## Independent Auditor's Report

To the Pueblo of Sandia Retirement Advisory Board of the  
Pueblo of Sandia Commercial Enterprises 401(k) Profit Sharing Plan and Trust

### Opinion

We have audited the accompanying financial statements of the Pueblo of Sandia Commercial Enterprises 401(k) Profit Sharing Plan and Trust (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2024 and 2023 and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

### Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

### **Other Matter – Required Supplementary Information**

Management has omitted the management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the financial statements.

Such missing information, although not a part of the financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the financial statements in an appropriate operational, economic or historical context. Our opinion on the financial statements is not affected by the missing information.

### **Supplemental Schedule Required by ERISA**

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets Held at End of Year is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

# Pueblo of Sandia Commercial Enterprises 401(k) Profit Sharing Plan and Trust

Notes to Financial Statements  
December 31, 2024 and 2023

## 1) Description of Plan

The following description of the Pueblo of Sandia Commercial Enterprises (the “Company”) 401(k) Profit Sharing Plan and Trust (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

### General

The Plan has been established by the Pueblo of Sandia and operates under the authority of the Tribal Council. The Plan is a defined contribution plan covering employees who have attained the age of 18. The Plan was effective January 1, 2007. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

At December 31, 2024 and 2023, there was a total of 1,461 and 1,531 participants, of which, 940 and 955 participants had account balances, respectively.

### Contributions

Each year, participants may contribute up to the maximum dollar limit which is set by law. For 2024 and 2023, the annual contribution limit was \$23,000 and \$22,500, respectively. Participants who have attained age fifty before the end of the calendar year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified employee benefit plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers nineteen investment options for participants. This Plan is a “safe harbor 401(k) plan” and in order to maintain “safe harbor” status, the Company is required to contribute the total amount of each employee’s salary reduction each plan year, plus the “safe harbor” contribution, if eligible, as follows: a matching contribution equal to the sum of 100% of the amount of employee salary reductions that are not in excess of 3% of employee compensation, plus 50% of the amount of employee salary reductions that exceed 3% of the employees compensation but not in excess of 5% of the employees compensation. Additional “profit sharing” amounts may be contributed by the Company at its discretion in addition to the required safe harbor contributions as listed above. There were no profit sharing contributions made for the years ended December 31, 2024 and 2023.

### Participant Accounts

Each participant’s account is credited with the participant’s contribution and allocations of (a) the Company’s contribution, (b) Plan earnings and (c) charged with an allocation of administrative expenses. Allocations are based on participant account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

### 1) Description of Plan — continued

#### Vesting

Participants are immediately vested in their contributions plus earnings thereon. Vesting in the Company's discretionary contributions to their accounts plus earnings thereon is based on years of service. A participant is vested as follows:

<u>Vesting Service Years</u>	<u>Vesting Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Regardless of the vesting schedules above, participants are always 100% vested in the safe harbor contributions. A year of vesting service is a plan year in which a participant has at least 1,000 hours of service.

#### Participant Notes Receivable

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the balance in the participants' account and bear interest ranging from 4.25% to 9.50%, which are commensurate with prevailing rates as determined quarterly by the Plan administrator. Principal and interest is paid ratably at least quarterly. Participants are not allowed to have more than two loans outstanding at any one time.

#### Payment of Benefits

Benefits are payable in the event a participant retires, dies, is disabled, or ceases to be an employee of the Company. Participants are also allowed to withdraw from their accounts upon attainment of age fifty-nine and one-half and in the event of undue financial hardship. Withdrawals for this reason are limited to the participant's vested account balance.

#### Forfeitures

At December 31, 2024 and 2023, there were no forfeited non-vested accounts.

### 2) Summary of Significant Accounting Policies

#### Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting based on accounting standards promulgated by the Governmental Accounting Standards Board.

#### Valuation of Investments

The Plan's investments are stated at fair value. Quoted market prices are used to value investments. Shares of registered investment companies are valued at the net asset value of shares held by the Plan at yearend. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

#### Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

#### Benefit Payments

Benefits are recorded when paid.

#### Administrative Expenses

The Plan pays all expenses related to the Plan.

#### Transfer of Plan Assets

Transfers of Plan assets occur when participants change jobs and/or duties between commercial and governmental entities. The related trust assets are transferred between the commercial and governmental 401(k) Profit Sharing Plans. For the years ended December 31, 2024 and 2023, net transfers out of the commercial plan were approximately \$480 and \$178,000, respectively.

#### Date of Management's Review

Subsequent events were evaluated through October 7, 2025, which is the date the financial statements were available to be issued.

### 3) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

### 4) Tax Status

The Plan is operating as a tax-exempt Plan under a prototype document with a standardized adoption agreement. The Internal Revenue Service (IRS) has determined and informed the prototype plan sponsor by letter dated March 31, 2014, that the prototype plan, as then designed, was in compliance with the applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the opinion letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and operated in compliance with applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the accompanying financial statements. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to December 31, 2021.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

### 5) Investments

The following presents the fair value of investments as of December 31,:

#### Investments at fair value

	<u>2024</u>	<u>2023</u>
Participant-directed		
Shares of registered investment companies	\$ 48,789,629	\$ 42,326,251
Money market funds	<u>2,767,406</u>	<u>2,694,462</u>
Total investments	<u>\$ 51,557,035</u>	<u>\$ 45,020,713</u>

The Plan's investments (including interest and dividends and gains and losses on investments bought, sold, and held during the year) appreciated in value by approximately \$5,676,000 and \$6,153,000 the years ended December 31, 2024 and 2023, respectively.

### 6) Fair Value Measurement

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active and inputs other than quoted prices that are observable for the assets. Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments.

When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs are only used when Level 1 or Level 2 inputs were not available.

*Level 1 Fair Value Measurements* - The fair value of registered investment companies is based on quoted net asset values of the shares held by the Plan at year end.

*Level 2 Fair Value Measurements* - The fair value of money market funds is based on cost which is consistent with fair value.

## 6) Fair Value Measurement — continued

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31,:

	Fair Value Measurements Using:		
	Quoted Prices in Active Market for Identical Assets Fair Value	Significant Other Observable Inputs (Level 1)	(Level 2)
<b>December 31, 2024</b>			
Shares of registered investment companies	\$ 48,789,629	\$ 48,789,629	\$ -
Money market funds	<u>2,767,406</u>	<u>-</u>	<u>2,767,406</u>
Total	<u>\$ 51,557,035</u>	<u>\$ 48,789,629</u>	<u>\$ 2,767,406</u>
December 31, 2023			
Shares of registered investment companies	\$ 42,326,251	\$ 42,326,251	\$ -
Money market funds	<u>2,694,462</u>	<u>-</u>	<u>2,694,462</u>
Total	<u>\$ 45,020,713</u>	<u>\$ 42,326,251</u>	<u>\$ 2,694,462</u>

## 7) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

## 8) Party In Interest Transactions

For the years ended December 31, 2024 and 2023, certain Plan investments were managed by Charles Schwab. Charles Schwab was the investment custodian and, therefore, these transactions qualify as party-in-interest transactions.
