Independent Auditors' Report

PLAN ADMINISTRATOR
MOREAU CATHOLIC HIGH SCHOOL 401(K) PROFIT SHARING PLAN AND TRUST
Hayward, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of **MOREAU CATHOLIC HIGH SCHOOL 401(K) PROFIT SHARING PLAN AND TRUST (the Plan)**, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date of this report.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Moreau Catholic High School 401(k) Profit Sharing Plan and Trust

Notes to the Financial Statements

Note 1 - Description of the Plan:

The following description of the Moreau Catholic High School 401(k) Profit Sharing Plan and Trust, formerly known as Moreau Catholic High School Retirement Plan, (the Plan), formerly known as the Moreau High School of Hayward, California, Inc., Retirement Plan, provides only general information. Plan participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan, a defined contribution plan sponsored by Moreau Catholic High School (the School) is intended to qualify under Section 401(a) and related provisions of the Internal Revenue Code (the IRC), and was established effective July 1, 1990. The Plan was amended effective January 5, 2019 to make available plan hardship distributions and to allow all forfeitures to be used to reduce Employer Match Contributions.

The Plan is designed to provide participants with a means to defer a portion of their compensation for retirement and to provide benefits in the event of disability, death, or termination. The Plan covers all employees of the School who meet certain eligibility requirements as defined by the Plan.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) as amended.

Effective July 1, 2020, the Plan was restated to incorporate the plan amendment from January 5, 2019 and to bring the Plan into compliance with the requirements of the Bipartisan Budget Act of 2018. The significant provision included changes to the financial hardship withdrawal provision. A favorable opinion letter from the Internal Revenue Service (IRS) was issued on June 30, 2020 regarding the qualified status of the Great-West Trust Company, LLC prototype plan on which the terms of the restated Plan are based.

The Plan adopted the distribution provision of the Coronavirus Aid, Relief, and Economic Security (CARES Act) that was signed into law on March 27, 2020. A CARES Act distribution allows the Plan's participants to take a COVID-19 related distribution up to \$100,000 from the Plan beginning on or after January 1, 2020 and before December 31, 2020. The Plan also adopted the provision that raises the limits for qualified plan loans from the lesser of \$50,000 or 50% of the present value of the participant's vested account balance to the lesser of \$100,000 or 100% of the present value of the participant's vested account balance for 180 days for loans issued beginning March 27, 2020. After 180 days, all existing loan provisions were restored based on previous regulation and plan rules. The Plan implemented certain other provisions by the CARES Act to allow certain eligible individuals to receive coronavirus-related relief for loan repayment, suspend required minimum distributions, and delay the commencement date for required minimum distributions. Written amendments to the Plan to reflect these operational changes will be adopted at a later date.

Moreau Catholic High School 401(k) Profit Sharing Plan and Trust

Notes to the Financial Statements

Effective March 18, 2021, the Plan was restated to update the Trustee names in the Plan.

The Plan was restated effective January 1, 2022 to adopt Paychex Inc.'s Flexible 401(k) Profit Sharing Plan non-standardized pre-approved profit sharing plan adoption agreement. Upon the restatement, the Plan name was changed from Moreau Catholic High School Retirement Plan to Moreau Catholic High School 401(k) Profit Sharing Plan and Trust. The restated Plan also converted the Plan year from June 30th to December 31st.

Effective June 1, 2022, the Plan was amended and restated to comply with Paychex Inc.'s non-standardized pre-approved profit-sharing plan adoption agreement. A favorable opinion letter from the IRS dated August 31, 2020 was issued regarding the qualified status of the non-standardized pre-approved profit sharing plan on which the terms of the restated Plan are based.

Effective October 4, 2023, the Plan was amended and restated to reinstate the automatic enrollment deferral of 3%.

Effective January 1, 2024, the Plan was amended and restated to change the automatic enrollment deferral from 3% to 6%. There we no significant changes in plan provisions. Refer to the restated Plan document for a full description of the provisions.

Plan Administration

The School is the Plan Administrator of the Plan and, as such, carries out the duties imposed by ERISA. The Trustees of the Plan are appointed by the Board of Trustees of the School. The School has delegated certain responsibilities for the operation and administration of the Plan. Custodian services are provided by Mid Atlantic Trust Company (MATC). Record keeping services were provided by Paychex Inc. (Paychex).

Eligibility

All employees of the School, except those employees classified as an excluded class, are eligible to participate in the Plan once they have reached age 18 and are considered full time employees with more than 1,000 hours of scheduled service. All newly hired and re-employed employees will be notified approximately 30 days prior to when the School will begin automatically deducting 6% from pay on a pre-tax basis. The employee may stop or change the automatic contribution feature before it commences and thereafter.

Notes to the Financial Statements

Participant Contributions

Participants may elect to contribute through payroll deductions amounts up to 100% of their annual compensation, as defined in the Plan, on a tax-deferred basis, subject to a maximum amount allowed by the Internal Revenue Code. Maximum allowed deferral amounts were \$23,000 and \$22,500 for the calendar year 2024 and 2023, respectively. Participants over the age of 50 may also contribute an additional \$7,500 catch up contribution to the Plan for the calendar years 2024 and 2023. Roth contributions are allowed.

Participants are allowed to make rollover contributions from other qualified employer-sponsored retirement plans with the approval of the Plan Administrator. All contributions are invested in the appropriate investment fund or portfolio in accordance with the participant's directives and the terms of the Plan. If the rollover is not in the form of a direct rollover, it must be received by the Custodian within 60 days of receipt of distribution.

Employer Contributions

The School has elected to make safe harbor matching contributions. The School makes a matching contribution equal to 100% of the first 4% of the participant's elective deferrals divided by his/her compensation and an additional 50% for the next 2% of the participant's elective deferrals divided by his/her compensation. The School contributed \$434,279 of such contributions to the Plan for the year ended December 31, 2024.

The School may make a discretionary nonelective contribution as defined in the plan agreement and as approved by the Board of Trustees. No nonelective contributions were made for the year ended December 31, 2024.

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of (a) the School's contributions, (b) plan earnings, and (c) administrative expenses. Allocations of investment earnings are based strictly on the participant's selection of investments and time of purchase. The benefit to which a participant is entitled is the benefit that can be provided from a participant's vested account.

Participant Investment Options

A participant's contributions are initially invested in the Plan's qualified default investment alternative (QDIA). A participant may then direct contributions to any of the selected investment options as made available and determined by the Plan Administrator. Participants may change their investment options any time throughout the year via Paychex's telephone system or internet website.

Notes to the Financial Statements

Vesting

Participants are immediately vested in their tax-deferred contributions or rollovers plus earnings thereon. For all School contributions prior to December 31, 2015 including profit sharing contribution for the plan year ended June 30, 2016, vesting in the School's contribution portion of the participant's account plus earnings thereon begins at 20% upon completion of two years of credit service, as defined by the Plan, increasing 20% per year until fully vested at the end of the sixth year. Effective July 1, 2016, the School's matching contribution portion, of the participants account, is immediately vested at 100%. Nonelective contributions vest at 20% per year until fully vested at the end of the sixth year.

Notes Receivable from Participants

Under the terms of the Plan, participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. All loans must be repaid within 5 years unless the loan is for the purchase of a primary residence in which case the term may exceed 5 years. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan Administrator. Loans bear annual interest at rates ranging from 4.50% to 9.50%. The repayment of principal plus interest is required by the Plan to be made through semi-monthly payroll deductions. All loans become immediately payable in the event of default, death, disability, or termination of employment.

Payment of Benefits

Distribution and withdrawals are payable upon retirement, termination, disability, hardship or death upon the request of the participant. The participant can consent to either a distribution paid in the form of a lump-sum cash payment, a direct rollover into another qualified plan, or partial withdrawals. Participant account balances of less than \$5,000 and greater than \$1,000 are automatically rolled into a qualified Individual Retirement Account (IRA). The Plan allows for automatic distributions of terminated participants' account balances of \$1,000 or less.

As of December 31, 2024, there was one terminated participant who elected to withdraw from the Plan and had not been paid at that date. The fair value of the participant's account balance amounted to approximately \$2,000. The fair value of the participant's account balance was distributed in 2025 and deducted from net assets available for benefits at that time.

Forfeitures

Forfeitures may be used to pay certain plan expenses of the Plan or to reduce any nonelective contributions and employer match. No forfeitures were utilized during the year ended December 31, 2024. As of December 31, 2024, there are no forfeited non-vested accounts.

Notes to the Financial Statements

Note 2 - Summary of Significant Accounting Policies:

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Estimates

The preparation of financial statements in accordance with U.S. GAAP requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments of the Plan are held by the Custodian and invested based solely upon instructions received from participants or in the Plan's QDIA. The Plan's investments are valued and reported at fair value as of the last day of the Plan year, except for fully benefit-responsive investment (fixed annuity) contracts (Note 5) which are reported at contract value. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors, Custodian and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. The net appreciation (depreciation) of investments in the Statement of Changes in Net Assets Available for Benefits includes both the unrealized appreciation (depreciation) in the aggregate fair value of investments and realized gains and losses on sale of investments purchased and sold as well as held during the year.

The market volatility of equity-based investments may substantially impact the value of such investments at any given time. It is likely that the value of the Plan's investments, both in total and in individual participant accounts, has fluctuated since December 31, 2024.

Management fees and operating expenses charged to the Plan for investments are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction in net appreciation (depreciation) of fair value of investments.

Moreau Catholic High School 401(k) Profit Sharing Plan and Trust

Notes to the Financial Statements

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent loans are treated as distributions based upon the terms of the Plan agreement.

Contributions

Contributions from Plan participants and matching contributions from the employer are recorded in the year in which the employee contributions are withheld from compensation.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the School and are excluded from these financial statements. Fees related to the administration and maintenance of notes receivable from participants and distributions, and the monthly fee for plan recordkeeping and administration support are charged directly to the participant's account and are included in administrative expenses.

Revenue Sharing

The Plan recognizes the income from revenue sharing agreements when received. During the period ending December 31, 2024, the Plan received \$6,376 of revenue sharing income which was utilized for plan expenses and reflected as an offset in administrative expenses in the Statement of Changes in Net Assets Available for Benefits.

Subsequent Events

The Plan Administrator evaluated subsequent events from December 31, 2024 through October 9, 2025, the date these financial statements were available to be issued, and has determined that there were no material subsequent events that required recognition or additional disclosure in these financial statements.

Notes to the Financial Statements

Note 3 - Certified Information:

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments held at December 31, 2024 and 2023, and net appreciation in fair value of investments and interest and dividends for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Mid Atlantic Trust Company.

Note 4 - Fair Value Measurements:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB Accounting Standards Codification (ASC) 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement on a recurring basis and recognized in the accompanying Statement of Net Assets Available for Benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Moreau Catholic High School 401(k) Profit Sharing Plan and Trust

Notes to the Financial Statements

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2024 and 2023.

Mutual funds: Valued at daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

<u>December 31, 2024</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 15,747,810	\$ -	\$ -	\$ 15,747,810
Investments, at fair value	\$ 15,747,810	\$ -	\$ -	\$ 15,747,810

<u>December 31, 2023</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 13,736,152	\$ -	\$ -	\$ 13,736,152
Investments, at fair value	\$ 13,736,152	\$ -	\$ -	\$ 13,736,152

Note 5 - Fixed Annuity Contract:

The Plan has a traditional fixed annuity contract with Great-West Life & Annuity Insurance Company (Great-West). The Guaranteed Portfolio Fund maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Great-West is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Moreau Catholic High School 401(k) Profit Sharing Plan and Trust

Notes to the Financial Statements

The Plan has a stable value fund with Great Gray CIT III for MetLife Group Annuity (the Fund). The Fund maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The Fund is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

The crediting interest rate for Great-West is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. The interest crediting rate is reset quarterly. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

These investment contracts meet the fully benefit-responsive investment criteria and therefore are reported at contract value, which is the relevant measure because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet their financial obligations. The issuer's ability to meet their contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA or (5) premature termination of the contract. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

Moreau Catholic High School 401(k) Profit Sharing Plan and Trust

Notes to the Financial Statements

Total fully benefit-responsive insurance company investment contracts measured at contract value were as follows as of December 31, 2024 and 2023:

	<u>2024</u>	<u>2023</u>
Great Gray CIT III for MetLife Group Annuity Contract No. 25554 CL J	\$ 448,057	\$ 452,029
	\$ 448,057	\$ 452,029

Note 6 - Related Party Transactions:

The Custodian manages certain investments owned by the Plan, either directly or through an affiliate. Any purchases and sales of these funds were performed in the open market. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

Certain administrative expenses of the Plan are paid directly by the School for the year ended December 31, 2024. Other administrative expenses are paid out of the assets of the Plan. Certain administrative functions are performed by officers or employees of the School. No such officer or employee receives compensation from the Plan.

Note 7 - Plan Termination and Party-in-Interest Transactions:

Although it has not expressed any intent to do so, the School has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all non-vested account balances would become fully vested.

Note 8 - Income Tax Status:

The Plan is a defined contribution plan designed to qualify as a tax-exempt plan under the IRC. A favorable opinion letter from the Internal Revenue Service was issued on August 31, 2020 regarding the qualified status of the non-standardized profit sharing plan on which the terms of the Plan are based. The Plan has not filed for a determination letter. The Plan has been amended since the profit sharing plan received its opinion letter and qualified status under the IRC. The Plan Administrator believes that the Plan is designed and is currently being operated in compliance with applicable requirements of the IRC. Accordingly, no provision for federal or state income taxes has been made.

Moreau Catholic High School 401(k) Profit Sharing Plan and Trust

Notes to the Financial Statements

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would be sustained upon examination by the applicable tax authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax exempt status and had taken no uncertain tax positions that require recognition or disclosure in the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements.

Note 9 - Risks and Uncertainties:

The Plan provides for various investment options in any combination of mutual funds or a fixed annuity contract offered by the Plan. Investment securities are exposed to various risks, such as interest rate, market fluctuations and credit risks. Due to the nature of risks associated with certain investment securities, it is at least reasonably possible that changes in the level of risk in the near term would materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

A total of 66% and 49% of the Plan's assets were held in four accounts with the Custodian at December 31, 2024 and 2023, respectively, as noted below. This is considered to be a concentration of credit risk.
