Independent Auditor's Report

To the Board of Trustees of the
Local 259 UAW Social Security Department

Opinion

We have audited the financial statements of Local 259 UAW Social Security Department (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits and plan's benefit obligations as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits and plan's benefit obligations for the years ended December 31, 2024 and 2023, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, information regarding the net assets available for benefits and plan's benefit obligations of the Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits and plan's benefit obligations for the years then ended, in accordance with accounting principles generally accepted in the United States of America (US GAAP).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with US GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

Weaver and Tidwell, L.L.P.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

In our opinion, the information in the accompanying supplementary information is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Notes to Financial Statements

Note 1. Description of the Plan

The following brief description of the Local 259 UAW Social Security Department (the Plan or Fund) is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

General

The Plan is a multi-employer benefit plan, established in 1948 under the provisions of an Agreement and Declaration of Trust between the Amalgamated Local 259, United Automobile, Aerospace & Agricultural Implement Workers of America (the Union) and various other employers doing business in and about the New York metropolitan area. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The Plan is currently administered by a third-party contract administrator.

Eligibility

Coverage under the Plan begins on the first day of the second month following the month in which the employee is hired.

All employees who wish to have benefits must enroll upon hire or during the enrollment periods set by the Plan Administrator. An employee who has elected to participate in the Plan (or to waive such participation) may not change election during the Plan year unless there is a qualified change in status and the participant makes an election change that is consistent with the change in status.

Contributions

Contribution rates have been established under collective bargaining agreements entered into between the Union and the various employers. Each employer is required to make monthly contributions to the Plan at the rate(s) specified in its respective collective bargaining agreement. Contribution rates vary depending on the types of coverage negotiated.

In addition, the Union, a related party, makes contributions to the Plan on behalf of its employees.

The Plan is noncontributory for employees except for COBRA premiums as required by law and retiree contributions and is funded primarily from contributions received from employers.

Benefits

The Plan provides death, accidental death and dismemberment, disability income, hospital, surgical, medical, major medical, dental, optical and prescription drug benefits for eligible members and dependents of members. The Plan also provides supplemental benefits to certain eligible retirees for whom Medicare is the primary carrier. Life, accidental death, and dismemberment benefits as well as certain hospital, medical and prescription drug benefits are provided through contracts with insurance carriers.

The Plan also provides a continuation of health coverage options to employees upon loss of coverage due to termination of employment, at the employee's expense.

Insured Benefits

The Plan fully insures the life insurance benefits (basic, supplemental, and dependent) and accidental death and disability benefits (basic, supplemental, and spousal), Premiums for basic life insurance and basic accidental death and dismemberment insurance programs are paid to the insurance company from the general assets of the Plan.

Local 259 UAW Social Security Department

Notes to Financial Statements

Stop Loss Coverage

The Plan has entered into a stop-loss insurance arrangement in an effort to limit its exposure for self-insured benefits (individual participant claims over a specific dollar amount, as well as its aggregate exposure for all claims).

All employees who wish to have benefits must enroll upon hire or during the enrollment periods set by the Plan Administrator. An employee who has elected to participate in the Plan (or to waive such participation) may not change election during the Plan year unless there is a qualified change in status and the participant makes an election change that is consistent with the change in status.

Self-Insured Benefits

All other Plan benefits are self-insured. The claims for self-insured benefits are processed by the Plans' third-party claims processors under administrative services only (ASO) arrangements. The claims processors pay claims directly to or on behalf of participants and are then reimbursed by the Plan. Despite the Plan's utilization of third-party claim's processors, ultimate responsibility for payments to providers and participants is retained by the Plan.

The Plan utilizes a pharmacy benefit manager (PBM) which periodically makes refunds to the Plan based on the Plan's actual utilization pattern of specific drugs.

Insurance Premiums

The Plan pays insurance premiums to certain insurance carriers for the Plan's fully insured arrangements under the Plan. The Plan also pays stop-loss insurance premiums for its self-insured medical arrangement under the Plan.

