## INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator  
Ethos Group 401(k) Plan

### **Scope and Nature of the ERISA Section 103(a)(3)(C) Audits**

We have performed audits of the accompanying financial statements of Ethos Group 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Ethos Group 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### **Opinion**

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audits of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of Ethos Group 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audits does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Ethos Group 401(k) Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditor's Responsibilities for the Audits of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing audits in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Ethos Group 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Ethos Group 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control related matters that we identified during the audits.

#### **Other Matter - Supplemental Schedules Required by ERISA**

The supplemental schedules of delinquent participant contributions for the year ended December 31, 2024 and of assets (held at end of year) as of December 31, 2024 (collectively, "supplemental schedules") are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Ethos Group 401(k) Plan  
Notes to Financial Statements  
December 31, 2024 and 2023

1. DESCRIPTION OF THE PLAN

The following description of the Ethos Group 401(k) Plan (the "Plan") provides only general information. Therefore, participants should refer to the Plan's prototype plan document and related adoption agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established January 1, 2000, covering all eligible employees of Ethos Group, Inc. and related employers (collectively, the "Company" or "Employer"), as defined in the plan document. The Plan is designed to comply with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA) and the Internal Revenue Code (IRC).

Effective March 27, 2020, the Plan administratively adopted the provisions of the Coronavirus Aid, Relief, and Economic Security ("CARES") Act, related to participant loans and distributions. Participants were permitted to repay coronavirus related distributions over a three-year period. The Plan has been formally amended to adopt these provisions as of December 31, 2023.

An expansion of Setting Every Community Up for Retirement Enhancement Act of 2019 ("SECURE 2.0") was signed into law on December 29, 2022, as part of the Consolidated Appropriations Act of 2023. The effective dates of provisions within SECURE 2.0 vary through 2026. The Plan Sponsor has until the end of the first plan year beginning on or after January 1, 2026, to amend the Plan for the changes related to SECURE 2.0. The Plan has not been formally amended to adopt these provisions as of the date the financial statements were available to be issued.

Plan administration

The Company is the administrator of the Plan and, as such, carries out the duties imposed by ERISA and the IRC. The Company has delegated certain responsibilities for the operation and administration of the Plan. The Plan's investments are held by Fidelity Management Trust Company (the "Trustee"). Recordkeeping services are provided by Fidelity Workplace Services LLC, an affiliate of the Trustee. Certain administrative expenses of the Plan were paid directly by the Company for the year ended December 31, 2024. The Plan is not required to reimburse the Company for expenses paid on its behalf. Loan set-up and maintenance and distribution fees are paid by the individual participants receiving a loan or distribution. Investment fees, which may vary according to the individual funds selected, are deducted directly from participants' investment returns.

1. DESCRIPTION OF THE PLAN (continued)

Eligibility

Employees are eligible to become participants in the Plan once they have attained age 18. There is no service requirement for eligibility to participate in the Plan. Employees may enter the Plan immediately upon satisfaction of the eligibility requirements. All newly eligible employees are automatically enrolled in the Plan at an initial pre-tax deferral rate of 3%, 35 days after such employee's date of hire unless they affirmatively elect not to participate in the Plan.

Contributions

Participants may elect to contribute up to 100% of their compensation as defined in the Plan document, subject to the maximum dollar amount allowable under IRC limitations. Participant contributions may be made on a pre-tax or Roth basis. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions up to the IRC limits.

In addition, a participant may also contribute amounts representing distributions from other qualified plans and certain individual retirement accounts (rollovers).

Employer matching contributions are discretionary. During 2024 the Company matched a dollar for dollar contribution up to \$3,000. The Plan allows for nonelective Employer contributions, however, no nonelective Employer contributions were made to the Plan for the year ended December 31, 2024.

Investments

Participants may direct their contributions among a variety of investment options offered by the Plan. The Plan offers mutual funds and a money market fund as investment options.

