Trustees and Administrator
Therapy Brands 401(k) Plan
Birmingham, Alabama

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Therapy Brands 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits (modified cash basis) as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits (modified cash basis) for the year ended December 31, 2024, and the related notes to the financial statements (modified cash basis).

Management, having determined it is permissible in the circumstances, has elected to have the audits of Therapy Brands 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 2 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting described in Note 1.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Therapy Brands 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Basis of Accounting

We draw attention to Note 1 of the financial statements, which describes the basis of accounting. The financial statements and supplemental schedules are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 1; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Therapy Brands 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Therapy Brands 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Therapy Brands 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedules (modified cash basis) of Schedule H, Line 4a – Schedule of Delinquent Participant Contributions and Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of or for the year ended December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules (modified cash basis), other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules (modified cash basis) that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules (modified cash basis), we evaluated whether the supplemental schedules (modified cash basis), other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules (modified cash basis), other than the information in the supplemental schedules (modified cash basis) that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules (modified cash basis) related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Therapy Brands 401(k) Plan
Notes to Financial Statements (Modified Cash Basis)
December 31, 2024 and 2023

Note 1. Description of Plan and Summary of Significant Accounting Policies

Description of Plan

The following description of the Therapy Brands 401(k) Plan (the Plan) provides general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

- A. **General** - The Plan is a defined contribution plan, created on January 1, 2018, covering substantially all employees of Therapy Brands Thrive, LLC. Effective June 1, 2023, the Echo Management Group 401(k) Profit Sharing Plan was merged into the Plan. Employees covered by a collective bargaining agreement, leased employees and non-resident aliens are not eligible to become Plan participants. For elective deferrals, matching contributions, and discretionary profit-sharing contributions, employees are eligible to participate on the first day of the Plan year month coinciding with or subsequent to the date on which they complete three months of service and have attained the age of eighteen. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).
- B. **Contributions** - Each year, participants may contribute a percentage of their annual compensation, subject to certain limitations imposed by the Internal Revenue Code. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Employer may make matching contributions to the Plan equal to a discretionary percentage, to be determined by the Employer, of the participant's elective deferrals. For the years ended December 31, 2024 and 2023, the Plan made safe harbor matching contributions equal to 100% of an employee's salary deferrals that do not exceed 3% of compensation plus 50% of salary deferrals between 3% and 5% of compensation. The safe harbor matching contribution is 100% vested. In addition, the Employer may make discretionary profit-sharing contributions. No discretionary profit-sharing contributions were made in 2024 and 2023.

Note 1. Description of Plan and Summary of Significant Accounting Policies - Continued

- C. **Participant Accounts** - Each participant's account is credited with the participant's contribution and an allocation of the Company's contribution periodically as such contributions are made to the Plan. Plan earnings are credited on a daily basis. Allocations are based on participant earnings or account balances, as defined in the Plan agreement.
- D. **Vesting** - Participants are immediately vested in their contributions plus actual earnings or losses thereon. Vesting in discretionary employer contributions is based upon years of service. Until January 1, 2021, a participant's vesting percentage increased by 20% for each year of credited service, starting with two years of service, and was 100% vested after six years of credited service. Effective January 1, 2021, a participant becomes 100% vested after one year of service in employer contributions made after January 1, 2021. The six year vesting schedule applies to employer contributions received prior to the amendment.
- E. **Payment of Benefits** - A former participant or a participant's beneficiary, who is eligible to receive benefits, will receive his or her vested benefits in a single lump sum payment. The Plan also allows distributions to participants in the event an immediate financial hardship has incurred. For the years ended December 31, 2024 and 2023, upon termination, vested account balances that did not exceed \$7,000 were automatically distributed to the participant. If a mandatory distribution is made to a participant because his or her vested account balance is greater than \$1,000 but does not exceed \$7,000, the funds will be rolled into an IRA, if no affirmative election is made by the participant to either receive the funds or roll over the distribution.
- F. **Notes Receivable from Participants** - Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000, reduced by the highest outstanding balance of loans during the one-year period ending on the date before the new loan is made, or one-half of the present value of the participant's vested account balance. The loans are secured by the participant's account balance and incurred interest at rates of 4.25 to 9.50 percent at December 31, 2024. The loans are secured by the participant's account balance and incurred interest at rates of 4.25 to 9.50 percent at December 31, 2023. Loans must bear a reasonable rate of interest and the applicable rate is determined at the time the loan is made. Principal and interest are paid ratably through monthly payroll deductions.