Third-Party Administrators

The Plan utilizes third-party administrators for the administration of the Plan's self-insured medical and prescription drug arrangements, for the collection and management of COBRA contributions to the Plan. However, the responsibility for payment of benefits is retained by the Plan and Trust.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (US GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, benefit obligations and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Board of Trustees determines the Plan's valuation policies and procedures and reports to the Plan's Board of Trustees. See Note 5 for discussion of fair value measurements.

Local 259 UAW Social Security Department

Notes to Financial Statements

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded at the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Cash

The Plan considers all non-interest-bearing cash deposits to be cash.

Employers' Contributions and Related Receivables

Contributions receivables are reported at their outstanding balances net of an estimated reserve for doubtful accounts and are primarily composed of balances due from employers. The Plan estimates doubtful accounts based on historical bad debts, factors related to specific employers' or groups of participants' ability to pay, and current economic trends and conditions. As of December 31, 2024 and 2023, the allowance for doubtful accounts was \$0 and \$345,594, respectively. Changes in the allowance for doubtful accounts are recorded in administrative expenses in the statements of changes in net assets available for benefits.

Payment of Benefits

Premiums paid by the Plan are recorded as premium payments in the accompanying statement of changes in net assets available for benefits and plan's benefit obligations.

Claim payments are recorded when paid by the third-party claims processor. Amounts due to claims processors that have yet to be reimbursed by the Plan are recorded as payable to claims administrators in the accompanying statements of net assets available for benefits and plan's benefit obligations.

Stop Loss

Claims that were already paid from the Plan that exceeded the stop-loss coverage and are due to the Plan at year-end are recorded as a receivable. Premiums for stop-loss insurance are included in premium payments in the accompanying statements of changes in net assets available for benefits. Stop-loss refunds totaling \$767,190 are reported in the accompanying statements of changes in net assets available for benefits.

Refunds and Rebates

Prescription refunds due from the Plan's PBM are recorded when earned. Refunds due at year-end are recorded as a receivable on the statements of net assets available for benefits. Pharmacy rebates totaling \$1,605,907 have been reported in the accompanying statements of changes in net assets available for benefits.

Management's Review of Subsequent Events

Management has evaluated subsequent events for the Plan through October 10, 2025, the date the financial statements were available to be issued.

Note 3. Postretirement Benefit Obligations

A postretirement benefit obligation has been recognized for retiree medical benefits for eligible participants and their dependents upon retirement. These benefit obligations represent the actuarial present value of the cost of those estimated future benefits that are attributed by the terms of the plan to employee service rendered to the date of the financial statements, reduced by the actuarial present value of contributions expected to be received in the future from current retirees of the Plan. Currently, retirees are not required to contribute to the Plan. The obligations represent the amounts that are expected to be funded by contributions from participating employers and from existing assets of the Plan. Prior to an active participant's full eligibility date, the postretirement benefit obligation is the portion of the expected postretirement benefit obligation that is attributable to that employee's service with a participating employer or employers rendered to the valuation date.

Local 259 UAW Social Security Department

Notes to Financial Statements

The actuarial present value of expected postretirement benefit obligation is determined by the Plan's actuary, and is that amount that results from applying actuarial assumptions to historical claims-cost data to estimate future annual incurred claims costs per participant and to adjust such estimates for the time value of money (through discounts for interest) and the probability of payment (by means of decrements, such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

The significant actuarial assumptions used to determine the postretirement benefit obligations as of December 31, 2024 and 2023 were as follows:

Weighted-average discount rate: 5.00 % for 2024 and 4.50% for 2023.

Health trend rates: 6.00 % for 2024 and 5.00% for 2023.

Administrative expense increase rate: 6.00 % for 2024 and 5.00% for 2023.

Postretirement mortality rates:

Healthy: Pri-2012 Healthy Retiree Blue Collar Headcount-weighted Mortality Table projected generationally using Scale MP-2021

Disabled: Pri-2012 Disabled Retiree Headcount-weighted Mortality Table projected generationally using Scale MP-2021

The health care cost-trend rate assumption has a significant effect on the amounts reported in the accompanying financial statements. If the assumed rates increased by one percentage point in each year, it would increase the obligation by approximately \$9,300 and \$8,200, as of December 31, 2024 and 2023, respectively.

