Independent Auditor's Report

To the Trustees
Dayton T. Brown, Inc. Profit Sharing Pension Plan
Bohemia, New York

Opinion

We have audited the financial statements of the Dayton T. Brown, Inc. Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2024, and the changes in its net assets available for benefits for the year ended December 31, 2024, in accordance with accounting principles generally accepted in the United States of America (GAAP).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

BDO USA, P.C., a Virginia professional corporation, is the U.S. member of BDO International Limited, a UK company limited by guarantee, and forms part of the international BDO network of independent member firms.

BDO is the brand name for the BDO network and for each of the BDO Member Firms.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - 2023 Financial Statements

The 2023 financial statements of the Plan were audited by other auditors, whose report dated October 8, 2024, expressed an unmodified opinion on those statements.

Other Matter - Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule (Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024) is presented for purposes of additional analysis and is not a

required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying supplemental schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Notes to the Financial Statements

1. Description of the Plan

The following description of the Dayton T. Brown, Inc. Profit Sharing Pension Plan (the Plan) provides only general information. Participants should refer to the Plan document and any amendments thereto for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering eligible employees of Dayton T. Brown, Inc. (the Company or Employer). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan was most recently restated January 1, 2021. The Trustees are responsible for oversight of the Plan, determining the appropriateness of the Plan's investment offerings and monitoring investment performance.

Trustee, Custodian and Administration of the Plan

The Employer is responsible for the overall administration of the Plan. T. Rowe Price Trust Company serves as trustee and custodian of the Plan, and T. Rowe Price Retirement Plan Services, Inc. (collectively, T. Rowe Price) provides investment management and recordkeeping services. T. Rowe Price holds all assets of the Plan in accordance with the service provider contract with the Company.

Eligibility

All employees of the Employer are considered eligible for participation, except for employees who are residents of Puerto Rico, Temporary, On-Call, and Non-exempt employees defined as Class A employees. Employees are eligible to make salary reduction contributions to the Plan and receive Company matching contributions upon completion of one month of service. Employees are eligible to receive profit-sharing contributions upon completion of one year of service.

An eligible participant can enter the Plan immediately upon meeting the eligibility requirements.

Contributions

Eligible participants may contribute up to 50% of annual compensation, as defined in the Plan. Each year, participants may contribute pre-tax salary or Roth deferrals, not to exceed the maximum limits set by the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans, as defined in the Plan's provisions (rollover contributions). The Plan also allows In-Plan Roth rollover conversions.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 6% of eligible compensation, which escalates 1% each plan year up to a maximum of 10%. Their contributions are invested in a designated balanced fund until changed by the participant.

The Plan Sponsor contributes a matching contribution equal to 50% of the participant's contributions up to a maximum of first 6% of the participant's eligible compensation. Employer match contributions totaling \$692,027 were contributed during the plan year ended December 31, 2024.

Dayton T. Brown, Inc. Profit Sharing Pension Plan

Notes to the Financial Statements

The Company may also make a discretionary non-elective contribution (profit-sharing contribution) to the Plan as determined by the Plan Sponsor. No discretionary matching contributions were made during the year ended December 31, 2024. The Company is also permitted to make qualified non-elective contributions to the Plan as determined by the Plan Sponsor. No qualified non-elective contributions were made during the year ended December 31, 2024.

Participants direct the investment of their contributions into various investment options offered by the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution, including amounts rolled over from other qualified plans, and allocations of the Employer's matching and profit-sharing contributions, if any, and Plan earnings, less any charges, if applicable. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions and rollover contributions, as well as matching contributions, plus actual earnings thereon. Vesting in the profit-sharing contributions is based on years of continuous service. A participant is 100% vested ratably over six years of credited service, beginning with the second year of credited service or in the event of death or total and permanent disability.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of (i) \$50,000, reduced by the highest outstanding balance of any prior loans from the Plan during the prior one-year period, or (ii) the greater of 50% of their vested account balance or \$50,000, reduced by any outstanding loan balance on the date the new loan is made. Each participant may not have more than one loan outstanding at any time. The notes are secured by the balance in the participant's account and bear interest at the prime rate charged for a loan made under similar circumstances by persons in the business of lending money. The notes are repaid ratably through payroll deductions over a period of five years or less, unless used to purchase a principal residence in which case the loan may be repaid over 15 years. These loans are subject to certain restrictions as defined by the Plan Document and applicable restrictions under the IRC.

Payment of Benefits

A participant's entire interest in the Plan is payable upon death, attainment of normal retirement age (65) becoming disabled, as defined, or termination of service. A participant may elect to receive a lump-sum amount equal to the vested portion of the participant's account, annual installments, or partial payments. Participants may elect to rollover their vested balance to another qualified retirement plan or Individual Retirement Account (IRA).

