INDEPENDENT AUDITOR'S REPORT

Empire State Highway Contractors Association, Inc.
Retirement Plan for the Employees of
CCI Companies, Inc.
Canastota, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Empire State Highway Contractors Association, Inc. Retirement Plan for the Employees of CCI Companies, Inc. (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) and schedule of reportable transactions as of and for the year ended December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

EMPIRE STATE HIGHWAY CONTRACTORS ASSOCIATION, INC. RETIREMENT PLAN FOR THE EMPLOYEES OF CCI COMPANIES, INC.

December 31, 2024 and 2023

NOTE A--DESCRIPTION OF PLAN

The following description of Empire State Highway Contractors Association, Inc. Retirement Plan for the Employees of CCI Companies, Inc. (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all non-leased and non-union employees of CCI Companies, Inc. (the Company). Employees are eligible to participate on commencement of employment. Employment with all employer members of the Empire State Highway Contractors Association, Inc. (ESHCA) is credited as service when determining a year of vesting service and eligibility for early retirement. The Plan is subject to the provisions of ERISA. The Board of Governors (BOG) is responsible for the oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investments, monitors investment performance and reports to the BOG.

All of the Plan's investments are held in a bank-administered trust fund. None of these investments are participant directed.

Contributions: The Company makes contributions to the Plan in an amount equal to the sum of:

- (1) any specified prevailing pension supplement as indicated by wage schedules issued by the New York State Department of Labor under Article 8, Section 220, of the New York State Labor Law, or by the U.S. Department of Labor under the Davis-Bacon Act,
- (2) 1.5% of compensation of participants for whom no contribution is made under (1) above, and
- (3) any additional amount determined by the Company's Board of Directors in its discretion.

Additionally, each participant may elect to voluntarily make employee after-tax contributions, not to exceed amounts which would cause the Plan to violate certain nondiscrimination requirements, or limitations on benefits, through a payroll withholding agreement, or by a lump sum payment to the trust.

NOTE A--DESCRIPTION OF PLAN--Continued

Participant Accounts: Each participant's account is credited with an allocation of (a) the Company's contribution, (b) Plan earnings, and (c) forfeitures of terminated participants' nonvested accounts and charged with Plan losses and an allocation of administrative expenses. Allocations are based on specified formulas which consider participant earnings and account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. In order to be eligible for an allocation of annual Company contributions and forfeitures, a participant must either complete 1,000 hours of service (or such adjustment of hours downward in order to obtain 70% employee eligibility), have attained age 59 ½, retire, die, or become disabled during the Plan year.

Vesting: Vesting of a participant's account is based upon years of service in which a participant is credited with at least 1,000 hours of service (or such adjustment of hours downward as previously noted). Vesting is graded as follows:

	<u>Vested Percentage</u>
After 2 years of vesting service	20%
After 3 years of vesting service	40
After 4 years of vesting service	60
After 5 years of vesting service	80
After 6 years of vesting service	100

Participants always own 100% of their employee after-tax accounts and rollover transfer accounts.

Forfeitures: When termination of employment with the Company occurs, the nonvested portion of a participant's account represents a forfeiture. Forfeitures are held in the participant's account until the participant has incurred 5 consecutive one year breaks-in-service from all employer members. As of the end of each Plan year, forfeitures, which have become available for distribution during such year, are then reallocated to currently active participants in the same manner as the Company's regular contributions. At December 31, 2024 and 2023, forfeitures being held totaled \$551,846 and \$461,025, respectively; forfeitures reallocated in 2024 and 2023 totaled \$42,853 and \$30,228, respectively.

Payment of Benefits: On termination of service due to death, disability or normal retirement (age 65 or age 55 and completion of 6 or more years of vesting service), a participant may elect to receive an amount equal to the participant's account balance in either a lump-sum amount, or in periodic payments over a period of up to 15 years.

