INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees of the
Lakeview Neuro-Rehabilitation Center, Inc. 401(k)
Salary Reduction Plan and Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Lakeview Neuro-Rehabilitation Center, Inc. 401(k) Salary Reduction Plan and Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023 and for the year ended December 31, 2024, stating that the certified investment information as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan, and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United State of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2024, and Schedule of Delinquent Participant Contributions for the year ended December 31, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 – DESCRIPTION OF PLAN

The following brief description of the Lakeview Neuro-Rehabilitation Center, Inc. 401(k) Salary Reduction Plan and Trust (the Plan) is provided for general information purposes only. Participants should refer to the Plan and Trust agreements for more complete information.

General

The Plan is a defined contribution plan that covers substantially all employees of Lakeview Management, Inc., Lakeview Neurorehab Center Midwest, Inc., Lakeview Care Partners Management, Inc., Lakeview Care Partners, Inc., Lakeview NeuroCare, Inc., and Lakeview Critical Care EMS, Inc. (a controlled group of corporations referred to collectively in these notes as the Company). To be eligible, employees must complete six months of service, attained age 21, and be regularly employed. The Plan has three major components: an employee salary deferral component under Section 401(k) of the Internal Revenue Code (IRC), a discretionary employer matching provision, and a discretionary employer profit sharing contribution. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Board of Trustees oversees governance of the Plan, including review of investment performance.

Contributions

Participants may contribute through payroll deductions up to 80% of their Plan compensation, as defined by the Plan, subject to the dollar limitation contained in the IRC. Participation may start on the first day of each Plan quarter, after meeting eligibility requirements. Participants who are at least 50 years of age may make an additional catch-up contribution subject to IRC limitations. Employees may also make rollover contributions from another qualified retirement plan prior to eligibility, subject to certain requirements.

The Company may elect to make a discretionary matching contribution for participants who are employed as of the last day of the Plan year and have completed 1,000 hours of service.

The Company may also elect to make a discretionary profit sharing contribution for participants who are employed as of the last day of the year. The contribution will be allocated to eligible employees in accordance with Plan documents. The Company did not make a profit sharing contribution for the year ended December 31, 2024.

The Company may elect to make a qualified nonelective contribution to correct errors caused by Plan administration.

Contributions are subject to certain statutory limitations.

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Participant Accounts

Each participant's account is credited with the participant's contributions, allocation of the Company's contribution, any participant rollovers, and the participant's allocation of the Plan's earnings less the allocation of administrative expenses. The benefit to which a participant is entitled is the accumulated balances of each participant's vested account. All contributions made to these accounts are directed by the participant into the investments offered by the administrator and the allocations between investments may be changed at will.

Vesting

Participants are immediately vested in their contributions and rollovers plus actual earnings thereon. Vesting on the Company's match and profit sharing contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after three years of credited service, or upon retirement, death, or disability.

Forfeitures

If a participant terminates employment, the non-vested portion of a participant's account shall be forfeited. The Plan may elect to use any forfeited amounts to reduce the Company contributions or pay Plan expenses. If a participant returns to service and fulfills certain requirements, as defined in the Plan, the forfeited amounts shall be restored to the participant's account. The forfeiture account had approximately \$17,200 and \$8,500 at December 31, 2024 and 2023, respectively. Approximately \$1,270 of forfeitures were used in 2024.

Notes Receivable From Participants

Participants may borrow from their account a minimum of \$1,000 up to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from one to five years unless for the purchase of a principal residence. The loans are secured by the balance in the participant's account and bear interest at prime plus 1%. Principal and interest payments are paid ratably through payroll deductions.

Payment of Benefits

Upon termination of employment by reason of retirement, disability, death, or other separation of service, a participant may receive a distribution of their vested account balance as soon as is feasible following the termination. Participants have the option to have distributions paid by a lump sum, installments over a specified period, or the purchase of an annuity. Termination distributions of account balances greater than \$1,000 may be deferred to a later date.

A participant may also request a withdrawal upon attainment of age 59 1/2 or upon demonstration by the participant to the Plan administrator that the participant is suffering from "hardship" as defined in the Plan document.

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Plan investments are recorded at fair value based on quoted market prices on the last day of the Plan year and, accordingly, the investment income includes unrealized gains and losses on investments held as of that date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurement.

Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if the participant were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of investments are recorded on a trade-date basis. Interest is recorded on the accrual basis. The change in the difference between current value and the cost of investments is reflected in the statement of changes in net assets available for benefits and is included in net appreciation in fair value of investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are charged directly to the borrowing participant's account and included in administrative expenses. Loans are considered delinquent when no payments have been received for 90 days and will be reclassified as a distribution to the participant at that time in accordance with the Plan document. Interest rates on outstanding loans range from 4.25% to 9.5%.

Payment of Benefits

Distributions to participants are recorded when paid.

Corrective Distributions

Corrective distributions primarily represent salary deferrals withheld from participants in excess of limits that were refunded to participants.

