To the Plan Administrator and Those Charged with Governance of
Capstone Counseling LLC 401(k) Profit Sharing Plan and Trust
Richmond, Virginia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Capstone Counseling LLC 401(k) Profit Sharing Plan and Trust (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 (in liquidation) and 2023 (ongoing), and the related statement of changes in net assets available for benefits for the year ended December 31, 2024 (in liquidation), and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Capstone Counseling LLC 401(k) Profit Sharing Plan and Trust's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Capstone Counseling LLC 401(k) Profit Sharing Plan and Trust and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter – Plan Termination and Liquidation Basis of Accounting

As discussed in Note 5, the governing body of Capstone Counseling LLC 401(k) Profit Sharing Plan and Trust approved a plan of liquidation on March 11, 2024, and management determined liquidation is imminent. As a result, the Plan has changed its basis of accounting from the going concern basis used in presenting the financial statements for the year ended December 31, 2023 to the liquidation basis used in presenting the financial statements for the period ended December 31, 2024. Our opinion is not modified with respect to that matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the

aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Capstone Counseling LLC 401(k) Profit Sharing Plan and Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed

to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

December 31, 2024

Note 1 – Plan Description

The following description of the Capstone Counseling LLC 401(k) Profit Sharing Plan and Trust (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering all employees of Capstone Counseling LLC (the “Company”) upon hire, except those employees whose employment is governed by a collective bargaining agreement and nonresident alien employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective March 11, 2024, the Plan was approved for termination. See Note 5 for discussion of Plan termination.

Contributions

Prior to Plan’s approval for termination, participants could contribute a percentage of annual compensation, as defined in the Plan. The Plan permitted catch-up contributions to be made by participants who had attained age 50 before the end of the year. The Plan had an auto-enrollment feature with an initial automatic deferral rate of 1%, unless the participant provided an alternative deferral election. In addition, participants could also contribute amounts representing distributions from other qualified plans. Participants directed their contributions into various investments offered by the Plan. The Company could make additional profit-sharing contributions, at the discretion of the Company’s Board of Directors. For the year ended December 31, 2024, the Company elected to not make any profit-sharing contributions to the Plan. In order to be eligible for the allocation of a profit-sharing contribution, the participant must have been employed on the last day of the Plan year. Contributions were subject to certain limitations.

Participant Accounts

Prior to the Plan’s approval for termination, each participant’s account was credited with the participant’s contributions, the Company’s profit-sharing contribution, if any, and an allocation of earnings and administrative expenses. Allocations were based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant was entitled was the benefit that can be provided from the participant’s vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Prior to the Plan’s approval for termination, vesting in the Company’s discretionary contributions plus actual earnings thereon was based on years of continuous service. A participant was 100% vested after six years of credited service. Effective with the termination of the Plan, participants became 100% vested in all contributions.

Payment of Benefits

Prior to the Plan’s approval for termination, a participant could elect to receive a lump-sum amount equal to the value of the participant’s vested interest in his or her account, annual installments over a specified period, or a partial payment. For the year ended December 31, 2023, if the vested account balance was below \$5,000 and the participant failed to specify a form of distribution, the vested account balance was distributed as an automatic rollover payable to an individual

retirement plan as directed by the Plan Administrator. This amount increased to \$7,000 or less for the year ended December 31, 2024 under the SECURE 2.0 Act. Vested account balances less than \$1,000 would be distributed in a lump-sum payment. In-service withdrawals were limited to only participants age 59½ or older. Upon the Plan's approval for termination, the participants could elect to have their distribution paid as a lump sum or direct rollover to another eligible retirement plan.

Administrative Costs

Plan fees and administrative expenses were paid by the Plan or the Company on a discretionary basis. A portion of these fees and expenses were paid by the Company for the year ended December 31, 2024.

Notes from Participants

Prior to the Plan's approval for termination, participants could borrow from their pre-tax account balance a minimum of \$1,000 up to a maximum equal to or the lesser of \$50,000 or 95% of one-half of the participant's vested account balance. Only one loan could be outstanding to a borrower at any time. The term of repayment of a loan could not be greater than 4.5 years, unless for a home loan, which must be consistent with commercial home loan periods, not to exceed 30 years. The loans were secured by the balance in the participant's account and bore interest based on the Prime rate plus 1%. There were no outstanding participant loans at December 31, 2024. Principal and interest were paid ratably through payroll deductions or by electronic funds transfer, with a frequency of at least monthly payments.

Note 2 – Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting. In accordance with accounting principles generally accepted in the United States of America, the Plan has changed its basis of accounting used to determine the amounts at which investments are stated, from an ongoing Plan basis to the liquidation basis for periods after December 31, 2023. See Note 5 for discussion of Plan termination.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Capstone Counseling LLC
401(k) Profit Sharing Plan and Trust

Notes to Financial Statements

December 31, 2024

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Notes from Participants

Notes from participants are reported at their unpaid principal balances plus any accrued but unpaid interest.

Benefit Payments

Benefits are recorded when paid.

Subsequent Events

Subsequent events have been evaluated through October 6, 2025, the date the financial statements were available to be issued.

Note 3 – Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs consist of unobservable inputs and has the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs are used only when Level 1 or Level 2 inputs are not available.

Capstone Counseling LLC
401(k) Profit Sharing Plan and Trust

Notes to Financial Statements
December 31, 2024

The following table sets forth by level, within the fair value hierarchy, the Plan’s assets at fair value as of December 31, 2024 and 2023. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	Fair Value Measurements at Reporting Date Using:	
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)
<u>December 31, 2024</u>		
Mutual funds	\$ 89,517	\$ 89,517
<u>December 31, 2023</u>		
Mutual funds	\$ 101,051	\$ 101,051

Level 1 Fair Value Measurements

The fair values of mutual funds are based on quoted net asset values of the shares held by the Plan at year end.

Note 4 – Related Party Transactions

Certain expenses are paid by the Plan to the Trustee of the Plan, Mid Atlantic Trust Company, for services provided. Therefore, these transactions qualified as party-in-interest transactions. Administrative fees paid to Mid Atlantic Trust Company were \$1,786 for the year ended December 31, 2024.

Mid Atlantic Trust Company received revenue from mutual fund service providers for services provided to the funds. This revenue was used to offset certain amounts owed to Mid Atlantic Trust Company for its administrative services to the Plan. If the revenue received by Mid Atlantic Trust Company from such mutual fund service providers exceeded the amount owed under the Services Agreement, Mid Atlantic Trust Company remitted the excess to the Plan’s trust on a quarterly basis. Such amounts could be applied to pay Plan administrative expenses or allocated to the accounts of the participants. During 2024, \$641 was applied against administrative expenses. The Plan or Plan Sponsor could make a payment to Mid Atlantic Trust Company for administrative expenses not covered by revenue sharing. Administrative expenses are presented as net of revenue credits.

Certain administrative functions are performed by officers or former employees of the Company. These former employees are also Plan participants. No such officer or employer received compensation from the Plan.

Note 5 – Plan Termination

Effective March 11, 2024, the Plan was approved to be terminated following the closing of the Plan Sponsor December 31, 2023. There were no new entrants into the Plan in 2024, and the final contribution was remitted on January 18, 2024.

Note 6 – Tax Status

The Plan adopted a non-standardized prototype plan sponsored by Paychex, Inc. and has not requested a determination letter but rather has relied upon the Internal Revenue Service opinion letter dated August 31, 2020, issued on the prototype plan stating the Plan and related trust are designed in accordance with applicable sections of the *Internal Revenue Code (IRC)*.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.
