## Independent Auditor's Report

Plan Administrator and Plan Participants  
AM General Hourly Capital Accumulation Plan

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the AM General Hourly Capital Accumulation Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

**Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

**Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

**Other Matter—Supplemental Schedule Required by ERISA**

The supplemental schedule of assets (held at end of year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## AM General Hourly Capital Accumulation Plan

### Notes to Financial Statements

#### Note 1. Plan Description

The following description of the AM General Hourly Capital Accumulation Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

**General:** The Plan is a defined contribution 401(k) savings plan covering all hourly employees of AM General LLC and its wholly owned subsidiaries, General Engine Products LLC (GEP), AMG Services LLC, AMG Support Services LLC, General Transmission Products LLC, and Mobility Ventures Holdings LLC, (collectively, the Company). Eligibility occurs for employees who have completed three months of service and are also represented by Local No. 5 and Local No. 555 of the International Union, United Automobile, Aerospace, and Agricultural Implement Workers of American (UAW) or by International Union of Electric, Electrical, Salaried, Machine & Furniture Workers – Communications Workers of America District Council Seven (IUE-CWA), and six months of service for employees not covered by the UAW or IUE-CWA. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

**Contributions:** Participants are able to contribute from 1% to 30% of their wages, as defined in the plan agreement, limited to the maximum amount allowed by the Internal Revenue Service (IRS). The Plan includes an automatic elective deferral contribution of 2% for all eligible employees, with an automatic increase of 1% each year thereafter until it reaches 4%. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct their contributions into various investment options offered by the Plan.

Participants under this Plan are eligible for a Company match contribution up to 50% of the first 6% of base pay contributed by an employee for a maximum Company contribution of 3% of base pay. Additionally, the Company will contribute to the Plan an employer contribution each year equal to 1% of each participant's annual base pay.

**Participant accounts:** Each participant's account is credited with the participant's contributions and an allocation of (a) the Company's contribution and (b) plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant, or beneficiary, is entitled is the vested benefit that can be provided from the participant's vested account.

**Notes receivable from participants:** Participants who are employed full time by the Company may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance (reduced in the case of participants with loans outstanding in the previous year). The notes are collateralized by the balance in the participant's account and bear interest at a fixed rate of prime plus 1% determined at the time of loan origination. Notes receivable are stated at their unpaid principal balance. Principal and interest are paid ratably through payroll deductions for up to five years, unless the loan is to acquire a participant's principal residence, in which case the maximum term of the loan is ten years. Interest rates on notes receivable range from 4.25% to 9.50% as of December 31, 2024. If the participant does not repay the note as required, the outstanding balance of the note is treated as a taxable distribution from the Plan.

#### Note 1. Plan Description (Continued)

**Vesting:** All participants are immediately vested in their voluntary contributions. The employer match plus actual earnings thereon will also be vested immediately for all participants other than GEP participants. The Company contributions equal to 1% of the participant's base pay plus actual earnings thereon will be vested after one year of service for all participants other than GEP participants. GEP participants become 100% vested in all Company contributions after five years of credited service. A participant is deemed to be 100% vested upon death or total and permanent disability.

**Forfeitures:** The non-vested portion of terminated participants' accounts plus earnings thereon are forfeited and will be used to reduce the employers' matching contributions. At December 31, 2024 and 2023 the forfeited accounts available for carry-over to future years was approximately \$4,000 and \$1,500, respectively. During the year ended December 31, 2024, approximately \$1,500 of forfeited accounts were used to reduce employer contributions.

**Payment of benefits:** Upon termination of service, a participant may elect to receive an amount equal to the participant's vested interest in the account. If the participant's balance is less than \$1,000, the account balance will automatically be paid in a lump sum. If the participant's balance is equal to or more than \$1,000, the participant may either take a distribution or leave the balance in the Plan until he or she reaches age 65, at which time all amounts credited to a participant's combined account shall be distributed. The Plan allows for early withdrawal of funds subject to certain restrictions as defined in the Plan. Benefit payments are recorded when paid.

**Administration of Plan:** Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Certain administrative expenses are paid by the plan sponsor, and therefore, are not reflected in the Plan's financial statements.

#### Note 2. Significant Accounting Policies

**Basis of accounting:** The financial statements of the Plan are prepared under the accrual method of accounting in accordance with generally accepted accounting principles of the United States of America.

