INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of the

Juneau Construction Company, LLC 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of

JUNEAU CONSTRUCTION COMPANY, LLC 401(K) PROFIT SHARING PLAN

an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (“ERISA”), as permitted by ERISA Section 103(a)(3)(C) (“ERISA Section 103(a)(3)(C) audit”). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it permissible in the circumstances, has elected to have the audits of Juneau Construction Company, LLC 401(k) Profit Sharing Plan’s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (“investment information”) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA (“qualified institution”).

Management has obtained certifications from a qualified institution, Voya Retirement Insurance and Annuity Company, as of December 31, 2024 and 2023, and for the years then ended, stating that the certified investment information, as described in Note (6) to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section –

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Juneau Construction Company, LLC 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Juneau Construction Company, LLC 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Juneau Construction Company, LLC 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Juneau Construction Company, LLC 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, Line 4(a) - Schedule of Delinquent Participant Contributions and Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules, Schedule H, Line 4(a) - Schedule of Delinquent Participant Contributions and Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year), related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

JUNEAU CONSTRUCTION COMPANY, LLC 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

Years Ended December 31, 2024 and 2023

(1) Description of the Plan

The following description of the Juneau Construction Company, LLC (the “Company” or “Plan Sponsor”) 401(k) Profit Sharing Plan (“Plan”) is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information on the provisions of the Plan.

General - The Plan is a defined contribution plan. All employees of the Company are eligible to enter the Plan on the first pay period after the first day of the month coinciding with or the next following date that eligibility requirements are met. All full-time employees who are at least twenty-one years of age and have completed thirty days of service are eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”) and subsequent amendments. The Plan was established effective June 1, 1998. The Plan was amended and restated effective January 1, 2020.

Contributions - Each year, participants may contribute up to 100% of their annual compensation, as defined in the Plan agreement, subject to limitation amounts under the provisions of the Internal Revenue Code (“IRC”). Participants may contribute up to \$23,000 for 2024 and \$22,500 for 2023, of pretax annual compensation, as defined in the Plan agreement. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also “roll over” amounts representing distributions from other qualified plans. The Plan allows the Company to make safe harbor matching contributions to satisfy certain non-discriminatory tests required by the Internal Revenue Service (“IRS”). The Company may contribute matching safe harbor contributions equal to 100% of up to the first 6% of a participant’s contributions. Participants are subject to an auto enrollment at 3% of annual compensation for each payroll period, unless the employee elects to opt out of the Plan or elects a different deferral amount. The Plan Sponsor recorded safe harbor matching contributions totaling \$1,350,158 and \$1,155,991 for 2024 and 2023, respectively. Additional amounts may be contributed at the discretion of the Company's board of members. No additional non-matching discretionary contributions were made in the 2024 and 2023 Plan years.

Participant accounts - Each participant’s account is credited with the participant’s pre-tax and Roth 401(k) contributions, and an allocation of (a) the Company's contribution, (b) Plan earnings (losses), including unrealized appreciation (depreciation), and (c) forfeited balances of terminated participants’ non-vested accounts, and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company's discretionary matching contributions and safe harbor matching contributions plus actual earnings thereon is based on years of continuous service. For discretionary employer matching contributions and earnings, an employee is 100% vested after five years of credited service. For employer qualified safe harbor contributions, an employee is 100% vested after two years of credited service.

JUNEAU CONSTRUCTION COMPANY, LLC 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

Years Ended December 31, 2024 and 2023

(1) Description of the Plan (continued)

Forfeited accounts - Forfeitures of terminated participants' non-vested accounts may be used to reduce future Company contributions or to pay Plan expenses. Forfeited non-vested accounts totaled \$42,685 as of December 31, 2024 and \$7,989 as of December 31, 2023. These accounts will be used to reduce future employer contributions. A total of \$13,691 and \$25,680 in 2024 and \$17,420 and \$68,635 in 2023 were utilized to offset Plan expenses and employer contributions to the Plan, respectively.

Investment options - The Plan offers several investment options and participants may instruct the trustee in how they want to invest their funds without regard to their vested interest. Participants may change their investment options and move money from one fund to another in accordance with rules established by the Plan administrator.

Administration - The Plan Sponsor serves as the Plan Administrator. The Plan Administrator has the responsibility to administer the Plan for the exclusive benefit of the participants and their beneficiaries. These duties include, but are not limited to, establishing procedures, maintaining records, interpreting provisions of the Plan, and making determinations regarding questions, which may affect eligibility for benefits. For the years ended December 31, 2024 and 2023, the Plan Sponsor engaged Ascensus Consulting ("Ascensus") as a third-party administrator to assist in the administration of the Plan. The Plan Sponsor has assigned Voya Retirement Insurance and Annuity Company ("Voya") as the trustee of the Plan. Voya receives all contributions made under the Plan, holds plan assets, pays benefits to participants, and assists in the administration of the Plan.

Notes receivable from participants - Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the participant loans fund. Loans must be repaid through payroll deductions and within a one to five-year period, except for those notes utilized for the purchase of a primary residence, which shall not exceed 30 years. The loans are secured by the balance in the participant's account and bear interest at the prevailing fixed rates as determined by the Plan Administrator, which was 3.89% to 9.50% as of December 31, 2024 and 3.96% to 9.50% as of December 31, 2023.

