NDEPENDENT AUDITORS' REPORT

To the Profit-Sharing Plan Committee
Fromm Electric Supply Corp. Profit Sharing Plan
Reading, Pennsylvania

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2024 Financial Statements

We have performed an audit of the financial statements of **Fromm Electric Supply Corp. Profit Sharing Plan**, (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2024, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2024 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2024 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 FR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2024 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2024 Financial Statements section:

The amounts and disclosures in the accompanying 2024 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

The information in the 2024 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2024 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2024 Financial Statements section of our report. We are required to be independent of **Fromm Electric Supply Corp. Profit Sharing Plan** and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2024 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about **Fromm Electric Supply Corp. Profit Sharing Plan's** ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2024 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2024 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

Exercise professional judgment and maintain professional skepticism throughout the audit.

Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of **Fromm Electric Supply Corp. Profit Sharing Plan's** internal control. Accordingly, no such opinion is expressed.

Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about **romm Electric Supply Corp. Profit Sharing Plan's** ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2024 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - 2024 Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at end of year) and assets (acquired and disposed of within year), as of or for the year ended December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

auditors' Report on the 2023 Financial Statements

The 2023 financial statements of **Fromm Electric Supply Corp. Profit Sharing Plan** were audited by predecessor auditors. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated October 14, 2024, indicated that in their opinion (a) the amounts and disclosures in the 2023 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2023 financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2023 supplemental schedules, other than the information in the 2023 supplemental schedules that agreed to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2023 supplemental schedules related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determines meets the requirements of ERISA Section 103(a)(3)(C).

Fromm Electric Supply Corp. Profit Sharing Plan

NOTES to FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION of PLAN

The following description of the **Fromm Electric Supply Corp. Profit Sharing Plan** (the Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General and Plan Amendment

The Plan is a defined contribution plan covering substantially all employees of Fromm Electric Supply Corp. (the Company). The Company is the Plan Sponsor and is responsible for the oversight of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan is following regulatory changes related to the Coronavirus Aid, Relief and Economic Security (Cares) Act and the Setting Every Community Up for Retirement Enhancement (SECURE) Act, but has not formerly amended for these changes. The Plan has until December 31, 2026 to formally amend the Plan for these regulations. The Plan allows for long-term part-time employees to participate in the Plan under the provisions of the SECURE Act.

Eligibility

Employees are eligible to participate in the Plan and receive employer matching contributions on the first day of the month coinciding with or next following the completion of three months of service, or credited with a year of service, and attaining the age of 21 or older. Excluded from the participation are collectively bargained employees, non-resident aliens, and leased employees.

Contributions

Each year, participants may contribute 100% of annual compensation up to the maximum dollar limit set by law, as defined in the Plan. Participants may designate all or any portion of their deferrals as Roth contributions. Participants who have attained age 50 by the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. All new hires are automatically enrolled with a deferral percentage of 5% upon achieving eligibility requirements. The Company may make matching contributions and a discretionary contribution to eligible participants who are non-highly compensated employees, as defined by the Plan. For the years ended December 31, 2024 and 2023, the Company made a matching contribution equal to 100% of the first 3% of compensation deferred; plus 50% of the next 2% of compensation deferred. There was no discretionary profit-sharing contributions made for the Plan years ended December 31, 2024 and 2023. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution, and the Company's matching contributions as well as allocations of (a) the Company's discretionary contribution and (b) plan earnings. Participant accounts are charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 - DESCRIPTION of PLAN (Continued)

Vesting

Participants are immediately vested in their contributions, plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus earnings thereon vest in accordance with the following table:

Years of Service	Vesting Percentage
<1	0%
1	0%
2	0%
3	100%

A participant becomes fully-vested upon attainment of normal retirement age, upon disability, upon death, or upon termination of the Plan.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at a variable rate which is determined at the time of inception. Principal and interest are paid ratably through payroll deductions. Participants are not allowed to have more than two outstanding loans at one time. Notes receivable are stated at their unpaid principal plus accrued unpaid interest.

Payment of Benefits

Upon termination of service due to retirement, death, disability, or other separation of employment, a participant may elect to receive a lump sum amount equal to the value of participant's vested interest in his or her account. In-service withdrawals of a participant's elective deferrals and vested employer contributions are permitted after the participant has attained the age of 59½. Rollover contributions are available for in-service withdrawals at any time.

The Plan allows hardship withdrawals from employee elective deferrals and non-elective contributions plus earnings in the event of financial hardship.

The Plan Administrator may automatically roll any terminated participant accounts with a balance of \$5,000 or less into an individual retirement account established on behalf of the terminated participant. Effective January 1, 2024, this threshold was increased to \$7,000.

Forfeited Accounts

Forfeitures represent unvested portions of terminated participants' accounts. The Plan allows for forfeitures of non-vested Company contributions to be used to reduce future employer contributions and offset plan expenses. Forfeitures of \$11,255 and \$836 were used to reduce employer matching contributions during the years ended December 31, 2024 and 2023, respectively. Forfeited nonvested accounts totaled \$50,573 and \$21,518 as of December 31, 2024 and 2023, respectively.

NOTE 2 - SUMMARY of SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan's financial statements are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (US GAAP). Current US GAAP standards are contained in the Accounting Standards Codification (ASC) as set forth by the Financial Accounting Standards Board (FASB).

Use of Estimates

The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from estimated amounts.

Cash and Cash Equivalents

Cash represents amounts held by the Plan's custodian pending investment or distribution. It also includes deposits in transit for pending trades, participant transfers, or other transactions that were initiated prior to year-end but had not yet settled in the Plan's investment accounts. These amounts are recorded as cash until the related investment transaction is completed. The carrying amount approximates fair value due to the short-term maturity of these instruments.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Profit-sharing Plan Committee determines the Plan's valuation policies utilizing information provided by investment advisers. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make a loan repayment and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded based on terms of the Plan Document for purposes of Form 5500 reporting. However, for the purposes of the financial statement, for active participants who have not incurred a distributable event (employment termination, death, or disability), but have delinquent loans, the participant loan remains outstanding until a distributable event occurs.

Contributions

Contributions from Plan participants and the matching contributions from the Company are recorded in the year in which the employee contributions are withheld from compensation.

Payment of Benefits

Benefits are recorded when paid.

NOTE 2 - SUMMARY of SIGNIFICANT ACCOUNTING POLICIES (Continued)

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and the distribution of benefit payments are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

NOTE 3 - INFORMATION CERTIFIED by TRUSTEE and CUSTODIAN

Matrix Trust Company, the custodian, certified the Plan's assets as of and for the year ended December 31, 2024, and as of December 31, 2023 and the period July 1, 2023 through December 31, 2023. Fulton Bank, N.A., the trustee, certified the Plan assets for the period January 1, 2023 through June 30, 2023. The following information was certified as complete and accurate under 29 CFR 2520.103-5(c) of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974:

	2024	2023
Cash	70,105	-0-
Investments		
Common Collective Trust	352,774	393,180
Registered Investment Companies	<u>8,568,363</u>	<u>7,479,622</u>
	8,921,137	7,872,802
Notes Receivable from Participants	103,273	101,475

Investment income for the years ended December 31, 2024 and 2023, totaled \$1,223,983 and \$1,263,342, respectively. Interest on notes receivable from participants was \$7,113 and \$5,456 for the years ended December 31, 2024 and 2023, respectively.

NOTE 4 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820, *Fair Value Measurement*, are described as follows:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Fromm Electric Supply Corp. Profit Sharing Plan

NOTES to FINANCIAL STATEMENTS

(Continued)

NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset and liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Management believes that valuing its common collective trust fund investment, as a practical expedient, at net asset value (NAV) per share (or its equivalent) is preferable because this information is readily available and fair values are not readily determinable by management. Management has determined that the NAV has been calculated in a manner consistent with FASB ASC 946, *Financial Services-Investment Companies*. Management believes that NAV, which equates to contract value in this case, is also the most meaningful measure as participants transact at NAV.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2024 and 2023:

Common Collective Trust: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the contract value of the underlying investments held by the common collective trust less its liabilities. This practical expedient would not be used if it determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the common collective trust, the issuer reserves the right to require 12 months notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

Registered Investment Companies: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024:

	Level 1	Level 2	Level 3	Total
Registered Investment Companies	8,568,363	-0-	-0-	8,568,363
Investments Measured at Net Asset Value (a)				<u>352,774</u>
Investments at Fair Value				8,921,137

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023:

	Level 1	Level 2	Level 3	Total
Registered Investment Companies	7,479,622	-0-	-0-	7,479,622
Investments Measured at Net Asset Value (a)				<u>393,180</u>
Investments at Fair Value				7,872,802

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line item present in the statements of net assets available for benefits.

Level 3 Gains and Losses

There were no level 3 investments as of or during the years ended December 31, 2024 and 2023.

NOTE 5 - RELATED PARTY and PARTY-in-INTEREST TRANSACTIONS

The Plan pays for certain administrative fees charged by Fulton Bank N.A. party-in-interest to the Plan for the years ended December 31, 2024 and 2023, respectively. These fees do not constitute prohibited transactions and amounted to \$45,941 and \$39,223, for the years ended December 31, 2024 and 2023, respectively.

As previously discussed, the Plan may issue notes receivable to participants that are secured by participant account balances. The value of the notes receivable outstanding were \$103,273 and \$101,475 at December 31, 2024 and 2023, respectively. Interest income received on participant loans was \$7,113 and \$5,456 for the years ended December 31, 2024 and 2023, respectively. All of these transactions qualify as party-in-interest transactions.

NOTE 6 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer matching contributions and discretionary employer contributions.

NOTE 7 - TAX STATUS

The Company adopted a Non-Standardized Pre-Approved Plan which received an opinion letter on June 30, 2020, in which the IRS stated that the Non-Standardized Pre-Approved Plan, as then designed was in accordance with applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended since adopting the pre-approved Plan Document, the Plan Administrator believes the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

US GAAP requires the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by taxing authorities. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

NOTE 7 - TAX STATUS (Continued)

The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in progress.

NOTE 8 - RISKS and UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant s' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9 - RECONCILIATION of FINANCIAL STATEMENTS to FORM 5500

The following reconciliation of net assets available for benefits per the financial statements to Form 5500 as of December 31, 2024:

Net Assets Available for Benefits per the Financial Statements	9,107,615
Less: Benefits Payable at December 31, 2024 per the Form 5500	<u>(49,003)</u>
Net Assets Available for Benefits per the Form 5500	9,058,612

The following is a reconciliation of benefits paid to participants per the financial statements to the Form 5500 for the year ended December 31, 2024:

Benefits Paid to Participants per the Financial Statements	667,620
Add: Benefits Payable at December 31, 2024 per the Form 5500	<u>49,003</u>
Benefits Paid to Participants per the Form 5500	716,623

NOTE 10 - SUBSEQUENT EVENTS

Subsequent events were evaluated through October 10, 2025, which is the date the financial statements were available to be issued.

Effective May 1, 2025, the Plan elected to allow for certain provisions under SECURE Act 2.0. The following distributions allow participants to take penalty-free withdrawals:

Distributions for Certain Emergency Expenses
Distributions Related to Domestic Abuse
Distributions for Terminal Illness

The Plan Sponsor intends to amend the Plan to formally incorporate these provisions by the Plan year ended December 31, 2026.