Notes receivable from participants

Participants may borrow from their fund accounts (in the form of a note or "loan") a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from one to five years, unless the loan is obtained to purchase a participant's principal residence, in which case, it cannot exceed 10 years. The loans are collateralized by the balance in the participant's account and accrue interest at a rate of prime plus 1%. A participant may not have more than two loans outstanding from their Plan account at any time. Loan principal and interest are paid through payroll deductions. At December 31, 2024, notes receivable from participants mature at various dates through May 2034 and had interest rates ranging from 4.25% to 9.50%.

1. DESCRIPTION OF THE PLAN (continued)

Participant accounts

Each participant's account is credited with the participant's contributions, Employer contributions (if any), and allocations of Plan earnings or losses. Plan earnings or losses are allocated based on the participant's share of net earnings or losses of their respective elected investment options.

Vesting

Participants are immediately 100% vested in all participant and Employer contributions plus actual earnings thereon.

Payment of benefits

Upon termination of service, death, full and permanent disability, or retirement, a participant or beneficiary may elect a lump-sum payment equal to 100% of the value of his or her account or partial withdrawals as defined. Participants may request a distribution from their account in the event of financial hardship, as defined in the Plan document and subject to certain limitations and penalties. Participants may also request in-service distributions from their vested Plan accounts at any time after having attained age 59 1/2.

If a participant is less than retirement age and has a vested account balance equal to or greater than \$7,000, the account may not be distributed before normal retirement without the participant's consent. Participant account balances that are less than \$7,000, but greater than \$1,000 will be paid as a direct rollover to an individual retirement account designated by the Plan administrator upon termination. Participant account balances that are less than or equal to \$1,000 will be paid in a lump sum upon termination.

Administrative expenses

Administrative expenses are generally paid by the Company, but may, at the discretion of the Plan administrator, be paid by the Plan. Transaction fees for certain participant initiated activity are charged to the specific account of the participant initiating any such transaction.

Forfeitures

To the extent that matching contributions relate to excess 401(k) deferrals, such contributions shall be subject to forfeiture even if they are otherwise vested. Amounts which are forfeited will be used first to reduce future Company contributions and then to pay Plan administrative expenses. At December 31, 2024 and 2023, forfeited accounts totaled \$125,310 and \$118,287, respectively. No forfeitures were used by the Company in 2024 to reduce Employer contributions or pay Plan administrative expenses.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting and financial statement presentation

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the change therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and changes therein.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Contributions and contributions receivable

Participant contributions are recorded based on the date the contributions have been separated from a participant's pay by the Employer, which is the pay date. Employer contributions, if any, are recorded in the year earned to coincide with the year in which the Company records contributions. The Plan records receivables for all contributions based upon the contributions recognized, less amounts received by the Plan as of the last day of the Plan year. Rollover contributions from participants are recorded based on the date the contributions are received by the Trustee.

Investment valuation and income recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Ethos Group 401(k) Plan  
Notes to Financial Statements  
December 31, 2024 and 2023

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investment valuation and income recognition (continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits

Benefits are recorded when paid.

Administrative expenses

Administrative expenses are recorded when incurred.

Subsequent events

The Plan was amended on December 4, 2024, with an effective date of January 1, 2025, to exclude interns from participating in the Plan.

The Plan has evaluated subsequent events through October 13, 2025, the date the financial statements were available to be issued. No other subsequent events have occurred that would have a material impact on the presentation of the Plan's financial statements.

3. INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE

The plan administrator, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of ERISA. Accordingly, the Trustee, determined to be a qualified institution by the plan administrator, has certified to the completeness and accuracy of:

- Investments and notes receivable from participants as shown in the accompanying statements of net assets available for benefits as of December 31, 2024 and 2023.
- Investment income and interest income on notes receivable from participants as shown in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2024.
- Investments and notes receivable from participants reflected on the schedule of assets (held at end of year) as of December 31, 2024 ("supplemental schedule").

Accordingly, as requested by the plan administrator, the Plan's independent auditor performed no audit procedures on the certified information other than to agree the certified information to the related information included in the financial statements and supplemental schedule.