Payment of benefits - Upon termination of service due to death, disability, retirement, or other reasons, a participant or beneficiary will receive an amount equal to the vested interest in the participant's account. This payment will be in the form of a lump-sum distribution of their total account balance. Participants with vested benefits of \$5,000 or less are eligible to receive a lump sum distribution. Participants with vested benefits in excess of \$5,000 must give consent before a distribution is made, subject to Plan provisions. Distributions from the Plan will normally be subject to income taxes and in certain circumstances may also be subject to IRS penalties unless the distribution is transferred to another qualified plan or IRA.

Plan expenses - Substantially all Plan administrative expenses are paid by the Company.

Basis of accounting - The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

(2) Summary of significant accounting policies

Reclassifications - Certain amounts in the prior year financials have been reclassified for comparative purposes to conform to the presentation in the current year financial statements.

Investment valuation and income recognition - The Plan's investments are stated at fair value in accordance with Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 820, *Fair Value Measurements and Disclosures*, as more fully described in Note (8). The Plan follows FASB Accounting Standards Update ("ASU") 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or its Equivalent)*, and also follows ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contract, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The market value of mutual funds is determined by the quoted market prices. The market value of the stable value fund is determined by the net asset value of the underlying value of the investments the stable value fund is contractually invested in. Net investment earnings are recorded on the accrual basis, net of contributions, withdrawals and administrative expenses charged by the stable value fund.

Purchases and sales of securities are recorded on the trade date. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Investment income (loss) - Investment income (loss) consists of interest, dividends, gains (losses) on sales of securities and the unrealized appreciation (depreciation) in fair market value of investments. Net appreciation (depreciation) in the fair value of investments includes the Plan's gains (losses) on investments bought and sold, as well as held, during the year.

Notes receivable from participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

Administrative expenses - Administrative expenses of the Plan are paid out of the assets of the Plan unless paid by the Plan Sponsor, as defined in the Plan document. These expenses include, but are not limited to, legal and accounting fees. However, individual transaction fees for withdrawals or notes receivable from participants are paid from the participant's account. A proportionate share of fees and expenses paid by the Plan is charged to each participant's account.

Estimates - The preparation of the financial statements in conformity with U.S. GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Payment of benefits - Benefits are recorded when paid.

JUNEAU CONSTRUCTION COMPANY, LLC 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

Years Ended December 31, 2024 and 2023

(2) Summary of significant accounting policies (continued)

Risk and uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(3) Plan termination

The Company intends to continue the Plan indefinitely for the benefit of its employees, but reserves the right to amend, modify, or terminate the Plan at any time or for any reason subject to the terms of ERISA. In the event the Plan terminates, the rights of all participants to amounts credited to each participant's account will be 100% vested and non-forfeitable.

(4) Fidelity bond

ERISA Code section 412 requires the Plan to maintain fidelity bond coverage in an amount equal to the lesser of 10% of the total Plan assets as of the preceding Plan year or \$500,000. The Plan had sufficient bond coverage as of December 31, 2024 and 2023.

(5) Tax status

The trust established under the Plan to hold the Plan's assets is qualified pursuant to the appropriate section of the Internal Revenue Code ("IRC") and accordingly, the trust's net investment income is exempt from income taxes. The Plan received a favorable tax determination letter from the Internal Revenue Service ("IRS") on June 30, 2020. The Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and that the Plan is qualified and tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(7) Party-in-interest transactions

Certain Plan investments are managed by Voya. Voya is the trustee, as defined by the Plan agreement; therefore, those transactions qualify as party-in-interest transactions. Ascensus also performed services for, sold products to, and managed and maintained certain investments for the Plan for which fees were charged to the Plan. Fees paid by the Plan for the investment management services totaled \$113,433 and \$86,452 for the years ended December 31, 2024 and 2023, respectively.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

(8) Fair value measurements

FASB ASC 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

(8) Fair value measurements (continued)

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2024 and 2023.

Interest-bearing cash and mutual funds: These investments consist of various publicly traded money market funds and mutual funds. The fair values are based on quoted market prices in active markets and therefore are classified as Level 1 investments.

Stable value fund: The investment in the stable value fund consists of the Voya Stable Value Fund 20, which invests directly or indirectly in fully benefit-responsive investment contracts. The stable value fund is valued at the net asset value ("NAV") as provided by the trustee, which is used as a practical expedient to estimate fair value. Participant transactions may occur daily. There are no unfunded commitments related to the stable value fund and investments in the stable value fund can be redeemed on a daily basis without restriction. Were the Plan to initiate a full redemption of the stable value fund, the issuer reserves the right to temporarily delay withdrawal from the stable value fund for up to 12 months in order to ensure that securities liquidations will be carried out in an orderly business manner. Certain events limit the ability for the fund to transact at contract value with the issuer, such as premature termination of the contracts by the Plan, plant closings, layoffs, plan termination, bankruptcy, mergers, and early retirement incentives. Furthermore, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from the contract value such as an uncured breach of the Plan's investment guidelines, a material amendment to the contract without the issuer's consent, a violation of a material obligation under the contract, or a material misrepresentation. The Plan Administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with Plan participants or the issuer, is probable.

(8) Fair value measurements (continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

	2024			
	Level 1	Level 2	Level 3	Total

- (a) In accordance with Subtopic 820-10, certain investments that are measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value investments in the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

The Plan's investments that are measured at fair value on a recurring basis, such as money market funds and mutual funds, are generally classified within Level 1 of the fair value hierarchy. The fair values of these investments are based on quoted market prices in active markets. The Plan also invests in a stable value fund held within a common collective trust for which the valuation is based on the net asset values of the underlying investments.