NOTE A--DESCRIPTION OF PLAN--Continued

Payment of Benefits--Continued: In the event of the termination of a participant's employment for any reason other than normal retirement, death or disability, the participant's vested account balance will become payable at his or her normal retirement date. The participant may request that his or her benefits commence as of the beginning of any month after the participant has incurred 3 consecutive one year breaks-in-service from the employer member. A participant that has terminated employment from all employer members and has a vested balance of \$1,000 or less will receive a mandatory lump sum distribution to close out the participant's account. The 3 consecutive year waiting period does not apply to these mandatory distributions. A participant who has not severed employment with the employer member may also request a distribution once they attain age 55 and have completed 6 or more years of vesting service.

NOTE B--SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared under the accrual method of accounting.

Investment Valuation and Income Recognition: The Plan's investments are stated at fair value (see Note D). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The investment in the collective trust is valued at the redemption price of the units of participation as determined by NBT Bank, N.A., the trustee and fund sponsor, and is based on the quoted market value of the underlying investments in the trust. The BOG determines the Plan's valuation policies utilizing information provided by the investment advisors and trustee.

Purchases and sales of securities are recorded on a settlement-date basis. Interest income is recorded on the accrual basis.

Employer Contributions Receivable: Employer contributions receivable are presented in the statements of net assets available for benefits net of any allowance for credit losses. The Plan Administrator believes that no allowance for credit losses is necessary at December 31, 2024 and 2023.

Payments of Benefits: Benefits are recorded when paid.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

NOTE B--SUMMARY OF ACCOUNTING POLICIES--Continued

Events Occurring After Report Date: The Plan Administrator has evaluated events and transactions that occurred between December 31, 2024 and October 9, 2025, which is the date the financial statements were available to be issued, for possible disclosure and recognition in the financial statements. There were no such events or transactions identified by the Plan Administrator.

NOTE C--INFORMATION CERTIFIED AND PROVIDED BY
 NBT BANK, N.A. (UNAUDITED)

The following is a summary of the Plan's asset information as of December 31, 2024 and 2023 and for the years then ended included throughout the Plan's financial statements and supplemental schedules, that was prepared by or derived from information provided by NBT Bank, N.A., the trustee of the Plan, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets below is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedules related to the following assets:

NBT Bank, N.A. also certified to the completeness and accuracy of \$954,393 and \$1,231,530 of net appreciation in fair value of investments, and \$5,556 and \$4,670 of interest income for the years ended December 31, 2024 and 2023, respectively.

NOTE D--FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification Topic 820, "Fair Value Measurements and Disclosures", are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE D--FAIR VALUE MEASUREMENTS--Continued

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value:

Money market fund: The fair value of the money market fund approximates carrying value due to the nature of the instrument.

Collective trust: The Plan's interest in the collective trust is based on periodic valuations performed by the trustee using current market values of the underlying assets of the fund.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair value. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodologies used at December 31, 2024 and 2023.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value:

	Investments at Fair Value as of			
	December 31, 2024			
	Level 1	Level 2	Level 3	Total
Money market fund	\$ 111,408	\$ -0-	\$ -0-	\$ 111,408
Collective trust	-0-	10,062,685	-0-	10,062,685

NOTE E--TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Company by letter dated June 29, 2023 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC and therefore, believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2021.

NOTE F--PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE G--RELATED PARTY AND PARTIES IN INTEREST TRANSACTIONS

The Plan has not considered Company contributions to the Plan or benefits paid by the Plan to participants as party in interest transactions.

CCI Companies, Inc., sponsor of the Plan, is an employer member of ESHCA, a trade association of non-union heavy highway construction contractors. ESHCA acts as third-party contract administrator. Fees paid by the Plan for administrative, accounting, legal, investment management and other professional services are allocated to the Plan based on its pro rata share of the collective trust's investments. The Plan's administrative expenses amounted to \$38,085 and \$40,245 for the years ended December 31, 2024 and 2023, respectively.

NOTE G--RELATED PARTY AND PARTIES IN INTEREST TRANSACTIONS--Continued

The Plan Administrator and legal counsel to the Plan believe all party in interest transactions qualify for either statutory or administrative exemption from the prohibited transaction rules under ERISA.

NOTE H--RISKS AND UNCERTAINTIES

The Plan invests primarily in a collective trust. The collective trust's underlying securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