Ethos Group 401(k) Plan  
Notes to Financial Statements  
December 31, 2024 and 2023

4. FAIR VALUE MEASUREMENTS

Accounting standards establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to the unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

- *Level 1* - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.
- *Level 2* - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability; or
- *Level 3* - Inputs to the valuation methodology are unobservable and significant to the fair value measurement of the assets or liabilities.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

*Mutual Funds and Money Market Funds*: valued at the net asset value (NAV) of shares held by the Plan at year-end which are quoted in active markets. Investments are valued using market quotations or prices obtained from independent pricing services. These funds held by the Plan are deemed to have a readily-determinable fair value and are classified within Level 1 of the fair value hierarchy.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Ethos Group 401(k) Plan  
Notes to Financial Statements  
December 31, 2024 and 2023

4. FAIR VALUE MEASUREMENTS (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets by type, at fair value as of December 31, 2024:

	Level 1	Level 2	Level 3	Fair Value
Mutual funds and money market funds	<u>\$ 58,370,520</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 58,370,520</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's assets by type, at fair value as of December 31, 2023:

	Level 1	Level 2	Level 3	Fair Value
Mutual funds and money market funds	<u>\$ 45,814,718</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 45,814,718</u>

5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, all participants are immediately vested in all employer contributions.

6. TAX STATUS

The Company has adopted a Non-Standardized Pre-Approved Profit Sharing Plan with CODA Plan document. The Internal Revenue Service (IRS) has informed the Trustee by a letter dated June 30, 2020, that its pre-approved plan is designed in accordance with applicable sections of the IRC and is acceptable for use by employers for the benefit of their employees.

The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

7. RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

ERISA defines party-in-interest similarly to the definition of a related party under U.S. GAAP, except that ERISA's definition is broader and includes all entities and individuals that provide services to the Plan; however, these entities may not necessarily be related parties. Management did not identify any related parties to the Plan that were not also considered to be a party-in-interest.

Ethos Group 401(k) Plan  
Notes to Financial Statements  
December 31, 2024 and 2023

7. RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS  
(continued)

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, and an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee associate or relatives of such persons.

Certain fund level fees incurred by the funds in which the Plan invests for such services as investment management, shareholder services, and sub-transfer agency fees are paid through fund level revenue sharing arrangements. These fees reduce fund earnings thereby impacting Plan revenue applied to participants' accounts. Any excess amounts above the record keeping fees are credited back to the participants invested in the specific funds. There were no amounts in excess of fees in the current year.

The Trustee retains as compensation for services provided to the Plan, any interest on amounts earned while certain transactions are pending. This applies to both contributions and distributions. Earnings are at institutional money market rates.

8. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

## INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator  
Ethos Group 401(k) Plan

### **Scope and Nature of the ERISA Section 103(a)(3)(C) Audits**

We have performed audits of the accompanying financial statements of Ethos Group 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Ethos Group 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### **Opinion**

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audits of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of Ethos Group 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audits does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Ethos Group 401(k) Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditor's Responsibilities for the Audits of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing audits in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Ethos Group 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Ethos Group 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control related matters that we identified during the audits.

#### **Other Matter - Supplemental Schedules Required by ERISA**

The supplemental schedules of delinquent participant contributions for the year ended December 31, 2024 and of assets (held at end of year) as of December 31, 2024 (collectively, "supplemental schedules") are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Ethos Group 401(k) Plan  
Notes to Financial Statements  
December 31, 2024 and 2023

1. DESCRIPTION OF THE PLAN

The following description of the Ethos Group 401(k) Plan (the "Plan") provides only general information. Therefore, participants should refer to the Plan's prototype plan document and related adoption agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established January 1, 2000, covering all eligible employees of Ethos Group, Inc. and related employers (collectively, the "Company" or "Employer"), as defined in the plan document. The Plan is designed to comply with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA) and the Internal Revenue Code (IRC).

Effective March 27, 2020, the Plan administratively adopted the provisions of the Coronavirus Aid, Relief, and Economic Security ("CARES") Act, related to participant loans and distributions. Participants were permitted to repay coronavirus related distributions over a three-year period. The Plan has been formally amended to adopt these provisions as of December 31, 2023.

An expansion of Setting Every Community Up for Retirement Enhancement Act of 2019 ("SECURE 2.0") was signed into law on December 29, 2022, as part of the Consolidated Appropriations Act of 2023. The effective dates of provisions within SECURE 2.0 vary through 2026. The Plan Sponsor has until the end of the first plan year beginning on or after January 1, 2026, to amend the Plan for the changes related to SECURE 2.0. The Plan has not been formally amended to adopt these provisions as of the date the financial statements were available to be issued.

Plan administration

The Company is the administrator of the Plan and, as such, carries out the duties imposed by ERISA and the IRC. The Company has delegated certain responsibilities for the operation and administration of the Plan. The Plan's investments are held by Fidelity Management Trust Company (the "Trustee"). Recordkeeping services are provided by Fidelity Workplace Services LLC, an affiliate of the Trustee. Certain administrative expenses of the Plan were paid directly by the Company for the year ended December 31, 2024. The Plan is not required to reimburse the Company for expenses paid on its behalf. Loan set-up and maintenance and distribution fees are paid by the individual participants receiving a loan or distribution. Investment fees, which may vary according to the individual funds selected, are deducted directly from participants' investment returns.

1. DESCRIPTION OF THE PLAN (continued)

Eligibility

Employees are eligible to become participants in the Plan once they have attained age 18. There is no service requirement for eligibility to participate in the Plan. Employees may enter the Plan immediately upon satisfaction of the eligibility requirements. All newly eligible employees are automatically enrolled in the Plan at an initial pre-tax deferral rate of 3%, 35 days after such employee's date of hire unless they affirmatively elect not to participate in the Plan.

Contributions

Participants may elect to contribute up to 100% of their compensation as defined in the Plan document, subject to the maximum dollar amount allowable under IRC limitations. Participant contributions may be made on a pre-tax or Roth basis. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions up to the IRC limits.

In addition, a participant may also contribute amounts representing distributions from other qualified plans and certain individual retirement accounts (rollovers).

Employer matching contributions are discretionary. During 2024 the Company matched a dollar for dollar contribution up to \$3,000. The Plan allows for nonelective Employer contributions, however, no nonelective Employer contributions were made to the Plan for the year ended December 31, 2024.

Investments

Participants may direct their contributions among a variety of investment options offered by the Plan. The Plan offers mutual funds and a money market fund as investment options.

Notes receivable from participants

Participants may borrow from their fund accounts (in the form of a note or "loan") a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from one to five years, unless the loan is obtained to purchase a participant's principal residence, in which case, it cannot exceed 10 years. The loans are collateralized by the balance in the participant's account and accrue interest at a rate of prime plus 1%. A participant may not have more than two loans outstanding from their Plan account at any time. Loan principal and interest are paid through payroll deductions. At December 31, 2024, notes receivable from participants mature at various dates through May 2034 and had interest rates ranging from 4.25% to 9.50%.

1. DESCRIPTION OF THE PLAN (continued)

Participant accounts

Each participant's account is credited with the participant's contributions, Employer contributions (if any), and allocations of Plan earnings or losses. Plan earnings or losses are allocated based on the participant's share of net earnings or losses of their respective elected investment options.

Vesting

Participants are immediately 100% vested in all participant and Employer contributions plus actual earnings thereon.

Payment of benefits

Upon termination of service, death, full and permanent disability, or retirement, a participant or beneficiary may elect a lump-sum payment equal to 100% of the value of his or her account or partial withdrawals as defined. Participants may request a distribution from their account in the event of financial hardship, as defined in the Plan document and subject to certain limitations and penalties. Participants may also request in-service distributions from their vested Plan accounts at any time after having attained age 59 1/2.

