Independent Auditor's Report

To the Plan Administrator of
the GFL Environmental US 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of GFL Environmental US 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of GFL Environmental US 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note H to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of GFL Environmental US 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Independent Auditor's Report--Continued

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about GFL Environmental US 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of GFL Environmental US 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about GFL Environmental US 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Independent Auditor's Report--Continued

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

GFL Environmental US 401(k) Plan

Year Ended December 31, 2024

NOTE A--PLAN DESCRIPTION

The following description of the GFL Environmental US 401(k) Plan, formerly known as, the Waste Industries Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan under section 401(k) of the Internal Revenue Code ("the Code") sponsored by GFL Environmental Holdings (US), Inc. (the "Employer"). The Employer's Board of Directors and the Plan administrator, who is appointed by the Employer's Board of Directors, control and manage the operation and administration of the Plan. Fidelity Management Trust Company serves as the trustee of the Plan and is responsible for the management and control of Plan assets. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Amendment: Effective May 1, 2021, the employer amended the Plan to change the name of the Plan to the GFL Environmental US 401(k) Plan.

Effective January 2, 2023, the assets of the Plan were moved to Fidelity Management Trust Company from Ascensus Trust Company.

Mergers: During 2023, GFL Environmental Holdings (US), Inc., acquired GFL Environmental Services USA, Inc., GFL Environmental USA, Inc., Peoria Disposal Company, Soil Safe, Inc. and Sprint Transport, LLC. As a result of these acquisitions, the related retirement plans were merged with the Plan. The assets of the related retirement plans (\$42,640,878) including notes receivable from participants (\$729,777) were received into the Plan at various dates in 2023.

Eligibility Requirements: Employees are eligible to participate in the Plan on the first day of the month coincident with or immediately following the date six months after date of employment and date age eighteen is attained. The Plan provides an automatic enrollment feature whereby employees are automatically enrolled in the Plan upon meeting the eligibility requirements at a deferral rate of 3%. If an employee terminates employment after becoming a participant and is later re-employed, he becomes a participant on his re-employment date.

Contributions: Participants may contribute up to 100% of pretax annual compensation, as defined in the Plan, limited to \$23,000 for 2024. Participants age 50 or older may also elect to defer additional amounts called catch-up contributions. The catch-up contributions are limited to \$7,500 for 2024.

The Plan allows participants to make Roth deferrals. The Roth deferrals will be maintained in a separate account from pretax deferrals.

The Employer must make matching contributions for all participants equal to 100% of each participant's elective deferrals and catch-up contributions not exceeding 3% of the participant's compensation, plus 50% of each participant's elective deferrals and catch-up contributions in excess of 3% but not in excess of 5% of the participant's compensation. These mandatory matching contributions allow the Plan to be considered a "safe harbor" plan thus requiring no discrimination testing of deferral or matching contributions. The Employer made mandatory matching contributions of \$22,467,144 in 2024.

Additional amounts may be contributed at the option of the Employer's Board of Directors. No such additional amounts were contributed in 2024.

Notes to Financial Statements--Continued

GFL Environmental US 401(k) Plan

NOTE A--PLAN DESCRIPTION--Continued

Participant Accounts: Each participant's account is credited with the participant's bi-weekly contributions, loan fees, withdrawal fees, and withdrawals, as applicable, and allocations of (a) the Employer contributions, (b) plan earnings, and (c) administrative expenses. Allocations are based on participant earnings or account balances, as defined. Forfeited balances of terminated participants' nonvested accounts are applied to the safe harbor employer contribution. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their individual contributions, rollover contributions, Safe Harbor matching employer contributions and any earnings thereon.

Forfeited Accounts: At December 31, 2024 and 2023, forfeited nonvested accounts totaled \$20,181 and \$272,645, respectively. Nonvested portions of terminated participants' individual accounts become forfeitures on the distribution of his vested account balance or on his fifth consecutive Break in Service. Forfeitures are used to reduce employer's matching contributions for the plan year in which the forfeitures occur. Employer contributions are reported net of forfeitures of \$294,493 for 2024.

Funding Policy: Employee elective contributions accumulated through payroll deductions and employer safe harbor matching contributions shall be paid to the trustee as of the earliest date on which contributions can reasonably be segregated from the employer's general assets, but in any event, within the time prescribed by law.

Notes Receivable from Participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of their vested account balance, whichever is less, and bear a market rate of interest. Loan transactions are treated as a transfer between the investment options and the participant's notes receivable. All loans must have a definite repayment period not to exceed five years. The loans are secured by the balance in the participant's account. The loan interest rates ranged from 4.25% to 10.50% at December 31, 2024 and mature at various dates through 2029. Principal and interest is paid ratably through bi-weekly payroll deductions.

Payment of Benefits: On termination of service due to death, disability, retirement, or other termination, the participant, or his or her beneficiary in the event of death, is entitled to receive a lump sum amount equal to the value of the participant's entire vested balance. Participants who have attained age 59½ may withdraw any portion of the vested value of their account to the extent the balance is not required to secure the outstanding balance of a loan to a participant.