Note 1. Description of Plan and Summary of Significant Accounting Policies – Continued.

- G. **Life Insurance** - Life insurance contracts are prohibited within the Plan.
- H. **Administration** – From January 1, 2023 until January 17, 2023, Empower Annuity Insurance Company of America and Empower Trust Company, LLC were appointed custodians of the Plan. On January 18, 2023, the assets of the Plan were transferred from Empower Trust Company, LLC to Fidelity Management Trust Company. Fidelity Management Trust Company was appointed custodian of the Plan for the remainder of the year ending December 31, 2023 and for the year ending December 31, 2024. All funds in the Plan are held in trust by the custodians. Investment fees are generally assessed as a percentage of assets invested, and are deducted directly from participants' investment returns. Plan administration fees are deducted directly from investment returns and are either paid directly by the Company, or are passed through to the participants in the Plan. Transaction-based fees are charged directly to the participants' account.
- I. **Forfeited Accounts** - These accounts may be used to pay Plan expenses or reduce employer contributions. At December 31, 2024 and 2023, forfeited non-vested accounts totaled \$60,122 and \$35,614, respectively. The forfeitures used to pay Plan administrative expenses or reduce employer contributions were \$2,137 and \$48,375 for the years ended December 31, 2024 and 2023, respectively.

Basis of Accounting

The Plan's policy is to prepare its financial statements on the modified cash basis of accounting. Investment income is recognized when received, and disbursements are recognized when made. Modifications to the cash basis of accounting include recognizing contributions according to the paycheck date to which they relate. Accordingly, the financial statements are not intended to present the net assets available for benefits and changes in net assets available for benefits of the plan in accordance with accounting principles generally accepted in the United States of America.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Sponsor determines the Plan's valuation policies. See Note 3 for information concerning fair value measurement.

Note 1. Description of Plan and Summary of Significant Accounting Policies - Continued

Basis of Accounting - Continued

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation or depreciation in fair value of investments is the difference between the proceeds received or aggregate fair market value of investments determined at the end of the year and the aggregate fair value of investments determined at the beginning of the year or cost if acquired during the year. Dividends are recorded when received.

Payment of Benefits

Benefits are recorded when paid.

Use of Estimates

The preparation of the financial statements in conformity with the modified cash basis of accounting requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Note 2. Information Prepared and Certified by Trustee (Unaudited)

The following is a summary of the investment information regarding the Plan as of December 31, 2024 and 2023, and for the years then ended, included in the Plan's financial statements and supplemental schedules that were prepared or derived from information prepared by the trustee of the Plan, and furnished to the Plan administrator. The Plan administrator had obtained certifications from the trustee that such information is complete and accurate.

The trustees providing such information were Empower Annuity Insurance Company of America, Empower Trust Company, LLC and Fidelity Management Trust Company for the year ended December 31, 2023 and Fidelity Management Trust Company for the year ended December 31, 2024.

Note 3. Fair Value of Assets and Liabilities

The Plan accounts for fair value measurements in accordance with FASB ASC 820. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Therapy Brands 401(k) Plan
Notes to Financial Statements (Modified Cash Basis) - Continued
December 31, 2024 and 2023

Note 3. Fair Value of Assets and Liabilities - Continued

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual funds: Valued at the daily closing prices as reported by the funds. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the plan are deemed to be actively traded.

Money market funds: Valued at the NAV of shares held by the Plan at year end.

Common collective trusts: Valued at net asset value of the investment contracts. Net asset value per unit is used as a practical expedient to estimating fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 3. Fair Value of Assets and Liabilities – Continued

Assets and liabilities within the fair value hierarchy below were measured at fair value during the years ended December 31, 2024 and 2023, using the market and income approaches.