If a participant is less than retirement age and has a vested account balance equal to or greater than \$7,000, the account may not be distributed before normal retirement without the participant's consent. Participant account balances that are less than \$7,000, but greater than \$1,000 will be paid as a direct rollover to an individual retirement account designated by the Plan administrator upon termination. Participant account balances that are less than or equal to \$1,000 will be paid in a lump sum upon termination.

Administrative expenses

Administrative expenses are generally paid by the Company, but may, at the discretion of the Plan administrator, be paid by the Plan. Transaction fees for certain participant initiated activity are charged to the specific account of the participant initiating any such transaction.

Forfeitures

To the extent that matching contributions relate to excess 401(k) deferrals, such contributions shall be subject to forfeiture even if they are otherwise vested. Amounts which are forfeited will be used first to reduce future Company contributions and then to pay Plan administrative expenses. At December 31, 2024 and 2023, forfeited accounts totaled \$125,310 and \$118,287, respectively. No forfeitures were used by the Company in 2024 to reduce Employer contributions or pay Plan administrative expenses.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting and financial statement presentation

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the change therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and changes therein.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Contributions and contributions receivable

Participant contributions are recorded based on the date the contributions have been separated from a participant's pay by the Employer, which is the pay date. Employer contributions, if any, are recorded in the year earned to coincide with the year in which the Company records contributions. The Plan records receivables for all contributions based upon the contributions recognized, less amounts received by the Plan as of the last day of the Plan year. Rollover contributions from participants are recorded based on the date the contributions are received by the Trustee.

Investment valuation and income recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Notes to Financial Statements  
December 31, 2024 and 2023

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investment valuation and income recognition (continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits

Benefits are recorded when paid.

Administrative expenses

Administrative expenses are recorded when incurred.

Subsequent events

The Plan was amended on December 4, 2024, with an effective date of January 1, 2025, to exclude interns from participating in the Plan.

The Plan has evaluated subsequent events through October 13, 2025, the date the financial statements were available to be issued. No other subsequent events have occurred that would have a material impact on the presentation of the Plan's financial statements.

3. INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE

The plan administrator, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of ERISA. Accordingly, the Trustee, determined to be a qualified institution by the plan administrator, has certified to the completeness and accuracy of:

- Investments and notes receivable from participants as shown in the accompanying statements of net assets available for benefits as of December 31, 2024 and 2023.
- Investment income and interest income on notes receivable from participants as shown in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2024.
- Investments and notes receivable from participants reflected on the schedule of assets (held at end of year) as of December 31, 2024 ("supplemental schedule").

Accordingly, as requested by the plan administrator, the Plan's independent auditor performed no audit procedures on the certified information other than to agree the certified information to the related information included in the financial statements and supplemental schedule.

Ethos Group 401(k) Plan  
Notes to Financial Statements  
December 31, 2024 and 2023

4. FAIR VALUE MEASUREMENTS

Accounting standards establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to the unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

- *Level 1* - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.
- *Level 2* - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability; or
- *Level 3* - Inputs to the valuation methodology are unobservable and significant to the fair value measurement of the assets or liabilities.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

*Mutual Funds and Money Market Funds:* valued at the net asset value (NAV) of shares held by the Plan at year-end which are quoted in active markets. Investments are valued using market quotations or prices obtained from independent pricing services. These funds held by the Plan are deemed to have a readily-determinable fair value and are classified within Level 1 of the fair value hierarchy.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Ethos Group 401(k) Plan  
Notes to Financial Statements  
December 31, 2024 and 2023

4. FAIR VALUE MEASUREMENTS (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets by type, at fair value as of December 31, 2024:

	Level 1	Level 2	Level 3	Fair Value
Mutual funds and money market funds	<u>\$ 58,370,520</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 58,370,520</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's assets by type, at fair value as of December 31, 2023:

	Level 1	Level 2	Level 3	Fair Value
Mutual funds and money market funds	<u>\$ 45,814,718</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 45,814,718</u>

5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, all participants are immediately vested in all employer contributions.

6. TAX STATUS

The Company has adopted a Non-Standardized Pre-Approved Profit Sharing Plan with CODA Plan document. The Internal Revenue Service (IRS) has informed the Trustee by a letter dated June 30, 2020, that its pre-approved plan is designed in accordance with applicable sections of the IRC and is acceptable for use by employers for the benefit of their employees.

The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

7. RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

ERISA defines party-in-interest similarly to the definition of a related party under U.S. GAAP, except that ERISA's definition is broader and includes all entities and individuals that provide services to the Plan; however, these entities may not necessarily be related parties. Management did not identify any related parties to the Plan that were not also considered to be a party-in-interest.

Ethos Group 401(k) Plan  
Notes to Financial Statements  
December 31, 2024 and 2023

7. RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS  
(continued)

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, and an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee associate or relatives of such persons.

Certain fund level fees incurred by the funds in which the Plan invests for such services as investment management, shareholder services, and sub-transfer agency fees are paid through fund level revenue sharing arrangements. These fees reduce fund earnings thereby impacting Plan revenue applied to participants' accounts. Any excess amounts above the record keeping fees are credited back to the participants invested in the specific funds. There were no amounts in excess of fees in the current year.

The Trustee retains as compensation for services provided to the Plan, any interest on amounts earned while certain transactions are pending. This applies to both contributions and distributions. Earnings are at institutional money market rates.

8. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

## INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator  
Ethos Group 401(k) Plan

### **Scope and Nature of the ERISA Section 103(a)(3)(C) Audits**

We have performed audits of the accompanying financial statements of Ethos Group 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Ethos Group 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### **Opinion**

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audits of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of Ethos Group 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audits does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Ethos Group 401(k) Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditor's Responsibilities for the Audits of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing audits in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Ethos Group 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Ethos Group 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control related matters that we identified during the audits.

#### **Other Matter - Supplemental Schedules Required by ERISA**

The supplemental schedules of delinquent participant contributions for the year ended December 31, 2024 and of assets (held at end of year) as of December 31, 2024 (collectively, "supplemental schedules") are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. Ethos Group 401(k) Plan  
Notes to Financial Statements  
December 31, 2024 and 2023

1. DESCRIPTION OF THE PLAN

The following description of the Ethos Group 401(k) Plan (the "Plan") provides only general information. Therefore, participants should refer to the Plan's prototype plan document and related adoption agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established January 1, 2000, covering all eligible employees of Ethos Group, Inc. and related employers (collectively, the "Company" or "Employer"), as defined in the plan document. The Plan is designed to comply with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA) and the Internal Revenue Code (IRC).

Effective March 27, 2020, the Plan administratively adopted the provisions of the Coronavirus Aid, Relief, and Economic Security ("CARES") Act, related to participant loans and distributions. Participants were permitted to repay coronavirus related distributions over a three-year period. The Plan has been formally amended to adopt these provisions as of December 31, 2023.

An expansion of Setting Every Community Up for Retirement Enhancement Act of 2019 ("SECURE 2.0") was signed into law on December 29, 2022, as part of the Consolidated Appropriations Act of 2023. The effective dates of provisions within SECURE 2.0 vary through 2026. The Plan Sponsor has until the end of the first plan year beginning on or after January 1, 2026, to amend the Plan for the changes related to SECURE 2.0. The Plan has not been formally amended to adopt these provisions as of the date the financial statements were available to be issued.

Plan administration

The Company is the administrator of the Plan and, as such, carries out the duties imposed by ERISA and the IRC. The Company has delegated certain responsibilities for the operation and administration of the Plan. The Plan's investments are held by Fidelity Management Trust Company (the "Trustee"). Recordkeeping services are provided by Fidelity Workplace Services LLC, an affiliate of the Trustee. Certain administrative expenses of the Plan were paid directly by the Company for the year ended December 31, 2024. The Plan is not required to reimburse the Company for expenses paid on its behalf. Loan set-up and maintenance and distribution fees are paid by the individual participants receiving a loan or distribution. Investment fees, which may vary according to the individual funds selected, are deducted directly from participants' investment returns.

