Retirement Committee  
Kalmar USA Holding, Inc. 401(k) Plan  
Ottawa, Kansas

This letter is to inform the Retirement Committee of Kalmar USA Holding, Inc. 401(k) Plan (the Plan) about significant matters related to the conduct of our audit as of and for the nine month period ended December 31, 2024, so that you can appropriately discharge your oversight responsibility, and we can comply with our professional responsibilities.

The following required communications summarize our responsibilities regarding the financial statement audit as well as observations from our audit that are significant and relevant to your responsibility to oversee the financial reporting process.

### **Our Responsibilities**

We described our responsibilities under auditing standards generally accepted in the United States of America (GAAS) to you in our engagement letter dated February 13, 2025. Our audit of the financial statements does not relieve management or you of your responsibilities, which are also described in that letter.

As management determined it is permissible in the circumstances and elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C), the audit did not extend to any certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the applicable financial reporting framework.

### **Planned Scope and Timing of the Audit**

We previously issued a separate communication dated February 18, 2025 regarding the planned scope and timing of our audit and identified significant risks.

### **Significant Accounting Practices, Including Policies, Estimates, and Disclosures**

In our meeting with you, we discussed our views about the qualitative aspects of the Plan's significant accounting practices, including significant accounting policies, significant unusual transactions, accounting estimates and financial statement disclosures. The following is a list of the matters that were discussed, including the significant estimates, which you may wish to monitor for your oversight responsibilities of the financial reporting process:

- Valuation of investments
- Revenue recognition
- Unique accounting policies related to the industry in which the Plan operates
- Related-party transactions, including administrative expenses
- Any non-exempt transactions
- Plan mergers in/out

### **Audit Adjustments**

There were no audit adjustments made to the original trial balance presented to us to begin our audit.

### **Uncorrected Misstatement**

We identified an uncorrected misstatement that is summarized in the attached representation letter, which management has concluded is not material to the financial statements. We agree with management's conclusion in that regard.

Uncorrected misstatements or matters underlying them could potentially cause future-period financial statements to be materially misstated, even if we have concluded that the uncorrected misstatements are immaterial to the financial statements under audit.

### **Form 5500 Filing**

GAAS requires that we obtain and read a draft of the Plan's Form 5500 that is substantially complete prior to the dating of our auditors' report in order to identify material inconsistencies, if any, with the Plan's audited financial statements. We read the Plan's draft Form 5500 filing for consistency with information in the financial statements. We did not identify material inconsistencies with the audited financial statements, other than appropriate reconciling items with the draft Form 5500 as disclosed in the notes to the financial statements.

### **ERISA-Required Supplemental Schedule**

We subjected the information included in the ERISA-required supplemental schedule, other than that agreed to or derived from the certified investment information, to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or the financial statements themselves, and other additional procedures in accordance with GAAS. The objective of these audit procedures was to determine whether the ERISA-required supplemental schedule, other than the certified investment information, is fairly stated in all material respects in relation to the financial statements as a whole, whether the form and content of the ERISA-required supplemental schedule are presented in conformity with the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, and whether the certified investment information in the supplemental schedule agrees to, or is derived from, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). We will include an other-matter paragraph in our auditors' report for the ERISA-required supplemental schedule. We did not identify inconsistencies with the audited financial statements or with the certified investment information.

### **Disagreements With Management**

We encountered no disagreements with management over the application of significant accounting principles, the basis for management's judgments on any significant matters, the scope of the audit, or significant disclosures to be included in the financial statements.

### **Consultations With Other Accountants**

We are not aware of any consultations management had with other accountants about accounting or auditing matters.

### **Significant Issues Discussed or Subject to Correspondence With Management**

No significant issues arising from the audit were discussed or were the subject of correspondence with management.

## **Difficulties Encountered in Performing the Audit**

We did not encounter any significant difficulties in dealing with management during the audit.

## **Shared Responsibilities: AICPA Independence**

The American Institute of Certified Public Accountants (AICPA) regularly emphasizes that auditor independence is a joint responsibility and is managed most effectively when management, audit committees (or their equivalents), and audit firms work together in considering compliance with AICPA independence rules. For BT&Co. to fulfill its professional responsibility to maintain and monitor independence, management, the Retirement Committee, and BT&Co. each play an important role.

## **Our Responsibilities**

- AICPA rules require independence both of mind and in appearance when providing audit and other attestation services. BT&Co. is to ensure that the AICPA's General Requirements for performing non-attest services are adhered to and included in all letters of engagement.
- Maintain a system of quality management over compliance with independence rules and firm policies.

## **Your Responsibilities**

- Timely inform BT&Co., before the effective date of transactions or other business changes, of the following:
  - New affiliates, directors, or officers.
  - New beneficial owners of the Plan Sponsors' stock which have significant influence.
  - Change in corporate structure impacting affiliates such as add-on acquisitions or exits.
- Provide necessary affiliate information such as new or updated investment structure charts, as well as financial information required to perform materiality calculations needed for making affiliate determinations.
- Understand and conclude on the permissibility, prior to the Plan and its affiliates, including the Plan Sponsors, and the officers, directors, or persons in a decision-making capacity, engaging in business relationships with BT&Co.
- Not entering into relationships resulting in close family members of BT&Co. covered persons temporarily or permanently acting as an officer, director, or person in an accounting or financial reporting oversight role at the Plan or Plan Sponsors.