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES (Continued)

Expenses and Plan Costs

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment-related expenses are deducted from net appreciation in fair value of investments. Administration and investment advisor fees paid by the Plan are classified as administrative expenses.

NOTE 3 – INFORMATION CERTIFIED BY THE CUSTODIAN OF THE PLAN

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the custodian of the Plan, Lincoln National Life Insurance Company, has furnished certain financial information to the Plan administrator and certified to the completeness and accuracy. These certifications are as of December 31, 2024 and 2023 and for the year ended December 31, 2024, and include investment information related to investments at fair value and contract value, notes receivable from participants, interest and dividend income, interest income on notes receivable from participants, and net appreciation in fair value of investments that are included in the Plan's financial statements and supplemental schedule of assets (held at end of year).

NOTE 4 – INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan entered into a benefit-responsive investment contract with Lincoln National Life Insurance Company (Lincoln). Lincoln maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and interest that is guaranteed to the Plan. Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract.

The guaranteed investment contract is presented on the face of the statements of net assets available for benefits at contract value. Contract value, as reported to the Plan by Lincoln, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

LAKEVIEW NEURO-REHABILITATION CENTER, INC. 401(K)
SALARY REDUCTION PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS
December 31, 2024 and 2023

NOTE 4 – INVESTMENT CONTRACT WITH INSURANCE COMPANY (Continued)

The contract value of the investment contract at December 31, 2024 and 2023 was \$736,447 and \$688,502, respectively. The crediting interest rate is based on a formula agreed upon with the issuer but may not be less than 4%. Such interest rates are reviewed on a quarterly basis for resetting. Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the Trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

NOTE 5 – FAIR VALUE MEASUREMENTS

Investments, other than the guaranteed investment contract, are in pooled separate accounts in which several plans participate. Each Plan's share of a pooled separate account is determined on a participation-unit basis. The unit values of participation units in the pooled separate accounts are estimated based on the value of the underlying assets owned by the fund minus the fund's liabilities, divided by the number of participation units outstanding (commonly referred to as net asset value (NAV)). The pooled separate account NAV is not a publicly quoted price in an active market, therefore, NAV is used as a practical expedient to estimate fair value. The participation-unit value is adjusted every business day to reflect the investment results of the separate account. Participants may change their investment options daily through the use of the WebAccess web-site or Lincoln's Automated Telephone Access Service.

Accounting standards establish a framework for measuring fair value. The framework sets forth a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

**LAKEVIEW NEURO-REHABILITATION CENTER, INC. 401(K)
SALARY REDUCTION PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS
December 31, 2024 and 2023**

NOTE 5 – FAIR VALUE MEASUREMENTS (Continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The investments in the pooled separate account are measured using NAV as a practical expedient to estimate fair value. In accordance with Accounting Standards Codification No. 820-10, the investments have not been classified in the fair value hierarchy.

The Plan's assets recorded at fair value are as follows as of December 31:

	<u>2024</u>	<u>2023</u>
Assets Measured at Fair Value on a Recurring Basis:		
Investments measured at NAV, practical expedient	<u>\$ 7,128,498</u>	<u>\$ 6,528,481</u>

NOTE 6 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination, participants will become 100% vested in their employer contributions.

NOTE 7 – PLAN TAX STATUS

The Company has adopted a defined contribution prototype plan sponsored by Lincoln Retirement Services Company LLC. The Plan obtained its latest opinion letter dated June 30, 2020, in which the Internal Revenue Service stated that the Plan, as then designated, was in compliance with the applicable requirements of the IRC. The Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting standards require the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

NOTE 8 – PARTIES-IN-INTEREST

Parties-in-interest under ERISA include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan, or an employer whose employees are covered by the Plan. Accordingly, loans to participants and the management of investments held by the custodian are considered party-in-interest transactions. During 2024, fees paid to the custodian amounted to \$44,183.

**LAKEVIEW NEURO-REHABILITATION CENTER, INC. 401(K)
SALARY REDUCTION PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS
December 31, 2024 and 2023**

NOTE 8 – PARTIES-IN-INTEREST (Continued)

During 2024 and 2023, certain participant contributions and loan repayments were not remitted to the Plan in a timely manner, as defined by ERISA. Most of these instances were corrected during the year. These contributions are considered non-exempt party-in-interest transactions, which may result in an imposition of a 15% excise tax on the amount of the transactions. The participants will be compensated for lost earnings resulting from the delay in transferring contributions, and the Plan intends to pay all fines imposed.

Certain employees and officers of the Company, who may also be participants in the Plan, perform administrative services for the Plan at no cost to the Plan.

NOTE 9 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances, and the amounts reported in the statements of net assets available for benefits.

NOTE 10 – SUBSEQUENT EVENTS

Subsequent events were evaluated through October 6, 2025, which is the date the financial statements were available to be issued.