1. DESCRIPTION OF THE PLAN (continued)

Eligibility

Employees are eligible to become participants in the Plan once they have attained age 18. There is no service requirement for eligibility to participate in the Plan. Employees may enter the Plan immediately upon satisfaction of the eligibility requirements. All newly eligible employees are automatically enrolled in the Plan at an initial pre-tax deferral rate of 3%, 35 days after such employee's date of hire unless they affirmatively elect not to participate in the Plan.

Contributions

Participants may elect to contribute up to 100% of their compensation as defined in the Plan document, subject to the maximum dollar amount allowable under IRC limitations. Participant contributions may be made on a pre-tax or Roth basis. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions up to the IRC limits.

In addition, a participant may also contribute amounts representing distributions from other qualified plans and certain individual retirement accounts (rollovers).

Employer matching contributions are discretionary. During 2024 the Company matched a dollar for dollar contribution up to \$3,000. The Plan allows for nonelective Employer contributions, however, no nonelective Employer contributions were made to the Plan for the year ended December 31, 2024.

Investments

Participants may direct their contributions among a variety of investment options offered by the Plan. The Plan offers mutual funds and a money market fund as investment options.

Notes receivable from participants

Participants may borrow from their fund accounts (in the form of a note or "loan") a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from one to five years, unless the loan is obtained to purchase a participant's principal residence, in which case, it cannot exceed 10 years. The loans are collateralized by the balance in the participant's account and accrue interest at a rate of prime plus 1%. A participant may not have more than two loans outstanding from their Plan account at any time. Loan principal and interest are paid through payroll deductions. At December 31, 2024, notes receivable from participants mature at various dates through May 2034 and had interest rates ranging from 4.25% to 9.50%.

1. DESCRIPTION OF THE PLAN (continued)

Participant accounts

Each participant's account is credited with the participant's contributions, Employer contributions (if any), and allocations of Plan earnings or losses. Plan earnings or losses are allocated based on the participant's share of net earnings or losses of their respective elected investment options.

Vesting

Participants are immediately 100% vested in all participant and Employer contributions plus actual earnings thereon.

Payment of benefits

Upon termination of service, death, full and permanent disability, or retirement, a participant or beneficiary may elect a lump-sum payment equal to 100% of the value of his or her account or partial withdrawals as defined. Participants may request a distribution from their account in the event of financial hardship, as defined in the Plan document and subject to certain limitations and penalties. Participants may also request in-service distributions from their vested Plan accounts at any time after having attained age 59 1/2.

If a participant is less than retirement age and has a vested account balance equal to or greater than \$7,000, the account may not be distributed before normal retirement without the participant's consent. Participant account balances that are less than \$7,000, but greater than \$1,000 will be paid as a direct rollover to an individual retirement account designated by the Plan administrator upon termination. Participant account balances that are less than or equal to \$1,000 will be paid in a lump sum upon termination.

Administrative expenses

Administrative expenses are generally paid by the Company, but may, at the discretion of the Plan administrator, be paid by the Plan. Transaction fees for certain participant initiated activity are charged to the specific account of the participant initiating any such transaction.

Forfeitures

To the extent that matching contributions relate to excess 401(k) deferrals, such contributions shall be subject to forfeiture even if they are otherwise vested. Amounts which are forfeited will be used first to reduce future Company contributions and then to pay Plan administrative expenses. At December 31, 2024 and 2023, forfeited accounts totaled \$125,310 and \$118,287, respectively. No forfeitures were used by the Company in 2024 to reduce Employer contributions or pay Plan administrative expenses.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting and financial statement presentation

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the change therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and changes therein.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Contributions and contributions receivable

Participant contributions are recorded based on the date the contributions have been separated from a participant's pay by the Employer, which is the pay date. Employer contributions, if any, are recorded in the year earned to coincide with the year in which the Company records contributions. The Plan records receivables for all contributions based upon the contributions recognized, less amounts received by the Plan as of the last day of the Plan year. Rollover contributions from participants are recorded based on the date the contributions are received by the Trustee.