		Assets at Fair Value as of December 31, 2024			
		Fair Value	Level 1	Level 2	Level 3
	Money market funds	\$ 816,044	\$ 816,044	\$ -	\$ -

- (a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Note 4. Party-In-Interest Transactions

The investments of the Plan are shares of mutual funds managed by the Custodian; therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for services rendered by Fidelity that have been included in administrative expenses in the accompanying financial statements amounted to \$77,833 and \$45,082 during December 31, 2024 and 2023, respectively.

Certain administrative functions are performed by officers and employees of the Company. No officer or employee received compensation from the Plan for these services.

Note 5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would be 100% vested in their accounts.

Note 6. Tax Status

Effective January 1, 2023, the Plan adopted a non-standardized pre-approved form of a plan sponsored by Fidelity Management Trust Company. The IRS has determined and informed Fidelity Management Trust Company by an opinion letter dated June 30, 2020, that the prototype plan and related trust are designed in accordance with the applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, Plan management and the Plan's tax counsel believe the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Accordingly, the accompanying financial statements do not include a provision for income taxes. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7. ERISA Bond Requirement

The Employee Retirement Income Security Act of 1974 (ERISA) requires that every person who handles funds or other property of the Plan be bonded. The bond coverage is to be determined by the balance of the total plan assets and is required to be at least equal to the lesser of 10% of the plan's assets at the beginning of the plan year or \$500,000. At December 31, 2024 and 2023, the Plan's sponsor maintained bond coverage in the amount of 10% of Plan assets capped at \$500,000.

Note 8. Risk and Uncertainties

The Plan permits participants to invest in various types of investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for plan benefits (modified cash basis).

Note 9. Concentration of Investments

A single investment representing more than ten percent of total Plan investments is considered a concentration. A significant decline in the market value of these funds would significantly affect the net assets available for benefits. Included in investments at December 31, 2024 and 2023, are:

Investment	As of December 31, 2024	
	Investment Amount	Percent of Total Investments
Fidelity 500 Index	\$ 3,670,322	12%
American Funds 2050 Trgt Date Retire R6	3,233,792	10%
Large Cap Growth II R1	3,165,598	10%
	As of December 31, 2023	
Investment	Investment Amount	Percent of Total Investments
Vanguard Growth Index ADM	\$ 3,263,207	12%

Note 10. Prohibited Transactions

During the years ended December 31, 2024 and 2023, the Plan Sponsor inadvertently failed to deposit \$2,059 and \$5,313, respectively, of participant contributions within the timeframe required by the Department of Labor (DOL) respectively. The DOL considers late deposits to be nonexempt prohibited transactions. The Plan Sponsor completed corrective actions with regards to the \$5,248 of the late remittances during the year ending December 31, 2023. The Plan Sponsor completed corrective action with regards to the remaining \$65 of late remittances from Plan year 2023 during the year ended December 31, 2024. The Plan Sponsor is in the process of correcting the late remittances from Plan year 2024.

Net income as reflected on Form 5500	\$ 4,679,887

Note 12. Plan Amendments

Effective January 1, 2023, the Plan was restated, and a new Plan document was adopted. The Plan changed custodial and recordkeeping service providers from Empower Annuity Insurance Company of America and Empower Trust Company, LLC to Fidelity Management Trust Company. The restatement also updated the Plan Sponsor's name to Therapy Brands Thrive, LLC and changed the determination period for calculating employer match contributions from per pay period to each Plan year.

Effective June 1, 2023, the Plan was amended to merge in the Echo Management Group 401(k) Profit Sharing Plan, to allow the Plan to accept rollovers of after-tax employee contributions, and to add XAFTsoft and Oakland Technology Group as predecessor employers for purposes of eligibility.

Note 13. Subsequent Events

The Plan sponsor has evaluated subsequent events through October 13, 2025 the date on which the financial statements were available to be issued.

Effective January 1, 2025, the Plan was amended to allow In-Plan Roth Rollover Contributions and In-Plan Roth Conversions.

Effective May 29, 2025, the Plan was amended to reflect the Plan Sponsor's name change to Therapy Brands Thrive, LLC dba Ensora Health and the Plan's name change to Ensora Health Retirement Plan.

Effective July 28, 2025, the Plan was amended to allow distributions to be taken in the form of installment payments or partial withdrawals in addition to the previously allowed lump sum option.