**Contributions:** Contributions from Plan participants and the related matching contributions from the employer are recorded in the year in which the employee contributions are withheld from compensation.

**Use of estimates:** The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

**Investment valuation and income recognition:** Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the trustee. See below for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

#### Note 2. Significant Accounting Policies (Continued)

Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near-term and those changes could materially affect the amounts reported in the statements of net assets available for benefits.

**Fair value measurements:** Accounting standards establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

**Level 1** Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

**Level 2** Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

**Level 3** Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used during the years ended December 31, 2024 and 2023.

**Mutual funds:** Valued at the closing price reported on the active market on which the individual securities are traded.

**Common collective trust funds:** Valued based on the net asset value (NAV) of units of the common collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments comprising the trust less its liabilities. The practical expedient is not to be used when it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV.

## AM General Hourly Capital Accumulation Plan

### Notes to Financial Statements

---

#### Note 2. Significant Accounting Policies (Continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

**Transfer out:** The Plan allows the transfer of assets out of the Plan to the AM General Capital Accumulation and Employer Retirement Contribution Plan. These transfers are a result of employees of AM General LLC whose employment reclassification from hourly to salary status results in the transfer of their participant accounts.

**Subsequent events:** The Company has evaluated subsequent events for potential recognition and/or disclosure through October 9, 2025, the date the financial statements were available to be issued.

#### Note 3. Information Certified by Charles Schwab Trust Bank (Schwab)

The following is a summary of the Plan's asset information as of December 31, 2024 and 2023, and for the year ended December 31, 2024, included throughout the Plan's financial statements and ERISA-required supplemental schedule, obtained by management and agreed to or derived from information certified as complete and accurate by Schwab, a qualified institution:

	2024	2023
Investments at fair value:		
Mutual funds	\$ 33,116,696	\$ 18,005,675
Common collective trust funds	8,109,171	21,198,290
	<u>\$ 41,225,867</u>	<u>\$ 39,203,965</u>

Schwab also certified to the completeness and accuracy of \$3,236,583 of net appreciation in the fair value of investments, \$1,437,313 of interest and dividends related to the aforementioned investments and \$72,272 of interest income on notes receivable from participants for the year ended December 31, 2024.

In addition, Schwab certified the completeness and accuracy of \$934,842 and \$890,467 of notes receivable from participants as of December 31, 2024 and 2023, respectively.

## AM General Hourly Capital Accumulation Plan

#### Note 4. Fair Value Measurements

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Investments measured at fair value	\$ 33,116,696	\$ -	\$ -	\$ 33,116,696
Investments measured at NAV				8,109,171
				<u>\$ 41,225,867</u>

  

	Assets at Fair Value as of December 31, 2023			
	Level 1	Level 2	Level 3	Total
Investments measured at fair value	\$ 18,005,675	\$ -	\$ -	\$ 18,005,675
Investments measured at NAV				21,198,290
				<u>\$ 39,203,965</u>

The following table summarizes investments measured at fair value based on NAV per shares as of December 31, 2024 and 2023, respectively.

Investment Category	2024 Fair Value	2023 Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Period Notice
Common collective trust funds	\$ 8,109,171	\$ 21,198,290	\$ -	Daily	None

**Changes in fair value levels:** To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another.

The Plan evaluated the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2024, there were no transfers in or out of Level 3.

#### Note 5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts as of the termination date.

#### Note 6. Related-Party Transactions

Certain plan investments are managed by Schwab. Schwab is the trustee of the Plan, and therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid to the trustee by the Plan for the year ended December 31, 2024, totaled approximately \$4,800.

#### Note 7. Income Tax Status

The IRS has determined and informed the Plan Sponsor, by a letter dated October 28, 2011, that the Plan, as designed, is qualified under the appropriate sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. The Plan Administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and therefore believes the Plan is qualified.

The Plan Administrator has evaluated the Plan's tax positions and concluded that the Plan has maintained its tax-exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state or local tax authorities for years before 2021.

#### Note 8. Reconciliation of Financial Information

The following is a reconciliation of the differences between these financial statements and the financial information shown on Form 5500:

	December 31,	
	2024	2023
Net assets available for benefits as presented in these financial statements	\$ 42,160,709	\$ 40,094,432