Investment valuation and income recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Notes to Financial Statements  
December 31, 2024 and 2023

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investment valuation and income recognition (continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits

Benefits are recorded when paid.

Administrative expenses

Administrative expenses are recorded when incurred.

Subsequent events

The Plan was amended on December 4, 2024, with an effective date of January 1, 2025, to exclude interns from participating in the Plan.

The Plan has evaluated subsequent events through October 13, 2025, the date the financial statements were available to be issued. No other subsequent events have occurred that would have a material impact on the presentation of the Plan's financial statements.

3. INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE

The plan administrator, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of ERISA. Accordingly, the Trustee, determined to be a qualified institution by the plan administrator, has certified to the completeness and accuracy of:

- Investments and notes receivable from participants as shown in the accompanying statements of net assets available for benefits as of December 31, 2024 and 2023.
- Investment income and interest income on notes receivable from participants as shown in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2024.
- Investments and notes receivable from participants reflected on the schedule of assets (held at end of year) as of December 31, 2024 ("supplemental schedule").

Accordingly, as requested by the plan administrator, the Plan's independent auditor performed no audit procedures on the certified information other than to agree the certified information to the related information included in the financial statements and supplemental schedule.

Notes to Financial Statements

4. FAIR VALUE MEASUREMENTS

Accounting standards establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to the unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

- *Level 1* - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.
- *Level 2* - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability; or
- *Level 3* - Inputs to the valuation methodology are unobservable and significant to the fair value measurement of the assets or liabilities.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

*Mutual Funds and Money Market Funds*: valued at the net asset value (NAV) of shares held by the Plan at year-end which are quoted in active markets. Investments are valued using market quotations or prices obtained from independent pricing services. These funds held by the Plan are deemed to have a readily-determinable fair value and are classified within Level 1 of the fair value hierarchy.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Ethos Group 401(k) Plan  
Notes to Financial Statements  
December 31, 2024 and 2023

4. FAIR VALUE MEASUREMENTS (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets by type, at fair value as of December 31, 2024:

	Level 1	Level 2	Level 3	Fair Value
Mutual funds and money market funds	<u>\$ 58,370,520</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 58,370,520</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's assets by type, at fair value as of December 31, 2023:

	Level 1	Level 2	Level 3	Fair Value
Mutual funds and money market funds	<u>\$ 45,814,718</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 45,814,718</u>

5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, all participants are immediately vested in all employer contributions.

6. TAX STATUS

The Company has adopted a Non-Standardized Pre-Approved Profit Sharing Plan with CODA Plan document. The Internal Revenue Service (IRS) has informed the Trustee by a letter dated June 30, 2020, that its pre-approved plan is designed in accordance with applicable sections of the IRC and is acceptable for use by employers for the benefit of their employees.

The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

7. RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

ERISA defines party-in-interest similarly to the definition of a related party under U.S. GAAP, except that ERISA's definition is broader and includes all entities and individuals that provide services to the Plan; however, these entities may not necessarily be related parties. Management did not identify any related parties to the Plan that were not also considered to be a party-in-interest.

Ethos Group 401(k) Plan  
Notes to Financial Statements  
December 31, 2024 and 2023

7. RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS  
(continued)

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, and an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee associate or relatives of such persons.

Certain fund level fees incurred by the funds in which the Plan invests for such services as investment management, shareholder services, and sub-transfer agency fees are paid through fund level revenue sharing arrangements. These fees reduce fund earnings thereby impacting Plan revenue applied to participants' accounts. Any excess amounts above the record keeping fees are credited back to the participants invested in the specific funds. There were no amounts in excess of fees in the current year.

The Trustee retains as compensation for services provided to the Plan, any interest on amounts earned while certain transactions are pending. This applies to both contributions and distributions. Earnings are at institutional money market rates.

8. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following information reconciles net assets available for benefits per the financial statements to Form 5500 for the indicated year:
