REPORT OF INDEPENDENT PUBLIC ACCOUNTANTS

To the Plan Administrator and Participants of
Community of Hope 403(b) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements Community of Hope 403(b) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal controls. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal controls. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal controls-related matters that we identified during the audits.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental schedule H, line 4i – schedule of assets (held at end of year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental

schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

COMMUNITY OF HOPE 403(b) RETIREMENT PLAN

Notes to the Financial Statements December 31, 2024 and 2023

1. PLAN DESCRIPTION

The following description of the Community of Hope 403(b) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan, established January 1, 2001, covering all employees of Community of Hope, Inc. (the Employer). The Plan was most recently amended and restated effective August 1, 2018. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan Administrator is responsible for the oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Recent Legislation

The Plan was most recently amended and restated on August 1, 2018. The Setting Every Community Up for Retirement Enhancement (SECURE) Act 2.0 was signed into the 2023 Consolidations Appropriations Act under the Securing a Strong Retirement Act on December 29, 2022, with retirement provisions designed to increase retirement savings, facilitate access to retirement savings, encourage employees to save for retirement, and lower employers' cost of offering and funding retirement plans. The Plan's management and those charged with governance have a policy to incorporate these legislative changes in its Plan document by the prescribed deadlines.

Eligibility

An employee is eligible to participate in the elective deferral portion of the Plan upon hire. There is no minimum age an employee must attain to become a participant in the Plan for purposes of making voluntary deferrals. An employee who works at least 20 hours a week is eligible for the employer discretionary contributions after completion of two years of service or 2,000 hours worked.

Contributions

Employees may elect to defer up to 100% of their eligible compensation into the Plan, up to the maximum allowed by the Internal Revenue Code.

COMMUNITY OF HOPE 403(b) RETIREMENT PLAN

Notes to the Financial Statements December 31, 2024 and 2023

1. PLAN DESCRIPTION (continued)

Contributions (continued)

Participants who have attained the age of 50 before the end of the Plan year end are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants who work at least 20 hours per week and have completed two years of service are eligible to receive employer discretionary contributions. The Employer's Board of Directors voted to authorize a discretionary contribution of 3.5% of the eligible participant's compensation for the year ended December 31, 2024. The discretionary contributions were \$663,523 for the year ended December 31, 2024.

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of the Employer's contribution, Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined by the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Participants are immediately vested in their elective deferral and employer contributions and earnings thereon as defined in the Plan document.

Payment of Benefits

Distributions from amounts attributable to salary deferrals are not permitted before the retirement age except in the event of termination of employment, death, disability, or reasons of proven financial hardship. A participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum amount or in installments over time. In-service distributions are also permitted upon meeting certain requirements as defined by the Plan.

Notes Receivable from Participants

Participants may borrow the lesser of \$50,000 or 50% of their vested account balance, subject to a \$1,000 minimum. Principal and interest is paid by payroll deduction.

Notes receivable from participants bear interest at a rate that reflects the current market rates charged by financial institutions for similar loans. The loans are secured by the balance in the participant's account. A participant can have a maximum of two loans outstanding.

Notes to the Financial Statements December 31, 2024 and 2023

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value, except for the fully benefit-responsive investment contract, which is reported at contract value (see Note 5). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income/(loss) is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 and 2023.

If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

COMMUNITY OF HOPE 403(b) RETIREMENT PLAN

Notes to the Financial Statements December 31, 2024 and 2023

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Contributions

Employee and employer discretionary contributions are recorded in the period that the Employer makes payroll deductions from the participant's earnings.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Employer. Expenses that are paid by the Employer are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account balance and are not included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The Plan's management evaluated subsequent events and transactions through October 10, 2025, the date these financial statements were available for issue, and has determined that no material subsequent events have occurred that would affect the information presented or require additional disclosure.

3. CERTIFIED INVESTMENTS

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held as of December 31, 2024 and 2023, and net appreciation (depreciation) in fair value of investments, interest and dividends and interest on notes receivable from participants for the year ended December 31, 2024, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by The Lincoln National Life Insurance Company and Lincoln Financial Group Trust Company, Inc., the custodians of the Plan.

COMMUNITY OF HOPE 403(b) RETIREMENT PLAN

Notes to the Financial Statements December 31, 2024 and 2023

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable or sustainability the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Following is a description of the valuation methodology used for investments measured at fair value. There have been no changes in the methodology used as of December 31, 2024 and 2023.

Mutual Funds: The fair value of mutual funds is based on quoted net asset values of shares held by the Plan at year-end. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded.

COMMUNITY OF HOPE 403(b) RETIREMENT PLAN

Notes to the Financial Statements December 31, 2024 and 2023

4. FAIR VALUE MEASUREMENTS (continued)

The tables below set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024 and 2023:

	December 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	<u>\$ 10,843,282</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 10,843,282</u>

	December 31, 2023			
	Level 1	Level 2	Level 3	Total
Mutual funds	<u>\$ 8,747,443</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 8,747,443</u>

5. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan entered into a traditional fully benefit-responsive guaranteed investment contract with Lincoln National Life Insurance Company (Lincoln), who serves as the service agent for this contract. The portfolio of the contract is fully guaranteed by the entire general account assets of Lincoln. The crediting rate is based on a formula established by the contract issuer and may not be less than 3.5%. The interest crediting rate is reset quarterly.

This contract meets the fully benefit-responsive investment contract criteria, and therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment in value. The contract value of the unallocated contract as of December 31, 2024 and 2023, was \$129,511 and \$167,977, respectively.

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer. The crediting rate is reviewed on a periodic basis for resetting. The contract cannot be terminated before the scheduled maturity date.

COMMUNITY OF HOPE 403(b) RETIREMENT PLAN

Notes to the Financial Statements December 31, 2024 and 2023

5. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT (continued)

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. Amendments to the Plan documents (including complete or partial Plan termination or merger with another Plan);
2. Changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions;
3. Bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan;
4. The failure of the trust to qualify for exemption from Federal income taxes or any required prohibited transaction exemption under ERISA; and/or
5. Premature termination of the contract.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines;
2. A breach of material obligation under the contract;
3. A material misrepresentation; and/or
4. A material amendment to the agreements without the consent of the issuer.

6. RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Lincoln National Life Insurance Company and Lincoln Financial Group Trust Company, Inc., the custodians of the Plan. These transactions qualify as party in interest transactions, which are exempt from the prohibited transactions rules of ERISA.

COMMUNITY OF HOPE 403(b) RETIREMENT PLAN

Notes to the Financial Statements December 31, 2024 and 2023

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. If the Plan is terminated, all participants would remain 100% vested in their accounts.

8. TAX STATUS

The Plan was designed using a prototype plan document which received opinion letter dated March 31, 2017 stating that the prototype plan document was in compliance with the applicable requirements of the Internal Revenue Code (the Code).

Although the Plan has been amended since receiving the opinion letter, the Plan Administrator believes the Plan is designed, and is currently being operated in compliance with the applicable requirements of the Code and, therefore, believes the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2021.

9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Notes to the Financial Statements December 31, 2024 and 2023

10. RECONCILIATION OF THE FINANCIAL STATEMENTS TO THE FORM 5500

The following tables reconcile the financial statements to the Form 5500 as of December 31, 2024 and 2023, and for the year ended December 31, 2024:
