REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Plan Administration Committee
Chapman and Cutler LLP Salary Deferral Plan for Attorney Employees

Scope and nature of the ERISA Section 103(a)(3)(C) audit

We have performed audits of the financial statements of Chapman and Cutler LLP Salary Deferral Plan for Attorney Employees (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note H to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matter – supplemental schedule required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from

the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

NOTE A - DESCRIPTION OF THE PLAN

General

The Chapman and Cutler LLP Salary Deferral Plan for Attorney Employees (the “Plan”) is a defined contribution plan established in 1988 by Chapman and Cutler LLP (the “Partnership”), an Illinois limited liability partnership. The Chapman and Cutler Master Trust (the “Master Trust”) was adopted by the Partnership to administer all Partnership plans qualified under Section 401(a) of the Internal Revenue Code (“IRC”).

The Plan is subject to the reporting requirements of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). The retirement plan administration committee of the Partnership is responsible for the administration and interpretation of the Plan and the Master Trust.

The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

Participation

Non-partner attorneys are eligible to participate on the first day of the month following date of hire and attainment of age 21.

Contributions and Vesting

Contributions are made by each Plan participant who elects to contribute by reduction of his or her salary. The contributions to the Plan were limited to \$23,000 for the year ended December 31, 2024. Moreover, the maximum amount that may be contributed by or on behalf of a participant for any year pursuant to a salary reduction election, together with other contributions to any other Partnership retirement plan, is subject to certain limitations. Plan participants may also elect to contribute amounts to their Roth account. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Each participant is 100% vested in all contributions made to his or her account, and his or her balance may not be forfeited for any reason. Employees will be automatically enrolled in the Plan at a 5% pre-tax contribution rate unless the employee elects a higher or lower pre-tax contribution rate or declines participation in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers).

Participants may fully direct their account balances into various investment options offered by the Plan through the Master Trust.

The participant contributions are not subject to matching contributions from the Partnership.

Participant Accounts

Each participant’s account is credited with the participant’s contributions and an allocation of the Plan’s earnings or losses. Allocations of earnings and losses are based on participant account balances, as defined. Certain Plan administrative expenses are charged to the account of the participant to which they relate.

Payment of Benefits

Benefits under the Plan become payable upon attainment of the normal retirement age of 62, death, disability or termination of employment.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2024 and 2023

The distribution at retirement will be a qualified joint and survivor annuity unless that form of benefit is waived by the participant and eligible spouse. If waived, the account balance will be paid either in a lump sum or in the form of substantially equal annual installments over a period not exceeding the participant's and his or her beneficiary's joint life expectancy.

Notes Receivable from Participants

Loans are available to participants in the Plan for certain specified purposes. A participant may borrow the lesser of \$50,000 or 50% of his or her vested account balance, with a minimum loan amount of \$1,000. A participant may not have more than two loans outstanding. The loans are secured by the balance in the participant's account. Principal and interest are repayable through payroll deductions over periods of up to 120 months for loans made for the purchase of a primary residence and 60 months for loans made for other purposes. Interest is charged at an interest rate of Prime plus 1% and is fixed over the life of the note.

Transfer to Other Plan

Due to changes in employment classifications, certain participant accounts were transferred to the Chapman and Cutler LLP Salary Deferral Plan for Partners and Support Staff Plan, another Partnership-sponsored plan, which also participates in the Master Trust.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are commingled with funds from the Chapman and Cutler LLP Salary Deferral Plan for Partners and Support Staff Plan and the Chapman and Cutler LLP Retirement Plan in the Master Trust (see Note D).

The Plan's investments in the Master Trust are stated at fair value as determined based on the fair value of the underlying investments of the Master Trust. See Note E for discussion on fair value measurements.

Income or loss from self-directed brokerage accounts and participant loans are applied to participants' accounts directly. Net investment income or loss from all other funds is allocated only to the participants in those funds in proportion to their respective balances in those funds.

The net realized gain or loss on sales of investments and the net unrealized appreciation or depreciation in fair market value of investments held are calculated as the difference between market value at the beginning of the year or date of purchase, if later, and market value at date of sale or year end, and are reflected as Plan interest in Chapman and Cutler Master Trust net investment income in the accompanying statement of changes in net assets available for benefits.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2024 and 2023

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date and interest income is recorded when earned.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expense and are expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2024 or 2023. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loans to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Investment manager and administrative fees for the Master Trust are allocated to the individual participating plans and included with each plan's interest in the Master Trust's net investment income. All other expenses relating to the administration of the Plan are paid by the Partnership.

NOTE C - PLAN TERMINATION

Although it has not expressed any intent to do so, the Partnership has the right under the Plan to terminate the Plan subject to the provisions of ERISA.

NOTE D - MASTER TRUST (UNAUDITED)

The Plan's custodian and trustee is Matrix Trust Company. The Master Trust is a trust account established with Matrix Trust Company (the "Trustee") by the Partnership for the Plan and certain other plans of the Partnership. Each participating plan has a specific interest in the Master Trust based on participant-directed accounts. The units in the Master Trust are valued daily, except for certain self-directed investments, to reflect the earnings on investments plus the market value appreciation or depreciation. The Master Trust's units may be redeemed by the Plan for an amount equal to their current market values.

The Plan's interest in the net assets of the Master Trust is included in the accompanying statements of net assets available for benefits. A summary of the net assets of the Master Trust as of December 31, 2024 and 2023, is as follows:

	2024		2023	
	Master Trust	Plan's Interest	Master Trust	Plan's Interest
Investments, at fair value				
Money market funds	\$ 13,081,851	\$ 482,686	\$ 15,311,893	\$ 600,192

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2024 and 2023

Self-directed brokerage accounts primarily consist of common stocks and mutual funds that are valued on the basis of readily determinable market prices and are classified as Level 1 investments. Self-directed brokerage accounts also consist of corporate debt instruments, registered investment companies, and money market funds.

The Master Trust net investment income allocated to the participating plans for the year ended December 31, 2024, was as follows:

Interest and dividends	\$ 17,903,387
Net appreciation in fair value of investments	<u>30,720,744</u>
Investment income	48,624,132
Investment expenses	<u>(178,103)</u>
Net investment income	<u>\$ 48,446,029</u>

The Master Trust provides for various investments that, in general, are exposed to various risks, such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE E - FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board has issued guidance that establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Master Trust has the ability to access.

Level 2 - Inputs to the valuation methodology include the following:

- Quoted market prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2024 and 2023

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used to measure assets at fair value:

Money market fund - Valued at cost, which approximates fair value.

Registered investment companies - Valued at the quoted net asset value of shares held by the Master Trust at year end.

Self-directed brokerage accounts - Investments include corporate debt instruments valued based on closing price obtained from independent financial services industry recognized vendors as obtained by the Trustee, common stock valued based on closing market price reported on the active market on which the individual securities are traded, registered investment companies valued at the quoted net asset value of shares held by the Master Trust at year-end, and money market funds valued at cost, which approximates fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2024			Total
	Level 1	Level 2	Level 3	
Money market funds	\$ 13,081,851	\$ -	\$ -	\$ 13,081,851

NOTE F - RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain investments in the Master Trust are managed by the Trustee and, therefore, these investments qualify as party-in-interest transactions. Notes receivable from participants also qualify as party-in-interest transactions.

NOTE G - TAX STATUS

The Internal Revenue Service ("IRS") has determined and informed the Partnership by a letter dated February 1, 2018, that the Plan and related trust are designed in accordance with applicable sections of the IRC. The Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or other applicable taxing authorities. The Plan Administrator has analyzed the tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any periods in progress.

NOTE H - INFORMATION PROVIDED BY THE TRUSTEE

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CF 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified that the following data included in the accompanying financial statements and supplemental schedule and notes is complete and accurate:

- Plan interest in Chapman and Cutler Master Trust and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2024 and 2023.
- Plan interest in Chapman and Cutler Master Trust net investment income and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2024.
- Master Trust information (except expenses and Plan's interest detail), as shown in Note D.
- Schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2024.

NOTE I - SUBSEQUENT EVENTS

Plan management evaluated the Plan's December 31, 2024 financial statements for subsequent events through October 10, 2025, the date the financial statements were available to be issued. Plan management is not aware of any subsequent events that would require recognition or disclosure in the financial statements.