Hardship Withdrawals: Withdrawals due to financial hardship are permitted with the approval of the Plan Administrator for the following reasons: medical expenses, purchase of primary residence, post-secondary tuition payment, eviction from or foreclosure on principal residence and other expenses creating a financial need, as provided in published IRS revenue rulings. Withdrawals may only reduce employee deferrals and are not permitted after a participant has separated from service.

Rollover Contributions: The Plan provides for rollover contributions from other qualified retirement plans.

NOTE B--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, trustees and insurance company. See Note C for discussion of fair value measurements.

NOTE B--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES--Continued

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investment Options: Upon enrollment in the Plan, a participant may direct employee contributions in any of twenty-seven options. Employer-matching contributions are participant-directed. Participants may change or transfer their investment options daily. At December 31, 2024, the Plan offered the following investment options to participants: Vanguard Treasury Money Market Fund, Vanguard Target Retirement 2055 Fund, T. Rowe Price IS Mid-Cap Equity Growth Fund, Vanguard Institutional Index Fund, Vanguard Target Retirement 2065 Fund, Principal PIF Real Estate Securities R6 Fund, T. Rowe Price Short Term Bond Fund, Vanguard Target Retirement 2020 Fund, Vanguard Target Retirement 2030 Fund, Vanguard Target Retirement 2040 Fund, Vanguard Target Retirement 2050 Fund, Columbia Dividend Income Fund, Western Asset Income IS Fund, Vanguard Target Retirement 2070 Fund, Vanguard Extended Market Index Fund, Vanguard Total Bond Market Admiral Fund, Vanguard Wellesley Admiral Fund, Vanguard Target Retirement Income Fund, Vanguard Target Retirement 2025 Fund, Vanguard Target Retirement 2035 Fund, Vanguard Target Retirement 2045 Fund, MFS Growth R6 Fund, American Funds EuroPacific Growth R6 Fund, American Funds American Balanced R6 Fund, MFS New Discovery Value R6 Fund, Vanguard Target Retirement 2060 Fund, John Hancock Disciplined Value Mid-Cap R6 Fund, Fidelity Intermediate Treasury Bond Index Fund, GFL Environmental, Inc. common stock, Fidelity Global Ex US Index Fund, and Fidelity Inflation Protected Bond Fund.

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 or 2023. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Contributions: Employer and employee contributions are accrued in the Plan year to which they relate.

Payment of Benefits: Benefit payments are recorded when paid.

Excess Contributions Payable: Amounts payable to participants and Plan sponsor for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions.

Expenses: Certain expenses of maintaining the Plan are paid directly by the Employer and are excluded from these financial statements. Fees related to the administration of notes receivable from participants, withdrawal fees, and asset management fees are charged directly to the participant's account and are included in administrative expenses (See Note D).

Use of Estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Date of Management's Review of Subsequent Events: Plan management has evaluated subsequent events through September 24, 2025, the date which the financial statements were available to be issued.

NOTE C--FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are as described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include <ul style="list-style-type: none">• quoted prices for similar assets or liabilities in active markets;• quoted prices for identical or similar assets or liabilities in inactive markets;• inputs other than quoted prices that are observable for the asset or liability;• inputs that are derived principally from or corroborated by observable market data by correlation or other means. <p>If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.</p>
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Common stocks: Valued at the closing price reported on the active market on which the individual securities are traded.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Investments at fair value	<u>\$ 253,218,274</u>	<u>\$ 0</u>	<u>\$ 0</u>	<u>\$ 253,218,274</u>

NOTE D--RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Fidelity Management Trust Company ("Fidelity"). Fidelity is the trustee and contract administrator of the Plan, therefore, related transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan for the investment management services approximated \$746,000 for the year ended December 31, 2024.

NOTE E--PLAN TERMINATION

Although it has not expressed any intention to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

NOTE F--TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Employer by a letter dated June 30, 2020, that the nonstandardized prototype plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

NOTE G--RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE H--CERTIFIED INVESTMENTS

Information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including all investments and notes receivable from participants held at December 31, 2024 and 2023, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company (the trustee of the Plan).

NOTE I--RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2024, to Schedule H of Form 5500:

	As of <u>December 31, 2024</u>
Net assets available for benefits per the financial statements	\$ 312,834,365
Defaulted loans, treated as taxable distributions, net	<u>(1,095,291)</u>
Net assets available for benefits per Schedule H of Form 5500	<u>\$ 311,739,074</u>
Participant loans per financial statements	\$ 14,190,224
Defaulted loans, treated as taxable distributions, net	<u>(1,095,291)</u>
Participant loans per Schedule H of Form 5500	<u>\$ 13,094,933</u>
	For the Year Ended <u>December 31, 2024</u>
Distributions per financial statements	\$ 47,971,367
Defaulted loans, treated as taxable distributions in current year	<u>1,095,291</u>
Distributions per Schedule H of Form 5500	<u>\$ 49,066,658</u>

Certain amounts in the statements of net assets available for plan benefits and the statements of changes in net assets available for plan benefits have been classified differently between the financial statements and Form 5500. These reclassifications have not affected the change in net assets available for plan benefits or net assets as of December 31, 2024 and 2023.
