INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of the
Tax Deferred Annuity Plan of Visiting Nurse Association Health Group, Inc.

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Tax Deferred Annuity Plan of Visiting Nurse Association Health Group, Inc., an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits (modified cash basis) as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits (modified cash basis) for the year ended December 31, 2024, and the related notes to the financial statements (modified cash basis).

Management, having determined it is permissible in the circumstances, has elected to have the audit of Tax Deferred Annuity Plan of Visiting Nurse Association Health Group, Inc.'s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section -

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting described in Note 2.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Tax Deferred Annuity Plan of Visiting Nurse Association Health Group, Inc. and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements and supplemental schedule are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to that matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Tax Deferred Annuity Plan of Visiting Nurse Association Health Group, Inc.'s ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing

standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Tax Deferred Annuity Plan of Visiting Nurse Association Health Group, Inc.'s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Tax Deferred Annuity Plan of Visiting Nurse Association Health Group, Inc.'s ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, line 4i - Schedule of Assets (Held at End of Year) (modified cash basis) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule (modified cash basis), other than that agreed to or derived from the certified investment

information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule (modified cash basis) that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule (modified cash basis), we evaluated whether the supplemental schedule (modified cash basis), other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- the form and content of the supplemental schedule (modified cash basis), other than the information in the supplemental schedule (modified cash basis) that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule (modified cash basis) related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1: DESCRIPTION OF PLAN

The following description of Tax Deferred Annuity Plan of Visiting Nurse Association Health Group, Inc. (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a tax deferred annuity that is designed to enable employees of not-for-profit organizations that are exempt from federal income tax under Section 501(c)(3) of the Internal Revenue Code and certain educational institutions to accumulate savings for retirement while benefiting from favorable tax treatment on their current salary. It is a voluntary retirement savings program that offers the advantage of making contributions from pre-tax salary and deferring payment of federal income taxes on the amounts contributed until they are withdrawn or paid as benefits. Moreover, any interest and investment earnings accumulate on a tax deferred basis until withdrawn or paid as benefits.

The Plan is a defined contribution plan qualifying under Section 403(b) of the Internal Revenue Code (“IRC”) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan, which was initially adopted on April 1, 1974 and last restated on January 1, 2023 is a Prudential Insurance Company of America 403(b) Volume Submitter Plan. The trustee and custodian of the Plan is Prudential Bank & Trust, FSB. Effective March 31, 2023, Prudential Bank & Trust, FSB merged into Empower Trust Company, LLC, an Empower affiliate, and all services performed by Prudential Bank & Trust, FSB were assumed by Empower Trust Company, LLC. The recordkeeper of the Plan is Empower Annuity Insurance Company of America (“Empower”) (formerly Prudential Retirement Insurance and Annuity Company).

The Plan is a tax deferred annuity plan covering all employees of the Visiting Nurse Association Health Group, Inc. (“VNAHG”) and its affiliates (Visiting Nurse Association of Central Jersey, Inc., Visiting Nurse Association of Central Jersey Community Health Center, Robert Wood Johnson Visiting Nurses, Inc., Visiting Nurse Association of Englewood, Inc., Visiting Physicians Services, Parker Advanced Care Institute at VNAHG, Inc., Children’s Health Ventures Inc. and, VNA Health Group of New Jersey, LLC (collectively referred to as the “Plan Sponsor”). All employees are eligible to participate in the Plan commencing on their date of hire. VNA companies located in Ohio are excluded from participation in the Plan, as they are covered by their own Plan.

The Plan Sponsor is responsible for oversight of the Plan and determines the appropriateness of the Plan’s investment offerings and monitor investment performance.

Contributions

Each year, participants may contribute up to the maximum Internal Revenue Service (“IRS”) limitations during the Plan year, as no limits on elective deferrals are set in the Plan. For the calendar year 2024, the applicable dollar amount was \$23,000. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The maximum catch-up contribution was \$7,500 for 2024. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

NOTE 1: DESCRIPTION OF PLAN (continued)

Participant Accounts

Individual accounts are established for each participant. The Plan offers a variety of mutual funds with varying investment objectives as investment options and an annuity contract with a guaranteed interest rate that changes annually. Participants' investments are self-directed from a choice of investments provided by Empower. Each participant's account is credited with the participant's contributions as well as allocations of the Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Plan participants are 100% vested in the account balance attributable to their deferred compensation and related earning thereon.

