Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements

We have performed audits of the accompanying financial statements of the Holding Company of the Villages, Inc. Employees Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

INDEPENDENT AUDITOR'S REPORT

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Board of Directors
Holding Company of the Villages, Inc.

INDEPENDENT AUDITOR'S REPORT

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit

of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 - Description of Plan

The following description of the Holding Company of the Villages, Inc. (the Company) Employees Savings Plan (the Plan) provides general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan, originally established January 1, 2002, and most recently amended effective June 1, 2023, is a defined contribution plan commonly known as a Code Section 401(k) Profit Sharing Plan covering all eligible employees of the Company, as defined, who have attained age 21 and completed 90 days of service, and employees of participating employers who have signed Plan adoption agreements with the Company. The Company acts on behalf of all participating employers and is responsible for ensuring transactions to and from the Plan are completely and accurately recorded. The Company transmits all contributions, including employer matching contributions, to the Plan and subsequently invoices participating employers for their portion of the employer match. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA).

Investment Options

Participants direct the investment of their contributions and Company contributions into various investment options offered by the Plan. Participants may change their investment elections periodically, as permitted by the Plan sponsor.

Contributions

Each year, participants may contribute up to 100% of pre-tax annual compensation, as defined in the Plan document. Effective June 1, 2023, participants are also able to contribute up to 100% of post-tax annual compensation through Roth deferrals. Participants whose 50th birthday is on or before the last day of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined-benefit or contribution plans. The Company will contribute to the Plan a matching contribution determined by the Company at its discretion. For the year ended December 31, 2024, the Company matched 50% of the employee contribution up to first 4% of eligible compensation. Additionally, there is a discretionary contribution that can be made by the Company. The discretionary contribution has additional conditions for eligibility to receive such contribution in which the participant must have 1,000 hours of service during the Plan year and must be employed on the last day of the Plan year, except if terminated due to death, disability, or after attainment of normal retirement age (defined as age 65). Contributions are subject to certain limitations.

The Plan is set up with an "automatic" deferral feature. If no Salary Reduction Agreement is completed, the Company will automatically withhold 4% of a new participant's Plan compensation from each paycheck and deposit such amounts into the Plan as a salary deferral.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's contributions and Plan earnings and charged with benefit payments and an allocation of Plan losses and expense. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**NOTES TO FINANCIAL STATEMENTS
HOLDING COMPANY OF THE VILLAGES, INC.
EMPLOYEES SAVINGS PLAN
THE VILLAGES, FLORIDA**

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested in the Company matching and discretionary contributions after six years of credited service as follows:

<u>Years of Vesting Service</u>	<u>Vested Percentage</u>
0-1	0%
2	20%
3	40%
4	60%
5	80%
6 or More	100%

Employees who terminate employment on account of death or permanent disability, or after attaining normal retirement age, are 100% vested.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at 1% above the prime rate, which is commensurate with local prevailing rates as determined quarterly by the Plan Administrator. Principal and interest are repaid by the participant ratably through payroll deductions. A participant loan must be payable within a period not exceeding five (5) years from the date the participant received the loan from the Plan, with certain exceptions applying.

Payment of Benefits

Upon termination of service, a participant may elect to receive either a lump-sum amount equal to the vested value of his or her account, or payments in monthly, quarterly, or annual installments over a period not exceeding the life expectancy of the participant and the participant's beneficiary.

A participant who has attained age 59 ½ may receive a distribution from any accounts in which the participant is 100% vested. Hardship withdrawals may be requested from employee deferrals and are paid in one lump sum upon approval.

Forfeitures

Forfeited balances of participants' non-vested accounts are used to reduce future Company contributions or pay administrative expenses. At December 31, 2024 and 2023, forfeited non-vested accounts totaled \$26,987 and \$158,282, respectively. During 2024, \$261,496 in forfeitures were used to reduce employer contributions.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

NOTES TO FINANCIAL STATEMENTS
HOLDING COMPANY OF THE VILLAGES, INC.
EMPLOYEES SAVINGS PLAN
THE VILLAGES, FLORIDA

Investment Valuation and Income Recognition

The assets are maintained by the Trustee and are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balances plus any accrued but unpaid interest with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions. Delinquent notes receivable from participants are recorded as distributions based upon the terms of the loan document. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred.

All participant notes must be adequately secured by the participants vested account balance for security. The Plan Administrator may require additional collateral to protect the interest of Plan participants.

If a participant defaults on a loan repayment, a distribution is recorded equal to the entirety of the loan amount (plus accrued interest) through the date of the default. As of June 1, 2023, if a participant is terminated, the participant is no longer required to repay the entire outstanding balance of the loan (including accrued interest).

