MEADEN & MOORE

INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Plan Participants of The Eaton Puerto Rico Retirement Savings Plan and the Retirement and Investment Committee of Eaton

Opinion

We have audited the financial statements of The Eaton Puerto Rico Retirement Savings Plan (“Plan”), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the Statement of Net Assets Available for Benefits as of December 31, 2024 and 2023, and the related Statement of Changes in Net Assets Available for Benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2024 and 2023, and the changes in net assets available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion.

Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets Held for Investment Purposes at End of Year as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO FINANCIAL STATEMENTS

The Eaton Puerto Rico Retirement Savings Plan

1 Description of Plan

The following description of The Eaton Puerto Rico Retirement Savings Plan ("Plan") provides only general information. Participants should refer to the Plan document and summary plan description, which are available from the Human Resources Department upon request, for a complete description of the Plan's provisions.

General:

Effective December 31, 2010, Cutler-Hammer Electrical Company established The Eaton Puerto Rico Retirement Savings Plan. The Plan was amended to designate Eaton Intelligent Power Limited as the "Company" and "Plan Sponsor" effective December 29, 2023. The Company is a subsidiary of Eaton Corporation plc ("Eaton"). The Plan is intended to be qualified under Sections 1081.01(a) and (d) of the Puerto Rico Internal Revenue Code of 2011, as amended ("PRIRC"). The Plan was amended and restated April 1, 2013. The two most recent amendments to the Plan were dated December 21, 2023, and December 12, 2024. Banco Popular de Puerto Rico is the trustee of the Plan.

Eligibility for Participation:

The Plan provides that employees rendering service in Puerto Rico with an employing company (including the Company and Eaton), but not covered under a collective bargaining agreement, are eligible to participate in the Plan immediately upon employment.

Contributions:

Employee Contributions - Employees may elect to make before-tax contributions to the Plan up to a maximum of 30% of their compensation. Newly hired employees are automatically enrolled in the Plan at a rate of 6% of eligible compensation.

Employer Contributions (Matching) - The Company makes a voluntary matching contribution of 50% of the employee contributions not to exceed 3% of the total compensation of the employee.

Employer Contributions (Retirement) - Certain employees are eligible for a non-elective Eaton Retirement Contribution of 4% of their eligible compensation.

Employee and Employer contributions are determined and recorded at the time compensation is paid.

Contributions are subject to limitations on annual additions and other limitations imposed by Section 1081.01(d) of the PRIRC, as amended from time to time, as defined in the Plan document.

Participants' Accounts:

Each participant's account is credited with the participant's contributions, employer contributions, and an allocation of Plan earnings and transaction costs. Allocations, if any, are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account. On termination of service, a participant is eligible to receive a lump-sum amount equal to the vested value of his or her account. Benefit payments are recorded when paid.

1 Description of Plan, Continued

Employer Contribution Eligibility and Vesting:

All participants are 100% vested in their contributions plus actual earnings thereon. Vesting in the employer contributions portion of a participant's account plus actual earnings thereon is based on years of continuous service. Participants are 100% vested after three years of service, attainment of retirement age as defined by the Plan, or upon the death of the participant. Eligibility for current year employer contributions (matching) is subject to year-end eligibility requirements, as defined by the Plan.

Notes Receivable from Participants:

In response to the financial devastation caused by Hurricane Maria, from October 20, 2017, through May 10, 2018, loans were made available to participants. Participants could borrow from their accounts up to a maximum equal to the lesser of \$50,000 or 50% of their account balance (excluding certain employer contributions), reduced by their highest outstanding loan balance during the preceding 12 months. Loan terms ranged from 1-5 years except for loans used for the purchase of a primary residence which could have a longer term. The loans are secured by the balance in the participant's account and bear interest at a rate as determined by the Plan Administrator. Loans are valued at unpaid principal plus accrued unpaid interest. Deemed defaulted loan balances continue to accrue interest and certain deemed defaulted loan balances are reportable as plan assets.

Hardship Withdrawals:

Hardship withdrawals are permitted in accordance with PRIRC guidelines.

Investment Options:

Contributions may be invested in any of the fund options available under the Plan.

2 Summary of Significant Accounting Policies

Basis of Accounting:

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with generally accepted accounting principles in the United States of America.

Investment Valuation and Income Recognition:

Securities traded on a national securities exchange are valued at the last reported sales price on the last business day of the Plan year. The Vanguard Institutional 500 Index Trust is valued at the net asset value of the underlying fund, determined as of the close of the New York Stock Exchange on the valuation date. The Vanguard Retirement Savings Trust II Fund invests primarily in investment contracts issued by insurance companies and commercial banks and in contracts that are backed by bond funds. Participant transactions (purchases and sales) occur daily with no restrictions and there are no unfunded commitments. Purchases and sales of securities are recorded on a trade-date basis.

Use of Estimates:

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

2 Summary of Significant Accounting Policies, Continued

Administrative Fees:

Substantially all administrative, management fees and other expenses of the Plan are paid by the Company. Certain transaction costs are paid by the participants.

Plan Termination:

The Company may amend, modify, suspend or terminate the Plan, provided that no assets held by the Plan or income thereon received for the purposes of the Plan shall be used for, or diverted to, purposes other than for the exclusive benefit of participating employees or their beneficiaries.

Risks and Uncertainties:

The Plan's investments include investments in registered investment companies, common collective trusts, and a company stock fund with varying degrees of risk, such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the Statement of Net Assets Available for Benefits.

Subsequent Events:

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements.

Subsequent events have been evaluated through the report date, which is the date the financial statements were available to be issued.

3 Tax Status

On September 15, 2015, the Puerto Rico Department of the Treasury stated that the Plan, as then designed, met the requirements of Section 1081.01 of the PRIRC and the Regulations thereunder, and that the related trust was exempt from income taxes. As described in Note 1, the Plan has been amended since receiving the determination letter. The Plan has applied for but not received a subsequent determination letter from the Puerto Rico Department of the Treasury. The Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the PRIRC and therefore believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken uncertain tax positions that more-likely-than-not would not be sustained upon examination by applicable taxing authorities. The Plan Administrator has analyzed tax positions taken by the Plan and has concluded that, as of December 31, 2024, there are no uncertain tax positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions. No audits for any tax periods are in progress.

4 Party-in-Interest Transactions

Party-in-interest transactions include the investment in the ordinary shares of Eaton and the payment of administrative expenses by the Company. Such transactions are exempt from being prohibited transactions. In addition, the Plan has arrangements with various service providers and these arrangements qualify as party-in-interest transactions.

During 2024 and 2023, the Eaton Shares Fund received \$283,645 and \$234,511 respectively, in ordinary share dividends from Eaton.

5 Fair Value Measurements

In accordance with Accounting Standards Codification 820, the Plan has categorized the financial instruments, based on the degree of subjectivity inherent in the valuation technique, into a fair value hierarchy of three levels, as follows:

- Level 1 - inputs to the valuation methodology are quoted prices (unadjusted) for identical assets or liabilities in active markets.
- Level 2 - inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.
- Level 3 - inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024, and 2023.

Registered investment companies (mutual funds) and Company stock funds: Valued at the net asset value ("NAV") of shares held by the Plan at year-end.

Stable value funds/Common collective trust: Valued at the net unit value of units held by the trust at year-end or valuation date. The unit value is determined by the total value of fund assets divided by the total number of units of the fund owned.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level on a recurring basis, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024. There are no investments which fall under Level 3 of the hierarchy.

	Level 1 Fair Value	Level 2 Fair Value	Total
Registered investment companies	\$ 7,736,716	\$ —	\$ 7,736,716