## **Management Representations**

Attached is a copy of the management representation letter.

## **Closing**

We will be pleased to respond to any questions you have about the foregoing. We appreciate the opportunity to be of service to the Plan.

This report is intended solely for the information and use of the Retirement Committee and is not intended to be, and should not be, used by anyone other than this specified party.

We acknowledge that the audit did not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier, that is regulated, supervised and subject periodically to examination by a state or federal agency, a qualified institution, that prepared and certified the investment information in accordance with 29 CFR 2520.103-5 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. We have determined that an ERISA Section 103(a)(3)(C) audit is permissible under the circumstances. The purpose of an ERISA Section 103(a)(3)(C) audit is to express an opinion on whether the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with U.S. GAAP and that the assets held by and certified to by a qualified institution agree to, or are derived from, in all material respects, the certified investment information.

## **INDEPENDENT AUDITORS' REPORT**

Retirement Committee  
Kalmar USA Holding, Inc. 401(k) Plan

### **Scope and Nature of the ERISA Section 103(a)(3)(C) Audit**

We have performed an audit of the financial statements of Kalmar USA Holding, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024, and the related statement of changes in net assets available for benefits for the period from April 1, 2024 to December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2024 and for the period from April 1, 2024 to December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### **Opinion**

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## **Basis for Opinion**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditors' Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### **Other Matter**

##### ***Supplemental Schedule Required by ERISA***

The supplemental Schedule of Assets (Held at End of Period) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

KALMAR USA HOLDING, INC. 401(k) PLAN  
NOTES TO FINANCIAL STATEMENTS  
December 31, 2024

1 - Description of the Plan

The following description of the Kalmar USA Holding, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan under Section 401(k) of the Internal Revenue Code. The Plan was established and effective as of April 1, 2024. Employees of Kalmar USA, Inc., Kalmar Solutions, LLC, Cargotec Crane & Electrical Services, and Cargotec International, Inc. (collectively, the Company) are eligible to join the Plan once they have attained 30 days of service. The Plan excludes union and leased employees, residents of Puerto Rico, interns, apprentices, employees who participate in public or private retirement programs outside the U.S., and employees eligible for benefits under another retirement plan sponsored by the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Retirement Committee is responsible for the oversight of the Plan. Management of the Plan determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions

Each year, participants may contribute a percentage of their annual compensation, as defined in the Plan. Participants may elect to have their deferrals as pre-tax contributions, or on an after-tax basis as a Roth deferral. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at three percent of eligible compensation. Participants who are automatically enrolled will also have their deferral rate increase by one percent annually on April 1<sup>st</sup> until their rate reaches ten percent. The Company makes a safe harbor matching contribution equal to 100% of a participant's elective deferrals equal to but not exceeding 6% of the participant's compensation. The Company may also make a discretionary non-elective contribution to the Plan. During the nine month period ended December 31, 2024, there were no discretionary non-elective contributions made by the Company. The Company's matching contributions are participant-directed. Contributions are subject to certain IRS limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution, an allocation of the Company's safe harbor and discretionary non-elective matching contributions, if applicable, and Plan earnings and is charged for any withdrawals or distributions made by the participant and the participant's share of administrative fees and expenses paid out of the Plan, if any. Allocations are based on participant earnings or account balances, or specific participant transactions as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

KALMAR USA HOLDING, INC. 401(k) PLAN  
NOTES TO FINANCIAL STATEMENTS  
(Continued)

Vesting

Participants are immediately vested in employee deferral and the Company safe harbor contributions plus actual earnings thereon. Participants vest in the employer discretionary non-elective matching contributions based on years of continuous service. A participant is fully vested after five years of credited service.

Notes Receivable from Participants

Participants may borrow from their fund accounts up to a maximum of \$ 50,000 or 50 percent of their account balance, whichever is less. A participant may not request a loan for less than \$ 1,000 and may only have one loan outstanding at any one time. The loans are secured by the vested interest in the participant's account and bear interest at rates equal to the Prime Rate as published in the Wall Street Journal on the first business day of the month the loan is originated plus 1%. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

The Plan provides for payment of benefits upon death, disability, retirement, or termination of employment. A participant with an account balance less than \$ 5,000 will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account and is subject to automatic cash out without their consent. Certain participants may make withdrawals prior to termination of employment. Participants who have obtained the age of 59 ½ may elect to receive a distribution of all or any portion of their vested account balances in a single lump sum payment. Certain participants may make withdrawals prior to termination of employment. Hardship withdrawals are available to Plan participants, as defined by the Plan Adoption Agreement and permitted by the Internal Revenue Code.

Forfeitures

At December 31, 2024, forfeited non-vested accounts totaled \$ 12,745. These accounts will be used to reduce future employer contributions or pay Plan expenses. During the year ended December 31, 2024, no forfeited amounts were used to reduce employer contributions or pay Plan expenses.