Immediate lump-sum distributions may be made to terminated participants if the participant's vested account balance is \$5,000 or less.

Dayton T. Brown, Inc. Profit Sharing Pension Plan

Notes to the Financial Statements

Withdrawals from the Plan may also be made upon circumstances of financial hardship, in accordance with provisions specified in the Plan. Participants may also withdrawal any amount at age 59½ if certain criteria are met.

Forfeitures

At December 31, 2024 and 2023, forfeited non-vested accounts totaled approximately \$34,400 and \$15,900, respectively. These accounts may be used to pay administrative expenses or reduce Employer contributions, or may be reallocated among participant accounts. No forfeitures were used to pay administrative expenses or fund employer contributions in 2024.

2. Summary of Significant Accounting Policies

Basis of Accounting

The Plan's financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from estimated amounts.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisor and custodian. See Note 3 for additional information related to fair value measurements.

The Plan's shares of mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The Plan's investment in the T. Rowe Price Stable Value Fund is a common/collective trust composed primarily of fully benefit-responsive investment contracts. The stable value fund is valued at the net asset value (NAV), which is based on the fair value of the underlying investments less its liabilities. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions may occur daily with no advance notice. There are no unfunded commitments related to these investments. If the Plan initiates a full redemption of the stable value fund, the issuer reserves the right to require 12 months notification in order to ensure that securities liquidations will be carried out in an orderly business manner. This is a direct filing entity.

Dayton T. Brown, Inc. Profit Sharing Pension Plan

Notes to the Financial Statements

The preceding methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions Receivable

Participant contributions and any related employer matching contributions are recognized in the period during which the Employer makes the respective payroll deduction from the participant's compensation. Non-elective/Profit-sharing contributions are recorded in the period to which the contribution relates in accordance with the terms in the Plan document.

Notes Receivable from Participants

Notes receivable from participants are measured at the unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Employer. Expenses that are paid by the Employer are excluded from these financial statements. Fees related to participant-initiated transactions are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net depreciation in fair value of investments.

3. Fair Value Measurements

Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy under Financial Accounting Standards Board ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Dayton T. Brown, Inc. Profit Sharing Pension Plan

Notes to the Financial Statements

Level 2 - Inputs to the valuation methodology include.

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. There have been no changes in the methodologies used at December 31, 2024 and 2023.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value:

December 31, 2024

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 48,186,548	\$ -	\$ -	\$ 48,186,549
Total Investments, measured at NAV*				<u>15,612,679</u>
Total Investments, at fair value				<u>\$ 63,799,228</u>

December 31, 2023

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 44,534,224	\$ -	\$ -	\$ 44,534,224
Total Investments, measured at NAV*				<u>15,664,162</u>
Total Investments, at fair value				<u>\$ 60,198,386</u>

* Certain investments that are measured at fair value using NAV per share (or its equivalent) practical have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Fair Value of Investments in Entities that Use NAV

The following table summarizes investments measured at fair value based on NAV per share:

December 31,

Description	Fair Value		Unfunded Commitments	Redemption Frequency	Redemption Notice Period
	2024	2023			
T. Rowe Price Stable Value Fund	\$ 15,612,679	\$ 15,664,162	\$ -	Daily	None

4. Related Party Transactions and Party-in-Interest Transactions

Certain Plan investments are in funds and accounts that are managed by T. Rowe Price. Participant loan and distribution processing fees are paid to T. Rowe Price by participants. The Plan also issues loans to participants which are secured by the vested balance of the participants' accounts. As described in Note 2, the Plan paid certain expenses related to plan operations and investment activity to various service providers. These transactions are party-in-interest transactions, which are exempt from prohibited transaction rules.

5. Risks and Uncertainties

The Plan holds various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements and participant account balances.

6. Income Tax Status

The Plan adopted the T. Rowe Price Retirement Plan Services, Inc. Pre-Approved Defined Contribution Plan (the Pre-Approved Plan) on September 1, 2023. The IRS ruled on August 19, 2020, that the Pre-Approved Plan, including related amendments, as designed, was in compliance with the applicable requirements of the IRC. Although the Plan has been amended since the date of the opinion letter, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to reduce or discontinue its contributions on behalf of the employees at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants would become 100% vested in their entire account balance.

8. Subsequent Events

The Plan Administrator has evaluated subsequent events through October 13, 2025, the date the financial statements were available to be issued. Except as disclosed below, there are no other subsequent events that are required to be disclosed.

Effective April 11, 2025, the Plan was amended to change the automatic enrollment increase limit from 10% to 15%.
