The age reported is the weighted average of the assumed retirement ages for all active participants as of the valuation date based on their funding target or target normal cost should the funding target of the plan be zero rounded to the nearest whole age. For an active late retiree, the assumed retirement age may be later than the Plan's normal retirement age. Each participant's rate of retirement is assumed to be 100% of his/her assumed retirement age.