Expense Account

The Plan's share of revenue earned under an existing service agreement with Empower Trust Company, LLC is deposited in the Plan's expense account to be used to pay administrative expenses. The balance in this account as of December 31, 2024 was \$267,323, and is included in the Principal Preservation Separate Account.

Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant may elect to withdraw an amount equal to any whole percentage, not to exceed 100 percent, of the participant's vested account for any reason. In the event of termination of employment, a participant can receive their participant contributions and earnings thereon in the form of a single-sum payment, installment payments or an annuity contract. Upon termination of employment, the Plan has a mandatory cash-out provision for participants with less than \$7,000 in their account, which does not require consent from the participant. Accounts with less than \$1,000 will be distributed to the participant. Accounts with between \$1,000 and \$7,000 will be rolled into an individual retirement plan. Hardship withdrawals from accounts which are fully vested are permitted by the Plan. In-service distributions are allowed for participants after reaching age 60.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America (GAAP). Under this basis, contributions are recognized when received rather than when earned, and expenses are recognized when paid rather than when incurred. The Plan recognizes investments and related investment income on the cash basis to reflect the Plan's financial position and changes in net assets available for benefits. Accordingly, the financial statements are not intended to be a presentation in conformity with GAAP.

**TAX DEFERRED ANNUITY PLAN OF
VISITING NURSE ASSOCIATION HEALTH GROUP, INC.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Use of Estimates

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Contract value is the relevant measure for the portion of the net assets available for benefits of a defined benefit contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by Empower Annuity Insurance Company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest and dividend income is recorded on a cash basis. Net depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Plan Sponsor. Expenses that are paid by the Plan Sponsor are excluded from these financial statements. Administrative expenses include asset fees, investment advisory fees, accounting and auditing fees, as well as participant fees.

Subsequent Events

The Plan has evaluated subsequent events through October 7, 2025, the date the financial statements were available to be issued.

NOTE 3: INFORMATION CERTIFIED BY CUSTODIAN AND RECORDKEEPER

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2024 and 2023, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2024, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Empower Annuity Insurance Company of America, the recordkeeper.

Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the above information which appears throughout the financial statements and supplemental schedule.

NOTE 4: FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	<p>Inputs to the valuation methodology include</p> <ul style="list-style-type: none"> ▪ quoted prices for similar assets or liabilities in active markets; ▪ quoted prices for identical or similar assets or liabilities in inactive markets; ▪ inputs other than quoted prices that are observable for the asset or liability; ▪ inputs that are derived principally from or corroborated by observable market data by correlation or other means. <p>If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.</p>
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and December 31, 2023.

Registered investment companies: Investments in registered investment companies consist of shares of mutual funds that are valued at quoted market prices which represent the net asset value ("NAV") shares held by the Plan at year-end.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024 and 2023. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

NOTE 5: FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan held a fully benefit-responsive investment contract with Empower, as described in Note 1, totaling \$5,943,714 and \$6,469,662 for the years ended December 31, 2024 and 2023, respectively. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The traditional investment contract held by the Plan is a group annuity contract. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1.25% percent.

The crediting rate is reviewed on a semiannual basis on January 1 and July 1, and the rate is guaranteed against change during each six (6) month period. The traditional investment contract will terminate upon notification in writing by either party. The termination date is the first day of the month coinciding with or next following the later of the date specified in the written notice.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value (See Note 2). Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contract is dependent on the contract issuer's ability to meet its financial obligations. The contract issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the IRC or the failure of the trust to be tax-exempt under Section 501(a) of the IRC
2. Premature termination of the contracts
3. Plan termination or merger
4. Changes to the Plan's prohibition on competing investment options
5. Bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the contract issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines
2. A breach of material obligation under the contract
3. A material misrepresentation
4. A material amendment to the agreements without the consent of the contract issuer.

NOTE 6: RELATED-PARTY AND PARTY IN INTEREST TRANSACTIONS

As stated in Note 3, plan investments are managed by Empower as of year-end, therefore, these transactions qualify as party-in-interest transactions under ERISA. Fees incurred by the Plan for the investment management services are included in administrative expenses.

Certain administrative functions of the Plan are performed by third-party service providers, officers or employees of the Plan Sponsor. No such officer or employee receives compensation from the Plan for these services.

The Plan has a revenue-sharing agreement whereby the Trustee returns a portion of the investment fees to the recordkeeper to offset the Plan's administrative expenses. If the revenue received by the Trustee from mutual fund service providers exceeds the amount owed under the Plan, the Trustee remits the excess to the Plan's trust on a periodic basis. Such amounts may be applied to pay Plan administrative expenses. Revenue sharing funds are reported as "Other – revenue sharing" in the Statements of Changes in Net Assets Available for Benefits. The Plan may make a payment to the Trustee for administrative expenses not covered by revenue sharing.

NOTE 7: TAX STATUS

Currently, 403(b) Plans are not required to submit Plans to the Internal Revenue Service ("IRS") for determination. However, the Plan Administrator believes that the Plan was designed and is being operated in compliance with the applicable requirements of the Internal Revenue Code and ERISA.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8: FAB 2009-02, ANNUAL REPORTING REQUIREMENTS FOR 403(b) PLANS

The Plan's financial statements do not present information regarding certain investments in annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. The Board of Trustees has elected to exclude those contracts and accounts and related activity from the Plan's financial statements for purposes of the annual reporting requirements of the Employee Retirement Income Security Act of 1974 (ERISA) as permitted by Department of Labor Field Assistance Bulletin 2009-02, Annual Reporting Requirements for 403(b) Plans. Presentation of this information is required by accounting principles generally accepted in the United States of America.

If the excluded contracts, as reported by the custodian, were included, net assets available for benefits (modified cash basis) would increase by \$992,013 for the year ended December 31, 2024. Further, investment gain of \$154,261 and distributions of \$381,962 for the year ended December 31, 2024, related to such accounts, as identified by the custodian, have also been excluded from the accompanying statement of changes in net assets available for benefits (modified cash basis).

**TAX DEFERRED ANNUITY PLAN OF
VISITING NURSE ASSOCIATION HEALTH GROUP, INC.
Notes to Financial Statements (Modified Cash Basis) (continued)**

NOTE 9: PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. The Plan Sponsor also reserves the right to amend, modify, suspend or terminate the Plan permanently or temporarily, at such time as they deem appropriate. In the event of Plan termination or if the Plan Sponsor elects to discontinue contributions, the total value of each participant's account will be fully vested.

NOTE 10: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 11: INVESTMENT CONCENTRATION

The following investments represent 10% or more of the Plan's net assets available for benefits at December 31, 2024 and 2023.

	2024	2023

Principal Preservation Separate Account	*	6,469,662

* Investment is less than 10% of the Plan's net assets available for benefits at December 31, 2024.

NOTE 12: COMPLIANCE MATTER

Excluded Compensation from Elective Deferrals

During the Plan year ended December 31, 2024, the Plan erroneously excluded certain forms of compensation from elective deferrals. Specifically, bonuses paid to employees were not included in eligible compensation for purposes of calculating elective deferrals, even though the Plan document defines eligible compensation as W-2 wages, which includes bonus payments.

As a result, affected participants were not provided the opportunity to make elective deferrals on this portion of their compensation. Management is in the process of evaluating the matter and has taken steps to correct the error in accordance with the Employee Plans Compliance Resolution System (EPCRS) guidelines, including the funding of corrective contributions, as necessary, to restore participants to the position they would have been in had the error not occurred.

Management believes the issue is being appropriately addressed and does not affect the overall financial reporting of the Plan's net assets available for benefits as of December 31, 2024 or changes therein for the year then ended.
