Independent Auditor's Report

To the Plan Administrator and Trustees of
Wiley Sanders Truck Lines, Inc. 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Wiley Sanders Truck Lines, Inc. 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Wiley Sanders Truck Lines, Inc. 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Wiley Sanders Truck Lines, Inc. 401(k) Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Wiley Sanders Truck Lines, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Wiley Sanders Truck Lines, Inc. 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Wiley Sanders Truck Lines, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) for the year ended December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

401(k) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

Note 1. Description of Plan

The following description of the Wiley Sanders Truck Lines, Inc. 401(k) Profit Sharing Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering all full-time employees of Wiley Sanders Truck Lines, Inc., Sanders Lead Company, Inc., KW Plastics, KW Plastics Bakersfield, KW Plastics Recycling, KW Plastics Container, Southern Leasing LLC, Sanders Transfer, and Pike Aviation who have at least 30 days of service. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions - Participants may contribute up to 100% of compensation not to exceed the limits of Code Section 401(k), 402(g), 404, and 415. Participants may also contribute amounts representing distributions from other qualified plans. Catch-up contributions are allowed for those participants who attain the age of 50 by the end of the year. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company may make matching contributions equal to a discretionary percentage or amount, to be determined annually by the Company, of the participants' 401(k) elective deferrals. For the years ended December 31, 2024 and 2023, the Company made matching contributions of \$2,821,889 and \$2,705,762, respectively. Contributions are subject to certain limitations.

As of January 1, 2020, Plan management elected for the Plan to adopt a 401(k) Safe Harbor design for the plan. The Company will now provide fully vested qualified matching contributions (QMAC) for all eligible employees. The formula for calculating the QMAC is 100% of salary deferral contribution up to 4% of pay. Employer matching contributions prior to adopting the Safe Harbor design for the Plan will remain subject to the old vesting schedule.

Participant Accounts - Each participant's account is credited with the participant's contribution, the Company's matching contributions, earnings on the participant's investments, and charged with an allocation of administrative expenses. Allocations are based on participants earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

401(k) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

Note 1. Description of Plan, Continued

Vesting - Participants are immediately 100% vested in their voluntary contributions plus actual earnings thereon. Prior to January 1, 2020, vesting in the Company's contributions portion of their accounts plus earnings thereon is based on years of service. Company contributions are subject to a graded vesting schedule as follows: one year of service: 25%, two years of service: 40%, three years of service: 65%, four years of service: 80%, and five years of service: 100%.

Investment Options: All Plan investments are participant-directed. Participants can choose between multiple investment funds and can direct investment among the funds in multiples of one percent. The investment alternatives differ in the level of potential investment earnings and risk. Participants may change their investment direction and existing investment mix at any time.

Payment of Benefits - Upon termination of service, death, disability, or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either lump-sum amount, or in annual installments over a period of years. If upon termination, death, disability, or retirement, the vested balance does not exceed \$5,000, then the only form of payment available is lump-sum. If upon termination, death, disability, or retirement, the vested balance does not exceed \$5,000, the Plan Administrator may rollover a participant's vested balance into an IRA without the participant's consent. In-service distributions (upon attaining age 59.5) and hardship distributions are allowed under the Plan.

Forfeitures - Any amounts forfeited by participants will be used to reduce employer contributions. For the years ended December 31, 2024 and 2023, \$0 and \$53,280 were used to reduce employer contributions, respectively. For the years ended December 31, 2024 and 2023, the balance in the forfeiture account was \$10,134 and \$5,977, respectively.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting - The financial statements of the Plan are prepared using the accrual method of accounting.

Use of Estimates - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, the actual results may differ from those estimates.

401(k) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

Note 2. Summary of Significant Accounting Policies, Continued

Investment Valuation and Income Recognition - The Plan's pooled separate account investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Transamerica stable value investment is stated at contract value. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the Custodian.

Purchases and sales are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. See Note 9 for discussion of fair value measurements.

Payment of Benefits - Benefits are recorded when paid.

Expenses - Certain expenses incurred maintaining the Plan are paid directly by the Company and are excluded from these financial statements.

Subsequent Events - The Plan has evaluated the need for disclosures and/or adjustments resulting from subsequent events through October 13, 2025, the date the financial statements were available to be issued. This evaluation did not result in any subsequent events that necessitated adjustments.

Note 3. Investment Contract with Insurance Company

The Plan has an investment contract with Transamerica Life Insurance Company (Transamerica). Transamerica maintains contributions in a general account. The accounts are credited with their pro rata share of earnings on the underlying investments and charged for plan withdrawals and administrative expenses, if any, by Transamerica. The contract is included in the financial statements at the December 31, 2024 and 2023 contract value which is determined and is reported to the Plan by Transamerica. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is credited to the Plan.

Note 3. Investment Contract with Insurance Company, Continued

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

- a. The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code.
- b. Premature termination of the contracts.
- c. Plan termination or merger.
- d. Changes to the Plan's prohibition on competing investment options.
- e. Bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

- a. An uncured violation of the Plan's investment guidelines
- b. A breach of material obligation under the contract
- c. A material misrepresentation
- d. A material amendment to the agreements without the consent of the issuer

Note 4. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 5. Tax Status

The Transamerica Retirement Solutions Company's volume submitter profit sharing plan with cash or deferred arrangement (CODA) was adopted by the Company and obtained its latest opinion letter on June 30, 2020, in which the Internal Revenue Service stated the volume submitter profit sharing plan with CODA, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. Plan management adopted a Safe Harbor design for the Plan, which means that the Plan automatically complies with the nondiscrimination requirements of Internal Revenue Code Section 401. The Plan has been amended since receipt of the opinion letter. However, Plan management believes the Plan is currently designed and being operated in compliance with the Internal Revenue Code. Therefore, Plan management believes that the plan is qualified and the related trust is tax exempt as of the financial statement date.

Plan management is required to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would be sustained upon examination. The Plan is subject to audits by tax authorities; however, there are currently no audits in progress for any tax periods.

Note 6. Information Prepared and Certified by the Custodian (Unaudited)

The Custodian as of December 31, 2024 and 2023 was Transamerica Life Insurance Company. The Plan Administrator has obtained certifications from the Custodian that such information is complete and accurate.

In addition to the foregoing, the Plan Administrator has obtained a certification from the Trustee of the Plan that the information contained in the following supplemental schedule accompanying these financial statements is complete and accurate:

Schedule H, Line 4i - Schedule of Assets (Held at End of Year)

Note 7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 8. Related Party Transactions and Party-in-Interest Transactions

Certain plan investments are managed by Transamerica Life Insurance Company, the Custodian and Recordkeeper as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions. Osaic Wealth, Inc. serves as the investment advisor for the Plan; therefore, these transactions qualify as party-in-interest transactions. McDaniel and Associates serves as the Plan's auditor; therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for recordkeeping services were \$42,917 and \$45,990, fees paid by the Plan for audit services were \$9,500 and \$8,500, and fees paid by the Plan for investments advisory services were \$101,343 and \$86,348 for the years ended December 31, 2024 and 2023, respectively.

Note 9. Fair Value Measurement Disclosures

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Note 9. Fair Value Measurement Disclosures, Continued

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data or correlation or other means;

If the asset or liability has a specified (contractual) term, the Level 2 input must be relevant observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Pooled Separate Account: Stated at net asset value as determined by the issuer based on the fair value of the underlying instrument. The net asset value is determined by each fund's trustee using fair value of the underlying securities with the fund at year-end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.