Administrative Expenses

Certain Plan administrative expenses are paid out of the Plan as a reduction in each participant's account. The Company provides administrative services and pays certain administrative expenses on behalf of the Plan. As the Plan does not reimburse the Company for the costs of such services, they are not included in these financial statements. Expenses relating to specific participant transactions (i.e., loan setup, distribution request, etc.) are charged directly against the appropriate participant's account. Certain investment related expenses are included in net appreciation in fair value of investments.

2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

KALMAR USA HOLDING, INC. 401(k) PLAN  
NOTES TO FINANCIAL STATEMENTS  
(Continued)

Investment Valuation and Income Recognition

The Plan's investments are recorded at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The Plan's Retirement Committee determines the Plan's valuation policies utilizing information provided by the investment advisor and the custodians. See Note 4 for a discussion of fair value measurements and Note 6 for contract value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payments of Benefits

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Subsequent Events

Subsequent events have been evaluated by management of the Plan through the date of the independent auditors' report, which is the date the financial statements were available to be issued.

3 - Certified Investment Information

The following is a summary of the Plan's asset information as of December 31, 2024, and for the period from April 1, 2024 to December 31, 2024, included throughout the Plan's financial statements and ERISA-required supplemental schedule, obtained by management and agreed to or derived from information certified as complete and accurate by Empower Trust Company, LLC and Empower Annuity Insurance Company of America (collectively, Empower), qualified institutions:

 NOTES TO FINANCIAL STATEMENTS  
 (Continued)

Investments, at fair value	\$ 43,989,464
Investments, at contract value	5,578,881
Notes receivable from participants	631,311

Empower also certified to the completeness and accuracy of \$ 3,028,829 of net appreciation in fair value of investments, \$ 1,287,043 of interest and dividends and \$ 27,931 of interest on notes receivable related to the aforementioned plan assets for the period from April 1, 2024 to December 31, 2024.

4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1            Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2            Inputs to the valuation methodology include

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3            Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024.

*Mutual funds:* Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

KALMAR USA HOLDING, INC. 401(k) PLAN  
NOTES TO FINANCIAL STATEMENTS  
(Continued)

*Pooled separate accounts:* Valued at the net asset value (NAV) of shares held by the Plan at year end. The NAV is determined by taking the market value less operating expenses accrued and not deducted. If there is no readily available market, then the account's value is determined through appraisal by the trustee, or any appraisers employed by the trustee, and their belief as to the unit value of the mutual funds, which is then multiplied by the number of shares held in the Plan.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024:

Assets at Fair Value as of December 31, 2024				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 25,764,332	\$ -	\$ -	\$ 25,764,332
Total assets in fair value hierarchy	25,764,332	-	-	25,764,332
Investments measured at net asset value <sup>(a)</sup>	-	-	-	18,225,132
Total investments at fair value	\$ 25,764,332	\$ -	\$ -	\$ 43,989,464

<sup>(a)</sup>In accordance with Subtopic 820-10, certain investments that are measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

5 - Investments Measured Using the Net Asset Value Per Share Practical Expedient

The following table summarizes investments measured at fair value based on the NAV per share as of December 31, 2024:

Investment	Fair Value December 31, 2024	Commitment	Frequency	Notice Period
Pooled separate accounts	\$ 18,225,132	None	Daily	None

6 - Fully Benefit-Responsive Group Annuity Contract

The Plan has a fully benefit-responsive group annuity contract with Empower totaling \$ 5,578,881 as of December 31, 2024. Empower maintains the contributions in the Guaranteed Income Fund which is a general account product of Empower. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The group annuity contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer. The crediting rate is reviewed on a

semi-annual basis for resetting. For the nine month period ended December 31, 2024, the crediting rate was 2.15%. The group annuity contract does not permit Empower to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Empower, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletions of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the Trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.

8 - Related-Party and Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds, pooled separate accounts and a group annuity contract managed by Empower. Empower is the custodian as defined by the Plan, and, therefore, these transactions qualify as party-in-interest transactions. Most investment management and administrative fees are paid by the Company. Fees paid by the Plan for administrative services were \$ 49,341 for the period from April 1, 2024 to December 31, 2024.

9 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, no further contributions will be made to the Plan and participants would become 100% vested in their discretionary non-elective employer contribution accounts.

10 - Plan Transfers

The Plan facilitates transfers of assets in and out of the Plan in accordance with the terms of the Plan document and applicable regulations. During the period from April 1, 2024 to December 31, 2024, the Plan processed transfers totaling \$ 54,174,585 from the Cargotec Holding, Inc. 401(k) Plan and \$ 9,771,527 to the Cargotec Holding, Inc. 401(k) Plan, respectively. These transfers were processed in accordance with participant elections.

11 - Tax Status

The Company adopted a pre-approved plan document that has received an opinion letter from the IRS dated September 16, 2022 stating that the form of the pre-approved plan document was in compliance with applicable requirements of the Internal Revenue Code (IRC). The Plan Administrator and the Plan's Tax Counsel believe the Plan is designed and is being operated in compliance with the applicable provisions of the IRC, and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax provisions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more than likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for tax periods in progress.

12 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
