To the Trustees of the
Arion Systems, Inc. Profit Sharing Plan

We have audited the financial statements of Arion Systems, Inc. Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) for the year ended December 31, 2024 and will issue our report thereon dated October 3, 2025. As permitted by ERISA Section 103(a)(3)(C), our audit did not extend to any statements or information related to assets held for investment of the Plan (investment information) by the trustees, which are a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, that prepared and certified the statements or information regarding assets so held in accordance with 29 CFR 2520.103-5. Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and ERISA-required supplemental schedule, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP. Accordingly, the objective of an ERISA 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter dated February 11, 2025. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by Arion Systems, Inc. Profit Sharing Plan are described in Note 2 to the financial statements. No new accounting policies were adopted, and the application of existing policies was not changed during the year ended December 31, 2024. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events effective them may differ significantly from those expected. We have evaluated the key factors and assumptions used to develop accounting estimates in determining that they are reasonable in relation to the financial statements taken as a whole.

The financial statement disclosures are neutral, consistent, and clear.

Form 5500 Procedures

We are required to obtain and read a substantially complete draft of the Form 5500 prior to dating our auditor's report. The purpose of this procedure is to identify any material inconsistencies between the draft Form 5500 and the Plan's financial statements. We identified no material inconsistencies in performing and completing our audit.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements. In addition, none of the misstatements detected as a result of audit procedures and corrected by management were material, either individually or in the aggregate, to the financial statements taken as a whole.

Reportable Findings

For purposes of this letter, a reportable finding is a matter that includes one or more of the following: (1) noncompliance or suspected noncompliance with laws and regulations, (2) a finding that in our professional judgment is significant and relevant to you regarding your responsibility to oversee the financial reporting process, and (3) an indication of internal control deficiencies identified during the audit that have not been previously communicated to management by other parties and that we determined are sufficiently important to merit management's attention. We identified no reportable findings.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated October 8, 2005.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a “second opinion” on certain situations. If a consultation involves application of an accounting principle to the Plan’s financial statements or a determination of the type of auditor’s opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan’s auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Other Matters

Our responsibility for the ERISA-required supplementary schedule accompanying the financial statements is to perform adequate procedures to evaluate whether the form and content of the ERISA-required supplemental schedules, other than that agreed to or derived from the certified investment information, is presented in compliance with the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA, and whether the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

This information is intended solely for the use of trustees and management of Arion Systems, Inc. Profit Sharing Plan and is not intended to be, and should not be, used by anyone other than these specified parties.

Very truly yours,

A handwritten signature in blue ink that reads "Davidson, Doyle & Hilton, LLP".

Report of Independent Auditors

To the Plan Administrator
Arion Systems, Inc. Profit Sharing Plan
Chantilly, VA

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the accompanying financial statements of Arion Systems, Inc. Profit Sharing Plan (the “Plan”), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) audit. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Arion Systems, Inc. Profit Sharing Plan’s financial statements performed in accordance with ERISA section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state of federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 9 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor’s Responsibilities for the Audit of the Financial Statements section –

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Arion Systems, Inc. Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Arion Systems, Inc. Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Arion Systems, Inc. Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about Arion Systems, Inc. Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Part IV, line 4i – Schedule of Assets Held (At End of Year) for the year ended December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and related directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, have been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplement schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplement schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ARION SYSTEMS, INC. PROFIT SHARING PLAN
Notes to Financial Statements
December 31, 2024 and 2023

Note 1 - Description of Plan

The following description of Arion Systems, Inc. Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a combined contributory deferred compensation 401(k) plan and a non-contributory deferred profit-sharing plan covering all employees of Arion Systems, Inc. (the "Company") who have reached age twenty-one. It was established January 1, 1995 and amended June 30, 2021 for Plan restatement. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, eligible participants may contribute pre-tax or Roth deferrals, as defined by the Plan. Participants may contribute up to the lesser of 74% of their compensation or the maximum allowed by the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (i.e. – Employee Stock Ownership Plan) as defined in the Plan's provisions.

The Plan includes non-elective safe-harbor provisions whereby all eligible employees receive employer contributions equal to 3% of their eligible compensation. For the years ended December 31, 2024 and 2023, employer non-elective safe-harbor contributions were \$600,204 and \$577,855, respectively. In addition, the Company may make discretionary profit sharing contributions to the Plan, as determined by the Company's Board of Directors, which are allocated to each eligible employee in proportion to his or her compensation as a percentage of total compensation for all eligible employees. To be eligible to receive profit sharing contributions, employees must either retire during the year or be employed on the last day of the year. For the years ended December 31, 2024 and 2023, employer profit sharing contributions were \$2,169,480 and \$2,148,661, respectively.

Participant accounts

Each participant's account is credited with the participant's contribution, including amounts rolled over from other qualified plans, and allocations of (a) the Company's contribution and (b) plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment options

Participants direct the investment of their contributions, employer safe-harbor contributions, and employer profit sharing contributions into various investment options offered by the Plan. The Plan currently offers various self-directed investments, mutual funds and money market funds as investment options for participants.

Note 1 - Description of Plan (continued)

Forfeitures

The Company maintains separate forfeiture accounts with the Plan custodian. Since a participant is fully vested in his or her elective contributions, rollover contributions, qualified non-elective employer contributions, and non-elective employer contributions at all times, the forfeiture account consists primarily of ineligible contributions and compliance returns. Forfeited accounts are utilized first to reduce Plan expenses and second to reduce employer contributions. At December 31, 2024 and 2023, forfeited accounts totaled \$163 and \$-0-, respectively. No forfeitures were used during the years ended December 31, 2024 and 2023.

Notes receivable from participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. Loans are secured by the balance in the participant's account and bear interest at rates that are commensurate with local prevailing rates as determined annually. Principal and interest are paid ratably through payroll deductions.

Vesting

Participants are immediately vested in their voluntary contributions, rollover contributions, employer safe-harbor contributions, and employer profit sharing contributions, as well as actual earnings and losses thereon.

Payment of benefits

On termination of service due to death, disability, retirement, or other termination of employment, a participant may elect to receive a lump-sum amount or rolled into another qualified retirement plan, equal to the value of his or her account. The Plan does allow for in-service distributions at age 59 ½.

Upon termination of service, if the vested value of a participant's account is less than \$1,000 and the participant does not directly transfer their benefit to an IRA or another Plan, his or her account will be distributed in a single lump-sum payment. If a participant has elected to receive a distributions from the Plan and the value of the participant's vested benefits are between \$1,001, including any rollover contributions, and \$5,000, the participant may elect to either directly transfer the benefits to an IRA or another plan or receive the vested benefits. If the participant does not make this election, the Plan Administrator will direct the Trustee to directly transfer the participant's vested benefits to an IRA established for the participant's benefit. If the vested value of a participant's account exceeds \$5,000 upon termination, the participant may elect to receive either a lump-sum amount, substantially equal payments for a specified term or elect to have all the distribution paid in a direct rollover to another qualified plan, or a combination of the above. If the participant does not consent to a distribution, his or her benefits will be deferred to the earlier of his or her Normal Retirement Age or until he or she consents to an immediate distribution.

Note 2 - Summary of Accounting Policies

Basis of accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Note 2 - Summary of Accounting Policies (continued)

Investment valuation and income recognition

The Plan's investments are recorded at fair value. Shares of mutual funds, common stocks, preferred stock and corporate bonds managed by Fidelity, are based on quoted market prices, which represent the net asset value of shares held by the Plan at year-end. Participant loans are valued at their outstanding balances, which approximate fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes receivable from participants

Participant loan receivables are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document. Interest income on participant loan receivables is recognized in the period in which it is earned. No allowance for credit losses has been recorded as of December 31, 2024 and 2023.

Payment of benefits

Benefits are recorded when paid.

Expenses

Substantially all administrative expenses are paid by the Company. Certain transaction fees are paid by the Plan.

Use of estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Credit risk

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 3 - Fair Value Measurements

FASB ASC 820 provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
Level 2	<p>Inputs to the valuation methodology include</p> <ul style="list-style-type: none"> • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. <p>If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.</p>
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2024 and 2023 which have not changed.

Mutual Funds: Valued at publicly traded market values of the shares held by the Plan at year-end.

Self-directed brokerage accounts: Accounts primarily consist of mutual funds and common stocks that are valued on the basis of readily determinable market prices.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 3 - Fair Value Measurements (continued)

The following tables set forth by level, within the fair value hierarchy, the Plan’s assets at fair value as of December 31, 2024 and 2023:

Total	\$ 87,149,909	\$ 87,149,909	\$ -

Note 4 –Party-In-Interest Transactions

Certain Plan investments are managed by Fidelity Management Trust Company (“Fidelity”). Fidelity is the custodian/trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services are included in net appreciation (depreciation) in fair value of investments as they are paid through revenue sharing rather than a direct payment. Fees paid to Fidelity for Plan administration totaled \$23,059 and \$33,148 for fiscal years ending December 31, 2024 and 2023, respectively.

The Plan sponsors, owners, and key management are also participants in the Plan. Their account balances totaled approximately 1% of the net assets available for benefits as of December 31, 2024 and 2023.

Notes to Financial Statements
December 31, 2024 and 2023

Note 5 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Note 6 – Income Tax Status

The Plan obtained its latest determination letter on June 30, 2020, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan’s tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, no uncertain positions are taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to December 31, 2021.

Note 7 – Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2024 and 2023:

Note 8 – Return of Excess Contributions

Excess deferral contributions for 2024 and 2023 were \$26,856 and \$35,286, respectively. Excess deferral contributions are returned to the participant.

Note 9 – Financial Information Certified by the Trustee of the Plan

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2024 and 2023, and net appreciation (depreciation) in fair value of investments, interest and dividends, and interest income from participant notes receivable for the years ended December 31, 2024 and 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company (the trustee of the Plan).

	<u>2024</u>	<u>2023</u>
Investments, at fair value	\$ 98,839,514	\$ 87,149,909
Notes receivable from participants	264,363	167,949
Investment income	12,203,415	13,828,832

Note 10 – Revenue Sharing

The Plan has entered into a plan expense agreement with the Plan’s trustee and custodian effective June 1, 2021. Under the agreement, the Plan has moved to a fee levelization method, which allows the Plan Sponsor to equalize fees among all active participants. When revenue sharing with fee adjustment levelization is used, positive or negative fee adjustments are made to each investment option which is applied to the revenue sharing of each investment option to achieve levelization at an agreed upon rate. The Plan received \$5,881 and \$15,034 in revenue sharing income for the years ended December 31, 2024 and 2023 to be used to offset plan administrative expenses.

Note 11 – Plan to Plan Transfer

The Plan receives transfers in from the Plan Sponsor’s Employee Stock Ownership Plan as vested participants are eligible to transfer current year dividends and earnings on an annual basis. Total plan to plan transfers as of December 31, 2024 and 2023 were \$1,470,298 and \$1,132,152, respectively.

Note 12 – Subsequent events

The Plan has evaluated subsequent events through October 8, 2025, the date the report is available for issuance. No events requiring disclosure have been noted.
