Independent Auditor's Report

Robert D. Giudici, C.P.A.
James H. Aceto, C.P.A.

To the Board of Trustees of
Rhode Island Laborers' Health Fund
Cranston, Rhode Island

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Rhode Island Laborers' Health Fund, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits and plan benefit obligations as of December 31, 2024 and 2023, the related statements of changes in net assets available for benefits and changes in plan benefit obligations for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Rhode Island Laborers' Health Fund performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2024 and 2023, and for the years then ended, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section –

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

Opinion (continued)

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of Rhode Island Laborers' Health Fund and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Rhode Island Laborers' Health Fund's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements (continued)

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Rhode Island Laborers' Health Fund's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Rhode Island Laborers' Health Fund's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets Held for Investment Purposes is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such

information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

RHODE ISLAND LABORERS' HEALTH FUND

Notes to Financial Statements
December 31, 2024 and 2023

1. DESCRIPTION OF PLAN

The following description of the Rhode Island Laborers' Health Fund (the "Fund") provides only general information. Participants should refer to the summary plan description for more complete information.

General

Contributions are made by employers in accordance with their collective bargaining agreements with the Rhode Island Laborers' District Council of the Laborers' International Union of North America, AFL-CIO and the Rhode Island Chapter of the Associated General Contractors of America, Inc. or the Construction Industries of Rhode Island. A participant may contribute specified amounts to extend medical coverage during periods of unemployment. It is subject to the provisions of the Employee Retirement Income Security Act (ERISA).

Current healthcare and prescription claims are paid under a self-funded arrangement administered by Blue Cross/Blue Shield of Rhode Island. In accordance with the terms of the funding agreement, the Plan maintains a deposit with the administrator to be applied to certain fees and charges, if necessary. Dental claims of active participants and their dependents are provided under a group insurance contract with Blue Cross/Blue Shield of Rhode Island. Death benefits are covered by a group-term policy with Ullico Insurance with premium waiver coverage for disabled participants approved after December 31, 2012. Death benefits for disabled participants approved prior to January 1, 2013 are self-insured and included in plan benefit obligations.

Stop-Loss Insurance Premiums

The Fund has entered into a stop-loss insurance arrangement in an effort to limit its exposure for self-insured benefits (individual participant claims over a specific dollar amount, as well as its aggregate exposure for all claims).

Premiums for stop-loss insurance are included in benefits in the accompanying statement of changes in net assets available for benefits and amounted to \$653,505 and \$576,843 for the years ended December 31, 2024 and 2023, respectively.

Self-Insured Benefits

Certain plan benefits are self-insured. The claims for self-insured benefits are processed by the Fund's third-party claims processors under administrative services only (ASO) arrangements. The claims processors pay claims directly to or on behalf of participants and are then reimbursed by the Fund. Despite the Fund's utilization of third-party claim's processors, ultimate responsibility for payments to providers and participants is retained by the Fund.

1. DESCRIPTION OF PLAN (continued)

National Reciprocal Agreement

The jurisdiction of LIUNA encompasses many different industries and locations throughout the United States where some members may work within the jurisdiction of many different local unions and participating benefit funds over the course of their career. The National Reciprocal Agreement (NRA) was established to bridge gaps in eligibility of which the Plan is signatory.

2. SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Fund's valuation policies utilize information provided by the investment advisers and custodian. See Note 8 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Fund's gains and losses on investment bought and sold as well as held during the year.

Plan Benefit Obligations

Plan obligations for accumulated eligibility credits of participants are estimated by applying current insurance rates, self-insured working rates, and projected administration expenses to accumulated eligibility credits. The obligation for life insurance on disabled participants is estimated by applying total volume of life insurance per disabled participant to a discounted percentage.

Plan liabilities for health claims incurred but not reported represent estimated health claims that are incurred in 2024 and 2023 but are not yet reported to the Fund as of December 31, 2024 and 2023. The amount is estimated based on prior claims experience.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, benefit obligations and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Accordingly, actual results could differ from those estimates.

Notes to Financial Statements
December 31, 2024 and 2023

2. SIGNIFICANT ACCOUNTING POLICIES

Cash and Cash Equivalents

Highly liquid investments with original maturities of three months or less are considered cash and cash equivalents.

Contributions Receivable

Contributions receivable represent employer contributions related to employees' hours worked on or prior to December 31st received up to three months after year end. Prior year contributions received after three months are recorded as revenue when received. No allowance for doubtful accounts is required.

Subsequent Events

The Plan has evaluated subsequent events through September 23, 2025, which is the date the financial statements were available to be issued, for events requiring recording or disclosure in the financial statements for the year ended December 31, 2024.

3. TAX STATUS

The Internal Revenue Service has previously determined that the Trust qualifies under Section 501(c)(9) of the Internal Revenue Code and is, therefore, not subject to tax under present income tax laws. The Fund has been amended since receiving the determination letter. However, the plan administrator and the Fund's tax counsel believe that the Fund is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by taxing authorities. At December 31, 2024, management believes no such provisions for uncertain tax positions are necessary.

The Fund is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

4. PLAN TERMINATION

Although they have not expressed any intent to do so, the Board of Trustees has the right under the Fund to terminate the Plan subject to the provisions of ERISA.

RHODE ISLAND LABORERS' HEALTH FUND

Notes to Financial Statements
December 31, 2024 and 2023

5. RISKS AND UNCERTAINTIES

The Fund invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

The calculation of accumulated plan benefits is reported based on certain assumptions pertaining to insurance rates, self-insured working rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near-term would be material to the financial statements.

6. INFORMATION CERTIFIED BY THE PLAN'S CUSTODIANS

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Citizens Bank, acting on behalf of the trustees, has certified that the following data included in the accompanying financial statements is complete and accurate.

	<u>2024</u>	<u>2023</u>

Notes to Financial Statements
December 31, 2024 and 2023

7. RELATED-PARTY TRANSACTIONS

As commented in Note 1, the Fund is maintained pursuant to collective bargaining agreements which include other employee benefit plans. The Fund is related to these other benefit plans through common membership, common members on their Board of Trustees, and a common depository bank account from which contributions are deposited and distributed.

Certain legal and administrative expenses are paid by the Fund and reimbursed by the other funds. These reimbursements amounted to \$128,854 and \$144,570 for 2024 and 2023, respectively, and reduce the appropriate expense on the Statements of Changes in Net Assets Available for Benefits. The amounts due from other funds related to these reimbursements were \$31,508 and \$12,141 for 2024 and 2023, respectively.

8. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820-10 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
----------------	---

Level 2	Inputs to the valuation methodology include the following: ➤ Quoted prices for similar assets or liabilities in active markets; ➤ Quoted prices for identical or similar assets or liabilities in inactive markets; ➤ Inputs other than quoted prices that are observable for the assets or liability; ➤ Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.
----------------	--

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

RHODE ISLAND LABORERS' HEALTH FUND

Notes to Financial Statements
December 31, 2024 and 2023

8. FAIR VALUE MEASUREMENTS (continued)

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Cash sweep account – Excess cash is swept into investments overnight. Investment vehicles include Overnight Repurchase Agreements, Euro Dollar sweeps, and Money Market Mutual Fund sweeps. Balances are completely liquid and available when needed.

Common trust funds – valued at the net asset value (NAV) of units of a bank common trust fund. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investment held by the funds, less their liabilities. This practical expedient is not used when it is determined to be probable that the funds will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of a collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that security liquidations will be carried out in an orderly business manner.

Limited partnership – valued at the net asset value as reported by the investee entity. The valuation is generally equal to or based upon the reported capital account or net asset value of the underlying investments. Limited partnership interests have restrictions on sale or transfer and may be subject to approval by the general partner.

Mutual funds – Mutual funds are registered with the Securities and Exchange Commission. Mutual funds are required to publish their daily NAV and to transact at that price and are valued at the daily closing price as reported by the fund.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Fund believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

8. FAIR VALUE MEASUREMENTS (continued)

The following tables present by level, within the fair value hierarchy, the Fund's investment assets at fair value, as of December 31, 2024 and 2023. Investment assets are classified in their entirety based upon the lowest level of input that is significant to the fair value measurement.
