Plan Administrators of the
Bracey's Supermarket, Inc. Cash or Deferred Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Bracey's Supermarket, Inc. Cash or Deferred Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Bracey's Supermarket, Inc. Cash or Deferred Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Bracey's Supermarket, Inc. Cash or Deferred Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Bracey's Supermarket, Inc. Cash or Deferred Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Bracey's Supermarket, Inc. Cash or Deferred Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Bracey's Supermarket, Inc. Cash or Deferred Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of or for the year ended December 31 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

Note 1 Description of the Plan

Effective January 1, 1992, Bracey's Supermarket, Inc., a Pennsylvania Corporation (the Company), adopted a retirement plan known as Bracey's Supermarket, Inc. Cash or Deferred Profit Sharing Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan, as amended and restated through January 1, 2021, is a defined contribution plan (Discretionary Trust) which covers all employees of the Company who have two months of service and are age twenty-one or older, except for employees covered by a Collective Bargaining Agreement, nonresident aliens, or reclassified employees. The following employers under common control of the owner of 100% of the voting stock of Bracey's Supermarket, Inc. have entered into a Participation Agreement with the Plan: Bracey's Hardware, Inc., Bracey's Mount Pocono, Inc., Susan's Hallmark, Plociniak Oil Co., Inc. , and Bracey's Supermarket, Inc. Moosic (Companies). The Plan provides for retirement, disability and death benefits.

The Plan was amended effective January 1, 2023 to enact auto/enrollment provisions to satisfy Eligible Automatic Enrollment Arrangements for Plan entry dates on or after January 1, 2023.

The Plan provides that an eligible participant may elect to defer as a voluntary contribution up to a percentage of their annual compensation which annual deferral amount may not exceed \$23,000, \$30,500 for participants ages 50 or older, adjusted for cost of living changes. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company may contribute, at their own discretion a percentage of the participant's salary deferrals up to a percentage of the participant's compensation as determined by the Company.

The participant's direct the investment of their contributions into various investment options offered by the Plan. Each employer may, in its discretion, make a discretionary Nonelective Contribution to the Plan in an amount determined by the Plan Sponsor.

The abovementioned employer's contributions, along with participant's contributions, plan earnings (losses) and applicable expenses will be credited / debited to each participant's account. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Forfeitures of non-vested accounts were \$19,428 and \$20,257 for years ended December 31, 2024 and 2023, respectively. These forfeitures are used to reduce Plan expenses and reduce Employer Contributions to the Plan. No forfeitures were used to reduce expenses in 2024 and 2023, respectively. \$20,549 and \$20,136 were used in 2024 and 2023, respectively, to reduce Employer Contributions. Forfeitures of \$639 were transferred back to participants in 2024. Forfeitures increased by \$1,121 and \$508 in 2024 and 2023, respectively, as a result of investment income return. At December 31, 2024 and 2023, the forfeited non-vested account balances were \$0 and \$639, respectively.

Note 1 Description of the Plan (Continued)

In December 2022, the Securing a Strong Retirement Act (SECURE 2.0) was passed into law. For Plan years beginning January 1, 2023, the Plan is operating in accordance with mandatory provisions. Secure 2.0 included both mandatory and optional provisions, the Plan Administrator will determine the optional provisions to elect.

The individuals appointed by the Sponsor are the administrators of the Plan and determine the appropriateness of the Plan's investment offering, monitors investment performance and are the Plan's Trustee.

A more detailed explanation of the Plan, including but not limited to vesting and benefit provisions, is provided in Bracey's Supermarket, Inc. Cash or Deferred Profit Sharing Plan Summary Plan Description.

Note 2 Summary of Significant Accounting Policies

Date of Management's Review: Pursuant to FASB ASC 855 subsequent events were evaluated through October 7, 2025 the date which the financial statements were available to be issued.

Basis of Accounting: The financial statements of the Plan are prepared using the accrual method of accounting.

Investment Contract with Insurance Company: Investment contracts held by a defined-contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Contract value is the relevant measurement attribute for that portion of the net assets available for the benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. See Note 4 for discussion of the investment contract.

Employer Contributions: Contributions by the Companies are made on a voluntary basis and are accrued based upon amounts actually computed. In addition, the Companies may elect to pay all administrative expenses associated with the Plan but is not required to do so.

Investment Valuation and Income Recognition: The Plan's investments are administered under an investment contract agreement with Voya Retirement Insurance and Annuity Company. The Plan's investments are stated at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair Value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan's Management determines the Plan's valuation policies utilizing information provided by the investment advisors, custodians, and insurance company. The pooled separated accounts hold the underlying investments which are valued at the net asset value of the underlying shares in

the registered investment companies (i.e.: Mutual Funds) on the last day of the Plan's year. The separate accounts are valued at their accumulation unit value as determined by the insurance company. See Note 5 for discussion of Fair Value Measurements.

Interest Income: Interest Income is recorded on the accrual basis for the general fixed account as reported by the insurance company.

Net Appreciation in fair value of investments: Dividends and realized and unrealized gains for the underlying funds are factored into the value of the separate account funds reported by the insurance company.

Use of Estimates: The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results may differ from those estimates.

Payment of Benefits: Benefits are recorded when paid.

Administrative Expenses: The Plan permits the payment of Plan Expenses to be made from the Plan's assets. Although under no obligation to do so, certain expenses to maintain the Plan were paid by the Company. Investment related expenses are included in Net Appreciation of Fair Value of Investments.

Note 3 ERISA 103(a)(3)(C) - Certification of Investments

Certain Information related to investments disclosed in the accompanying financial statements and ERISA required supplemental schedules, including investments held at December 31, 2024 and 2023, and net appreciation in fair values of investments for the years ended December 31, 2024 and 2023, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by the Voya Retirement Insurance and Annuity Company.

Note 4 Investment Contract with Insurance Company

The Plan has entered into a benefit-responsive investment contract with Voya Retirement Insurance and Annuity Company (Voya). Voya maintains the contributions in a general fixed account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and a specific interest that is guaranteed to the Plan.

BRACEY'S SUPERMARKET, INC.
CASH OR DEFERRED PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS

Note 4 Investment Contract with Insurance Company (Continued)

As described in Note 2, because the investment contract agreement is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the investment contract. The investment contract is presented on the face of the statement of net assets available for benefits at contract value.

Contract value, as reported to the Plan by Voya, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract at December 31, 2024 and 2023 was \$530,378 and \$497,781, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than three percent. Such interest rates are reviewed annually for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include but may not be limited to the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition of competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. Furthermore, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include (a) an uncured breach of the Plan's investment guidelines, (b) a material amendment to the contract without the issuer's consent, (c) a violation of a material obligation under the contract, or (d) a material misrepresentation. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at the contract value with participants are probable of occurring.

The investment contract agreement does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Note 5 Fair Value Measurements

The Fair Value Measurement Accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable

BRACEY'S SUPERMARKET, INC.

NOTES TO FINANCIAL STATEMENTS

Note 5 Fair Value Measurements (Continued)

evidence of fair value. As of December 31, 2024 and 2023, the Plan did not have any Level 1, 2, or 3 inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

The fair value of the Pooled Separate Accounts are valued based upon the units of such Pooled Separate Accounts held by the Plan at year end multiplied by the respective unit value. As of December 31, 2024, and 2023, Pooled Separate Accounts held by Voya are valued at their "accumulation unit value" (AUV). These are valued daily as the number of accumulation units held multiplied by the AUV. The AUV is determined daily based on the net asset value of shares of the underlying fund, the fund's dividends and the contract's separate account charges. Because the Plan owns AUV units of Pooled Separate Accounts, and not the underlying investments, the unit of account would be at the fund level, not the underlying investments level. The Pooled Separate Accounts meet the requirements for the NAV per share practical expedient.

The following tables set forth, by level within the Fair Value hierarchy; the Plan's investments at Fair Value as of December 31, 2024 and 2023:

	Fair Value Measurements at the End of the Reporting Period Using
<u>December 31, 2024</u>	
Investments Measured at NAV*	
Pooled Separate Accounts:	<u>\$7,163,772</u>
<u>December 31, 2023</u>	
Investments Measured at NAV*	
Pooled Separate Accounts:	<u>\$5,818,635</u>

*Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this footnote are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statement of Net Assets Available for Benefits.

Note 6 Related Party Transactions

The Plan's investments are maintained under an investment contract agreement with Voya Retirement Insurance and Annuity Company as described in Note 4 and Note 5. Voya Retirement Insurance and Annuity Company is considered a party-in-interest, therefore transactions qualify as party-in-interest transactions.

The Plan has an ERISA expense account. The Plan sponsor has entered into an agreement with Voya Retirement Insurance and Annuity Company in which the Plan is eligible to allocate Plan assets which can be used by the Plan to pay third party expenses. For years ending December 31, 2024 and 2023, \$7,153 and \$965 were contributed to the Plan's ERISA account, respectively. The contributions are included as Other Income. The ERISA expense account increased by \$49 in 2024 as a result of investment income return. There was \$1,590 paid in Plan expenses for 2024 and \$7,474 in 2023. The balance in the ERISA expense account is \$7,200 and \$1,588 as of December 31, 2024 and 2023, respectively.

Both Voya Retirement Insurance, Annuity Company, and ERISA expense account are party-in-interest transactions exempt from the prohibited transaction rules of ERISA.

Note 7 Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risk such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances, and the amounts reported in the statement of net assets available for benefits.

Note 8 Income Tax Status

The Prototype Plan Sponsor, CCH Incorporated, has received a favorable opinion letter dated June 30, 2020, in which the Internal Revenue Service states that their Non-Standardized Prototype Plan, as adopted by the plan sponsor, is acceptable under the applicable requirements of the Internal Revenue Code. Although the Plan has been amended since adopting the pre-approved plan document, the Plan Administrator believes the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and therefore, believes that the Plan is qualified.

Accounting principles generally accepted in the United States of America require the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes the Plan is no longer subject to income tax examinations for years prior to 2021.

Note 9 Plan Benefits and Termination

The Companies although not under obligation to make contributions to the fund, has not expressed any intent to discontinue contributions thereto or terminate the Plan. In the event of termination of the Plan all amounts credited to employee accounts will be fully vested. Depending on the facts and circumstances, a partial termination may occur where a significant number of employees are terminated by the employer or excluded from Plan participation. In case of a partial termination only those affected employees will become 100% vested.