Payment of Benefits

Benefits are recorded when paid.

Plan Expenses

The Plan's expenses are paid by the Plan as provided by the Plan document. Expenses that are paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as administrative expenses in the accompanying statement of changes in net assets available for benefits. Investment-related expenses are included in net appreciation of fair value of investments.

Revenue Sharing

The Plan participates in a revenue sharing agreement with the Trustee, a party-in-interest of the Plan. Under these terms of the agreement, the Plan earns revenue credits based upon the Plan's investment holdings. The Plan Administrator may direct the Trustee to use amounts held in the revenue credit account to pay vendors for fees and expenses associated with services provided to the Plan. For the 2024 Plan year, the Trustee contributed \$135,194 in revenue sharing credits, all of which were used to pay the Plan's administrative expenses for the year ended December 31, 2024. Revenue credits are presented net with Plan expenses in the accompanying statement of changes in net assets available for benefits.

Note 3 - Fair Value Measurements

The framework for measuring fair value provided a fair value hierarchy that prioritized the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of fair value hierarchy under Financial Accounting Standards Board (FASB) *Accounting Standards Codification* 820 are described as follows:

- **Level 1**—Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- **Level 2**—Quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from, or corroborated by, observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- **Level 3**—Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The assets' fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes to the methodologies used at December 31, 2024 and 2023.

Mutual Funds—Value as determined by quoted market prices, which represent the net asset value of shares held by the Plan at year-end. The mutual funds held by the Plan are deemed to be actively traded.

Collective Investment Trust—The Plan invests in the Galliard Stable Return Fund PN, which is a collective investment fund established, operated, and maintained by SEI Trust Company. All of the assets of the Galliard Stable Return PN are invested in the Galliard Stable Return Fund Core. Fund Core invests in fully benefit-responsive investment contracts and security-backed contracts. The fund is valued at the net asset value of units of the bank collective trust. The net asset value, as provided by the issuer of the fund, is based on the fair values of the underlying investments held by the fund less its liabilities and is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. Redemptions in the fund occur at net asset value following a 12-month notice period. There are no unfunded purchase commitments. The fund files a U.S. Department of Labor Form 5500, Annual Return/Report of Employee Benefit Plan, as a direct filing entity. Accordingly, certain disclosure requirements under FASB Accounting Standards Update 2015-12 with respect to investment strategies for investments measured using the net asset value practical expedient are not required in this report.

NOTES TO FINANCIAL STATEMENTS
HOLDING COMPANY OF THE VILLAGES, INC.
EMPLOYEES SAVINGS PLAN
THE VILLAGES, FLORIDA

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth the Plan's investments at fair value at December 31, 2024 and 2023:

Note 4 - Information Certified by the Trustee (Unaudited)

The following is a summary of the Plan's financial information that is included in the financial statements and supplemental schedule, which was certified by the Trustee as of December 31, 2024 and 2023, and for the year ended December 31, 2024, as complete and accurate, as permitted by Section 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

**NOTES TO FINANCIAL STATEMENTS
HOLDING COMPANY OF THE VILLAGES, INC.
EMPLOYEES SAVINGS PLAN
THE VILLAGES, FLORIDA**

The Plan’s independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule of assets (held at end of year).

Note 5 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right, under the Plan, to discontinue its contributions at any time, and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all participants become 100% vested in their account balances.

Note 6 - Party-in-Interest Transactions

Certain Plan investments are managed by the Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, the Trustee of the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to the Trustee for recordkeeping, loan fees, and other services totaled \$160,131 for the year ended December 31, 2024. Notes receivable from participants also qualify as exempt party-in-interest transactions.

Note 7 - Tax Status

The Plan adopted a non-standardized pre-approved profit-sharing plan, which received a favorable opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020. The opinion letter stated that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the opinion letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan’s financial statements.

Accounting principles generally accepted in the United States of America require the Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more-likely-than-not, based on the technical merits, to be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024, there are no uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8 - Reconciliation of Financial Statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2024 and 2023:

	<u>December 31, 2024</u>	<u>December 31, 2023</u>

Note 9 - Risks and Uncertainties

The Plan invests in various investment funds. Investments in general are exposed to various risks such as interest rate, credit, and overall volatility risk. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investment will occur in the near-term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

Note 10 - Subsequent Events

Subsequent events were evaluated through October 13, 2025, which is the date the financial statements were available to be issued. No material events have occurred since December 31, 2024, that require recognition or disclosure in the financial statements.