The table below summarizes the changes in the Plan's post-retirement benefit obligation for the years ended December 31, 2024 and 2023:

	2024	2023
Postretirement benefit obligations		
Balance, beginning of year	\$ 202,849	\$ 160,319
Benefits earned	(30,749)	(23,972)
Changes in actuarial assumptions	48,426	56,038
Other actuarial gains and losses	16,425	10,464
	\$ 236,951	\$ 202,849

Note 4. Claims Incurred but not Reported

Benefit obligations include health claims currently payable, health claims incurred but not yet reported, and premiums payable.

Claims incurred but not yet reported are estimated by the Plan's management based on claims data provided by the Plan's third-party claims administrators. These amounts are paid by the Plan only if claims are submitted and approved for payment.

Local 259 UAW Social Security Department

Notes to Financial Statements

Note 5. Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

U.S. government securities: Valued using pricing models maximizing the use of observable inputs for similar securities.

Mutual funds: Valued at the daily closing price as reported by the funds. The mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. The funds are required to publish the daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trust fund: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Local 259 UAW Social Security Department

Notes to Financial Statements

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024 and 2023:

	2024	2023

Redemption notice period	None	None

Note 6. Guaranteed Investment Contract with Empower Annuity Insurance Company

During 2024 and 2023, the Plan held a fully benefit-responsive guaranteed investment contract (GIC) with Empower Annuity Insurance Company (Empower). Empower maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The GIC issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 4 percent. The crediting rate is reviewed on a quarterly basis for resetting. The GIC does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if there were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Empower, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Local 259 UAW Social Security Department

Notes to Financial Statements

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Such events include (1) a breach of material obligation under the contract, (2) a material misrepresentation, or (3) a material amendment to the agreement without the consent of the issuer.

Note 7. Administrative Expenses

The Plan pays administrative expenses that consist primarily of administrative fees paid to third-party claims administrators. These expenses are reported on the statements of changes in net assets available for benefits and plan's benefit obligations as administrative expenses.

Note 8. Tax Status

The Plan received an exemption letter from the Internal Revenue Service (IRS) stating that the trust was in compliance with applicable requirements of the provisions of Section 501(c)(9) of the IRC. However, as a result of the Plan's funding policy, from time to time the trust may be subject to income taxes. No federal or state income taxes have been recorded in 2024 and 2023, for unrelated business taxable income. The Plan and trust are required to operate in conformity with the IRC to maintain the tax-exempt status of the trust. The Plan Administrator believes that the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the related trust was tax-exempt as of the financial statement date.

US GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9. Plan Termination

Although the Board of Trustees has not expressed any intent to do so, they may do so at any time subject to the provisions of ERISA and the terms of the CBA. In the event of Plan termination, the assets of the Plan would continue to be used to pay reasonable administrative expenses and to distribute and apply remaining surplus as the trustees so determine, until no assets remain.

Note 10. Related Party Transactions and Party in Interest Transactions

The Union (a related party) is reimbursed for certain administrative expenses as approved by the Board of Trustees. During 2024 and 2023, the Plan reimbursed the Union in the amounts of \$23,856 and \$23,931, respectively.

Local 259 UAW Social Security Department

Notes to Financial Statements

Note 11. Risks and Uncertainties

The Plan invests in various investment securities that are exposed to various risks such as interest rates, market and credit risks. Market risks include global events, which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that some changes could materially affect the amounts reported in the statements of net assets available for benefits.

Financial instruments that subject the Plan to concentrations of credit risk include cash, short-term investment funds and employers' contributions receivable. The Plan maintains accounts at a high-quality financial institution. Its deposit balances may, at times, exceed federally insured limits. The Plan has not experienced any losses on such accounts.

Note 12. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2024 and 2023 to Form 5500:
