INDEPENDENT AUDITOR'S REPORT

To the Trustees of the
U.S. Engine Valve Company 401(k) Plan
Westminster, South Carolina

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of U.S. Engine Valve Company 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution, Fidelity Management Trust Company, as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical

requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets Held for Investment Purposes at End of the Year as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

U.S. Engine Valve Company 401(k) Plan

1 Description of Plan

The following description of U.S. Engine Valve Company 401(k) Plan (“Plan”) provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General:

The Plan, which began July 1, 1988, is a defined contribution plan covering all employees of U.S. Engine Valve (“Company”) who meet the hour and age requirements. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Effective January 1, 2022, the Plan was amended to automatically enroll any new hires or re-hired employees who meet the eligibility requirements and have not elected to participate in the Plan. Participants will be automatically enrolled at a 3% pre-tax contribution rate.

On May 4, 2021, the Plan was amended to comply with certain provisions of the Bipartisan Budget Act and Final Hardship Regulations.

Eligibility:

All employees of the Company age twenty-one and older, except employees covered by a collective bargaining agreement and nonresident aliens who do not receive any earned income from the Company which constitutes United States source income, are eligible to participate in the Plan immediately upon hire.

Contributions:

Each year, participants may contribute a pre-tax salary deferral contribution, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch up contributions. The Company may make a discretionary match. During 2022 and 2021, the Company contributed 50% of the employees' elective contributions made, not to exceed 6% of the participants' compensation.

The Company may also make a non-elective profit-sharing contribution in an amount determined each year by the Company. Each participant's share of any such additional contribution shall be based upon the ratio which that participant's salary bears to the salaries of all other participants receiving the contribution. In addition, the Company may also choose to contribute the same dollar amount for each participant. During 2022 and 2021, the Company made no profit-sharing contributions to the Plan.

Rollover contributions from other plans are also accepted, providing certain specified conditions are met.

NOTES TO FINANCIAL STATEMENTS

U.S. Engine Valve Company 401(k) Plan

1 Description of Plan, Continued

Contributions, Continued:

Upon enrollment, a participant may direct employee and employer contributions to any of the Plan's fund options. Participants may also transfer all or part of previously invested funds to another option or options at any time.

Participants' Accounts:

Each participant's account is credited with the participant's elective contributions, employer matching contributions, employer non-elective contributions, and earnings and losses thereon.

Vesting:

All participants are 100% vested in elective deferrals and rollover contributions made to the Plan. All participants hired after September 1, 2010, are vested in both the employer non-elective contribution and employer matching contribution as follows:

Years of Service	Vested %
0 - 2	0%
2 or more	100%

Forfeitures:

Forfeitures of \$6,138 (2022) and \$2,699 (2021) were used to reduce employer contributions. As of December 31, forfeited non-vested accounts totaled \$6,278 (2022) and \$7,694 (2021). Future employer contributions will be reduced by these amounts.

Notes Receivable from Participants:

Loans are permitted under certain circumstances and are subject to limitations. Participants may borrow from their fund accounts up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Loans are repaid over a period not to exceed 5 years with exceptions for the purchase of a primary residence. Loans are valued at unpaid principal plus accrued unpaid interest. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan agreement.

The loans are secured by the balance in the participant's account and bear interest at rates established by Fidelity Management Trust Company. Principal and interest are paid ratably through payroll deductions.

Outstanding loans as of June 30, 2020, received payment deferment under the CARES Act. Accrued interest on these loans were recorded during 2021 at the end of the deferment period.

NOTES TO FINANCIAL STATEMENTS

U.S. Engine Valve Company 401(k) Plan

1 Description of Plan, Continued

Payment of Benefits:

Upon termination of service by reason of separation of service, retirement, death or total and permanent disability, a participant may choose a full or partial payment, a monthly annuity for the duration of the participant's life, or a partial payment combined with an annuity.

Hardship Withdrawals:

Hardship withdrawals are permitted in accordance with Internal Revenue Service guidelines.

2 Summary of Significant Accounting Policies

Basis of Accounting:

The Plan's transactions are reported on the accrual basis of accounting.

Valuation of Investments:

Investments held in the Plan are stated at fair value. Marketable securities are reported at fair market value as of the balance sheet date. Fair market values represent quoted market prices, or, if quoted market prices are not available, estimated fair values as determined by the Plan's investment broker. The fair value of the common collective trust is calculated based on the underlying investments held in the portfolio and include: 1) discounting the related cash flows based on current yields of similar instruments with comparable durations, 2) pricing as reported by third party vendors or brokers, or 3) the closing net asset value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/(depreciation) includes the Plan's gains and losses on investments purchased and sold as held during the year.

Use of Estimates:

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Administrative Fees:

Substantially all administrative fees are paid by the Company.

Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTES TO FINANCIAL STATEMENTS

U.S. Engine Valve Company 401(k) Plan

2 Summary of Significant Accounting Policies, Continued

Risks and Uncertainties:

The Plan's investments include investments in mutual funds and a common collective trust fund holding investment contracts with varying degrees of risk, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the Statement of Net Assets Available for Plan Benefits.

Subsequent Events:

Management evaluates subsequent events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements.

Subsequent events have been evaluated through October 13, 2023, which is the date the financial statements were available to be issued.

3 Tax Status

The Internal Revenue Service has determined and informed the Company by letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken uncertain tax positions that more-likely-than-not would not be sustained upon examination by applicable taxing authorities. The Plan Administrator has analyzed tax positions taken by the Plan and has concluded that, as of December 31, 2022, there are no uncertain tax positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions. However, currently no audits for any tax periods are in progress.

4 Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described as follows:

Level 1: Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

NOTES TO FINANCIAL STATEMENTS

U.S. Engine Valve Company 401(k) Plan

4 Fair Value Measurements, Continued

- * Quoted prices for similar assets or liabilities in active markets;
- * Quoted prices for identical assets or similar assets or liabilities in inactive markets;
- * Inputs other than quoted prices that are observable for the asset or liability;
- * Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs that are unobservable inputs for the asset or liability.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual Funds:

The fair value of the mutual funds are based on quoted market prices.

Common Collective Trust:

The fair value of the common collective trust is based on the net fair value of the underlying assets. The underlying investments are valued at fair value based on commercial quotation services. The fair value is allocated among the contract holders based on a unit value. These fall into the Level 2 category of the valuation hierarchy. Participant transactions (purchases and sales) may occur daily. In unusual market conditions, the Trustee may in its sole discretion, impose restrictions on issues and redemptions of units.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021. Classifications within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

7 Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds managed by Fidelity Management Trust Company, the Trustee as defined by the Plan, and therefore, these transactions qualify as party-in-interest. Usual and customary fees were paid by the mutual funds for the investment management services. In addition, the Plan has arrangements with various service providers and these arrangements qualify as party in interest transactions.
